

UNIPOL GROUP: FIRST CORPORATE VACCINE HUB OPENED IN MILAN

- Letizia Moratti, Deputy President and Welfare Councillor for the Lombardy Region, and Carlo Cimbri, Chief Executive Officer and Group CEO of Unipol Gruppo opened the first corporate vaccine hub in Milan today, set up by the Unipol Group in via de Castillia 23.
- Twenty vaccine centres were set up in Lombardy and two hubs in Milan for potential uptake by about 300 thousand people. The two hubs have an estimated capacity of 2,000 vaccines daily.
- Unipol is the first Italian company to implement an active vaccine plan over the whole country.
- Potential uptake by over 800 thousand people with about 200 vaccine centres set up throughout Italy, along with four specialist hubs and one mobile unit.
- The aim of the initiative is to speed up the national anti Covid-19 vaccination campaign and kicks off in Lazio, Emilia Romagna, Lombardy, Piedmont, Marche, Calabria, Sardinia, Liguria, Friuli Venezia Giulia, Veneto, Campania and Sicily. This will then be followed in the other Regions.
- The campaign, organised by UniSalute, the leading Unipol Group health insurance company, is directed towards employees of the Unipol Group, the agencies and their family members. This initiative is also aimed at leading Italian businesses - companies, banks or healthcare funds who have requested it - to hasten the relaunch of our country.

Milan, 7 June 2021

With the aim of speeding up the national vaccination campaign against Covid-19, the Unipol Group prepared a vaccine plan for all employees of the Unipol Group, their family members, agents and agency employees in coordination with the applicable national and regional institutions.

This is the **first vaccine plan** developed by a company to cover the **entire national territory**.

Today, **Letizia Moratti, Deputy President and Welfare Councillor for the Lombardy Region**, and **Carlo Cimbri, Chief Executive Officer and Group CEO of Unipol Gruppo**, opened the **first corporate vaccine hub** in Milan, set up by the Unipol Group in via de Castillia 23. **Twenty vaccine centres** were set up in Lombardy and **two hubs in Milan** (in via dei Missaglia 97 and the one in via De Castillia) for potential uptake by about **300 thousand people**. The two Milan hubs have an estimated capacity of about **2,000 vaccines daily**.

This initiative was organised by UniSalute and is also aimed at leading Italian businesses - companies, banks or healthcare funds who have requested it - to hasten the relaunch of our country. It was developed in coordination with the Extraordinary Commissioner's Unit led by General Francesco Paolo Figliuolo, the Extraordinary Commissioner for the implementation and coordination of measures to reduce and tackle the Covid-19 emergency and carry out the vaccination campaign; it offers an additional opportunity to the vaccination plans organised by the regional health authorities (ASL) to support the business world in the organisation and provision of Covid-19 vaccines to their employees.

The planning and organisation of the vaccine plan was developed by UniSalute which has prepared about **200 sites to administer** the vaccines all over Italy, along with **4 specialist hubs** in Piedmont, Lombardy and Emilia Romagna and a mobile unit for potential uptake by **over 800 thousand** people.

The vaccines will be administered by specialised healthcare workers in very well-equipped facilities that form part of the Insurance Company's network.

The first doses of the vaccine will be administered in Lazio, Lombardy, Piedmont, Emilia Romagna, Marche, Calabria, Sardinia, Liguria, Friuli Venezia Giulia, Veneto, Campania and Sicily. This will then be followed in the other Regions.

A number of big UniSalute customers have joined the vaccine plan, including BPER, ANCC (Coop), ANCD (Conad), the San.Arto Fund, and little by little, other important supplementary healthcare funds and businesses will join the programme to show their willingness to reboot the entire working fabric of the country.

The Unipol Group vaccine plan is one of the biggest projects that the Group has implemented to support the country in view of the increasing need for social-healthcare assistance which has escalated due to the pandemic. This initiative represents a true benefit for customers, agents and all employees and family members, confirming Unipol's central role in the process of integrating public and private healthcare.

Unipol Gruppo S.p.A.

Unipol is one of the biggest insurance groups in Europe and the leading company in Italy in the non-life insurance sector, (especially in the MV and health businesses), with total premiums of approximately €12.2bn, of which €7.9bn in non-Life and €4.3bn in life (2020 figures). Unipol adopts an integrated offer strategy and covers the entire range of insurance and financial products, operating primarily through the subsidiary UnipolSai Assicurazioni S.p.A.. The Group is also active in direct MV insurance (Linear Assicurazioni), transport and aviation insurance (Siat), health insurance (UniSalute), supplementary pensions and also covers the bancassurance channel (Arca Vita, Arca Assicurazioni and Incontra). It also manages significant diversified assets in the debt collection (UnipolReC), real estate, hotel (Gruppo UNA), medical-healthcare and agricultural (Tenute del Cerro) sectors. Unipol Gruppo S.p.A. is listed on the Italian Stock Exchange.
