ASPPH Statement Congratulating President Joe Biden and Vice President Kamala Harris

The members and staff of the Association of Schools and Programs of Public Health (ASPPH) heartily congratulate President Joe Biden and Vice President Kamala Harris on their inauguration. We look forward to working with them and their nominees and appointees on addressing the public health research, practice and workforce challenges facing the United States. Given ongoing public health emergencies, including the Covid-19 pandemic and the opioid crisis, as well as other domestic and foreign threats, ASPPH calls on the Senate to expedite the confirmation of President Biden's nominees.

ASPPH looks forward to working with the President's Covid-19, health, global health, and education teams on enacting and implementing the Biden Administration's agenda, which reflects many of the priorities the Association has [advanced](#).
