WE FIND A WAY!

Forward-Looking Statements and Non-GAAP Financial Measures

These slides contain forward-looking statements that are subject to risks and uncertainties. These statements often include words such as “believe”, “anticipate”, “plan”, “expect”, “intend”, “will”, “should”, “could”, “would”, “project”, “continue”, “likely”, and similar expressions. In particular, these slides may contain forward-looking statements about the Company’s expectations for future periods with respect to its plans to improve financial results, the future of the Company’s end markets, including the short-term and long-term impact of the COVID-19 pandemic on our business, changes in the Class 8 and Class 5-7 North America truck build rates, performance of the global construction equipment business, the Company’s prospects in the wire harness, warehouse automation and electric vehicle markets, the Company’s initiatives to address customer needs, organic growth, the Company’s strategic plans and plans to focus on certain segments, competition faced by the Company, volatility in and disruption to the global economic environment and the Company’s financial position or other financial information. These statements are based on certain assumptions (including inflationary pressures and continued supply chain challenges) that the Company has made in light of its experience as well as its perspective on historical trends, current conditions, expected future developments and other factors it believes are appropriate under the circumstances. Actual results may differ materially from the anticipated results because of certain risks and uncertainties, including those included in the Company’s filings with the SEC. There can be no assurance that statements made in these slides relating to future events will be achieved. The Company undertakes no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results over time. All subsequent written and oral forward-looking statements attributable to the Company or persons acting on behalf of the Company are expressly qualified in their entirety by such cautionary statements.

Portfolio Rebalance Progress Report

2021 Sales (9 Months)

Market Outlook ➔

North American Truck

Class 8 truck backlog at 278k trucks nearing record high

Semiconductors and other material shortages preventing additional OEM output

Inflationary pressures are persisting

Warehouse Automation

14% growth annually through 2026 per logistics IQ

Market demand creating opportunities for expansion

Near term supply chain constraints & inflationary pressures

OEM Construction Equipment

Output constrained due to material availability

Winning new business with new OEM customers

~40% North America / ~60% Rest of World

The Vehicle Building Environment is Challenging, We Believe The Conditions Will Persist, We are Modifying Accordingly

North American Class 8 ACT Production Outlook

Actual/forecast of thousands of trucks produced per quarter according to ACT Research reports

Operating Dynamics

- End markets now expecting a near term slow down due to supply constraints
- Customer schedule volatility due to labor and material shortages has accelerated
- Continuing cost pressures and labor availability challenges
- Higher than historical material positions

CVG Actions

- Implementing next set of restructuring
 - Salary headcount reduction – lean SG&A
 - Footprint rationalization – multiple global site closures - plants and warehouses
- Commercial actions to improve profitability
- Continuing global organic new business program

Warehouse Automation – Industry benefitting from retail ecommerce growth and increasing warehouse builds

- Currently competing on multiple 2022 buildout programs
- Sales of \$37 million in the quarter and \$131 million year to date
- On track to meet or exceed \$150 million of warehouse automation sales in 2021

Market Growth Expectations*

Strong Results: 236 wins, 87 new products and 33 new customers

Summary

1

Grow earnings and improve revenue mix through global new business program

2

The Warehouse Automation market continues to grow. We are focused on securing 2022 business

3

The Electric & Fuel Cell Vehicle market continues to grow, and we are securing “first fit” positions

4

We are optimizing our footprint & improving customer service through continuous improvements

5

We are managing in a difficult operating environment, and we are reacting accordingly to maintain profit profiles without disrupting our new business program

The Road Ahead....

- There is strong end-demand in our served markets. But both CVG and our customers have many supply chain constraints impacting production / sales / output
- We believe the difficult supply chain environment will persist. We are lowering our costs, addressing certain pricing issues, revamping our readiness-to-serve inventory profiles
- We have a very successful global organic business growth program. We are continuing it and not cutting back. In fact, we are building momentum in multiple areas
- We have many new awarded programs in design, development, and prototype phase. The contribution of these programs is largely in future periods

Financial Update

CVG Consolidated Results Q3 2021 vs. Q3 2020

In millions

Q3 2021	Revenues \$239.6	Gross Profit \$30.1 Gross Margin: 12.6%	Adj. Operating Income \$12.2 Operating Margin: 5.1%	Adjusted EBITDA \$16.9 EBITDA Margin: 7.1%
Better / (Worse) Compared to Q3 2020	Revenues \$51.9	Gross Profit \$5.9	Adj. Operating Income \$0.2	Adjusted EBITDA \$0.5

Q3 2021:

- Revenues up 28% year over year primarily driven by new business wins in Warehouse Automation, an increased truck build rate in North America, and pricing to offset material cost increases.
- Gross profit up 24% from Q3 2020
- Operating Income ratios compressed due to challenges in Seating business of passing along costs to certain customers

Electrical Systems Segment Q3 2021 vs. Q3 2020

In millions

Q3 2021	Revenues \$164.1	Gross Profit \$23.7 Gross Margin: 14.4%	Adj. Operating Income \$17.9 Operating Margin: 10.9%
Better / (Worse) Compared to Q3 2020	Revenues \$43.0	Gross Profit \$7.5	Adj. Operating Income \$4.5

Q3 2021:

- Sales grew 36% from prior year period primarily as a result of business growth in warehouse automation with revenues of \$37.1 million as compared to \$11.7 million in the prior year and an increased truck build rate in North America
- Gross profit increase of 47% Q3 2021

Global Seating Segment Q3 2021 vs. Q3 2020

In millions

Q3 2021	Revenues \$76.5	Gross Profit \$6.5 Gross Margin: 8.5%	Adj. Operating Income \$0.4 Operating Margin: 0.6%
Better / (Worse) Compared to Q3 2020	Revenues \$7.6	Gross Profit \$(1.9)	Adj. Operating Income \$(4.7)

Q3 2021:

- Sales increase of 11.0% primarily due to increased pricing to mitigate material and freight inflation and strong demand in the European construction market
- The decrease in operating income was primarily attributable to material costs, freight costs and covid induced inefficiencies

Supplemental
Information

Use Of Non-GAAP Financial Measures

This earnings presentation contains financial measures that are not calculated in accordance with U.S. generally accepted accounting principles (“GAAP”). In general, the non-GAAP measures exclude items that (i) management believes reflect the Company’s multi-year corporate activities; or (ii) relate to activities or actions that may have occurred over multiple or in prior periods without predictable trends. Management uses these non-GAAP financial measures internally to evaluate the Company’s performance, engage in financial and operational planning and to determine incentive compensation.

Management provides these non-GAAP financial measures to investors as supplemental metrics to assist readers in assessing the effects of items and events on the Company’s financial and operating results and in comparing the Company’s performance to that of its competitors and to comparable reporting periods. The non-GAAP financial measures used by the Company may be calculated differently from, and therefore may not be comparable to, similarly titled measures used by other companies.

The non-GAAP financial measures disclosed by the Company should not be considered a substitute for, or superior to, financial measures calculated in accordance with GAAP. The financial results calculated in accordance with GAAP and reconciliations to those financial statements are set forth in the supplemental information.
