

**INVITATION TO THE ORDINARY AND EXTRAORDINARY MEETING OF THE
SHAREHOLDERS
TO BE HELD ON MONDAY, 2 MAY 2022**

Agenda of the ordinary and extraordinary shareholders' meeting of Perfect Holding SA, which will take place on Monday, 2 May 2022 at 02.00 p.m. at the offices of Walder Wyss Ltd., Aeschenvorstadt 48, 4010 Basel, Switzerland

In accordance with the provisions of Ordinance 3 COVID-19 issued by the Swiss Federal Council in relation to the consequences of the coronavirus pandemic on public events such as shareholders' meetings, the board of directors of the company has decided to organise the general meeting of shareholders ("General Meeting") without a participation of the shareholders in person. We therefore invite the shareholders to be represented at the General Meeting by the independent representative, Mr Albert-Edouard Fahrni, notary public in Vevey.

Furthermore, in order to allow shareholders to fully exercise their right to information despite the restrictions resulting from the public health situation, the board of directors invites shareholders to send any questions they may have to the company by email to holding@perfect.aero as soon as possible to enable the board of directors to provide appropriate answers in the minutes of the General Meeting.

1 Opening remarks

As mentioned in the company's press release of 30 March 2022, the board of directors of the company signed a transaction agreement (the "Transaction Agreement") with Kinarus AG, a clinical-stage biopharmaceutical company, concerning the planned acquisition of Kinarus AG by the company by way of a share exchange (in a so-called "reverse takeover" or "RTO" transaction). This signing marks an important milestone in the transaction, which had been started several months ago with the signing of a memorandum of understanding.

As a result, with a view to implementing the reverse takeover contemplated by the Transaction Agreement, the company submits to its shareholders, in addition to the usual agenda items of an ordinary shareholders' meeting, several extraordinary agenda items designed to take effect in case the conditions for the realization of the reverse takeover are satisfied. These conditions include the approval of the RTO transaction and of the related capital increase by the General Meeting of the company, the acceptance of the RTO share exchange offer by holders of at least 66% of the shares in Kinarus AG and the approval by the SIX Swiss Exchange of the listing of the new shares to be issued by the company in such capital increase.

Accordingly, in addition to the proposed ordinary increase of the share capital of the company to be entirely subscribed by the Kinarus AG shareholders by way of the contribution of their shares in Kinarus AG, the board of directors proposes to the shareholders to adopt the following extraordinary resolutions on a conditional basis, for entry into force subject to the registration of the ordinary capital increase with the competent register of commerce: (i) increase of the conditional share capital representing 50% of the (increased) share capital of the company, (ii) creation of an authorized share capital representing 50% of the (increased) share capital of the company, (iii) change of seat of the company from Lausanne to Basel, (iv) election of a new board of directors and (v) amendment of the articles of incorporation.

Please note that all proposals set forth hereinafter are subject to formal amendments that might be requested by the commercial register of the Canton of Basel-Stadt as part of the pre-approval proceeding (*Vorprüfungsverfahren*); the board of directors reserves the right to amend the proposals accordingly.

2 Update on the recent developments and the financial situation of the Perfect Holding Group

The activities of the company during the last months of 2021 and the first quarter of 2022 have been almost exclusively dedicated to the preparation of the RTO transaction that is being proposed to the shareholders in the present General Meeting. Since the sale of its former UK subsidiary Oxygen Aviation Ltd. in April 2020, the group has had practically no other activity and has primarily remained a going concern, thanks to the bridge funding provided by a related party, in order to allow the completion of the negotiations and the preparation of the RTO transaction.

As a result, the Perfect Holding Group has not earned any revenues other than the financial income related to the waiver of the bridge loan granted by a former potential investor. This income was insufficient, however, to fully cover the expenses relating to the work on the RTO transaction and the daily administration of the group, thus leading to a net consolidated loss of CHF 143,000 for the business year 2021.

In view of the absence of revenues from operational activities, the successful implementation of the RTO transaction has become crucial for the company, as a failure to implement the RTO transaction would put the going status of the company in jeopardy.
