1(b) Board Composition

The Directors determine the composition of the Board employing the following principles:

- the Board, in accordance with the Company's constitution must comprise a minimum of three directors;
- the roles of the Chairman of the Board and of the Executive Director should be exercised by different individuals;
- the majority of the Board should comprise directors who are non-executive;

- the Board must be structured in such a way that it has a proper understanding of, and competency in, the current and emerging issues facing the Company, and can effectively review management's decisions.

The Company's constitution requires one-third of the directors (or the next lowest whole number) to retire by rotation at each Annual General Meeting (AGM). The directors to retire at each AGM are those who have been longest in office since their last election. Where directors have served for equal periods, they may agree

amongst themselves or determine by lot who will retire. A director must retire in any event at the third AGM since he or she was last elected or re-elected. Retiring directors may offer themselves for re-election.

A director appointed as an additional or casual director by the Board will hold office until the next AGM when they may be re-elected. The Executive Director is subject to retirement by rotation. Any director appointed as an additional or casual director, is not to be taken into account in determining the number of directors required to retire by rotation.

1(c) Board Membership

The Board is currently comprised of two non-executive directors and one executive director. Details of the Board member's experience, expertise and qualifications are set out on the Company's website. 1(e) Company Secretary

- The appointment, performance, review, and where appropriate, the removal of the Company Secretary is a key responsibility of the Board. The Company Secretary is primarily responsible for ensuring that the Board processes and procedures are run efficiently and effectively. All directors have access to the Company Secretary who is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board.

1(f) Chairman and Executive Director

The roles of the Chairman of the Board and of the Executive Director should be exercised by different individuals.

The Chairman is responsible for:

- leadership of the Board;
- the efficient organisation and conduct of the Board's functions;
- the promotion of constructive and respectful relations between Board members and between the Board and management;
- contributing to the briefing of directors in relation to issues arising at Board meetings;

- the day-to-day management of the Consolidated Entity's business activities.

The Board specifies that the roles of the Chairman and the Executive Director are separate roles to be undertaken by separate people. The Chairman of the Company is considered by the Board to be independent.

1(g) Independent Directors

The Company recognises that independent directors are important in assuring shareholders that the Board is properly fulfilling its role and is diligent in holding senior management accountable for its performance. The Board assesses each of the directors against specific criteria to decide whether they are in a position to exercise independent judgment.

Directors of Cyprium Metals Limited are considered to be independent when they are independent of management and free from any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the exercise of their unfettered and independent judgement.

In making this assessment, the Board considers all relevant facts and circumstances. Relationships that the Board will take into consideration when assessing independence are whether a director:

- is a substantial shareholder of the Company or an officer of, or otherwise associated directly with, a substantial shareholder of the Company;
- is employed, or has previously been employed in an executive capacity by the Company or any subsidiary, and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- has within the last three years been a principal of a material professional advisor or a material consultant to the Company or another group member, or an employee materially associated with the service provided;
- is a material supplier or customer of the Company or other group member, or an officer of or otherwise associated directly or indirectly with a material supplier or customer;
- has a material contractual relationship with the Company or another group member other than as a director; or
- has been a director of the entity for such a period that his or her independence may have been compromised.

The Board notes that the mere fact that a director has served on a Board for a substantial period does not mean that he or she has become too close to management to be considered not independent. The Board will regularly assess the independence of all and any director who serves on the Board.

Family ties and cross-directorships may be relevant in considering interests and relationships which may affect independence, and should be disclosed to the Board.

In recognition of the importance of independent views and the Board's role in supervising the activities of management the Chairman is a non-executive director.

1(h) Terms of appointment

The Company has written agreements with each Director and senior executive of the Company, setting out the terms of their appointment.

1(i) Avoidance of Conflicts of Interest by a Director

In order to ensure that any interests of a director in a particular matter to be considered by the Board are known by each director, each director is required by the Company to disclose any relationships, duties or

interests held that may give rise to a potential conflict. Directors are required to adhere strictly to constraints on their participation and voting in relation to any matters in which they may have an interest.

1(j) Board Access to Information and Independent Advice

Directors are able to access members of the management team at any time to request relevant information. There are procedures in place, agreed by the board, to enable directors, in furtherance of their duties, to seek independent professional advice at the company's expense.

Directors whose performance is consistently unsatisfactory may be asked to retire.

The Committee also provides the Board with additional assurance regarding the reliability of financial information for inclusion in financial report.

The Audit Committee's main responsibilities include reviewing and monitoring:

- financial reporting;
- internal control framework;
- external audit;

- compliance with the Corporations Act, ASX Listing Rules and Corporate Governance Principles and Recommendations; and
- any other matters referred to it by the Board.

The Audit Committee is comprised of:

- Gary Comb (Chairman, Non-Executive Director) – appointed 17 June 2019
- Nicholas Rowley (Non-Executive Director) – appointed 31 May 2018

The qualifications of the committee are set out on the Company's website.

The number of times the Audit Committee has formerly met and the number of meetings attended by directors during the financial year are reported in Directors' Report of the Annual Report under the heading "Directors' Meetings".

The Company complies with ASX Recommendation 4.1(a), all of members are non-executive directors and a majority of which are independent directors on the Audit Committee, however due to the number of non-executive directors, the minimum number of members is two directors. An analysis of fees paid to the external auditors, including a breakdown of fees for non-audit services, is provided in the notes to the financial statements. It is the policy of the external auditors to provide an annual declaration of their independence to the Board.

The external auditor is requested to attend the Annual General Meeting and be available to answer shareholder questions about the conduct of the audit and the preparation and content of the audit report.

The remuneration received by directors in the current period is contained in the "Remuneration Report" within the Directors' Report of the Annual Report.

Due to the size of the Company, the remuneration structure for non-executive directors includes performance rights where they are actively involved in the completion of an acquisition and otherwise is not related to performance. Non-executive directors receive fees which reflect their skills, responsibilities and the time commitments required to discharge their duties. The Company does not pay retirement benefits to non-executive directors (other than superannuation contributions in accordance with its statutory superannuation obligations).

The remuneration structure for executive directors and other executives reflects the Company's performance culture: there is a direct correlation between the executive's reward and individual and Company performance so as to seek to ensure that the Company's remuneration policy is aligned with its long term business objectives and the interests of shareholders and other stakeholders.

Nomination

Due to the size of the Company and the number of Board members, the Board does not have a formal nomination committee. Any new Directors will be selected according to the needs of the Company at that particular time, the composition and the balance of experience on the Board as well as the strategic direction of the Company.

The Company has a written agreement in place with each director setting out the terms of their appointment. The committee and the Board consider the composition of the Board at least annually, when assessing the Board's performance and when considering director election and re-election.

A profile of each director is on the Company's website.

Where a vacancy arises or it is considered appropriate to vary the composition of the Board of Directors, the full Board generally participates in any review of the Board's composition and the qualifications and experience of candidates. Directors are selected upon the basis of their specialist skills and business background so as to provide an appropriate mix of skills, perspective and business experience.

In considering whether the Board will support the election or re-election of incumbent directors, the Board considers the skills, experience, expertise, diversity and contribution made to the Board by the director and the contribution that the director is likely to make if elected or re-elected.

When considering appointing new directors, the Board assesses the range of skills, experience, expertise, diversity and other attributes from which the Board would benefit and to the extent to which current directors possess such attributes.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
