

Stellantis Awards New Global Navigation Deal to TomTom

Amsterdam, Netherlands, 7 November 2022, 07:30 CET, TomTom ([TOM2](#)), the geolocation technology specialist, today announced that it has been awarded a new global deal to provide its maps, navigation software, and connected services such as real-time traffic information to STLA SmartCockpit, Stellantis' next-generation digital cockpit platform to arrive in 2024. Furthermore, existing Stellantis platforms will continue to be powered by TomTom's navigation solutions.

This press release is published by TomTom N.V. and contains inside information within the meaning of article 7 (1) to (4) of the Market Abuse Regulation (Regulation (EU) No 596/2014).

About TomTom:

Billions of data points. Millions of sources. Hundreds of communities.

We are the mapmaker bringing it all together to build the world's smartest map. We provide location data and technology to drivers, carmakers, businesses, and developers. Our application-ready maps, routing, real-time traffic, APIs and SDKs enable the dreamers and doers to shape the future of mobility.

Headquartered in Amsterdam with 4,000 employees around the globe, TomTom has been helping people find their way in the world for over 30 years.
