In accordance with the Board Charter, the Board annually undertakes a formal performance evaluation of itself, Board Committees and individual directors. The annual performance evaluation is undertaken with the advice and assistance of the Chairman, the Chairman of the GRNC and the GRNC. A formal performance evaluation of the Board, its committees and individual directors was completed for 2021.

2021 Corporate Governance Statement

Principle 2 – Structure the Board to be effective and add value

2.1. Governance, Remuneration & Nomination Committee (GRNC)

The Board has established the GRNC to assist the Board in fulfilling its responsibilities for corporate governance and oversight of the Group's nomination and remuneration policies and practices. The GRNC Charter details the functions and responsibilities of the GRNC and a copy is available in the Corporate Governance section of our website.

The GRNC's responsibilities include overseeing corporate governance practices, the nomination of directors, the fees paid to directors, remuneration, including equity based and performance-based remuneration of the CEO and senior executives. The GRNC also considers Company policies on remuneration for employees, other human resources policies and procedures, and ensuring employee incentive plans are properly implemented.

The GRNC is comprised of four non-executive directors, including Dr Nugent and Ms Tansey who are independent directors. The other non-executive directors are Frank Sixt and Diego Massidda. The Committee is chaired by Dr Nugent, an independent director and the appointed Senior Independent Director. Dr Nugent is not the Chairman of the Board.

TPG Telecom acknowledges the ASX Corporate Governance Recommendations 2.1(a)(1) and 8.1(a) (1) in relation to majority independence of members on nomination and remuneration committees. During 2021, composition of the GRNC changed from five to four members so that independent directors then comprised 50% of the members. The GRNC is now more closely aligned with these recommendations and TPG Telecom considers that the independence of the GRNC is preserved in the GRNC Charter by: (1) requiring the Chairperson of the GRNC to be an independent director; and (2) by prohibiting executive directors from being appointed as members of the GRNC; and further, by having 50% of the members of the Committee being independent directors. The GRNC is aligned with all other sections of ASX Corporate Governance Recommendations 2 and 8.

Conflicts of interest are assiduously managed.

When considering new director appointments, the GRNC considers achieving an appropriate balance of professional skills, experience, independence, expertise and diversity on the Board and its Committees.

The current composition of the GRNC, the number of times the Committee met in 2021 and individual director attendance at those meetings is outlined below:

2021 Corporate Governance Statement

The Board Skills Matrix, approved by the GRNC and Board, sets out the skills and competencies considered important for the proper functioning of the Board and Committees and to ensure alignment with TPG Telecom's strategic direction and operations. It is reviewed annually to ensure the skills and experience address any changes in its business or governance requirements.

2.3, 2.4 and 2.5 Board composition and independence

When assessing the independence status of a director, the Board considers interests of each director and the relationships potentially affecting independent status as outlined in Box 2.3 of the ASX Corporate Governance Recommendations.

Although the current Board composition is not aligned with these recommendations, the Board considers that the number of directors and composition most appropriately reflects the Company's size, operations and strategy. As outlined in Section 2.2, multiple Directors have strong capability and deep experience in each of the skills identified.

The Board also considers that each Director brings an independent mind and judgement to bear on all Board decisions, notwithstanding that the Chairman, who is not the CEO, and a majority of the Board are not independent. The Board is of the view that this depth of experience and understanding of the business and the industry in which we operate, provides benefits that exceed those that may flow from having a majority independent Board and Chairperson at this time. All directors are encouraged to, and do, review and challenge the assumptions and performance of management to ensure decisions taken are in the best interest of the Company. In addition, the Board has appointed a Senior Independent Director.

Conflicts of interest are assiduously managed.

The framework aligns with ISO 31000:2018, the international Standard for risk management. The Company's Enterprise Risk function supports and drives consistent application of the risk management framework across the Group.

The ARC is provided with regular risk reporting to assist in discharging its role, including an annual assessment by the Enterprise Risk function of TPG Telecom's risk management framework. The Board also receives information on significant risk matters through updates from the Chairman of the ARC and senior executives as required.

In 2021, the ARC has reviewed the risk management framework to satisfy itself that it continues to be sound and effective.

7.3 Internal Audit

TPG Telecom established the Internal Audit function as a key component of the corporate governance framework. The role of Internal Audit is to evaluate and improve TPG Telecom's risk management, control and governance processes.

Internal Audit is independent of all activities and processes which it appraises to ensure it is able to perform its duties in an objective manner and provide impartial advice to management, the ARC and the Board. The Internal Audit function is led by the General Manager Risk & Audit who reports functionally to the Chairman of the ARC and administratively to the CFO and has direct access to the CEO & Managing Director and the ARC.

The work of Internal Audit is conducted in accordance with TPG Telecom's policies and procedures and relevant professional standards, including the Institute of Internal Auditors' International Standards for the Professional Practice of Internal Auditing.

The ARC monitors the performance of the Internal Audit function and is presented with an annual Internal Audit Plan and regular updates on progress against the Internal Audit Plan.

7.4 Environmental and Social Risks

TPG Telecom recognises that a range of environmental and social risks exist which impact our business, our stakeholders and the communities within which we operate. TPG Telecom actively identifies and manages related opportunities and risks and is committed to making a positive impact through its sustainability performance.

Our exposure to material environmental and social risks is outlined in 'Our Material Risks' in the TPG Telecom 2021 Annual Report.

The TPG Telecom Sustainability Strategy identifies four key areas where we are well placed to make a meaningful difference, underpinned by a set of fundamental, responsible business practices. Further information is available in our Sustainability Report and in the Sustainability section of our website.

2021 Corporate Governance Statement

The economic risks to which the Group is exposed are explained further in the financial instruments and risk management note in the Company's 2021 Annual Report.

Principle 8 – Remunerate fairly and responsibly

8.1 Remuneration Committee

As detailed in Section 2.1 the Board has established the Governance, Remuneration & Nomination Committee (**GRNC**) to assist the Board in fulfilling its responsibilities for corporate governance and oversight of the Group's nomination and remuneration policies and practices.

Details regarding the GRNC Charter, structure and composition, role and responsibilities, 2021 meeting attendance, independence of members, and the Chairman of the Committee, is provided in Section 2.1 above.

8.2 Remuneration policies and practices in relation to non-executive directors and executives

Policies and practices regarding the fees for non-executive directors as well as the remuneration of the CEO & Managing Director and other senior executives are set out in the Remuneration Report in the TPG Telecom 2021 Annual Report.

8.3 Equity-based remuneration

The Company's short-term and long-term incentive programs contain an element of remuneration which involves deferred share rights and performance share rights, entitling some employees to shares. It is a condition of those programs that no beneficiary is permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the programs. It is also a condition of the Securities Trading Policy that senior executives must not deal in shares for short term gain, being a period of three months or less.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.
