(Amounts in millions, except for share and per share data, unless otherwise stated)

1. Organization:

Verisk Analytics, Inc. is a data analytics provider serving customers in insurance and energy. Using various technologies to collect and analyze billions of records, we draw on numerous data assets and domain expertise to provide first-to-market innovations that are integrated into customer workflows. We offer predictive analytics and decision support solutions to customers in rating, underwriting, claims, catastrophe and weather risk, global risk analytics, natural resources intelligence, economic forecasting, and many other fields. Around the world, we help customers protect people, property, and financial assets.

2. Basis of Presentation and Summary of Significant Accounting Policies:

Our accompanying unaudited condensed consolidated financial statements have been prepared on the basis of accounting principles generally accepted in the U.S. ("U.S. GAAP"). The preparation of financial statements in conformity with these accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Significant estimates include acquisition purchase price allocations, the fair value of goodwill and intangibles, the realization of deferred tax assets and liabilities, acquisition-related liabilities, fair value of stock-based compensation for stock options and performance share units granted, and assets and liabilities for pension and postretirement benefits. Actual results may ultimately differ from those estimates.

Our condensed consolidated financial statements as of June 30, 2022 and for the three and six months ended June 30, 2022 and 2021, in the opinion of management, include all adjustments, consisting of normal recurring items, to present fairly our financial position, results of operations, and cash flows. Our operating results for the three and six months ended June 30, 2022 are not necessarily indicative of the results to be expected for the full year. Our condensed consolidated financial statements and related notes as of and for the three and six months ended June 30, 2022 have been prepared on the same basis as and should be read in conjunction with our annual report on Form 10-K for the year ended December 31, 2021. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted pursuant to the rules of the SEC. We believe the disclosures made are adequate to keep the information presented from being misleading.

Our operating segments have historically been Insurance, Energy and Specialized Markets, and Financial Services. On March 11, 2022 and April 8, 2022, we sold our environmental health and safety business, which represented the "specialized markets" in our Energy and Specialized Markets segment and our Financial Services segment, respectively. See [Note 7](#). Dispositions for further discussion. For the remainder of 2022, we will continue to show only the historical results of these dispositions in their respective previous operating segments.

Recent Accounting Pronouncements

Accounting Standard	Description	Effective Date	Effect on Consolidated Financial Statements or Other Significant Matters
<i>Business Combinations (Topic 805) In October 2021, the FASB issued ASU No. 2021-08, "Accounting for Contract Assets and Contract Liabilities from Contracts with Customers" ("ASU No. 2021-08")</i>	This amendment requires an acquirer to recognize and measure contract assets and contract liabilities acquired in a business combination in accordance with Topic 606. At the acquisition date, an acquirer should account for the related revenue contracts in accordance with Topic 606 as if it had originated the contracts. An acquirer should assess how the acquiree applied Topic 606 to determine what to record for the acquired revenue contracts. If the acquiree prepared financial statements in accordance with GAAP, this should result in an acquirer recognizing and measuring the acquired contract assets and contract liabilities consistent with how they were recognized and measured in the acquiree's financial statements. In circumstances in which the acquirer is unable to assess or rely on how the acquiree applied Topic 606, the acquirer should consider the terms of the acquired contracts, such as timing of payment, identify each performance obligation in the contracts, and allocate the total transaction price to each identified performance obligation on a relative standalone selling price basis as of the date the acquiree entered into the contracts to determine what should be recorded at the acquisition date.	Fiscal years beginning after December 15, 2022 with early adoption permitted.	We elected to early adopt ASU No. 2021-08 on January 1, 2022 on a prospective basis to all business combinations that occurred on or after the date of adoption. The adoption of ASU No. 2021-08 did not have a material impact on our Condensed Consolidated Financial Statements.

3. Revenues:

Disaggregated revenues by type of service and by country are provided below for the three and six months ended June 30, 2022 and 2021. No individual customer or country outside of the U.S. accounted for 10.0% or more of our consolidated revenues for the three and six months ended June 30, 2022 or 2021.

Contract assets are defined as an entity's right to consideration in exchange for goods or services that the entity has transferred to a customer when that right is conditioned on something other than the passage of time. As of June 30, 2022 and December 31, 2021, we had no contract assets. Contract liabilities are defined as an entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or an amount of consideration is due) from the customer. As of June 30, 2022 and December 31, 2021, we had contract liabilities that primarily related to unsatisfied performance obligations to provide customers with the right to use and update the online content over the remaining contract term of \$661.0 million and \$504.8 million, respectively. Contract liabilities, which are current and noncurrent, are included in "Deferred revenues" and "Other noncurrent liabilities" in our condensed consolidated balance sheets, respectively, as of June 30, 2022 and December 31, 2021.

The following is a summary of the change in contract liabilities from December 31, 2021 through June 30, 2022:

Contract Liabilities at December 31, 2021	\$	504.8
Revenue		(1,521.8)
Acquisitions		3.4
Dispositions		(61.0)
Billings		1,735.6
Contract Liabilities at June 30, 2022	\$	<u>661.0</u>

Our most significant remaining performance obligations relate to providing customers with the right to use and update the online content over the remaining contract term. Our disclosure of the timing for satisfying the performance obligation is based on the requirements of contracts with customers. However, from time to time, these contracts may be subject to modifications, impacting the timing of satisfying the performance obligations. These performance obligations, which are expected to be satisfied within one year, comprised approximately 97% of the balance at June 30, 2022 and December 31, 2021.

We recognize an asset for incremental costs of obtaining a contract with a customer if we expect the benefits of those costs to be longer than one year. As of June 30, 2022 and December 31, 2021, we had deferred commissions of \$86.8 million, which have been included in "Prepaid expenses" and "Other noncurrent assets" in our accompanying condensed consolidated balance sheets.

4. Investments and Fair Value Measurements:

We have certain assets and liabilities that are reported at fair value in our accompanying condensed consolidated balance sheets. To increase consistency and comparability of assets and liabilities recorded at fair value, Accounting Standards Codification ("ASC") 820-10, *Fair Value Measurements* ("ASC 820-10"), established a three-level fair value hierarchy to prioritize the inputs to valuation techniques used to measure fair value. ASC 820-10 requires disclosures detailing the extent to which companies measure assets and liabilities at fair value, the methods and assumptions used to measure fair value, and the effect of fair value measurements on earnings. In accordance with ASC 820-10, we applied the following fair value hierarchy:

- Level 1 - Assets or liabilities for which the identical item is traded on an active exchange, such as publicly-traded instruments.
- Level 2 - Assets or liabilities valued based on observable market data for similar instruments.
- Level 3 - Assets or liabilities for which significant valuation assumptions are not readily observable in the market; instruments valued based on the best available data, some of which are internally-developed, and considers risk premiums that market participants would require.

The fair values of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, and short-term debt approximate their carrying amounts because of the short-term nature of these instruments. Our investments in registered investment companies, which are Level 1 assets measured at fair value on a recurring basis, were \$3.9 million and \$5.0 million as of June 30, 2022 and December 31, 2021, respectively. Our investments in registered investment companies are valued using quoted prices in active markets multiplied by the number of shares owned and were included in "Other current assets" in our accompanying condensed consolidated balance sheets.

[Table of Contents](#)

We elected not to carry our long-term debt at fair value. The carrying value of the long-term debt represents amortized cost, inclusive of unamortized premium, and net of unamortized discount and debt issuance costs. We assess the fair value of these financial instruments based on an estimate of interest rates available to us for financial instruments with similar features, our current credit rating, and spreads applicable to us. The following table summarizes the carrying value and estimated fair value of these financial instruments as of June 30, 2022 and December 31, 2021, respectively:

	Fair Value Hierarchy	2022		2021	
		Carrying Value	Estimated Fair Value	Carrying Value	Estimated Fair Value
Financial instruments not carried at fair value:					
Senior notes (Note 10)	Level 2	\$ 2,692.4	\$ 2,562.1	\$ 2,692.0	\$ 3,017.4

On March 23, 2022, we made an additional \$37.0 million cash investment in Vexcel Group, Inc. ("Vexcel") for an additional 4.6% in ownership, bringing our interest to 43.3%. As of June 30, 2022 and December 31, 2021, we had an investment of \$181.1 million and \$144.1 million, respectively, related to such interest. The value of our investment is based on management's estimates with the assistance of valuations performed by third-party specialists. This investment was included in "Other noncurrent assets" in our accompanying condensed consolidated balance sheets.

As of June 30, 2022 and December 31, 2021, we had securities without readily determinable market values, inclusive of Vexcel, of \$199.4 million and \$161.6 million, respectively, which were accounted for at cost. We do not have the ability to exercise significant influence over the investees' operating and financial policies and do not hold investments in common stock or in-substance common stock in such entities. As of June 30, 2022 and December 31, 2021, we also had investments in private companies of \$28.3 million and \$54.6 million, respectively, accounted for in accordance with ASC 323-10-25, *The Equity Method of Accounting for Investments in Common Stock* ("ASC 323-10-25") as equity method investments. All such investments were included in "Other noncurrent assets" in our accompanying condensed consolidated balance sheets. For the three and six months ended June 30, 2022, there was no provision for credit losses related to these investments.

5. Leases:

We have operating and finance leases for corporate offices, data centers, and certain equipment that are accounted for under ASC 842, *Leases* ("ASC 842"). The lease term for our corporate headquarters ends in 2033 and includes the options to extend for one 10-year renewal period and two 5-year renewal periods. The lease of our Jakarta, Indonesia office may be terminated in three months without penalty.

The following table presents lease cost and cash paid for amounts included in the measurement of lease liabilities for finance and operating leases for the three months ended March 31, 2022 and 2021, respectively:

Weighted-average remaining lease term - finance leases (in years)	1.3	1.8
Weighted-average discount rate - operating leases	3.8%	3.9%
Weighted-average discount rate - finance leases	3.7%	4.1%

Our ROU assets and lease liabilities for finance leases were \$15.7 million and \$12.7 million, respectively, as of June 30, 2022. Our ROU assets and lease liabilities for finance leases were \$19.0 million and \$13.5 million, respectively, as of December 31, 2021. Our ROU assets for finance leases were included in "Fixed assets, net" in our accompanying condensed consolidated balance sheets. Our lease liabilities for finance leases were included in the "Short-term debt and current portion of long-term debt" and "Long-term debt" in our accompanying condensed consolidated balance sheets (see [Note 10](#). Debt).

Maturities of lease liabilities for the remainder of 2022 and the years through 2027 and thereafter are as follows:

6. Acquisitions:

2022 Acquisitions

On March 1, 2022, we acquired 100 percent of the stock of Opta Information Intelligence Corp. ("Opta") for a net cash purchase price of \$217.6 million excluding working capital adjustments, of which \$0.8 million represents indemnity escrows. Opta, a leading provider of property intelligence and innovative technology solutions in Canada, has become a part of the underwriting & rating category within our Insurance segment. We believe this acquisition further expands our footprint in the Canadian market and supports Verisk in reshaping risk management with valuable business intelligence.

On February 11, 2022, we acquired 100 percent of the membership interest of Infutor Data Solutions, LLC ("Infutor") for a net cash purchase price of \$220.7 million excluding working capital adjustments, of which \$1.5 million represents a working capital escrow, plus a contingent earn-out payment of up to \$25.0 million subject to the achievement of certain revenue and other performance targets. Infutor, a leading provider of identity resolution and consumer intelligence data, has become a part of the underwriting & rating category within our Insurance segment. We believe this acquisition further enhances Verisk's marketing solutions offerings to companies across several industries including the insurance industry.

The "Other" column includes other immaterial acquisitions that have occurred during the period. The preliminary purchase price allocation of the 2022 acquisitions resulted in the following:

	Opta	Infutor	Other	Total
Cash and cash equivalents	\$ 0.4	\$ 17.0	\$ —	\$ 17.4
Accounts receivable	5.2	10.7	—	15.9

Other noncurrent liabilities	—	—	0.1	0.1
Total liabilities assumed	21.4	20.9	0.9	43.2
Net assets acquired	217.9	237.7	4.8	460.4
Less: Cash acquired	0.4	17.0	—	17.4
Net cash purchase price	\$ 217.5	\$ 220.7	\$ 4.8	\$ 443.0

The preliminary amounts assigned to intangible assets by type for the 2022 acquisitions are summarized in the table below:

	Weighted Average Useful Life (in years)	Total
Technology-based	6	\$ 48.5
Marketing-related	4	2.0
Customer-related	13	118.6
Total intangible assets		\$ 169.1

The preliminary allocations of the purchase price for the 2022 and 2021 acquisitions with less than a year of ownership are subject to revisions as additional information is obtained about the facts and circumstances that existed as of each acquisition date. The revisions may have a significant impact on our condensed consolidated financial statements. The allocations of the purchase price will be finalized once all the information that was known and knowable as of the acquisition date is obtained and analyzed, but not to exceed one year from the acquisition date. The primary areas of the purchase price allocation that are not yet finalized relate to income and non-income taxes, deferred revenues, the valuation of intangible assets acquired, and residual goodwill. The goodwill associated with our acquisitions includes the acquired assembled workforce, the value associated with the opportunity to leverage the work force to continue to develop the technology and content assets, as well as our ability to grow through adding additional customer relationships or new solutions in the future. Of the \$289.8 million in goodwill associated with our acquisitions, \$150.0 million is not deductible for tax purposes. The preliminary amounts assigned to intangible assets by type for these acquisitions were based upon our valuation model and historical experiences with entities with similar business characteristics.

For the three and six months ended June 30, 2022, we incurred transaction costs of \$0.3 million and \$1.6 million, respectively. The transaction costs were included within "Selling, general and administrative" expenses in our accompanying condensed consolidated statements of operations. The 2022 acquisitions were immaterial to our condensed consolidated statement of operations for the three and six months ended June 30, 2022 and 2021, and therefore, supplemental information disclosure on an unaudited pro forma basis is not presented.

On March 22, 2022, we acquired an additional 16% ownership in Whitespace Software Limited ("Whitespace") for \$8.2 million, bringing our total ownership interest to 67%. The remaining 33% ownership interest in Whitespace will be acquired by us, in two equal proportions over the next two years, at a purchase price determined based upon a fixed revenue multiple and adjusted for any free cash flow shortfall.

Acquisition Escrows and Related Liabilities

Pursuant to the related acquisition agreements, we have funded various escrow accounts to satisfy pre-acquisition indemnity and tax claims arising subsequent to the applicable acquisition dates. At June 30, 2022 and December 31, 2021, the current portion of the escrows amounted to \$9.2 million and \$10.6 million, respectively, and the noncurrent portion of the escrows amounted to \$0.0 million and \$4.7 million, respectively. The current and noncurrent portions of the escrows have been included in "Other current assets" and "Other noncurrent assets" in our accompanying condensed consolidated balance sheets, respectively.

The acquisitions of Rebmark Legal Solutions Limited, ACTINEO GmbH, Data Driven Safety, LLC, and Infutor Data Solutions, LLC included acquisition-related contingent payments, for which the sellers of these acquisitions could receive additional payments by achieving the specific predetermined revenue, EBITDA, and EBITDA margin earn-out targets for exceptional performance. We believe that the liabilities recorded as of June 30, 2022 and December 31, 2021 reflect the best estimate of acquisition-related contingent payments. The associated current portion of contingent payments were \$8.8 million and \$0.5 million as of June 30, 2022 and December 31, 2021, respectively. The associated noncurrent portion of contingent payments were \$21.9 million and \$21.7 million as of June 30, 2022 and December 31, 2021, respectively.

7. Dispositions:

2022 Dispositions

On March 11, 2022, the sale of our environmental health and safety business ("3E Company Environmental, Ecological and Engineering"), which made up our Supply Chain reporting unit, within the Energy & Specialized Markets segment, was completed for proceeds of \$575.0 million, net of cash and excluding contingent consideration. A gain of \$450.8 million was included in "Other operating income, net" within our accompanying condensed consolidated statements of operations for the six months ended June 30, 2022. The major classes of assets and liabilities disposed of, reflected in our condensed consolidated balance sheets as of March 11, 2022, are presented below. We assessed the sale of our environmental health and safety business per the guidance in ASC 205-20, *Discontinued Operations*, and determined that this transaction did not qualify as a discontinued operation as its total revenues and assets did not meet the thresholds exemplified in the guidance to represent a strategic shift that has or will have a major effect on our operations and financial results.

On April 8, 2022, the sale of Verisk Financial Services, our Financial Services segment, to TransUnion, a global information and insights company, was completed for net cash proceeds of \$498.3 million. An impairment loss of \$73.7 million and a loss on the sale of \$15.6 million was included in "Other operating income, net" within our accompanying condensed consolidated statements of operations for the first quarter and second quarter of 2022, respectively. We assessed the sale of our Financial Services segment per the guidance in ASC 205-20, *Discontinued Operations*, and determined that this transaction did not qualify as a discontinued operation as its total revenues and assets did not meet the thresholds exemplified in the guidance to represent a strategic shift that has or will have a major effect on our operations and financial results. Verisk Financial Services generated revenue of \$37.6 million for the six months ended June 30, 2022.

The major classes of assets and liabilities disposed of, reflected in our condensed consolidated balance sheets as of March 11, 2022 and April 8, 2022, respectively, are presented below.

Goodwill and intangible assets with indefinite lives are subject to impairment testing annually as of June 30, or whenever events or changes in circumstances indicate that the carrying amount may not be fully recoverable. Goodwill impairment testing compares the carrying value of each reporting unit to its fair value. If the fair value of the reporting unit exceeds the carrying value of the net assets, including goodwill assigned to that reporting unit, goodwill is not impaired. If the carrying value of the reporting unit's net assets, including goodwill, exceeds the fair value of the reporting unit, then an impairment loss is recorded for the difference between the carrying amount and the fair value of the reporting unit. As of June 30, 2022, we completed the annual impairment review, in which goodwill impairment was tested at the reporting unit level. As part of our annual evaluation, we did not recognize any additional impairment charges related to our goodwill and indefinite-lived intangible assets. Although all our reporting units have a fair value that exceeds their carrying value by greater than 20%, one of our reporting units has an excess that is only modestly higher. Therefore, any significant adverse change in our near or long-term financial projections, macroeconomic conditions, or other market indicators could result in a future material impairment charge for this reporting unit.

There were no impairments to long lived assets for the three months ended June 30, 2022 and 2021. Impairments to long-lived assets for the six months ended June 30, 2022 and 2021, were \$73.7 million and \$0.0 million, respectively, and are included within "Other operating loss (income), net" in our condensed consolidated statements of operations. In the first quarter of 2022, we reassessed the recoverability of the long-lived assets for our Financial Services reporting unit and recorded a \$73.7 million impairment.

Our intangible assets and related accumulated amortization consisted of the following:

Amortization expense related to intangible assets for the three months ended June 30, 2022 and 2021 was \$39.8 million and \$50.5 million, respectively. Amortization expense related to intangible assets for the six months ended June 30, 2022 and 2021 was \$84.4 million and \$95.5 million, respectively. Estimated amortization expense for the remainder of 2022 and the years through 2027 and thereafter for intangible assets subject to amortization is as follows:

9. Income Taxes:

Our effective tax rate for the three and six months ended June 30, 2022 was 18.3% and 17.5% compared to the effective tax rate for the three and six months ended June 30, 2021 of 35.6% and 29.3%. The effective tax rate for the three and six months ended June 30, 2022 was lower than the effective tax rate for the three and six months ended June 30, 2021 primarily due to the deferred tax impact of the tax rate increase in the United Kingdom that was enacted and recorded in the prior period, as well as the impact of increased stock option exercises resulting in higher tax benefits from equity compensation in the current period versus the prior period. The effective tax rate for the six months ended June 30, 2022 was also lower than the prior period due to a tax rate benefit in connection with the sale of our environmental health and safety business for which a benefit was recognized for the difference between book and tax basis of our investment. The difference between statutory tax rates and our effective tax rate is primarily due to tax benefits attributable to equity compensation, offset by additional state and local taxes.

10. Debt:

The following table presents short-term and long-term debt by issuance as of June 30, 2022 and December 31, 2021:

(1) Refer to [Note 5](#). Leases

As of June 30, 2022 and December 31, 2021, we had senior notes with an aggregate principal amount of \$2,700.0 million outstanding and were in compliance with our financial and other debt covenants.

As of June 30, 2022, we had a \$1,000.0 million committed senior unsecured Credit Facility (the "Credit Facility") with Bank of America N.A., HSBC Bank USA, N.A., JP Morgan Chase Bank, N.A., Wells Fargo Bank, National Association, Citibank, N.A., Credit Suisse AG, Cayman Islands Branch, Morgan Stanley Bank, N.A., First Commercial Bank, Ltd., Los Angeles Branch, TD Bank, N.A., and the Northern Trust Company. The Credit Facility may be used for general corporate purposes, including working capital needs and capital expenditures, acquisitions, dividend payments, and the share repurchase program (the "Repurchase Program"). As of June 30, 2022, we were in compliance with all financial and other debt covenants under the Credit Facility. As of June 30, 2022 and December 31, 2021, the available capacity under the Credit Facility was \$345.1 million and \$384.9 million, net of the letters of credit of \$4.9 million and \$5.1 million, respectively. Subsequent to June 30, 2022, we have made repayments of \$100.0 million under the Credit Facility.

On March 11, 2022, we entered into a \$125.0 million Bilateral Term Loan Agreement (the "Term Loan") with Bank of America, N.A. The Term Loan carries an interest rate of 100bps plus the one month Bloomberg Short Term Bank Yield Index ("BSBY") margin at the time of the original draw and each subsequent roll over period. At each roll over period, we can continue the loan for a period of 1 or 3 months until the agreed maturity date of September 12, 2022. This loan may be used for general corporate purposes, including working capital needs and capital expenditures, acquisitions, dividend payments, and the Repurchase Program.

11. Stockholders' Equity:

We have 2,000,000,000 shares of authorized common stock as of June 30, 2022 and December 31, 2021. Our common shares have rights to any dividend declared by the board of directors (the "Board"), subject to any preferential or other rights of any outstanding preferred stock, and voting rights to elect all current members of the Board. At June 30, 2022 and December 31, 2021, the adjusted closing price of our common stock was \$173.09 and \$227.90 per share, respectively.

We have 80,000,000 shares of authorized preferred stock, par value \$0.001 per share. The preferred shares have preferential rights over the common shares with respect to dividends and net distribution upon liquidation. We did not issue any preferred shares as of June 30, 2022 and December 31, 2021.

On February 16, 2022 and April 27, 2022, our Board approved a cash dividend of \$0.31 per share of common stock issued and outstanding to the holders of record as of March 15, 2022 and June 15, 2022. Cash dividends of \$98.6 million and \$94.2 million were paid during the six months ended June 30, 2022 and 2021 and recorded as a reduction to retained earnings, respectively.

Share Repurchase Program

In December 2021 and March 2022, we entered into Accelerated Share Repurchase ("ASR") agreements to repurchase shares of our common stock for an aggregate purchase price of \$100.0 million and \$325.0 million with Citibank, N.A and Morgan Stanley & Co., LLC, respectively. The ASR agreement is accounted for as a treasury stock transaction and forward stock purchase agreement indexed to our common stock. The forward stock purchase agreement is classified as an equity instrument under ASC 815-40, *Contracts in Entity's Own Equity* ("ASC 815-40") and deemed to have a fair value of zero at the respective effective date. Upon payment of the aggregate purchase price on January 4, 2022 and April 1, 2022, we received an aggregate delivery of 360,913 and 1,211,387 shares of our common stock. Upon the final settlement of the ASR agreement in February 2022 and May 2022, we received an additional 141,766 shares and 349,762 shares as determined by the volume weighted average share price of our common stock of \$198.93 and \$208.18 during the term of the ASR agreement, respectively. The aggregate purchase price was recorded as a reduction to stockholders' equity in our condensed consolidated statements of changes in stockholders' equity for the six months ended June 30, 2022. These repurchases of 2,063,828 shares for the six months ended June 30, 2022 resulted in a reduction of outstanding shares used to calculate the weighted average common shares outstanding for basic and diluted earnings per share ("EPS").

During the six months ended June 30, 2022, we repurchased 4,613,710 shares of common stock with an aggregate value of \$896.3 million as part of the Repurchase Program, inclusive of the ASR, at a weighted average price of \$194.28 per share. We utilized cash from operations and borrowings from our Credit Facility to fund these repurchases. As of June 30, 2022, we had \$707.5 million available to repurchase shares through our Repurchase Program, inclusive of the \$1,000.0 million authorization approved by our Board on February 16, 2022.

In June 2022, we entered into an additional ASR agreement with Citibank, N.A. to repurchase shares of our common stock for an aggregate purchase price of \$300.0 million. Upon payment of the aggregate purchase price on July 1, 2022, we received an initial delivery of 1,386,562 shares of our common stock at a price of \$173.09 per share, representing approximately \$240.0 million of the aggregate purchase price. Upon the final settlement of the ASR agreement in September 2022, we may be entitled to receive additional shares of our common stock or, under certain limited circumstances, be required to deliver shares to the counter-party.

Treasury Stock

As of June 30, 2022, our treasury stock consisted of 385,745,940 shares of common stock, carried at cost. During the six months ended June 30, 2022, we transferred 1,219,169 shares of common stock from the treasury shares at a weighted average treasury stock price of \$13.95 per share.

Earnings Per Share

Basic EPS is computed by dividing net income attributable to Verisk by the weighted average number of common shares outstanding during the period. The computation of diluted EPS is similar to the computation of basic EPS except that the denominator is increased to include the number of additional common shares that would have been outstanding, using the treasury stock method, if the dilutive potential common shares, including vested and nonvested stock options, nonvested restricted stock awards, nonvested restricted stock units, nonvested performance awards consisting of performance share units ("PSU"), and nonvested deferred stock units, had been issued.

[Table of Contents](#)

The following is a presentation of the numerators and denominators of the basic and diluted EPS computations for the three and six months ended June 30, 2022 and 2021:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2022	2021	2022	2021
Numerator used in basic and diluted EPS:				
Net income attributable to Verisk	\$ 197.7	\$ 154.0	\$ 703.4	\$ 322.6
Denominator:				
Weighted average number of common shares used in basic EPS	157,972,755	162,007,784	159,326,855	162,324,802
Effect of dilutive shares:				
Potential common shares issuable from stock options and stock awards	1,150,808	1,038,754	1,054,235	1,416,826
Weighted average number of common shares and dilutive potential common shares used in diluted EPS	159,123,563	163,046,538	160,381,090	163,741,628

The potential shares of common stock that were excluded from diluted EPS were 1,369,746 and 785,547 for the three months ended June 30, 2022 and 2021, and 1,387,713 and 866,055 for the six months ended June 30, 2022 and 2021, respectively, because the effect of including these potential shares was anti-dilutive.

Accumulated Other Comprehensive Losses

The following is a summary of accumulated other comprehensive losses as of June 30, 2022 and December 31, 2021:

- (1) These accumulated other comprehensive loss components, before tax, are included under "Cost of revenues" and "Selling, general and administrative" in our accompanying condensed consolidated statements of operations. These components are also included in the computation of net periodic (benefit) cost (see [Note 13](#), Pension and Postretirement Benefits for additional details).

12. Equity Compensation Plans:

All of our outstanding stock options, restricted stock awards, deferred stock units, and PSUs are covered under our 2021 Incentive Plan, our 2013 Incentive Plan, or our 2009 Incentive Plan. Awards under our 2021 Incentive Plan may include one or more of the following types: (i) stock options (both nonqualified and incentive stock options), (ii) stock appreciation rights, (iii) restricted stock, (iv) restricted stock units, (v) performance awards, (vi) other share-based awards, and (vii) cash. Employees, non-employee directors, and consultants are eligible for awards under our 2021 Incentive Plan. We transferred common stock under these plans from our treasury shares. As of June 30, 2022, there were 13,873,004 shares of common stock reserved and available for future issuance under our 2021 Incentive Plan. Cash received from stock option exercises for the six months ended June 30, 2022 and 2021 was \$93.0 million and \$21.0 million, respectively.

We grant equity awards to our key employees. The nonqualified stock options have an exercise price equal to the adjusted closing price of our common stock on the grant date, with a ten-year contractual term. The fair value of the restricted stock is determined using the closing price of our common stock on the grant date. The restricted stock is not assignable or transferable until it becomes vested. PSUs vest at the end of a three-year performance period, subject to the recipient's continued service. Each PSU represents the right to receive one share of our common stock and the ultimate realization is based on our achievement of certain market performance criteria and may range from 0% to 200% of the recipient's target levels of 100% established on the grant date. The fair value of PSUs is determined on the grant date using the Monte Carlo Simulation model. We recognize the expense of the equity awards ratably over the vesting period, which could be up to four years.

In January 2022, we granted 608,895 nonqualified stock options, 130,555 shares of restricted stock, and 74,887 PSUs to key employees. The nonqualified stock options and restricted stock have a graded service vesting period of four years. The PSUs granted consisted of 49,533 PSUs that are based on the achievement of relative total shareholder return as compared to the companies that comprise the S&P 500 index ("TSR-based PSUs") and 25,354 PSUs that are tied to the achievement of certain financial performance conditions, namely incremental return on invested capital ("ROIC-based PSUs"). Each of the TSR-based PSUs and ROIC-based PSUs have a three-year performance period, subject to the recipients' continued service. The grant date fair value of the ROIC-based PSUs is determined using the closing price of our common stock on the grant date. The related performance condition is driven by the incremental return on invested capital based on net operating profit. The ultimate realization of the PSUs may range from 0% to 200% of the recipient's target levels established on the grant date.

A summary of the status of the stock options, restricted stock, and PSUs awarded under our 2021, 2013, and 2009 Incentive Plans as of December 31, 2021 and June 30, 2022 and changes during the interim period are presented below:

[Table of Contents](#)

The fair value of the stock options granted was estimated using a Black-Scholes valuation model that uses the weighted average assumptions noted in the following table for the six months ended June 30, 2022 and 2021:

	2022	2021
	Black-Scholes	Black-Scholes
Option pricing model		
Expected volatility	25.29%	23.61%
Risk-free interest rate	1.47%	0.37%
Expected term in years	4.2	4.3
Dividend yield	0.60%	0.63%
Weighted average grant date fair value per stock option	\$ 42.18	\$ 36.28

The expected term for the stock options granted was estimated based on studies of historical experience and projected exercise behavior. However, for certain awards granted, for which no historical exercise pattern exists, the expected term was estimated using the simplified method. The risk-free interest rate is based on the yield of U.S. Treasury zero coupon securities with a maturity equal to the expected term of the equity award. The volatility factor is calculated using historical daily closing prices over the most recent period that is commensurate with the expected term of the stock option awards. The expected dividend yield was based on our expected annual dividend rate on the date of grant.

Intrinsic value for stock options is calculated based on the exercise price of the underlying awards and the adjusted closing price of our common stock as of the reporting date. Excess tax benefits from exercised stock options were recorded as income tax benefit in our condensed consolidated statements of operations. This tax benefit is calculated as the excess of the intrinsic value of options exercised and restricted stock lapsed in excess of compensation recognized for financial reporting purposes. The weighted average remaining contractual terms were 6.3 years and 5.3 years for the outstanding and exercisable stock options, respectively, as of June 30, 2022.

For the six months ended June 30, 2022, there was \$121.3 million of total unrecognized compensation costs, exclusive of the impact of vesting upon retirement eligibility, related to nonvested stock-based compensation arrangements granted under our 2021 and 2013 Incentive Plans. That cost is expected to be recognized over a weighted average period of 2.5 years.

Our U.K. Sharesave Plan offers qualifying employees in the United Kingdom the opportunity to own shares of our common stock. Employees who elect to participate are granted stock options, of which the exercise price is equal to the average of the closing price on the five trading days immediately preceding the plan invitation date discounted by 5%, and enter into a savings contract, the proceeds of which are then used to exercise the options upon the three-year maturity of the savings contract. During the six months ended June 30, 2022 and 2021, we granted no stock options under our U.K. Sharesave Plan. As of June 30, 2022, there were 453,094 shares of common stock reserved and available for future issuance under our U.K. Sharesave Plan.

Our ESPP offers eligible employees the opportunity to purchase shares of our common stock at a discount of its fair market value at the time of purchase. During the six months ended June 30, 2022 and 2021, we issued 15,776 and 19,716 shares of common stock at a weighted discounted price of \$184.01 and \$166.93 for the ESPP, respectively. As of June 30, 2022, there were 1,210,516 shares of common stock reserved and available for future issuance under our ESPP.

13. Pension and Postretirement Benefits:

We maintain a frozen qualified defined benefit pension plan for certain employees through membership in our Pension Plan for Insurance Organizations (the "Pension Plan"), a multiple-employer trust. We also apply a cash balance formula to determine future benefits. Under the cash balance formula, each participant has an account, which is credited annually based on the interest earned on the previous year-end cash balance. We also have a frozen non-qualified supplemental cash balance plan ("SERP") for certain employees. The SERP is funded from our general assets. During the first quarter of 2022, we changed the investment guidelines on our Pension Plan assets to target an investment allocation of 45% to equity securities and 55% to debt securities from our previous target allocation of 50% to equity securities and 50% to debt securities as of December 31, 2021. We also provide certain healthcare and life insurance benefits to certain qualifying active and retired employees. Our Postretirement Health and Life Insurance Plan (the "Postretirement Plan"), which has been frozen, is contributory, requiring participants to pay a stated percentage of the premium for coverage.

The components of net periodic (benefit) cost for the three and six months ended June 30, 2022 and 2021 are summarized below:

	Pension Plan and SERP		Postretirement Plan	
	For the Three Months Ended June 30,

Net periodic (benefit) cost	\$ (8.2)	\$ (8.8)	\$ 0.2	\$ —
Employer contributions, net	\$ 0.4	\$ 0.4	\$ 0.7	\$ 0.4

The expected contributions to the Pension Plan, SERP, and Postretirement Plan for the year ending December 31, 2022 are consistent with the amounts previously disclosed as of December 31, 2021.

14. Segment Reporting:

ASC 280-10, *Disclosures About Segments of an Enterprise and Related Information* ("ASC 280-10"), establishes standards for reporting information about operating segments. ASC 280-10 requires that a public business enterprise reports financial and descriptive information about its reportable operating segments. Operating segments are components of an enterprise for which separate financial information is available that is evaluated regularly by the Chief Operating Decision Maker ("CODM") in deciding how to allocate resources and in assessing performance. Our Chief Executive Officer is identified as the CODM as defined by ASC 280-10. Our operating segments, which are also our reportable segments, have historically been the following: Insurance, Energy and Specialized Markets, and Financial Services. On March 11, 2022, we sold our environmental health and safety business, which represented the "specialized markets" in our Energy and Specialized Markets segment. On April 8, 2022, the sale of our Financial Services segment was also completed. See [Note 7](#). Dispositions for further discussion. For the remainder of 2022, we will continue to show only the historical results of these dispositions in their respective previous operating segments

Each of the reportable segments, Insurance, Energy and Specialized Markets, and Financial Services, has a portion of its revenue from more than one of the three revenue types described within our revenue recognition policy. Below is the overview of the solutions offered within each reportable segment.

Insurance: We are the leading provider of statistical, actuarial, and underwriting data for the U.S. P&C insurance industry. Our databases include cleansed and standardized records describing premiums and losses in insurance transactions, casualty and property risk attributes for commercial buildings and their occupants, and fire suppression capabilities of municipalities. We use this data to create policy language and proprietary risk classifications that are industry standards and to generate prospective loss cost estimates used to price insurance policies, which are accessed via a hosted platform. We also develop solutions that our customers use to analyze key processes in managing risk. Our combination of algorithms and analytic methods incorporate our proprietary data to generate solutions. We also help businesses and governments better anticipate and manage climate and weather-related risks. In most cases, our customers integrate the solutions into their models, formulas, or underwriting criteria in order to predict potential loss events, ranging from hurricanes to earthquakes. We develop catastrophe and extreme event models and offer solutions covering natural and man-made risks, including acts of terrorism. We further develop solutions that allow customers to quantify costs after loss events occur. Our multitier, multispectral terrestrial imagery and data acquisition, processing, analytics, and distribution system using remote sensing and machine learning technologies helps gather, store, process, and deliver geographic and spatially referenced information that supports uses in many markets. Additionally, we offer fraud-detection solutions including review of data on claim histories, analysis of claims to find emerging patterns of fraud, and identification of suspicious claims in the insurance sector. Our underwriting & rating, insurance anti-fraud claims, catastrophe modeling, loss quantification, and weather risk solutions are included in this segment.

Energy and Specialized Markets: We are a leading provider of data analytics via hosted platform for the global energy, chemicals, and metals and mining industries. Our research and consulting solutions focus on exploration strategies and screening, asset development and acquisition, commodity markets, and corporate analysis in the areas of business environment, business improvement, business strategies, commercial advisory, and transaction support. We gather and manage proprietary information, insight, and analysis on oil and gas fields, mines, refineries, and other assets across the interconnected global energy sectors to advise customers in making asset investment and portfolio allocation decisions. Our analytical tools measure and observe environmental properties and translate those measurements into actionable information based on customer needs. In addition, we provide market and cost intelligence to energy companies to optimize financial results. In the first quarter of 2022, the sale of our environmental health and safety business was completed. See [Note 7](#). Dispositions for further discussion.

Financial Services: On April 8, 2022, the sale of this segment was completed. See [Note 7](#). Dispositions for further discussion. We maintained a bank account consortia to provide competitive benchmarking, decisioning algorithms, business intelligence, and customized analytic services that help financial institutions, payment networks and processors, alternative lenders, regulators, and merchants make better strategy, marketing, and risk decisions. Customers apply our solutions in the areas of tailored data management and media effectiveness that include business intelligence platforms, profile views, mobile data solutions, enterprise database services, and fraud risk scoring algorithms for marketing, fraud, and risk mitigation. In addition, our bankruptcy management solutions assist creditors, debt servicing businesses, and credit services to enhance regulatory compliance by eliminating stay violation and portfolio valuation risk.

The three aforementioned operating segments represent the segments for which discrete financial information is available and upon which operating results are regularly evaluated by our CODM in order to assess performance and allocate resources. We use EBITDA as the profitability measure for making decisions regarding ongoing operations. EBITDA is net income before interest expense, provision for income taxes, and depreciation and amortization of fixed and intangible assets. EBITDA is the measure of operating results used to assess corporate performance and optimal utilization of debt and acquisitions. Operating expenses consist of direct and indirect costs principally related to personnel, facilities, software license fees, consulting, travel, and third-party information services. Indirect costs are generally allocated to the segments using fixed rates established by management based upon estimated expense contribution levels and other assumptions that management considers reasonable. We do not allocate interest expense and provision for income taxes since these items are not considered in evaluating the segment's overall operating performance. In addition, our CODM does not evaluate the financial performance of each segment based on assets. See [Note 3](#). Revenues for information on disaggregated revenues by type of service and by country.

15. Related Parties:

We consider our stockholders that own more than 5.0% of the outstanding stock within the class to be related parties as defined within ASC 850, *Related Party Disclosures*. For the six months ended June 30, 2022 and 2021, we had no material transactions with related parties owning more than 5.0% of the entire class of stock.

16. Commitments and Contingencies:

We are a party to legal proceedings with respect to a variety of matters in the ordinary course of business, including the matters described below. With respect to ongoing matters, we are unable, at the present time, to determine the ultimate resolution of or provide a reasonable estimate of the range of possible loss attributable to ongoing matters or the impact these matters may have on our results of operations, financial position, or cash flows. Although we believe we have strong defenses and have appealed adverse rulings to us, we could in the future incur judgments or enter into settlements of claims that could have a material adverse effect on our results of operations, financial position, or cash flows.

ERISA Litigation

On September 24, 2020, former employees Jillyn Peterson, Gabe Hare, Robert Heynen and Adam Krajewski ("Plaintiffs"), filed suit in the United States District Court, District of New Jersey (No. 2:20-cv-13223-CCC-MF) against Defendants Insurance Services Office Inc. ("ISO"), the Plan Administration Committee of Insurance Services Office Inc. and its members ("Committee Defendants"), and the Trust Investment Committee of Insurance Services Office Inc. and its members. The class action complaint alleges violations of the Employee Retirement Income Security Act, as amended ("ERISA"). The class is defined as all persons who were participants in or beneficiaries of the ISO 401(k) Savings and Employee Stock Ownership Plan ("Plan"), at any time between September 24, 2014 through the date of judgment. The complaint alleges that all defendants are fiduciaries with respect to the Plan. Plaintiffs challenge the amount of fees paid by Plan participants to maintain the investment funds in the plan portfolio and the amount of recordkeeper fees paid by participants. Plaintiffs allege that by permitting the payment of excessive fees, the Committee Defendants breached their ERISA duties of prudence and loyalty. Plaintiffs further allege that ISO breached its ERISA duty by failing to monitor the Committee Defendants who they allege committed known breaches of their fiduciary duties. The complaint does not specify damages but alleges the fiduciary breaches cost Plan participants millions of dollars. Defendants filed their motion to dismiss the complaint on January 12, 2021, which the Court partially denied on April 13, 2021. The parties are currently proceeding with discovery. At this time, it is not possible to reasonably estimate the liability related to this matter as the case is still in its early stages.

Financial Services Government Inquiry

We continue to cooperate with a civil inquiry by the Department of Justice related to government contracts within our former Financial Services segment, which was sold to TransUnion in April 2022. In addition, in March 2022, we were informed that the SEC is conducting an inquiry related to certain of the same government contracts of our former Financial Services segment. These inquiries are ongoing, we have voluntarily produced documents, and we cannot anticipate the timing, outcome or possible impact of the inquiry, financial or otherwise. Under the stock purchase agreement we entered into with TransUnion pursuant to which TransUnion acquired our former Financial Services segment, we agreed to indemnify TransUnion for certain losses with respect to the DOJ inquiry.

Breach of Contract Litigation

On April 2, 2021, Leica Geosystems ("Leica") and its subsidiary, Intergraph Corporation filed a lawsuit against Verisk Analytics and Geomni, Inc. ("we" "our" or "us") in the Circuit Court of Madison County, Alabama, titled Leica Geosystems AG, et al. v. Geomni, Inc., Verisk Analytics, Inc., Vexcel Imaging, Inc., et al. Co-Defendant, Vexcel Imaging, through its subsidiary, GV Air, is alleged to have breached a master lease agreement related to Leica's aerial sensor units. The complaint further alleges breach of a license agreement for royalties earned from the sale of aerial imagery data, and breach of a mutual nondisclosure agreement related to the alleged disclosure of confidential information to co-defendant, Vexcel Imaging. Leica seeks compensatory and punitive damages, as well as attorney's fees and costs. We filed a motion to dismiss the Plaintiffs' claims and the hearing took place on January 7, 2022. The court denied our motion and we subsequently filed a petition for a writ of mandamus with the Supreme Court of Alabama. On or about May 26, 2022, the parties settled this lawsuit with no liability attached to Verisk or Geomni. The case was dismissed with prejudice on June 13, 2022.

Data Privacy Litigation

On December 10, 2020, we were served with a putative class action lawsuit brought by Erica Jackson in the Court of Common Pleas of Lackawanna County, Pennsylvania against Lead Intelligence, Inc. d/b/a Jornaya ("we" or "us"), Case No. 2020 CV 03695. The class complaint alleges that we violated Pennsylvania's Wiretap Act ("PWA"), 18 Pa. Const. Stat. § 5701 et seq. by "wiretapping" and "intercepting" the plaintiff's communications on the website colleges.educationgrant.com. The plaintiff alleges a class of all persons whose electronic communications were intercepted through the use of our wiretapping on the website. The complaint claims damages pursuant to the PWA for actual damages, but not less than liquidated damages computed at the rate of \$100 a day for each day of violation, or \$1,000, whichever is higher, punitive damages, and reasonable attorney's fees and other litigation costs. On February 16, 2021, we filed preliminary objections to the plaintiff's complaint, the plaintiff opposed, and the Court ultimately denied our preliminary objections. We subsequently filed a petition to compel arbitration and a motion to stay this action pending the completion of the parties' arbitration proceedings. On September 30, 2021, the court denied our motions and directed the parties to proceed with discovery. On October 8, 2021, we filed a Notice of Appeal to seek review of the lower court's decision with the Pennsylvania appellate court system. The appeal has been fully briefed but not yet heard or decided. At this time, it is not possible to reasonably estimate the liability related to this matter.

On December 15, 2021, Plaintiff Jillian Cantinieri brought a putative class action against Verisk Analytics, Insurance Services Office and ISO Claims Services, Inc. ("we," "our," or "us") in the United States District Court for the Eastern District of New York, titled *Cantinieri v. Verisk Analytics Inc., et al.*, Civil Action No. 2:21-cv-6911. The Complaint alleges that we failed to safeguard the personally identifiable information (PII) of Plaintiff and the members of the proposed classes from a purported breach of our databases by unauthorized entities. Plaintiff and class members allege actual and imminent injuries, including theft of their PII, fraudulent activity on their financial accounts, lowered credit scores, and costs associated with detection and prevention of identity theft and fraud. They seek to recover compensatory, statutory and punitive damages, disgorgement of earnings and profits, and attorney's fees and costs. We filed our motion to dismiss Plaintiff's claims on April 22, 2022. As of June 15, 2022, the motion to dismiss was fully briefed but has neither been heard nor decided. At this time, it is not possible to reasonably estimate the liability related to this matter.

On June 27, 2022, Plaintiff Loretta Williams brought a putative class action against Lead Intelligence, Inc. d/b/a Jornaya ("we," "our," or "us") in the United States District Court for the Northern District of California, titled *Williams v. DDR Media, LLC and Lead Intelligence, Inc. d/b/a Jornaya*, Civil Action No. 3:22-cv-03789. The Complaint alleges that the Defendants violated the California Invasion of Privacy Act, Cal. Penal Code 631 ("CIPA") and invaded Plaintiff's and class members' privacy rights when Defendants purportedly recorded visitors' visits to the scrappyrent2 own.com website without prior express consent. It is further alleged that this conduct constitutes a violation of the California Unfair Competition Law, Cal. Bus. Prof. Code Section 17200 et seq. and the California Constitution. The Complaint seeks class certification, injunctive relief, statutory damages in the amount of \$5,000 for each violation, attorneys fees and other litigation costs. At this time, it is not possible to reasonably estimate the liability related to this matter.

17. Subsequent Events:

On July 29, 2022, we made repayments of \$100.0 million of the \$650.0 million that was outstanding on our Credit Facility. As a result of this repayment, we now have the ability to draw up to \$445.1 million from our Credit Facility. On July 29, 2022, we made repayments of \$100.0 million under the Revolving Credit Facility.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with our historical financial statements and the related notes included in our annual report on Form 10-K ("2021 10-K") dated and filed with the Securities and Exchange Commission on February 22, 2022. This discussion contains forward-looking statements that involve risks and uncertainties, including the impact of the 2019 novel coronavirus pandemic ("COVID-19"). Our actual results may differ materially from those discussed in or implied by any of the forward-looking statements as a result of various factors, including but not limited to those listed under "Risk Factors" and "Special Note Regarding Forward Looking Statements" in our 2021 10-K and those listed under Item 1A in Part II of this quarterly report on Form 10-Q.

We are a leading data analytics provider serving customers in insurance and energy. Using advanced technologies to collect and analyze billions of records, we draw on unique data assets and deep domain expertise to provide innovations that may be integrated into customer workflows. We offer predictive analytics and decision support solutions to customers in rating, underwriting, claims, catastrophe and weather risk, global risk analytics, natural resources intelligence, economic forecasting, and many other fields. In the United States ("U.S.") and around the world, we help customers protect people, property, and financial assets.

Our customers use our solutions to make better decisions about risk and opportunities with greater efficiency and discipline. We refer to these products and services as "solutions" due to the integration among our services and the flexibility that enables our customers to purchase components or the comprehensive package. These solutions take various forms, including data, statistical models, or tailored analytics, all designed to allow our customers to make more logical decisions. We believe our solutions for analyzing risk positively impact our customers' revenues and help them better manage their costs.

We organize our business in three segments: Insurance, Energy and Specialized Markets, and Financial Services. On March 11, 2022, we sold our environmental health and safety business, which represented the "specialized markets" in our Energy and Specialized Markets segment. On April 8, 2022, the sale of our Financial Services segment was also completed. See [Note 7](#). Dispositions for further discussion. For the remainder of 2022, we will continue to show only the historical results of these dispositions in their respective previous operating segments. Our Insurance segment provides underwriting and rating, and claims insurance data for the U.S. P&C insurance industry. This segment's revenues represented approximately 79% and 74% of our revenues for the six months ended June 30, 2022 and June 30, 2021, respectively. Our Energy and Specialized Markets segment provides research and consulting data analytics for the global energy, chemicals, and metals and mining industries. In the first quarter, we sold our environmental health and safety business. Our Energy and Specialized Markets segment's revenues represented approximately 19% and 21% of our revenues for the six months ended June 30, 2022 and June 30, 2021, respectively. Our Financial Services segment provided competitive benchmarking, decisioning algorithms, business intelligence, and customized analytic services to financial institutions, payment networks and processors, alternative lenders, regulators, and merchants. Our Financial Services segment's revenues represented approximately 2% and 5% of our revenues for the six months ended June 30, 2022 and June 30, 2021, respectively. On April 8th 2022, we sold our Financial Services segment to TransUnion.

Executive Summary

Key Performance Metrics

We believe our business's ability to grow recurring revenue and generate positive cash flow is the key indicator of the successful execution of our business strategy. We use year-over-year revenue and EBITDA growth as metrics to measure our performance. EBITDA and EBITDA margin are non-GAAP financial measures (See footnote 2 within the Condensed Consolidated Results of Operations section of Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations). The nearest equivalent respective GAAP financial measures are net income and net income margin.

Revenue growth. We use year-over-year revenue growth as a key performance metric. We assess revenue growth based on our ability to generate increased revenue through increased sales to existing customers, sales to new customers, sales of new or expanded solutions to existing and new customers, and strategic acquisitions of new businesses.

EBITDA growth. We use EBITDA growth as a measure of our ability to balance the size of revenue growth with cost management and investing for future growth. EBITDA growth allows for greater transparency regarding our operating performance and facilitate period-to-period comparison.

EBITDA margin. We use EBITDA margin as a metric to assess segment performance and scalability of our business. We assess EBITDA margin based on our ability to increase revenues while controlling expense growth. We calculate EBITDA margin as EBITDA divided by revenues.

Revenues

We earn revenues through agreements for hosted subscriptions, advisory/consulting services, and for transactional solutions, recurring and non-recurring. Subscriptions for our solutions are generally paid in advance of rendering services either quarterly or in full upon commencement of the subscription period, which is usually for one year and automatically renewed each year. As a result, the timing of our cash flows generally precedes our recognition of revenues and income and our cash flow from operations tends to be higher in the first quarter as we receive subscription payments. Examples of these arrangements include subscriptions that allow our customers to access our standardized coverage language, our claims fraud database, or our actuarial services throughout the subscription period. In general, we experience minimal revenue seasonality within the business.

Approximately 81% of the revenues in our Insurance segment for the six months ended June 30, 2022 and 2021 were derived from hosted subscriptions through agreements (generally one to five years) for our solutions. Our customers in this segment include most of the P&C insurance providers in the U.S. Approximately 83% of the revenues in our Energy and Specialized Markets segment for the six months ended June 30, 2022 and 2021 were derived from hosted subscriptions with long-term agreements for our solutions. Our customers in this segment include most of the top 10 global energy providers. Approximately 85% of the revenues in our Financial Services segment for the six months ended June 30, 2022 and 2021 were derived from subscriptions with long-term agreements for our solutions. Our customers in this segment included financial institutions, payment networks and processors, alternative lenders, regulators, merchants, and the top 30 credit card issuers in North America, the United Kingdom, and Australia.

We also provide advisory/consulting services, which help our customers get more value out of our analytics and their subscriptions. In addition, certain of our solutions are paid for by our customers on a transactional basis, recurring and non-recurring. For example, we have solutions that allow our customers to access property-specific rating and underwriting information to price a policy on a commercial building, or compare a P&C insurance or a workers' compensation claim with information in our databases, or use our repair cost estimation solutions on a case-by-case basis. For the six months ended June 30, 2022 and 2021, approximately 19% of our consolidated revenues were derived from providing transactional and advisory/consulting solutions.

Operating Costs and Expenses

Personnel expenses are the major component of both our cost of revenues and selling, general and administrative expenses. Personnel expenses, which represented approximately 59% and 58% of our total operating expenses (excluding the net gain on the sale of our environmental health and safety business and our Financial Services segment) for the six months ended June 30, 2022 and 2021, respectively, include salaries, benefits, incentive compensation, equity compensation costs, sales commissions, employment taxes, recruiting costs, and outsourced temporary agency costs.

We assign personnel expenses between two categories, cost of revenues and selling, general and administrative expense, based on the actual costs associated with each employee. We categorize employees who maintain our solutions as cost of revenues, and all other personnel, including executive managers, salespeople, marketing, business development, finance, legal, human resources, and administrative services, as selling, general and administrative expenses. A significant portion of our other operating costs, such as facilities and communications, is also either captured within cost of revenues or selling, general and administrative expenses based on the nature of the work being performed.

While we expect to grow our headcount over time to take advantage of our market opportunities, we believe that the economies of scale in our operating model will allow us to grow our personnel expenses at a lower rate than revenues. Historically, our EBITDA margin has improved because we have been able to increase revenues without a proportionate corresponding increase in expenses. However, part of our corporate strategy is to invest in new solutions and new businesses, which may offset margin expansion.

Cost of Revenues. Our cost of revenues consists primarily of personnel expenses. Cost of revenues also includes the expenses associated with the acquisition, disposition and verification of data, the maintenance of our existing solutions, and the development and enhancement of our next-generation solutions. Our cost of revenues excludes depreciation and amortization.

Selling, General and Administrative Expenses. Our selling, general and administrative expenses consist primarily of personnel costs. A portion of the other costs such as facilities, insurance, and communications are also allocated to selling, general and administrative expenses based on the nature of the work being performed by the employee. Our selling, general and administrative expenses exclude depreciation and amortization.

- (1) Cash dividends declared per share is calculated by the aggregate cash dividends declared in a fiscal quarter divided by the shares issued and outstanding. See [Note 11](#) of our consolidated financial statements included in this interim report on Form 10-Q.
- (2) EBITDA is a financial measure that management uses to evaluate the performance of our segments. "EBITDA" is defined as net income before interest expense, provision for income taxes, and depreciation and amortization of fixed and intangible assets. See [Note 14](#) of our condensed consolidated financial statements included in this quarterly report on Form 10-Q.

Although EBITDA is a non-GAAP financial measure, EBITDA is frequently used by securities analysts, lenders, and others in their evaluation of companies. EBITDA has limitations as an analytical tool, and should not be considered in isolation, or as a substitute for an analysis of our operating income, net income, or cash flows from operating activities reported under GAAP. Management uses EBITDA in conjunction with GAAP operating performance measures as part of its overall assessment of company performance. Some of these limitations are:

- EBITDA does not reflect our cash expenditures, or future requirements for capital expenditures or contractual commitments;
- EBITDA does not reflect changes in, or cash requirements for, our working capital needs;
- Although depreciation and amortization are noncash charges, the assets being depreciated and amortized often will have to be replaced in the future and EBITDA does not reflect any cash requirements for such replacements; and
- Other companies in our industry may calculate EBITDA differently than we do, limiting its usefulness as a comparative measure.

Consolidated Results of Operations

Three Months Ended June 30, 2022 Compared to Three Months Ended June 30, 2021

Revenues

Revenues were \$746.3 million for the three months ended June 30, 2022 compared to \$747.5 million for the three months ended June 30, 2021, a decrease of \$1.2 million or 0.2%. Our recent acquisitions (Whitespace Software Limited, Ignite Software Systems Limited, Data Driven Safety, LLC, Infutor Data Solutions, LLC, and Opta Information Intelligence Corp. within the underwriting & rating category of the Insurance segment, ACTINEO GmbH within the claims category of the Insurance segment, and Roskill Holdings Limited within the Energy and Specialized Markets segment) and dispositions (environmental health and safety business within the Energy & Specialized Markets segment and the Financial Services segment) contributed a net decrease of \$30.3 million. The remaining movement in our consolidated revenue increased \$29.1 million or 4.3% related to the following: revenues within our Insurance segment increased \$31.6 million or 5.8%; and revenues within our Energy and Specialized Markets segment decreased \$2.5 million or 1.8%. Refer to the Results of Operations by Segment within this section for more information regarding our revenues.

	<u>Three Months Ended June 30,</u>		<u>Percentage</u>	<u>Percentage change excluding recent acquisitions and dispositions</u>
	<u>2022</u>	<u>2021</u>

Insurance	\$ 610.0	550.0	10.9%	5.8%
Energy and Specialized Markets	133.5	162.3	(17.7)%	(1.8)%
Financial Services	2.8	35.2	(92.1)%	—%
Total Revenues	<u>\$ 746.3</u>	<u>\$ 747.5</u>	(0.2)%	4.3%

Cost of Revenues

Cost of revenues was \$246.1 million for the three months ended June 30, 2022 compared to \$264.9 million for the three months ended June 30, 2021, a decrease of \$18.8 million or 7.1%. Our recent acquisitions and dispositions accounted for the decrease of \$20.2 million in cost of revenues. The remaining cost of revenues increased \$1.4 million or 0.6% primarily due to increases of information technology expenses of \$3.6 million, and travel expenses of \$1.9 million; offset by decreases in data costs of \$1.9 million, salaries and employee benefits of \$0.4 million, professional consulting costs of \$0.2 million, and other operating costs of \$1.6 million.

Selling, General and Administrative Expenses

Selling, general and administrative expenses ("SGA") were \$125.9 million for the three months ended June 30, 2022 compared to \$111.4 million for the three months ended June 30, 2021, an increase of \$14.5 million or 13.0%. Our recent acquisitions and dispositions accounted for the increase of \$2.3 million in SGA primarily related to salaries and employee benefits. The remaining SGA increase of \$12.2 million or 11.9% was primarily due to increases of salaries and employee benefits of \$10.7 million, travel expenses of \$2.6 million, and information technology expenses of \$1.3 million; offset by decreases in professional consulting costs of \$1.8 million, and other operating costs of \$0.6 million.

Depreciation and Amortization of Fixed Assets

Depreciation and amortization of fixed assets was \$49.8 million for the three months ended June 30, 2022 compared to \$53.3 million for the three months ended June 30, 2021, a decrease of \$3.5 million or 6.7%. The decrease was primarily driven by recent dispositions of \$5.9 million, partially offset by \$2.2 million attributed to assets placed into service to support data capacity expansion and revenue growth and \$0.2 million of recent acquisitions.

Amortization of Intangible Assets

Amortization of intangible assets was \$39.8 million for the three months ended June 30, 2022 compared to \$50.5 million for the three months ended June 30, 2021, a decrease of \$10.7 million or 21.1%. The decrease was primarily driven by intangible assets that were fully amortized for the three months ended June 30, 2022 of \$6.4 million and recent dispositions of \$4.5 million, partially offset by additional amortization of intangible assets incurred in connection with our recent acquisitions of \$0.2 million.

Other Operating Loss, net

Other operating loss, net was \$15.6 million for the three months ended June 30, 2022 compared to \$0.0 million for the three months ended June 30, 2021. The increase was primarily driven by the loss on the sale of our Verisk Financial Services segment on April 8, 2022. See [Note 7](#). Dispositions for further information.

Investment Income (Loss)

Investment income (loss) was a gain of \$4.7 million for the three months ended June 30, 2022 compared to a loss of \$0.5 million for the three months ended June 30, 2021. The increase was primarily due to impact on foreign currencies.

Interest Expense

Interest expense was \$31.8 million for the three months ended June 30, 2022 compared \$31.5 million for the three months ended June 30, 2021, an increase of \$0.3 million or 1.4%. The increase was primarily due to the Term Loan facility entered into during the first quarter of 2022.

Provision for Income Taxes

The provision for income taxes was \$44.2 million for the three months ended June 30, 2022 compared to \$83.8 million for the three months ended June 30, 2021, a decrease of \$39.6 million or 47.2%. The effective tax rate was 18.3% for the three months ended June 30, 2022 compared to 35.6% for the three months ended June 30, 2021. The effective tax rate for the three months ended June 30, 2022 was lower than the effective tax rate for the three months ended June 30, 2021 primarily due to the deferred tax impact of the tax rate increase in the United Kingdom that was enacted and recorded in the prior period, as well as the impact of increased stock option exercises resulting in higher tax benefits from equity compensation in the current period versus the prior period. The difference between statutory tax rates and our effective tax rate is primarily due to tax benefits attributable to equity compensation, offset by additional state and local taxes.

Net Income Margin

The net income margin was 26.5% for the three months ended June 30, 2022 compared to 20.3% for the three months ended June 30, 2021. The increase in net income margin was primarily driven by the reduction in our effective tax rate as described above.

EBITDA Margin [1]

The EBITDA margin for our consolidated results was 48.7% for the three months ended June 30, 2022 compared to 49.6% for the three months ended June 30, 2021. The decrease in EBITDA margin was primarily driven by the net loss from the sale of the Verisk Financial Services segment, which negatively impacted our margin by 2.4%.

Six Months Ended June 30, 2022 Compared to Six Months Ended June 30, 2021

Revenues

Revenues were \$1,521.8 million for the six months ended June 30, 2022 compared to \$1,473.6 million for the six months ended June 30, 2021, an increase of \$48.2 million or 3.3%. Our recent acquisitions (Whitespace Software Limited, Ignite Software Systems Limited, Data Driven Safety, LLC, Infutor Data Solutions, LLC, and Opta Information Intelligence Corp. within the underwriting & rating category of the Insurance segment, ACTINEO GmbH within the claims category of the Insurance segment, and Roskill Holdings Limited within the Energy and Specialized Markets segment) and dispositions (environmental health and safety business within the Energy & Specialized Markets segment and the Financial Services segment) contributed a net decrease of \$13.5 million in revenues. The remaining movement in our consolidated revenue increased \$61.7 million or 4.6% related to the following: revenues within our Insurance segment increased \$63.2 million or 5.8%; and revenues within our Energy and Specialized Markets segment decreased \$1.5 million or 0.6%. Refer to the Results of Operations by Segment within this section for more information regarding our revenues.

	Six Months Ended June 30,		Percentage change	Percentage change excluding recent acquisitions and dispositions

Financial Services	37.6	69.5	10.9%	—%
Total Revenues	\$ 1,521.8	\$ 1,473.6	(17.7)%	4.6%

Cost of Revenues

Cost of revenues was \$526.6 million for the six months ended June 30, 2022 compared to \$527.3 million for the six months ended June 30, 2021, a decrease of \$0.7 million or 0.1%. Our recent acquisitions and dispositions accounted for a decrease of \$15.1 million in cost of revenues. The remaining cost of revenues increased \$14.4 million or 3.2% primarily due to increases in information technology expenses of \$9.2 million, salaries and employee benefits of \$7.4 million, travel expenses of \$3.0 million, and professional consulting costs of \$0.3 million; offset by decreases in data costs of \$3.3 million and other operating costs of \$2.2 million.

Selling, General and Administrative Expenses

Selling, general and administrative expenses ("SGA") were \$261.2 million for the six months ended June 30, 2022 compared to \$231.2 million for the six months ended June 30, 2021, an increase of \$30.0 million or 13.0%. Our recent acquisitions and dispositions accounted for an increase of \$12.5 million in SGA primarily related to salaries and employee benefits and transaction costs. The remaining SGA increase of \$17.5 million or 8.3% was primarily due to increases in salaries and employee benefits of \$10.3 million, professional consulting costs of \$3.6 million, travel expenses of \$3.4 million, and information technology expenses of \$2.1 million; offset by a decrease in other operating costs of \$1.9 million.

Depreciation and Amortization of Fixed Assets

Depreciation and amortization of fixed assets was \$99.4 million for the six months ended June 30, 2022 compared to \$101.8 million for the six months ended June 30, 2021, a decrease of \$2.4 million or 2.4%. The decrease was primarily driven by recent dispositions of \$8.9 million, partially offset by \$5.8 million attributed to assets placed into service to support data capacity expansion and revenue growth and \$0.7 million of recent acquisitions.

Amortization of Intangible Assets

Amortization of intangible assets was \$84.4 million for the six months ended June 30, 2022 compared to \$95.5 million for the six months ended June 30, 2021, a decrease of \$11.1 million or 11.6%. The decrease was primarily driven by intangible assets that were fully amortized for the three months ended June 30, 2022 of \$8.8 million and recent dispositions of \$4.9 million, partially offset by additional amortization of intangible assets incurred in connection with our recent acquisitions of \$2.6 million.

Other Operating Loss, net

Other operating loss, net was \$361.5 million for the six months ended June 30, 2022 compared to \$0.0 million for the six months ended June 30, 2021. The increase was primarily driven by the net gain from the sale of our environmental health and safety business and Verisk Financial Services segment.

Investment Income (Loss)

Investment income was a gain of \$4.3 million for the six months ended June 30, 2022 compared to a gain of \$1.2 million for the six months ended June 30, 2021. The increase was primarily due to impact on foreign currencies.

Interest Expense

Interest expense was \$63.1 million for the six months ended June 30, 2022 compared to \$66.9 million for the six months ended June 30, 2021, a decrease of \$3.8 million or 5.6%. The decrease was primarily due to the maturity of our 5.800% senior notes in the second quarter of the prior year.

Provision for Income Taxes

The provision for income taxes was \$149.3 million for the six months ended June 30, 2022 compared to \$132.5 million for the six months ended June 30, 2021, an increase of \$16.8 million or 12.7%. The effective tax rate was 17.5% for the six months ended June 30, 2022 compared to 29.3% for the six months ended June 30, 2021. The effective tax rate for the six months ended June 30, 2022 was lower than the effective tax rate for the six months ended June 30, 2021 primarily due to the deferred tax impact of the tax rate increase in the United Kingdom that was enacted and recorded in the prior period, as well as the impact of increased stock option exercises resulting in higher tax benefits from equity compensation in the current period versus the prior period. The effective tax rate for the six months ended June 30, 2022 was also lower than the prior period due to a tax rate benefit in connection with the sale of our environmental health and safety business for which a benefit was recognized for the difference between book and tax basis of our investment. The difference between statutory tax rates and our effective tax rate is primarily due to tax benefits attributable to equity compensation, offset by additional state and local taxes.

Net Income Margin

The net income margin was 46.2% for the six months ended June 30, 2022 compared to 21.7% for the six months ended June 30, 2021. The increase in net income margin was primarily driven by the net gain from the sale of our environmental health and safety business and the Verisk Financial Services segment, as well as a lower effective tax rate as described above.

EBITDA Margin [1]

The EBITDA margin for our consolidated results was 72.3% for the six months ended June 30, 2022 compared to 48.6% for the six months ended June 30, 2021. The increase in EBITDA margin was primarily driven by the net gain from the sale of our environmental health and safety business and the Verisk Financial Services segment, which positively impacted our margin by 28.6%.

[1] Note: Consolidated EBITDA margin, a non-GAAP measure, is calculated as a percentage of consolidated revenue. A reconciliation from net income to EBITDA is presented in the table below.

On April 8, 2022, the sale of our Financial Services segment was completed, as such, it has been excluded from the results of operations by segment. For more information please refer to [Note 7](#). Dispositions.

Insurance*Revenues*

Revenues for our Insurance segment were \$610.0 million for the three months ended June 30, 2022 compared to \$550.0 million for the three months ended June 30, 2021, an increase of \$60.0 million or 10.9%. Our underwriting & rating revenue increased \$49.5 million or 12.8%. Our claims revenue increased \$10.5 million or 6.5%.

Our revenue by category for the periods presented is set forth below:

	Three Months Ended June 30,		Percentage change	Percentage change excluding recent acquisitions
	2022	2021		
	(in millions)			
Underwriting & rating	\$ 437.8	\$ 388.4	12.8%	6.4%
Claims	172.2	161.6	6.5%	4.3%
Total Insurance	\$ 610.0	\$ 550.0	10.9%	5.8%

Our recent acquisitions (Whitespace Software Limited, Ignite Software Systems Limited, Data Driven Safety, LLC, ACTINEO GmbH, Infutor Data Solutions, LLC, and Opta Information Intelligence Corp.) contributed revenues of \$28.4 million and the remaining Insurance revenue increased \$31.6 million or 5.8%. Our underwriting & rating revenue increased \$24.7 million or 6.4%, primarily due to an annual increase in prices derived from continued enhancements to the content of the solutions within our industry-standard insurance programs as well as selling expanded solutions to existing customers in commercial and personal lines. In addition, extreme event solutions and our life solutions contributed to the growth. Our claims revenue increased \$6.9 million or 4.3%, primarily due to solid growth in our claims analytics and property estimating solutions, offset by a modest decline in our workers' compensation claims.

Revenues for our Insurance segment were \$1,196.4 million for the six months ended June 30, 2022 compared to \$1,085.6 million for the six months ended June 30, 2021, an increase of \$110.8 million or 10.2%. Our underwriting & rating revenue increased \$88.3 million or 11.5%. Our claims revenue increased \$22.5 million or 7.0%.

Our revenue by category for the periods presented is set forth below:

	Six Months Ended June 30,		Percentage change	Percentage change excluding recent acquisitions
	2022	2021		
	(in millions)			
Underwriting & rating	\$ 853.8	\$ 765.5	11.5%	6.3%
Claims	342.6	320.1	7.0%	4.7%
Total Insurance	\$ 1,196.4	\$ 1,085.6	10.2%	5.8%

Our recent acquisitions (Whitespace Software Limited, Ignite Software Systems Limited, Data Driven Safety, LLC, ACTINEO GmbH, Infutor Data Solutions, LLC, and Opta Information Intelligence Corp.) contributed revenues of \$47.6 million and the remaining Insurance revenue increased \$63.2 million or 5.8%. Our underwriting & rating revenue increased \$48.1 million or 6.3%, primarily due to an annual increase in prices derived from continued enhancements to the content of the solutions within our industry-standard insurance programs as well as selling expanded solutions to existing customers in commercial and personal lines. In addition, extreme event solutions and our life solutions contributed to the growth. Our claims revenue increased \$15.1 million or 4.7%, primarily due to growth in our claims analytics revenue and property estimating solutions.

Cost of Revenues

Cost of revenues for our Insurance segment was \$190.7 million for the three months ended June 30, 2022 compared to \$172.8 million for the three months ended June 30, 2021, an increase of \$17.9 million or 10.4%. Our recent acquisitions within the Insurance segment represented an increase of \$14.3 million in cost of revenues. The remaining cost of revenues increased \$3.6 million or 2.1% primarily due to increases in information technology expenses of \$3.0 million, salaries and employee benefits of \$1.1 million, travel expenses of \$1.1 million, and professional consulting costs of \$0.1 million. These increases were partially offset by decreases in data costs of \$1.5 million, and other operating costs of \$0.2 million.

Cost of revenues for our Insurance segment was \$384.5 million for the six months ended June 30, 2022 compared to \$346.0 million for the six months ended June 30, 2021, an increase of \$38.5 million or 11.1%. Our recent acquisitions within the Insurance segment represented an increase of \$23.6 million in cost of revenues. The remaining cost of revenues increased \$14.9 million or 4.3% primarily due to increases in salaries and employee benefits of \$8.7 million, information technology expenses of \$8.1 million, and travel expenses of \$1.9 million. These increases were partially offset by decreases in data costs of \$2.6 million, professional consulting costs of \$0.1 million, and other operating costs of \$1.1 million. The increase in salaries and employee benefits

was primarily due to a pause in our employee hiring activities in the prior year's period.

Selling, General and Administrative Expenses

Selling, general and administrative expenses for our Insurance segment were \$86.9 million for the three months ended June 30, 2022 compared to \$66.7 million for the three months ended June 30, 2021, an increase of \$20.2 million or 30.3%. Our recent acquisitions accounted for an increase of \$12.7 million, which was primarily related to salaries and employee benefits. The remaining SGA increase of \$7.5 million or 10.5% was primarily due to increases in salaries and employee benefits of \$6.1 million, travel expenses of \$2.1 million, and information technology expenses of \$1.2 million. These increases were partially offset by decreases in professional consulting costs of \$1.7 million, and other operating costs of \$0.2 million.

Selling, general and administrative expenses for our Insurance segment were \$176.9 million for the six months ended June 30, 2022 compared to \$141.4 million for the six months ended June 30, 2021, an increase of \$35.5 million or 25.1%. Our recent acquisitions accounted for an increase of \$24.3 million, which was primarily related to salaries and employee benefits. The remaining SGA increase of \$11.2 million or 7.6% was primarily due to increases in salaries and employee benefits of \$4.4 million, travel expenses of \$2.9 million, professional consulting costs of \$2.7 million, and information technology expenses of \$1.8 million. These increases were partially offset by a decrease in other operating costs of \$0.6 million.

Investment Income

Investment income was a gain of \$1.5 million for the three months ended June 30, 2022 compared to a gain of \$0.2 million for the three months ended June 30, 2021. This was primarily due to the impact of foreign currencies.

Investment income was a gain of \$1.2 million for the six months ended June 30, 2022 compared to a gain of \$1.5 million for the six months ended June 30, 2021. This was primarily due to the impact of foreign currencies.

EBITDA Margin

EBITDA for our Insurance segment was \$636.2 million for the six months ended June 30, 2022 compared to \$599.7 million for the six months ended June 30, 2021. The EBITDA margin for our Insurance segment was 53.2% for the six months ended June 30, 2022 compared to 55.2% for the six months ended June 30, 2021. The decrease in EBITDA margin was primarily due to new acquisitions.

Energy and Specialized Markets

Revenues

Revenues for our Energy and Specialized Markets segment were \$133.5 million for the three months ended June 30, 2022 compared to \$162.3 million for the three months ended June 30, 2021, a decrease of \$28.8 million or 17.7%. Our recent acquisition of Roskill Holdings Limited, and disposition of the environmental health and safety business, within this segment contributed a net decrease in revenues of \$26.3 million. The remaining decrease in Energy and Specialized Markets revenue of \$2.5 million or 1.8% was primarily due to a modest decrease in our subscription solutions related to our decision to suspend all commercial operations in Russia and a decrease in our energy consulting revenue.

Revenues for our Energy and Specialized Markets segment were \$287.8 million for the six months ended June 30, 2022 compared to \$318.5 million for the six months ended June 30, 2021, a decrease of \$30.7 million or 9.6%. Our recent acquisition of Roskill Holdings Limited, and disposition of the environmental health and safety business, within this segment contributed a net decrease in revenues of \$29.2 million. The remaining decrease in Energy and Specialized Markets revenue of \$1.5 million or 0.6% was primarily due to increases in our subscription and consulting revenue, mitigated by the suspension of all commercial operations in Russia which negatively impacted revenue by approximately \$3.5 million.

Cost of Revenues

Cost of revenues for our Energy and Specialized Markets segment was \$53.4 million for the three months ended June 30, 2022 compared to \$67.2 million for the three months ended June 30, 2021, a decrease of \$13.8 million or 20.4%. Our recent acquisition of Roskill Holdings Limited, and disposition of the environmental health and safety business, accounted for a net decrease of \$11.6 million. The remaining decrease in cost of revenues of \$2.2 million or 3.8% was primarily due to decreases in salaries and employee benefits of \$1.5 million, data costs of \$0.4 million, professional consulting costs of \$0.3 million, and other operating costs of \$1.4 million. These decreases were partially offset by increases in travel expenses of \$0.8 million, and information technology expenses of \$0.6 million.

Cost of revenues for our Energy and Specialized Markets segment was \$118.5 million for the six months ended June 30, 2022 compared to \$132.2 million for the six months ended June 30, 2021, a decrease of \$13.7 million or 10.3%. Our recent acquisition of Roskill Holdings Limited, and disposition of the environmental health and safety business, accounted for a net decrease of \$13.2 million. The remaining decrease in cost of revenues of \$0.5 million or 0.4% was primarily due to decreases in salaries and employee benefits of \$1.3 million, data costs of \$0.7 million, other operating costs \$1.1 million. These decreases were partially offset by increases in travel expenses of \$1.1 million, information technology expenses of \$1.1 million, and professional consulting costs of \$0.4 million.

Selling, General and Administrative Expenses

Selling, general and administrative expenses for our Energy and Specialized Markets segment were \$39.1 million for the three months ended June 30, 2022 compared to \$36.9 million for the three months ended June 30, 2021, an increase of \$2.2 million or 6.1%. Our recent acquisition of Roskill Holdings Limited, and disposition of the environmental health and safety business, accounted for a net decrease of \$2.5 million primarily related to salaries and employee benefits. The remaining increase in SGA of \$4.7 million or 15.2% was primarily due to increases in salaries and employee benefits of \$4.6 million, travel expenses of \$0.5 million, and information technology expenses of \$0.1 million. These increases were partially offset by a decrease in professional consulting costs of \$0.1 million, and other operating costs of \$0.4 million.

Selling, general and administrative expenses for our Energy and Specialized Markets segment were \$77.1 million for the six months ended June 30, 2022 compared to \$74.8 million for the six months ended June 30, 2021, an increase of \$2.3 million or 3.1%. Our recent acquisition of Roskill Holdings Limited, and disposition of the environmental health and safety business, accounted for a net decrease of \$4.0 million primarily related to salaries and employee benefits. The remaining increase in SGA of \$6.3 million or 10.0% was primarily due to increases in salaries and employee benefits of \$5.9 million, professional consulting costs of \$0.9 million, travel expenses of \$0.5 million, and information technology expenses of \$0.3 million. These increases were partially offset by a decrease in other operating costs of \$1.3 million.

Other Operating Income

Other operating income was \$2.6 million for the three months ended June 30, 2022 compared to \$0.0 million for the three months ended June 30, 2021.

Other operating income was \$453.4 million for the six months ended June 30, 2022 compared to \$0.0 million for the six months ended June 30, 2021. The increase was primarily driven by the gain from the sale of our environmental health and safety business.

Investment Income (Loss)

Investment income (loss) was a gain of \$3.5 million for the three months ended June 30, 2022 compared to a loss of \$0.6 million for the three months ended June 30, 2021. This was primarily due to the impact on foreign currencies.

Investment income (loss) was a gain of \$3.4 million for the six months ended June 30, 2022 compared to a loss of \$0.2 million for the six months ended June 30, 2021. This was primarily due to the impact on foreign currencies.

EBITDA Margin

EBITDA for our Energy and Specialized Markets segment was \$549.0 million for the six months ended June 30, 2022 compared

to \$111.3 million for the six months ended June 30, 2021. The EBITDA margin for our Energy and Specialized Markets segment was 190.7% for the six months ended June 30, 2022 compared to 35.0% for the six months ended June 30, 2021. The increase in EBITDA margin was primarily driven by the gain from the sale of our environmental health and safety business, which positively impacted our margin by 157.5%.

Liquidity and Capital Resources

As of June 30, 2022 and December 31, 2021, we had cash and cash equivalents and available-for-sale securities of \$484.6 million and \$285.3 million, respectively. Subscriptions for our solutions are billed and generally paid in advance of rendering services either quarterly or in full upon commencement of the subscription period, which is usually for one year. Subscriptions are automatically renewed at the beginning of each calendar year. We have historically generated significant cash flows from operations. As a result of this factor, as well as the availability of funds under our Credit Facility, we expect that we will have sufficient cash to meet our working capital and capital expenditure needs and to fuel our future growth plans.

We have historically managed the business with a working capital deficit due to the fact that, as described above, we offer our solutions and services primarily through annual subscriptions or long-term contracts, which are generally prepaid quarterly or annually in advance of the services being rendered. When cash is received for prepayment of invoices, we record an asset (cash and cash equivalents) on our balance sheet with the offset recorded as a current liability (deferred revenues). This current liability is deferred revenue that does not require a direct cash outflow since our customers have prepaid and are obligated to purchase the services. In most businesses, growth in revenue typically leads to an increase in the accounts receivable balance causing a use of cash as a company grows. Unlike these businesses, our cash position is favorably affected by revenue growth, which results in a source of cash due to our customers prepaying for most of our services.

We have also historically used a portion of our cash for repurchases of our common stock from our stockholders. During the six months ended June 30, 2022 and 2021, we repurchased \$896.3 million and \$250.0 million, respectively, of our common stock. For the six months ended June 30, 2022 and 2021, we also paid dividends of \$98.6 million and \$94.2 million, respectively.

Financing and Financing Capacity

We had total debt, excluding finance lease liabilities, unamortized discounts and premium, and debt issuance costs of \$3,475.0 million and \$3,310.0 million at June 30, 2022 and December 31, 2021, respectively, and we were in compliance with our financial and other debt covenants.

We have a Credit Facility with a borrowing capacity of \$1,000.0 million with Bank of America N.A., HSBC Bank USA, N.A., JP Morgan Chase Bank, N.A., Wells Fargo Bank, National Association, Citibank, N.A., Credit Suisse AG, Cayman Islands Branch, Morgan Stanley Bank, N.A., First Commercial Bank, Ltd., Los Angeles Branch, TD Bank, N.A., and the Northern Trust Company. The Credit Facility may be used for general corporate purposes, including working capital needs and capital expenditures, acquisitions, dividends and the Repurchase Program. As of June 30, 2022, we were in compliance with all financial and other debt covenants under the Credit Facility.

As of June 30, 2022 and December 31, 2021, the available capacity under the Credit Facility was \$345.1 million and \$384.9 million, net of the letters of credit of \$4.9 million and \$5.1 million, respectively. We had \$650.0 million and \$610.0 million in borrowings outstanding under the Credit Facility as of June 30, 2022 and December 31, 2021, respectively. Subsequent to June 30, 2022, we made repayments of \$100.0 million under the Credit Facility.

On March 11, 2022, we entered into a \$125.0 million Bilateral Term Loan Agreement (the "Term Loan") with Bank of America, N.A. The Term Loan carries an interest rate of 100bps plus the one month BSBY margin at the time of the original draw and each subsequent roll over period. At each roll over period, we can continue the loan for a period of 1 or 3 months until the agreed maturity date of September 12, 2022. This loan may be used for general corporate purposes, including working capital needs and capital expenditures, acquisitions, dividend payments, and the Repurchase Program.

We are considering the implications of the transition of LIBOR to alternative reference rate measures that will likely become effective post December 2021 for any new credit facilities or loans established. We believe that there is still some uncertainty over what these rates will be but one possibility for U.S. dollar LIBOR would be the Secured Overnight Financing Rate ("SOFR") or the BSBY. As this decision has not been finalized at the time of amending our Credit Facility agreement, there is no definitive alternative rate proposed in the current contract. We are, however, reviewing the potential impact on the application of this rate on our interest expense once it becomes applicable; we however do not anticipate this change having a material impact on the interest expense charged on any applicable commitments. As our only current contract that is subject to the LIBOR rate is the Credit Facility, the impact will be dependent on what the outstanding borrowing amount is on the Credit Facility and the relevant interest rate that will be contractually applicable. Should we amend our Credit Facility to reflect SOFR or BSBY, based on recent borrowings and applicable SOFR, we do not anticipate such an amendment to have a material impact on the business.

Cash Flow

The following table summarizes our cash flow data:

	Three Months Ended June 30,			Percentage change	Six Months Ended June 30,			Percentage change
	2022	2021 (in millions)			2022	2021 (in millions)		
Net cash provided by operating activities	\$ 130.2	\$	233.2	(44.2)%	\$ 529.8	\$	681.9	(22.3)%
Net cash provided by (used in) investing activities	\$ 424.8	\$	(99.8)	(525.7)%	\$ 451.1	\$	(173.5)	(360.0)%
Net cash used in financing activities	\$ (467.4)	\$	(248.7)	87.9%	\$ (761.0)	\$	(447.9)	69.9%

Operating Activities

Net cash provided by operating activities was \$130.2 million for the three months ended June 30, 2022 compared to \$233.2 million for the three months ended June 30, 2021, a decrease of \$103.0 million or 44.2%. The decrease is related to an increase in tax payments of \$122.0 million, primarily related to the gain on the sale of our environmental health and safety business ("3E") on March 11, 2022 and the impact of the sold businesses.

Net cash provided by operating activities was \$529.8 million for the six months ended June 30, 2022 compared to \$681.9 million for the six months ended June 30, 2021, a decrease of \$152.1 million or 22.3%. The decrease is related to an increase in tax payments of \$122.0 million, primarily related to the gain on the sale of 3E, and the impact of the sold businesses.

Investing Activities

Net cash provided by investing activities of \$424.8 million for the three months ended June 30, 2022 was primarily related to the \$498.3 million in proceeds from the sale of our Verisk Financial Services segment, partially offset by capital expenditures of \$69.2 million. Net cash used in investing activities of \$99.8 million for the three months ended June 30, 2021 was primarily related to capital expenditures of \$62.5 million, acquisitions and purchase of controlling interest, including escrow funding associated with the acquisitions, of \$22.6 million, and investments in nonpublic companies of \$15.1 million.

Net cash provided by investing activities of \$451.1 million for the six months ended June 30, 2022 was primarily related to the \$1,073.3 million in proceeds from the sale 3E and Verisk Financial Services, partially offset by acquisitions, including escrow funding associated with the acquisitions, of \$451.2 million, capital expenditures of \$129.2 million, and investments in nonpublic companies of \$41.8 million. Net cash used in investing activities of \$173.5 million for the six months ended June 30, 2021 was primarily related to capital expenditures of \$121.7 million, acquisitions and purchase of controlling interest, including escrow funding associated with the acquisitions, of \$36.3 million, and investments in nonpublic companies of \$15.1 million.

Financing Activities

Net cash used in financing activities of \$467.4 million for the three months ended June 30, 2022 was primarily driven by repurchases of common stock of \$325.0 million, repayments of debt under our Credit Facility of \$160.0 million, and dividend payments of \$49.2 million, partially offset by proceeds from stock options exercised of \$77.2 million. Net cash used in financing activities of \$248.7 million for the three months ended June 30, 2021 was primarily driven by repayment of our \$450.0 million 5.800% senior notes on May 3, 2021, repurchases of common stock of \$150.0 million, and dividend payments of \$47.1 million, partially offset by net proceeds from our Credit Facility of \$390.0 million and proceeds from stock options exercised of \$13.4 million.

Net cash used in financing activities of \$761.0 million for the six months ended June 30, 2022 was primarily driven by repurchases of common stock of \$896.3 million, net share settlements of taxes on restricted stock of \$20.0 million, and dividend payments of \$98.6 million, partially offset by proceeds under our term loan facility of \$125.0 million, proceeds from stock options exercised of \$93.0 million, and proceeds, net of repayments of debt under our Credit Facility, of \$40.0 million. Net cash used in financing activities of \$447.9 million for the six months ended June 30, 2021 was primarily driven by repayment of our \$450.0 million 5.800% senior notes on May 3, 2021, repurchases of common stock of \$250.0 million, dividend payments of \$94.2 million, and net share settlement of taxes on restricted stock of \$11.0 million, partially offset by net proceeds from our Credit Facility of \$340.0 million and proceeds from stock options exercised of \$21.0 million.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements.

Contractual Obligations

There have been no material changes to our contractual obligations outside the ordinary course of our business from those reported in our annual report on Form 10-K and filed with the Securities and Exchange Commission on February 22, 2022.

Critical Accounting Estimates

Our management's discussion and analysis of financial condition and results of operations are based on our condensed consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the U.S. The preparation of these financial statements require management to make estimates and judgments that affect reported amounts of assets and liabilities and related disclosures of contingent assets and liabilities at the dates of the financial statements and revenue and expenses during the reporting periods. These estimates are based on historical experience and on other assumptions that are believed to be reasonable under the circumstances. On an ongoing basis, management evaluates its estimates, including those related to acquisition purchase price allocations, revenue recognition, goodwill and intangible assets, pension and other postretirement benefits, stock based compensation, income taxes, and allowance for doubtful accounts. Actual results may differ from these assumptions or conditions. Some of the judgments that management makes in applying its accounting estimates in these areas are discussed under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our annual report on Form 10-K dated and filed with the Securities and Exchange Commission on February 22, 2022. Since the date of our annual report on Form 10-K, there have been no material changes to our critical accounting policies and estimates other than the items noted below.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market risks at June 30, 2022 have not materially changed from those discussed under Item 7A in our annual report on Form 10-K dated and filed with the Securities and Exchange Commission on February 22, 2022.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

We are required to maintain disclosure controls and procedures (as that term is defined in Rules 13a-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) that are designed to ensure that information required to be disclosed in our reports under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures. Any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives at the reasonable assurance level.

Our management, with the participation of the Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by this quarterly report on Form 10-Q. Based upon the foregoing assessments, our Chief Executive Officer and Chief Financial Officer have concluded that, as of June 30, 2022, our disclosure controls and procedures were effective at the reasonable assurance level.

Changes in Internal Control over Financial Reporting

During the three months ended June 30, 2022, there has been no change in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II — OTHER INFORMATION**Item 1. Legal Proceedings**

We are party to legal proceedings with respect to a variety of matters in the ordinary course of business. See Part I Item 1. [Note 16](#) to our condensed consolidated financial statements for the six months ended June 30, 2022 for a description of our significant current legal proceedings, which is incorporated by reference herein.

Item 1A. Risk Factors

For a discussion of the risk factors affecting us, see "Risk Factors" in Part 1, Item 1A of our annual report on Form 10-K dated and filed with the Securities and Exchange Commission on February 22, 2022.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**Recent Sales of Unregistered Securities**

We did not have any unregistered sales of equity securities during the period covered by this report.

Issuer Purchases of Equity Securities

Under the Repurchase Program, we may repurchase stock in the market or as otherwise determined by us. These authorizations have no expiration dates and may be suspended or terminated at any time. As of June 30, 2022, we had \$707.5 million available to repurchase shares, inclusive of the \$1,000.0 million authorization approved by the board on February 16, 2022. Our share repurchases for the quarter ended June 30, 2022 are set forth below:

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs (in millions)
April 1, 2022 through April 30, 2022	1,211,387(1)	\$ 214.63(1)	1,211,387	\$ 707.5
May 1, 2022 through May 31, 2022	349,762(1)	\$ 185.84(1)	349,762	\$ 707.5
June 1, 2022 through June 30, 2022	—	\$ —	—	\$ 707.5
	<u>1,561,149(1)</u>	<u>\$ 208.18(1)</u>	<u>1,561,149</u>	

(1) In March 2022, we entered into an ASR agreement to repurchase shares of our common stock for an aggregate purchase price of \$325.0 million with Morgan Stanley & Co., LLC. The ASR agreement is accounted for as a treasury stock transaction and a forward stock purchase agreement indexed to our common stock. Upon the payment of the aggregate purchase price of \$325.0 million in April 2022, we received 1,211,387 shares of our common stock at a price of \$214.63 per share. Upon the final settlement in May 2022, we received an additional 349,762 shares as determined by the daily volume weighted average share price of our common stock during the term of the ASR agreement, bringing the total shares received under this ASR agreement to 1,561,149 and a final average price paid of \$208.18 per share.

TRANSITION AND CONSULTING AGREEMENT

This Transition and Consulting Agreement (this "Agreement") is entered into by and between Verisk Analytics, Inc., 545 Washington Boulevard, Jersey City, NJ 07310-1686, ("Verisk"), and Scott Stephenson (the "Executive"). Verisk and the Executive are sometimes collectively referred to as the "Parties" or individually referred to as a "Party".

WHEREAS, effective as of May 5, 2022, Executive resigned from his position as Chairman of the Board of Directors of Verisk (the "Board");

WHEREAS, Executive is currently serving as President and Chief Executive Officer ("CEO") of Verisk;

WHEREAS, Executive and Verisk have agreed that Executive will retire as President and CEO effective immediately upon the conclusion of the 2022 Annual Meeting of Shareholders of Verisk; and

WHEREAS, Executive and Verisk have agreed that Executive will provide certain transition and consulting services for a defined period after Executive's retirement from his positions, as described herein.

NOW, THEREFORE, in exchange for their mutual promises, the Parties agree as follows:

1. Retirement and Transition

a. Retirement. Effective as of the conclusion of the 2022 Annual Meeting of Shareholders of Verisk (the date such meeting is concluded being the "Transition Date"), Executive will retire and resign from his positions as President and CEO of Verisk and from all other advisory, director, and officer positions with Verisk or any of its affiliates or subsidiaries. Executive agrees to execute any documents as necessary or desirable to affect any such resignations.

b. Transition Period. In consideration of and contingent on Executive's execution of this Agreement, and, no sooner than the Transition Date and no later than one week following the Transition Date, a release of claims attached as Exhibit A hereto (the "Initial Release"), without revocation in accordance with the terms therein, and Executive's fulfillment of the terms and conditions of this Agreement, Executive will continue employment with Verisk on a transition basis in the role of "Chairman Emeritus" from the Transition Date until June 30, 2022 (such period, the "Transition Period") as described in this Section 1.b. Effective June 30, 2022 (the "Separation Date"), Executive will retire from and terminate employment with Verisk. During the Transition Period:

i) Executive will perform such executive-level duties and responsibilities as may be reasonably assigned by the Board or the successor Chairman and/or the successor President and CEO from time to time, consistent with his tenure and experience;

ii) Executive will continue to abide by Verisk's policies and procedures;

iii) Verisk will pay Executive a monthly base salary of \$50,000, to be paid periodically in accordance with Verisk's normal payroll practices and subject to applicable withholdings; and

iv) Executive will remain an employee and thus eligible to continue to participate in all employee benefits plans, including without limitation Verisk's health and welfare plans, subject to the terms of the applicable plans or programs (including eligibility requirements) as may be in effect from time to time. Executive's health insurance benefits shall cease on the last day of the month in which the Separation Date occurs, subject to Executive's right to continue Executive's and his eligible dependents' health insurance under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("COBRA"); provided, that, in the case of Executive's spouse, such period of COBRA coverage, if elected, shall remain open for 36 months following the Separation Date.

c. Long-Term Incentive Awards. All of Executive's equity awards with respect to shares of Class A common stock of Verisk outstanding on the date hereof are listed on Exhibit B (the "Equity Awards"). Executive and Verisk agree that Executive's employment with Verisk will terminate due to Executive's Retirement (as defined in the applicable award agreement evidencing each Equity Award) on the Separation Date and the Equity Awards that are outstanding as of such date shall be so treated in accordance with the terms of the applicable award agreements. Executive agrees to comply with all other provisions of the award agreements evidencing the Equity Awards, including but not limited to any non-competition provisions.

d. Supplemental Cash Balance Plan and Supplemental Retirement Savings Plans. Executive and Verisk agree that Executive's termination of employment at the end of the Transition Period will constitute a "Separation from Service" under the Insurance Services Office, Inc. Supplemental Cash Balance Plan dated January 1, 2009 (as amended by the Amendment to the Insurance Services Office, Inc. Supplemental Cash Balance Plan dated February 10, 2012) and the Insurance Services Office, Inc. Supplemental Executive Retirement Savings Plan dated January 1, 2009 and Executive shall remain eligible to receive any accrued benefits thereunder in accordance with the terms thereof.

e. Other Benefits. Effective as of the Separation Date, Executive will no longer be an employee and thus not eligible to receive benefits under Executive's Change in Control Severance Agreement or the Verisk Analytics, Inc. Executive Officer Annual Incentive Plan and, for the avoidance of doubt, Executive shall not be eligible for an annual bonus with respect to 2022.

2. Consulting Services. To further support the transition, subject to Executive's execution, no sooner than the Separation Date and no later than one week following the Separation Date, of a confirmatory release of claims attached as Exhibit A hereto (the "Final Release") without revocation in accordance with the terms therein, and Executive's fulfillment of the terms and conditions of this Agreement, Verisk will retain Executive after the Separation Date as a consultant as described in this Section 2.

a. Consulting Period. Beginning on July 1, 2022 and ending on May 31, 2023 (the “Consulting Period”), Executive will provide consulting services to Verisk as described in Section 2.b. The Consulting Period may be extended beyond May 31, 2023 subject to mutual written consent of the Parties.

b. Consulting Services. Executive agrees to provide off-site consulting services, which the Parties anticipate to be approximately 20 hours per month, to Verisk in any area of Executive’s expertise, including but not limited to generally supporting the Board, the successor Chairman and/or the successor President and CEO, and other senior-level management. During the Consulting Period, Executive will report directly to the successor CEO. Executive agrees to make himself reasonably available to perform such Consulting Services during business hours throughout the Consulting Period, subject to his business and other commitments. For the avoidance of doubt, during the Consulting Period, Executive will not, without the written consent of Verisk, directly or indirectly enter into any business relationship (either as principal, agent, board member, officer, consultant, employee, member, shareholder, or any other capacity) with any person, business or other entity, whether privately or publicly held, that competes in any material respect with any material business activity conducted by Verisk.

c. Independent Contractor Relationship. Executive’s relationship with Verisk during the Consulting Period will be that of an independent contractor, and nothing in this Agreement is intended to, or should be construed to, create a partnership, agency, joint venture or employment relationship after the Separation Date.

d. Consulting Fees. During the Consulting Period, Verisk will pay Executive consulting fees of \$50,000 per month (the “Consulting Fees”). Because Executive will be providing the consulting services as an independent contractor, Verisk will not withhold any amount for taxes, social security or other payroll deductions from the Consulting Fees. Verisk will report the Consulting Fees earned during the Consulting Period on an IRS Form 1099. Executive acknowledges that Executive will be entirely responsible for payment of any taxes that may be due on the Consulting Fees paid during the Consulting Period.

e. Limitations on Authority. Executive will have no responsibilities or authority (including no authority to bind Verisk to any contractual obligations) as a consultant to Verisk other than as provided above.

f. Termination of Consulting Period. Without waiving any other rights or remedies, Verisk may terminate immediately the Consulting Period and its corresponding obligation to pay Executive the Consulting Fees upon Executive’s material breach of this Agreement; provided, however, that prior to such termination, Executive shall be provided written notice of such material breach, detailing the circumstances, and shall have a reasonable period of time not to exceed thirty days to cure such breach depending on the nature of the circumstances. Further, Executive may terminate the Consulting Period at any time, for any reason, upon thirty days written notice to Verisk, which termination shall extinguish Verisk’s obligation to pay Executive any further Consulting Fees but shall not extinguish Executive’s obligation to comply with Section 3 hereof. Upon termination of the Consulting Period by either Party, Verisk will pay only those Consulting Fees earned and expenses incurred through and including the effective date of such termination.

3. Executive Covenants. Executive acknowledges that Verisk’s willingness to enter into this Agreement is based in material part on Executive’s agreement to the provisions of this Section 3, and that Executive’s breach of the provisions of this Section 3 could materially damage Verisk.

a. Non-Solicitation. Executive covenants and agrees that, while employed by Verisk, during the Consulting Period, and for a period of 24 months following the Consulting Period, Executive shall not without Verisk’s prior written consent: (i) directly or indirectly solicit for employment, offer employment to, or employ or contract for the services of any person who was an employee of Verisk or its affiliates (other than a service provider who was involuntarily terminated): (x) on the Separation Date, or (y) at any time within the two-year period prior to the Separation Date; or (ii) directly or indirectly, for himself or on behalf of any other, solicit from any person or entity who was a customer of Verisk at any time within the two-year period prior the Separation Date any business that is directly or indirectly competitive with the business of Verisk or any of its affiliates.

b. Confidential Information. Executive acknowledges that by virtue of his consulting and employment with Verisk, he has or may be exposed to or has had or may have access to confidential information of Verisk regarding its businesses which gives, or may give, Verisk an advantage in the marketplace against their competitors (hereinafter referred to collectively as the “Proprietary Information” except for information which was in the public domain when acquired or developed by Verisk, or which subsequently enters the public domain other than as a result of a breach of this or any other agreement or covenant). Executive acknowledges that the Proprietary Information constitutes a proprietary and exclusive interest of Verisk, and, therefore, Executive agrees that during the term of his employment and after the termination thereof, for whatever reason, Executive shall not directly or indirectly disclose the Proprietary Information to any person, firm, court, governmental entity or agency, corporation or other entity or use the Proprietary Information in any manner, except in connection with the business and affairs of Verisk or pursuant to a validly issued and enforceable court or administrative order. In the event that any court, governmental agency, administrative hearing officer or the like shall request or demand disclosure of any Proprietary Information, Executive shall promptly notify Verisk of the same and cooperate with Verisk, at Verisk’s expense, to obtain appropriate protective orders in respect thereof.

c. Mutual Non-Disparagement. Executive agrees not to disparage Verisk or its affiliates, subsidiaries, divisions, executive officers, directors, products and/or services. Verisk agrees not to publish any written (including through social media) derogatory, defamatory, or negative statement about Executive, and agrees to direct its directors and executive officers, not to disparage Executive. For purposes of this Section 3.c, “disparage” shall mean any derogatory, defamatory, or negative statement, whether written (including through social media) or oral to a third party. The Parties agree and acknowledge that this mutual non-disparagement provision is a material term of this Agreement and is subject to Section 3(e) below.

d. Return of Property. Executive affirms that prior to the Separation Date, Executive shall return all of Verisk’s property, documents, and/or any confidential information in Executive’s possession or control and that Executive’s successful return of such property, documents and/or confidential information is a condition precedent to Executive’s receipt of the consideration provided under this Agreement.

e. Protected Rights. Notwithstanding the foregoing or any other provision of this Agreement, Executive acknowledges that nothing contained in this Agreement limits Executive’s ability to file a charge or complaint with a federal, state or local governmental agency or commission.

Executive further acknowledges that this Agreement does not limit Executive's ability to communicate with any government agencies or otherwise participate in any investigation or proceeding that may be conducted by any government agency, including providing documents or other information, without notice to Verisk. This Agreement does not limit Executive's right to receive an incentive award for information provided to any government agencies.

f. **Cooperation.** Executive agrees that for a period of two years following the Separation Date, neither Executive nor anyone acting on his behalf, shall, directly or indirectly, (i) attempt to facilitate (I) the acquisition of securities, assets or indebtedness of Verisk, (II) any tender offer or business combination involving the Verisk, its respective affiliates or any of its respective assets, (III) any recapitalization, restructuring or other extraordinary transaction with respect to Verisk or its affiliates, or (IV) any solicitation of proxies or consents to vote any securities of Verisk or its affiliates; (ii) form or participate in any group with respect to any of Verisk's securities or act in concert with any person in respect of Verisk's securities; (iii) otherwise act, alone or in concert with others, to seek control over the management, Board or policies of Verisk, or seek a position on or to change the composition of the Board; (iv) enter into any discussions or arrangements with any third party regarding any of the above; or (v) request that Verisk amend or waive any of the above restrictions. Notwithstanding the foregoing, Verisk hereby agrees that this provision shall not apply to the following: (1) Executive's acquisition of any security of Verisk pursuant to a Verisk compensation, incentive or benefit plan; (2) the purchase, sale or transfer in the ordinary course by Executive after the Separation Date of voting securities of Verisk so long as, immediately after any such purchase, sale or transfer, Executive does not beneficially own more than an additional one percent of any outstanding class of voting securities or securities convertible into voting securities of Verisk; (3) the exercise by Executive of any voting rights available to Executive that are also available to Verisk stockholders generally, provided that Executive has not then either directly, indirectly, or as a member of a group, made, effected, initiated, solicited proxies on behalf of, or caused such transaction to occur or otherwise violated these provisions; and (4) any actions or transactions taken by a non-affiliated third-party with respect to mutual funds, private equity funds, index funds, RTFs, and similar passive investments maintained by such non-affiliated third party and for which Executive has invested in; provided that Executive has not then either directly, indirectly, or as a member of a group caused such action or transaction to occur, or any actions taken by Executive to invest in, sell or transfer such passive investments maintained by such non-affiliated third-parties. Executive further agrees that during the two-year period following the Separation Date, Executive shall cooperate with the Company in defending any audit, investigation or other proceeding against the Company, which includes being reasonably available during business hours for interviews, depositions, testimony or other participation in the Company's defense. Cooperation shall be given during regular business hours at locations and times mutually agreed upon by Executive and Verisk, with due regard to Executive's availability given his then applicable employment and other professional obligations, except with respect to mandated court appearances for which Executive will make himself available upon reasonable advance notice. The Company will reimburse Executive for reasonable actual out-of-pocket expenses incurred by Executive in providing such cooperation, subject to the presentation of documentation of the same.

4. **Governing Law and Interpretation.** This Agreement shall be governed and conformed in accordance with the laws of the State of New Jersey without regard to its conflict of laws provision. Should any provision of this Agreement be declared illegal or unenforceable by any court of competent jurisdiction and this Agreement cannot be modified to be enforceable, such illegal or unenforceable provision shall immediately become null and void, leaving the remainder of this Agreement in full force and effect. However, if any portion of the Initial Release or Final Release language is ruled unenforceable for any reason, Executive shall return to Verisk all the consideration paid hereunder, and, upon such repayment, this Agreement shall be terminated, with all obligations of both Executive and Verisk set out herein becoming null and void.

5. **Amendment.** This Agreement may not be modified, altered or changed except upon the express written consent of both parties. Any such modification, alteration, change or amendment must specifically reference this Agreement.

6. **Breach.** Executive agrees that if Executive engages in any conduct Verisk reasonably determines is a breach of this Agreement, Verisk shall have no further obligation to pay Executive any further Consulting Fees. Executive acknowledges that if Executive breaches the provisions of Section 3 of this Agreement, Verisk will suffer irreparable harm and, therefore, in the event of a breach or threatened breach of Section 3 of this Agreement, Verisk shall be entitled to seek and obtain equitable relief, including a preliminary and permanent injunction, without the need to post a bond or provide any other security, to stop Executive from harming Verisk. Verisk will also be entitled to all other remedies available to it by law.

7. **Tax Withholding; Right of Offset.** Verisk may withhold and deduct from any benefits and payments made or to be made pursuant to this Agreement (a) all federal, state, local and other taxes as may be required pursuant to any law or governmental regulation or ruling, (b) all other normal authorized deductions made with respect to Verisk's employees generally, and (c) any advances made to Executive and owed to Verisk.

8. **Voluntary Acceptance.** Executive hereby declares Executive has read this Agreement and that, at all times in the negotiation, review and acceptance of this Agreement and Executive has had adequate time to discuss this Agreement with Executive's personal attorney, if Executive chooses to do so. Executive fully understands and appreciates the meaning of this Agreement and Executive has executed the same of Executive's own free will and accord, which was not procured through fraud, duress or mistake and has not had the effect of misleading, misinforming or failing to inform Executive in any way.

9. **Binding Effect.** This Agreement shall inure to the benefit of and be binding upon the successors and assigns of Verisk and shall inure to the benefit of and be binding upon Executive's heirs, executors, administrators, successors and assigns. This Agreement is specific to Executive and may not be assigned by Executive.

10. **Entire Agreement.** This Agreement sets forth the entire agreement between the parties hereto, and fully supersedes any prior agreements or understandings between the parties, except for the obligations of Executive pursuant to the employee covenants agreed to by Executive which shall remain in effect. Executive acknowledges that Executive has not relied on any representations, promises, or agreements of any kind made to Executive in connection with Executive's decision to sign this Agreement, except for those set forth in this Agreement.

11. **Severability.** It is the desire of the parties that this Agreement be enforced to the maximum extent permitted by law, and should any provision contained herein be held unenforceable by a court of competent jurisdiction, the parties hereby agree and consent that such provision shall be reformed to create a valid and enforceable provision to the maximum extent permitted by law; provided, however, if such provision cannot be reformed, it shall be deemed ineffective and deleted herefrom without affecting any other provision of this Agreement. This Agreement should be construed by limiting and reducing it only to the minimum extent necessary to be enforceable under then applicable law.

12. **Construction.** The headings and captions of this Agreement are provided for convenience only and are intended to have no effect in construing or interpreting this Agreement. The language in all parts of this Agreement shall be in all cases construed according to its fair meaning and not strictly for or against Executive or Verisk.

13. **Counterparts.** This Agreement may be executed in counterparts, each of which when executed and delivered (which deliveries may be by facsimile or other electronic method of delivery) shall be deemed an original and all of which together shall constitute one and the same instrument.

14. **No Assignment of Claims.** Executive represents and agrees that Executive has not transferred or assigned, to any person or entity, any claim involving Verisk, or any portion thereof or interest therein.

15. **Nonwaiver.** No failure or neglect of any party in any instance to exercise any right, power or privilege hereunder or under law shall constitute a waiver of any other right, power or privilege or of the same right, power or privilege in any other instance. All waivers by a party must be contained in a written instrument signed by the party to be charged.

16. **Notices.** Any notice, request, consent or approval required or permitted to be given under this Agreement or pursuant to law shall be sufficient if in writing, and if and when sent by certified or registered mail, with postage prepaid, to Executive's address most recently on file with Verisk, or to Verisk's principal office.

17. **Section 409A; Other Tax Matters.** This Agreement is intended to provide payments that are exempt from the provisions of Section 409A of the U.S. Internal Revenue Code of 1986 (the "Code") and related regulations and Treasury pronouncements ("Section 409A"), and the Agreement shall be interpreted accordingly (it being understood that the payment of any reimbursement hereunder shall be made in a manner exempt from, or in compliance with, Section 409A pursuant to Verisk's reimbursement policies). Notwithstanding anything herein to the contrary, if on the date of Executive's separation from service Executive is a "specified employee," as defined in Section 409A, then any portion of any payments, benefits or other consideration under this Agreement that are determined to be subject to the additional tax provided by Section 409A(a)(1)(B) of the Code if not delayed as required by Section 409A(a)(2)(B)(i) of the Code shall be delayed until the first day of the seventh month following Executive's separation from service date (or, if earlier, Executive's date of death) and shall be paid as a lump sum (without interest) on such date. Executive acknowledges and agrees that Executive has obtained no advice from Verisk, or any of its officers, directors, employees, subsidiaries, affiliates, agents, attorneys or other representatives, and that none of such persons or entities have made any representation regarding the tax consequences, if any, of Executive's receipt of the payments, benefits and other consideration provided for in this Agreement. Executive further acknowledges and agrees that Executive is personally responsible for the payment of all federal, state and local taxes that are due, or may be due, for any payments and other consideration received by Executive under this Agreement.

IN WITNESS WHEREOF, Executive and Verisk have entered into and executed this Agreement.

Release of Claims

THIS RELEASE OF CLAIMS (this “Release”) is made on and effective as of July 1, 2022 by Scott Stephenson (“Executive”) and Verisk Analytics, Inc., 545 Washington Boulevard, Jersey City, NJ 07310-1686, its parent, affiliates, subsidiaries, divisions, successors and assigns, and the current and former employees, officers, directors and agents thereof (collectively, “Verisk”), in connection with the Transition and Consulting Agreement entered into by and between Executive and Verisk dated as of [MONTH] __, 2022 (the “Agreement”). Unless otherwise defined herein, all capitalized terms used in this Release that are defined in the Agreement shall have the respective meanings assigned to them in the Agreement.

WHEREAS, the Agreement contemplates a release of claims by Executive with such release being a material inducement to Verisk in entering into the Agreement; and

WHEREAS, Executive is executing and delivering to Verisk this Release in order to meet the obligation to provide such release;

THEREFORE, in consideration of the acts, payments, promises and mutual agreements described in the Agreement, the Parties agree as follows:

1. Waiver and Release of Claims by Executive.

(a) General Release by Executive. In exchange for and in consideration of certain payments, benefits, and other commitments described in the Agreement, and in addition to Executive’s other consideration expressed therein, Executive, on Executive’s own behalf and on behalf of Executive’s heirs, executors, administrators, and assigns, hereby FULLY RELEASES, REMISES, ACQUITS AND FOREVER DISCHARGES Verisk, jointly and severally, of and from all claims that Executive may now have, has ever had, or hereafter may have, arising out of or relating to Executive’s employment with Verisk or the termination of such employment, or any circumstances related thereto. Claims may include, but are not limited to, claims for wages, severance, back pay, front pay, commissions, bonuses, overrides, reimbursement, reinstatement, any kind of damages or benefits. Executive also releases any and all claims Executive may have that arose prior to the date of this Release, and hereby specifically waives and releases all claims under the following statutes, all as amended, and any and all state or local statutes, ordinances, or regulations, including without limitation all New Jersey laws, ordinances, and regulations, as well as all claims arising under federal, state or local law, involving any tort, employment law, contract claim, whether based upon an express or implied contract, or statutory claim, as well as any claim under public policy or any other claim of any nature:

- (i) Title VII of the Civil Rights Act of 1964;
- (ii) The Civil Rights Act of 1991;
- (iii) Sections 1981 through 1988 of Title 42 of the United States Code;
- (iv) The Employee Retirement Income Security Act of 1974;
- (v) The Immigration Reform and Control Act;
- (vi) The Americans with Disabilities Act of 1990;
- (vii) The Age Discrimination in Employment Act of 1967;
- (viii) The Workers Adjustment and Retraining Notification Act;
- (ix) The Occupational Safety and Health Act;
- (x) The Sarbanes-Oxley Act of 2002;
- (xi) The Fair Credit Reporting Act;
- (xii) The Fair Labor Standards Act;
- (xiii) The Family and Medical Leave Act;
- (xiv) The Equal Pay Act;
- (xv) The New Jersey Civil Rights Act;
- (xvi) The New Jersey Law Against Discrimination;
- (xvii) The New Jersey Family Leave Act;
- (xviii) The New Jersey Fair Credit Reporting Act;

- (xix)The New Jersey Paid Sick Leave Act;
- (xx)The New Jersey Smokers' Rights Law;
- (xxi)The New Jersey Genetic Privacy Act;
- (xxii)The New Jersey Statutory Provision Regarding Retaliation/Discrimination for Filing a Workers' Compensation Claim;
- (xxiii)The New Jersey Public Employees' Occupational Safety and Health Act;
- (xxiv)New Jersey laws regarding Political Activities of Employees, Lie Detector Tests, Jury Duty, Employment Protection, and Discrimination;
- (xxv)The New Jersey Minimum Wage Law;
- (xxvi)Equal Pay Law for New Jersey; or
- (xxvii)The New Jersey Conscientious Employee Protection Act.

(b) It is the express intent of the parties that Executive's waiver and release under this Release be as broad and applicable as legally permissible to all aspects of Executive's relationship to Verisk including, but not limited to, Executive's employment with Verisk and Executive's separation therefrom. The above release does not waive Claims (i) under the Agreement, (ii) for unemployment or workers' compensation, (iii) for vested rights under ERISA-covered employee benefit plans, (iv) that may arise after Executive signs this Release, (v) regarding Executive's rights to indemnification under the Company's by-laws and directors' and officers' insurance policies in accordance with their terms as in effect from time to time, and (vi) which cannot be released by private agreement.

(c) Covenant Not to Sue. Executive expressly agrees that neither Executive nor any person acting on Executive's behalf will file or bring or permit to be filed or brought any lawsuit or other action before any court, agency or other governmental authority for legal or equitable relief against Verisk involving any Claims. If any person seeks to join Executive in any proposed or certified class or collective action, Executive shall refrain from joining, will actively opt-out, and will affirmatively refuse to participate in any such action. In the event that any action involving an Executive Claim is filed against Verisk, Executive agrees that Verisk is entitled to legal and equitable remedies against Executive, including an award of attorney's fees. However, it is expressly understood and agreed that the foregoing sentence shall not apply to any action filed by Executive that is narrowly limited to seeking a determination as to the validity of this Release or the Agreement and enforcement thereof. While nothing in this Release limits Executive's ability to file a charge or complaint with any federal, state or local governmental agency or commission, should Executive file a charge or complaint with any governmental agency, or should any governmental entity, agency or commission file a charge, action, complaint or lawsuit against Verisk based on any claim released in the Agreement or this Release, Executive agrees not to seek or accept any resulting payment from Verisk.

(d) Protected Rights. Notwithstanding the foregoing or any other provision of this Release, Executive acknowledges that nothing contained in this Release limits Executive's ability to file a charge or complaint with a federal, state or local governmental agency or commission. Executive further acknowledges that this Release does not limit Executive's ability to communicate with any government agencies or otherwise participate in any investigation or proceeding that may be conducted by any government agency, including providing documents or other information, without notice to Verisk. This Release does not limit Executive's right to receive an incentive award for information provided to any government agencies.

2. No Claims Exist. The Parties confirm that no claim, charge, complaint, or action currently exists in any forum or form against the other, and that they have no current intention to bring such any claims. In the event that any such claim, charge, complaint, or action exists or is filed, Executive shall not be entitled to recover any relief or recovery therefrom, including costs and attorneys' fees.

(a) Executive also affirms that, except as otherwise provided in the Agreement, Executive has been paid and/or has received all compensation, wages, bonuses, commissions, and/or benefits to which Executive may be entitled. Executive affirms that Executive has been granted any leave to which Executive was entitled under the Family and Medical Leave Act or related state or local leave or disability accommodation laws.

(b) Executive further affirms that Executive has no known workplace injuries or occupational diseases.

(c) Executive further affirms that Executive has not been retaliated against for reporting any allegations of wrongdoing by Verisk or its officers, including any allegations of corporate fraud. Both Parties acknowledge that this Release does not limit either party's right, where applicable, to file or participate in an investigative proceeding of any federal, state or local governmental agency. To the extent permitted by law, Executive agrees that if such an administrative claim is made, Executive shall not be entitled to recover any individual monetary relief or other individual remedies.

(d) Executive affirms that all of Verisk's decisions regarding Executive's pay and benefits through the date of Executive's execution of this Release were not discriminatory based on age, disability, race, color, sex, religion, national origin or any other classification protected by law.

3. Consideration Period. Executive acknowledges that Executive has been given a period of twenty-one (21) days to consider whether to agree to this Release, and that Executive has been advised to consult with an attorney prior to executing this Release. Further, Executive understands that this Release specifically releases and waives all rights and claims that Executive may have under the ADEA through the date on which Executive signs this Release. By signing this Release, Executive agrees to all of the terms of this Release and intends to be legally bound thereby.

4. Revocation. Executive may revoke this Release for a period of seven (7) days following the day Executive executes this Release. Any revocation within this period must be submitted, in writing, to Sunita Holzer, Chief Human Resources Officer, and state, "I hereby revoke my acceptance of the Release." The revocation must be personally delivered to said individual or his/her designee, or mailed to said individual at the above address and post-marked within seven (7) days of execution of this Release. This Release shall not become effective or enforceable until the revocation period has expired. (If the last day of

the revocation period is a Saturday, Sunday, or legal holiday in New Jersey, then the revocation period shall not expire until the next following day which is not a Saturday, Sunday or legal holiday).

5. **Non-Admission of Wrongdoing**. The Parties agree that neither this Agreement nor the furnishing of the consideration for this Agreement shall be deemed or construed at any time for any purpose as an admission by the other party of any liability or unlawful conduct of any kind.

6. **Certain Representations of Executive**. Executive represents and warrants that: (a) Executive is the sole and lawful owner of all rights, titles and interests in and to the claims released herein; and (b) Executive has the legal right, power, authority and capacity to sign and deliver this Release.

7. **Applicability of Provisions from the Agreement**. The parties agree that Sections 4 (Governing Law and Interpretation), 5 (Amendment), 8 (Voluntary Acceptance), 9 (Binding Effect), 10 (Entire Agreement), 11 (Severability), 12 (Construction), 13 (Counterparts), 14 (No Assignment of Claims), and 15 (Nonwaiver) of the Agreement apply to this Release.

EMPLOYEE HAS READ THE FOREGOING RELEASE. EMPLOYEE FULLY UNDERSTANDS THE TERMS OF THIS RELEASE AND THAT EMPLOYEE MAY BE WAIVING SIGNIFICANT LEGAL RIGHTS BY EXECUTING IT, AND EMPLOYEE HAS VOLUNTARILY EXECUTED THIS RELEASE ON THE DATE WRITTEN BELOW, SIGNIFYING THEREBY EMPLOYEE'S ASSENT TO, AND WILLINGNESS TO BE BOUND BY, ITS TERMS:
