CONSENT ORDER

The New York State Department of Financial Services (the “Department” or “DFS”) and New York Marine and General Insurance Company (hereinafter “Respondent”) are willing to resolve the matters described herein without further proceedings.

WHEREAS, the Department conducted a market conduct investigation into the business practices of the Respondent, for the period from January 1, 2018 through December 31, 2018 (the “Time Period”).

WHEREAS, the investigation concluded that the Respondent failed to timely report new business and other vehicle registration information to the New York State Department of Motor Vehicles (“DMV”) as required by New York Insurance Law (“Insurance Law”) §317; and

WHEREAS, this Consent Order contains the Department’s findings and the relief agreed to by the Department and the Respondent regarding reporting activity in the Time Period and periods preceding 2018.

NOW THEREFORE, in connection with an agreement to resolve this matter without further proceedings, the Department finds as follows:

THE DEPARTMENT’S FINDINGS

Introduction

1. Respondent is an insurance company authorized to transact motor vehicle liability insurance business in New York State pursuant to §1113(a) of the Insurance Law and that have been issued an Insurance Respondent Code (“ICC”) by DMV.

2. The DMV’s Insurance Information & Enforcement System (“IIES”) was developed and implemented in January of 2000 as a result of enactment of Chapter 678 of the laws of 1997 as amended by Chapter 509 of the laws of 1998. IIES employs an insurance information database to monitor the insurance status of New York State-registered vehicles thereby enabling peace officers to know whether vehicles on the road lack insurance. As a public safety matter, injured motorists rely on the benefit of statutorily required auto insurance. Thus, it is critical that registrants provide DMV with vehicle identification numbers (“VINs”) during the registration process and that insurance companies use the same VINs and names in their electronic reporting to DMV. Insured vehicle information is used to identify, sanction, and ultimately remove uninsured vehicles from New York’s highways. IIES reporting applies to all motor vehicles insured and registered in NYS except motorcycles.

3. Article 6 of the New York Vehicle and Traffic Law (“VTL”) requires insurers to notify the DMV of certain transactions in accordance with regulations promulgated by the DMV Commissioner. Part 34 of Title 15 of the New York Codes, Rules and Regulations (“NYCRR”) implements the particular requirements of Article 6, with §34.4 of that regulation providing that insurers report new business no later than seven days after the

effective date of the policy issuance. For all terminations and suspensions, insurers must report within 30 days of the termination effective date, with the exception of for-hire vehicles, which must be reported no less than 20 days prior to the termination effective date.

Events at Issue

4. In the latter part of 2017, the DMV notified the Department that the industry as a whole was not timely reporting to DMV in IIES pursuant to its requirements. DMV also informed the Department that, commencing in May 2017, DMV sent detailed quarterly performance reports to all motor vehicle insurers displaying the totals of each Respondent's reporting data and the totals and percentages of those reported late to DMV. The Department then contacted the most delinquent and untimely insurers, seeking an explanation and remediation.
5. Respondent was among the companies that persisted in failing to timely report to DMV in IIES, including in 2018. Respondent, for the Time Period, failed to timely report certain insured vehicle information to the DMV through IIES and failed to timely respond to DMV initiated mandatory verification notices. As a result, Respondent violated 15 NYCRR Part 34.4, as well as 15 NYCRR Part 34.2(m) (which defines "Late Filing" as a notice not submitted within the required timeframes, and requires insurers to take immediate corrective action when late filings exceed 10% of total matched notices).
6. As mentioned above, accurate insurance information and timely IIES filings are vital for purposes of law enforcement and public health and safety.

Violations of Law and Regulations

7. By reason of the foregoing, Respondent violated (i) VTL §313, (ii) DMV Regulations, 15 NYCRR Part 34, and (iii) Insurance Law §317.

NOW THEREFORE, to resolve this matter without further proceedings, the Department and the Respondent stipulate and agree to the following terms and conditions:

SETTLEMENT PROVISIONS

Monetary Penalty

8. No later than ten (10) days after the Effective Date (as defined below) of this Consent Order, the Respondent shall pay a total civil monetary penalty pursuant to §317 of the Insurance Law to the Department in the amount of One Hundred Sixty-Nine Thousand Dollars (\$169,000). The payment shall be in the form of a wire transfer in accordance with instructions provided by the Department.
9. The Respondent shall not claim, assert, or apply for a tax deduction or tax credit with regard to any U.S. federal, state, or local tax, directly or indirectly, for any portion of the civil monetary penalty paid pursuant to this Consent Order.
10. The Respondent shall neither seek nor accept, directly or indirectly, reimbursement or indemnification with respect to payment of the penalty amount, including but not limited to, payment made pursuant to any insurance policy.

Remediation

11. In addition to steps already taken by the Respondent after the industry discussions with DMV, it will take any further necessary actions to prevent recurrences of the violations described above, including without limitation, (i) immediate steps to determine the reason(s) for the violations, (ii) formulation for DMV's review and approval of a remediation plan to correct deficiencies in its submissions to the DMV, and (iii) full implementation of such remediation plan to mitigate late filings and required responses. Within two months from the date of full execution of this Consent Order, the Respondent shall provide to DMV a written remediation plan detailing the corrective actions taken or proposed to be taken, and the related projected timeframes, to achieve full compliance with this Consent Order. The Respondent further agrees to timely provide such reports or other information required by the Department or DMV in connection with the violations, the remediation plan, or future filing obligations. The Respondent will also take all necessary

steps to comply with the Insurance Law and VTL and Regulations with respect to its future DMV filing obligations.

Full and Complete Cooperation

12. The Respondent commits and agrees that it will fully cooperate with the Department regarding all terms of this Consent Order.

Further Action by the Department

13. No further action will be taken by the Department against the Respondent or its successors for the conduct set forth in this Consent Order, or in connection with the remediation set forth in this Consent Order, provided that the Respondent fully complies with the terms of the Consent Order.

Waiver of Rights

14. The Respondent submits to the authority of the Superintendent of the New York State Department of Financial Services to effectuate this Consent Order.
15. The parties understand and agree that no provision of this Consent Order is subject to review in any court, tribunal, or agency outside of the Department.

Parties Bound by the Consent Order

16. This Consent Order is binding on the Department and the Respondent, as well as any successors and assigns. This Consent Order does not bind any federal or other state agency or any law enforcement authority.

Breach of Consent Order

17. In the event that the Department believes the Respondent to be in material breach of the Consent Order, the Department will provide written notice to the Respondent, and the Respondent must, within ten (10) days of receiving such notice, or on a later date if so determined in the Department's sole discretion, appear before the Department to

demonstrate that no material breach has occurred or, to the extent pertinent, that the breach is not material or has been cured.

18. The Respondent understands and agrees that its failure to make the required showing within the designated time period shall be presumptive evidence of the Respondent's breach. Upon a finding that a breach of this Consent Order has occurred, the Department has all the remedies available to it under §317 of the Insurance Law, and any other applicable laws, and may use any evidence available to the Department in any ensuing hearings, notices, or orders.
