Havana bridge inspection begins July 22

HAVANA – The Illinois Department of Transportation announced that a routine inspection of the Scott W. Lucas Memorial Bridge, which carries U.S. 136 and Illinois 78/97 over the Illinois River at Havana, begins July 22.

The inspection will reduce the bridge to one lane, with traffic controlled by flaggers, each day through the end of the week.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
