## Utility work to require Illinois 160 lane closures

**TRENTON** – The Illinois Department of Transportation announced today that utility work by Ameren Illinois to relocate a gas main along Illinois 160 between Highline Road and County Road 900 N in Clinton County will require alternating lane closures starting, weather permitting, Monday, Oct. 21.

Flaggers will safely guide motorists around the closures, which are expected to conclude Friday, Nov. 22.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to detour signs in work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
