Cermak Road resurfacing begins Aug. 12

CHICAGO – The Illinois Department of Transportation announced today that a resurfacing of Cermak Road (22nd Street), from east of Interstate 294 (Tri State Tollway), in Oak Brook, to Harlem Avenue (Illinois 43), in North Riverside and Forest Park, passing through Westchester and Broadview, will require daytime intermittent lane closures, beginning, weather permitting, Monday, Aug. 12.

The \$8.3 million project, which consists of resurfacing the 5.6-mile stretch of Cermak Road and constructing new ADA-compliant sidewalk ramps, is anticipated to be completed in fall 2025.

Access to residences and businesses within the work zone will be maintained throughout construction.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.

Over the [next six years](#), IDOT is planning to improve more than 3,200 miles of highway and nearly 9 million square feet of bridge deck as part of Rebuild Illinois, which is investing \$33.2 billion into all modes of transportation. [Accomplishments](#) through Year Five of Rebuild Illinois include approximately \$16 billion of improvements statewide on 6,541 miles of highway, 686 bridges and 986 additional safety improvements.
