

STATE OF NEW JERSEY DEPARTMENT OF EDUCATION

Date: September 5, 2024

Statement from Acting Commissioner Kevin Dehmer Regarding Camden City School District Board of Education President Wasim Muhammad

Superintendent Katrina McCombs' [statement](#) today reinforces what Governor Murphy made clear back in January: Board President Wasim Muhammad should resign from the Camden City School District Board of Education. I firmly believe that the Camden community deserves to start the school year focused on providing excellent educational opportunities for their students rather than focused on unnecessary and harmful distractions. As outlined in her letter, Superintendent McCombs is making an appeal that is reflective of the needs, priorities, and values of their community and that serves the best interests of the students, parents, and educators of Camden City School District.
