

VI. General (state funds), Miscellaneous Revenue, and Library Services Improvement Fund
A.4. Finances – FY2024 Education Opportunity Resource Reimbursements – Information item

The Idaho Commission for Libraries (ICfL) is responsible for distributing internet service cost reimbursements to public libraries through the Education Opportunity Resource (EOR) Act, as outlined in Idaho Code 33-5602 to 33-5605. EOR reimbursements cover the internet service costs that remain after E-Rate discounts, which are administered by the Universal Service Administrative Company under the direction of the Federal Communications Commission. When combined, federal E-Rate discounts and state EOR reimbursements can fully cover a public library’s internet service costs. EOR reimbursements are available to eligible libraries every six months.

If surplus funds remain following EOR payments, the ICfL offers reimbursements to help public libraries cover costs associated with content filtering on publicly accessible internet, a state requirement. The ICfL also offers reimbursements for mobile hotspot service and equipment.

Below is a summary of reimbursements the ICfL provided in fiscal year 2024.
