Request for Public Comments:

Following the 8/19/2024 Board of Psychologist Examiners meeting, the board is seeking public comment on ASPPB's change to the Examination for Professional Practice in Psychology (EPPP) from a knowledge base examination to a two-part (knowledge and skills based) examination.

Please provide written comment to: Orin.Duffin@dopl.idaho.gov

ASPPB's official statement on changes to the EPPP:

The Examination for Professional Practice in Psychology (Part 2 - Skills) is developed and owned by the Association of State and Provincial Psychology Boards (ASPPB) and was launched as a live exam in August 2021. It is available to Candidates in jurisdictions that require the EPPP (Part 2-Skills) for licensure and is used to evaluate the skills of Candidates applying for licensure in Psychology. This skills-based assessment includes questions about applied, real-world situations that psychologists face in practice and provides valuable information to licensing boards as it assesses the Candidates' ability to show what they would DO in an applied setting.

The EPPP (Part 1-Knowledge) serves as the pre-requisite for the EPPP (Part 2-Skills). Candidates in jurisdictions that require the EPPP (Part 2-Skills) are expected to pass both portions of the exam prior to licensure. The recommended passing score for each part is 500.

EPPP (Part 2 - Skills) Information

NOTE: Effective no later than January 1, 2026, the EPPP is one examination with two parts, EPPP (Part 1-Knowledge) and EPPP (Part 2-Skills). This means the EPPP will only be offered as a two-part examination effective January 1, 2026.
