

Join us for a community listening session!

Your Voice Matters: Share Your Thoughts on Racial Equity in City Services.

CNA, a non-profit research and analysis organization, on behalf of the City of Jackson's Department of Diversity, Equity, and Inclusion, is conducting a racial equity audit of city operations. As part of this we are holding two community listening sessions to hear YOUR voice!

WHY ATTEND?

- **Be heard:** Share your experiences and provide input on how we can improve racial equity.
- **Build connection:** Speak directly with community leaders and other community members about issues that matter to you.
- **Drive change:** Help shape future decisions and ensure fairness and equality in our community.
