dip Corporation (“dip”) is pleased to announce that it has released its INTEGRATED REPORT 2024

INTEGRATED REPORT 2024 summarizes the various values we have provided to society through the strengths in our business model that we have cultivated throughout our history based on our management philosophy. It also contains our initiatives for realizing the society we aim for.

The INTEGRATED REPORT 2024, will tell the story and initiatives of our efforts to improve corporate value as we respond swiftly to changes in society and evolve with new challenges in an era where the "role, value and purpose of work done by humans" are being reexamined due to advances in AI and technology. With our INTEGRATED REPORT 2024, we will deepen our constructive dialogue with diverse stakeholders and work to achieve sustainable growth and medium- to long-term corporate value enhancement.
