

# The HHH Opportunity

## 3Q 2024

*Howard Hughes*

## Forward-Looking Statements

Statements made in this presentation that are not historical facts, including statements accompanied by words such as “anticipate,” “believe,” “estimate,” “expect,” “forecast,” “intend,” “likely,” “may,” “plan,” “project,” “realize,” “should,” “transform,” “would,” and other statements of similar expression and other words of similar expression, are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934.

These statements are based on management’s expectations, estimates, assumptions and projections as of the date of this presentation and are not guarantees of future performance. Actual results may differ materially from those expressed or implied in these statements. Factors that could cause actual results to differ materially are set forth as risk factors in our most recent Annual Report on Form 10-K and Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission. In this presentation, forward-looking statements include, but are not limited to, expectations about the performance of our Master Planned Communities segment and other current income-producing properties and future liquidity, development opportunities, development spending and management plans. We caution you not to place undue reliance on the forward-looking statements contained in this presentation and do not undertake any obligation to publicly update or revise any forward-looking statements to reflect future events, information or circumstances that arise after the date of this presentation except as required by law.

## Non-GAAP Financial Measures

We define NOI as operating revenues (rental income, tenant recoveries, and other revenues) less operating expenses (real estate taxes, repairs and maintenance, marketing, and other property expenses). NOI excludes straight-line rents and amortization of tenant incentives, net; interest expense, net; ground rent amortization; demolition costs; other income (loss); depreciation and amortization; development-related marketing costs; gain on sale or disposal of real estate and other assets, net; loss on extinguishment of debt; provision for impairment; and equity in earnings from unconsolidated ventures. This amount is presented as Operating Assets NOI. Total Operating Assets NOI represents NOI as defined above with the addition of our share of NOI from unconsolidated ventures.

We believe that net operating income or NOI is a useful supplemental measure of the performance of our Operating Assets segment because it provides a performance measure that reflects the revenues and expenses directly associated with owning and operating real estate properties. We use NOI to evaluate our operating performance on a property-by-property basis because NOI allows us to evaluate the impact that property-specific factors such as rental and occupancy rates, tenant mix, and operating costs have on our operating results, gross margins, and investment returns.

Although we believe that NOI provides useful information to the investors about the performance of our segments, due to the exclusions noted above, NOI should only be used as an additional measure of the financial performance of such assets and not as an alternative to GAAP net income (loss).

We define In-Place NOI as forecasted current year NOI for all properties included in the Operating Assets segment as of the end of the current period. Estimated Stabilized NOI is initially projected prior to the development of the asset based on market assumptions and is revised over the life of the asset as market conditions evolve. On a quarterly basis, each asset’s In-Place NOI is compared to its Estimated Stabilized NOI in conjunction with forecast data to determine if an adjustment is needed. Adjustments to Estimated Stabilized NOI are made when changes to the asset’s long-term performance are thought to be more than likely and permanent. No reconciliation of In-Place NOI or Estimated Stabilized NOI is included in this presentation because we are unable to quantify certain forecasted amounts that would be required to be included in the GAAP measure without unreasonable efforts and we believe such reconciliations would imply a degree of precision that would be confusing or misleading to investors.

**For reconciliations of NOI to the most directly comparable GAAP measure, please see the Reconciliation to Non-GAAP Measures on the Company’s [Investor Relations website](#) in the Quarterly Results section under Financial Performance.**

# HHH at a Glance

Howard Hughes is the country's premier developer of large-scale master planned communities

 Proven track record of developing the most sought-after places to live in the nation

 Self-funding business cycle, using proceeds from land sales, condo sales and NOI to fund new developments

 Equipped with a superior balance sheet, allowing for quick execution to meet underlying demand

 Exceptional reputation staffed with industry experts across HHH's various regions

 Amassed a diversified real estate portfolio that generates significant recurring income

## HHH Portfolio Highlights

<b>6.9M SF</b> Office	<b>2.9M SF</b> Retail
<b>5,855 Units</b> Multi-Family	<b>2,697 Units</b> Condos Closed
<b>7</b> Communities	<b>35k Acres</b> Raw Land

# Building the Most Sought-After Communities in the Nation

## Best-in-Class Community Offerings

- Universal quality with a focus on safety and community
- Top-tier public and private K-12 school systems
- Variety of housing options
- Wide selection of shopping and dining
- Premier office space for residents and tenants
- Top-rated hospitals, police, and fire stations
- Various houses of worship
- Open green space, parks, and integrated trail systems

# HHH MPCs are Situated in Affluent and Growing Markets...

## HOUSTON

The Woodlands, Bridgeland,  
The Woodlands Hills

- Over 40,000 acres with population of 140,000+
- In the pathway of Houston's significant growth

## LAS VEGAS

Summerlin

- Strategically located nine miles from Las Vegas Strip
- 22,500 acres with total population of 120,000+

## PHOENIX

Teravalis

- Poised to capture the growth migrating to Phoenix's West Valley
- 37,000 acres entitled for 100k homes and 55M SF of commercial development

## MARYLAND

Downtown Columbia

- Located between D.C. and Baltimore
- Howard County median household income of ~\$125,000 with 63% of adults holding college degrees

## HAWAII

Ward Village

- 60 acres of property along the coast of Oahu
- Average condo price of ~\$1.0M with 95% of units closed or under contract

# ...and are Consistently Recognized as Exceptional Communities

The Woodlands®

- Top 3 Best City to Live in America – Niche.com (2021 - 2024)

# Continued Free Cash Flow Generation

## Illustrative Cash Flow

## Self-Funded Development Cycle

# HHH Has Evolved Into a Leading Real Estate Company

Swift Execution Across All Company Verticals Has Resulted in Meaningful Value Creation Since 2020

Despite turbulent market conditions, HHH is producing its best results in company history

Robust financial outperformance achieved with ~47% lower G&A vs. pre-COVID levels in 2019

Strategically deployed capital into new developments, acquisitions and share buybacks

Extended debt maturities at low rates to further insulate our fortress-like balance sheet

Reduced G&A, sold non-core assets

**65%**

Increase in wtd. avg.  
residential price  
per acre

**\$53M**

Incremental NOI added,  
increasing Operating  
Asset NOI by 28%

**3,168**

**6.9M**

SF of new development  
delivered or under  
construction

# Strong Recent Results Despite Market Challenges

## Strong Economic Headwinds...

- Mortgage rates **exceeded 8%** for first time in 20+ years coupled with elevated home prices
- Work-from-home becomes the norm, causing companies to **shrink their office footprint**
- Sharp **rise in cap rates** and **inflationary cost pressures** reduces new development appetite
- Ceased travel to Hawai'i during COVID-19 **restricts potential condo buyers** from visiting Ward Village
- **Bank failures** and fastest **Fed rate-hikes** in history causes CRE capital markets to shutter

## ...Created Opportunities for HHH

- Reached **record new home sales** in our MPCs followed by all-time high land sales
- **Office leasing accelerated**, leading to the development of two new assets to meet demand
- Executed on **6.9M SF of new developments** at yields exceeding 6%
- Pivoted to a virtual tour experience that resulted in **record condo sales** during the pandemic
- Leveraged banker relationships and high-quality assets to secure **over \$6B in lucrative financings**

Acres

Future  
Homes

Future  
Residents

SF of Commercial  
Entitlements

## Floreo – The First Village

- Mass grading and infrastructure installation is well-underway
- Residential:
  - Mass grading the first phase comprising 330 acres
  - Sold ~600 lots in YTD for \$781K per acre
  - ~300 lots under contract/LOI
- Commercial:
  - Mass grading 100 acres of future development
  - In final negotiations with a religious and community events operator
- 100-year assured water supply certificates in-place for ~7,000 homes or 10+ years of future development

# MPC Performance and Guidance

## MPC EBT Performance Trend

## FY 2024 EBT Guidance (vs. FY 2023)

- Strong new home sales and limited vacant lot inventories across all MPC's expected to drive improved residential land sales in 2024
- Super pad land sales in Summerlin primarily in 2Q '24 and 3Q '24.
- Decline in EBT driven by reduced commercial land sales and custom lot inventory at Aria Isle and The Summit

**Coming off a record 2023 we anticipate strong EBT in 2024**

# Operating Assets

*Howard Hughes.*

# HHH Owns a Diversified Mix of Commercial Real Estate
