ITEM 4 ISSUER’S BUSINESS, PRODUCTS AND SERVICES

The purpose of this section is to provide a clear description of the issuer’s current operations.

A. Summarize the issuer’s business operations

GRNL has an ongoing business relationship with Artinian LLC through the payment of an ongoing 4% royalty by Artinian to Greenlite on all GameTime Watch and Band sales. Greenlite also has \$50,000 worth of GameTime Watches in inventory.

In May 2023, Greenlite purchased 3 subsidiaries of Altitude International Holdings, Inc; Trident Water LLC, dba Altitude Water, Altitude Wellness LLC, and Altitude International, Inc.

Altitude International, Inc. owned the exclusive rights to sell Sporting Edge, UK simulated altitude chambers and extreme environmental chambers in North America. Upon the completion of the Altitude acquisition, Greenlite entered into a Consulting Agreement with Sporting Edge CEO and Founder Dave Vincent who then put together an exclusive Licensing Agreement between Woodway USA and Greenlite which transferred the exclusive rights to manufacture and distribute Sporting Edge products throughout North America to Woodway USA in exchange for a 15% royalty on top line revenues being paid by Woodway to Greenlite. Woodway recently made the sale of its first altitude chamber on behalf of Greenlite which will be utilized at the Impact Zone in New Jersey.

Immediately after acquiring Altitude Wellness LLC , Greenlite spun the company off to 16929 Wellness Consultants, Inc. in exchange for an ongoing 10% royalty on 16929’s revenues. 16929 owns a multi-faceted Wellness Center in Sugar Land Texas that is serving as the flagship unit for 16929’s franchising operations.

Trident Water LLC was immediately spun off by Greenlite to Blue Sky Strategy LLC upon purchase for a multi-tiered royalty stream based on the size and quantities of their Atmospheric Water Generators that are sold.

Last year, Greenlite signed a Consulting Agreement with sports talk radio personality Jeff DeForrest followed by a second agreement to begin building a sports betting podcast network for Greenlite. In May, 2024 Greenlite launched its podcast operations with the airing of DeForrest’s Morning Briefing show on NoFilter.net sponsored by BetOnline.com. Greenlite is further expanding its podcast presence with signed agreements for new shows with noted sports handicappers Brandon Lang and Troy West.

B. List any subsidiaries, parent company, or affiliated companies.

Affiliated companies: GameTime Watches, Woodway International, Altitude International (altitude training chambers) and Altitude Wellness.

C. Describe the issuers' principal products or services:

1. GameTime watches and bands
2. Altitude training chambers
3. Altitude wellness centers
4. Trident atmospheric water generators
5. Sports podcasts

ITEM 5 ISSUER'S FACILITIES

Our corporate office address is 23313 Barlake Dr. Boca Raton, FL 33433. The location of Greenlite inventory of GameTime watches is 2 Central Ave. Tarrytown NY 10591

ITEM 6 ALL OFFICERS, DIRECTORS AND CONTROL PERSONS OF THE COMPANY

Using the table below, please provide information, as of the period end date of this report, regarding all officers, and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer's securities. If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity.

GREENLITE VENTURES INC

Notes to Unaudited Financial Statements

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

The Company was incorporated in the State of Nevada on December 21, 2000 as Greenlite Ventures, Inc., its current name.

On February 22, 2023 (the “Acquisition Date”), the Company entered into an Asset Purchase Agreement (“APA”) with Artinian, LLC (“Artinian”) thereby purchasing the assets of: (a) Artinian; (b) the dba Game Time Watches, which is in the business of designing, fabricating, and sale of watches and clocks; (c) Game Time Bands, LLC, which is in the business designing, fabricating,, and sale of watch bands and air pod cases; and (d) inventory, computers, accounts receivable, trademarks, intellectual property, bank accounts, agreements, and (subject to the licensor’s approval) assigned license assets of the National Football League, major league baseball, the National Hockey League, World Wrestling Entertainment, NASCAR, Professional Bull Riders Association, Ford, Sports Illustrated, NASA. As a result of the APA, as of February 22, 2023 the Company is conducting active operations in both Tarrytown, NY, and Boca Raton, Florida and has revenue streams from the sale of watches, the sale of watch bands, and from licensing fees.

On February 12, 2024 the Company fully divested Artinian and it became a discontinued operation. See Note 4. Acquisitions and Discontinued Operations.

GRNL has an ongoing business relationship with Artinian LLC through the payment of an ongoing 4% royalty by Artinian to Greenlite on all GameTime Watch and Band sales. Greenlite also has \$50,000 worth of GameTime Watches in inventory.

In May 2023, Greenlite purchased 3 subsidiaries of Altitude International Holdings, Inc; Trident Water LLC, dba Altitude Water, Altitude Wellness LLC, and Altitude International, Inc.

Altitude International, Inc. owned the exclusive rights to sell Sporting Edge, UK simulated altitude chambers and extreme environmental chambers in North America. Upon the completion of the Altitude acquisition, Greenlite entered into a Consulting Agreement with Sporting Edge CEO and Founder Dave Vincent who then put together an exclusive Licensing Agreement between Woodway USA and Greenlite which transferred the exclusive rights to manufacture and distribute Sporting Edge products throughout North America to Woodway USA in exchange for a 15% royalty on top line revenues being paid by Woodway to Greenlite. Woodway recently made the sale of its first altitude chamber on behalf of Greenlite which will be utilized at the Impact Zone in New Jersey.

Immediately after acquiring Altitude Wellness LLC , Greenlite spun the company off to 16929 Wellness Consultants, Inc. in exchange for an ongoing 10% royalty on 16929’s revenues. 16929 owns a multi-faceted Wellness Center in Sugar Land Texas that is serving as the flagship unit for 16929’s franchising operations.

Trident Water LLC was immediately spun off by Greenlite to Blue Sky Strategy LLC upon purchase for a multi-tiered royalty stream based on the size and quantities of their Atmospheric Water Generators that are sold.

Last year, Greenlite signed a Consulting Agreement with sports talk radio personality Jeff DeForrest followed by a second agreement to begin building a sports betting podcast network for Greenlite. In May, 2024 Greenlite launched its podcast operations with the airing of DeForrest’s Morning Briefing show on NoFilter.net sponsored by BetOnline.com. Greenlite is further expanding its podcast presence with signed agreements for new shows with noted sports handicappers Brandon Lang and Troy West.

The Company's year-end is March 31st.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Company's unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and include the operations of Greenlite Ventures Inc.

Revenue Recognition

The Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2014-09, *Revenue from Contracts with Customers (Topic 606)* outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. The guidance provided in Accounting Standards Codification ("ASC") Topic 606 ("ASC 606") requires entities to use a five-step model to recognize revenue by allocating the consideration from contracts to performance obligations on a relative standalone selling price basis. Revenue is recognized when a customer obtains control of promised goods or services in an amount that reflects the consideration that the entity expects to receive in exchange for those goods or services. The standard also requires new disclosures regarding the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. ASC 606 also includes Subtopic 340-40, *Other Assets and Deferred Costs – Contracts with Customers*, which requires the deferral of incremental costs of obtaining a contract with a customer.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the calculation of goodwill and intangible and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of credit risk

Financial instruments which potentially subject the Company to concentration of credit risk consist of cash deposits and customer receivables. The Company maintains cash with various major financial institutions. The Company performs periodic evaluations of the relative credit standing of these institutions. To reduce risk, the Company performs credit evaluations of its customers and maintains reserves when necessary for potential credit losses.

Cash and cash equivalents

The Company considers all highly liquid temporary cash investments with an original maturity of three months or less to be cash equivalents. On March 31, 2024, and March 31, 2023, the Company's cash equivalents totaled \$414 and \$107,024 respectively.

Stock-based Compensation

We account for equity-based transactions with nonemployees under the provisions of ASC Topic No. 505-50, *Equity-Based Payments to Non-Employees* (ASC 505-50). ASC 505-50 establishes that equity-based payment transactions with nonemployees shall be measured at the fair value of the consideration received or the fair value of the equity instruments issued, whichever is more reliably measurable. The fair value of common stock issued for payments to nonemployees is measured at the market price on the date of grant. The fair value of equity instruments, other than common stock, is estimated using the Black-Scholes option valuation model. In general, we recognize the fair value of the equity instruments issued as deferred stock compensation and amortize the cost over the term of the contract.

We account for employee stock-based compensation in accordance with the guidance of FASB ASC Topic 718, **Compensation—Stock Compensation**, which requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair values. The fair value of the equity instrument is charged directly to compensation expense and credited to additional paid-in capital over the period during which services are rendered.

Business Combinations

Under the acquisition method of accounting, we allocate the fair value of the total consideration transferred to the tangible and identifiable intangible assets acquired and liabilities assumed based on their estimated fair values on the date of acquisition. The fair values assigned, defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants, are based on estimates and assumptions determined by management. These valuations require us to make significant estimates and assumptions, especially with respect to intangible assets. We record the excess consideration over the aggregate fair value of tangible and intangible assets, net of liabilities assumed, as goodwill.

If the initial accounting for a business combination is incomplete by the end of a reporting period that falls within the measurement period, we report provisional amounts in our financial statements. During the measurement period, we adjust the provisional amounts recognized at the acquisition date to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the measurement of the amounts recognized as of that date and we record those adjustments to our financial statements.

Net Loss per Share

Net income (loss) per common share is computed pursuant to section ASC 260-10-45 of the FASB Accounting Standards Codification. Basic net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period. Diluted net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of shares of common stock and potentially outstanding shares of common stock during the period.

Fair value of financial instruments

The Company follows paragraph 825-10-50-10 of the FASB Accounting Standards Codification for disclosures about fair value of its financial instruments and paragraph 820-10-35-37 of the FASB Accounting Standards Codification (—Paragraph 820-10-35-37) to measure the fair value of its financial instruments. Paragraph 820-10-35-37 establishes a framework for measuring fair value in accounting principles generally accepted in the United States of America (U.S. GAAP), and expands disclosures about fair value measurements. To increase consistency and comparability in fair value measurements and related disclosures, Paragraph 820-10-35-37 establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three (3) broad levels. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three (3) levels of fair value hierarchy defined by Paragraph 820-10-35-37 are described below:

Level 1: Quoted market prices available in active markets for identical assets or liabilities as of the reporting date. Level 2: Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date.

Level 3: Pricing inputs that are generally unobservable inputs and not corroborated by market data.

The carrying amount of the Company's financial assets and liabilities, such as cash, prepaid expenses and accrued expenses approximate their fair value because of the short maturity of those instruments. The Company's payables approximate the fair value of such instruments based upon management's best estimate of interest rates that would be available to the Company for similar financial arrangements on March 31, 2024 and March 31, 2023.

The Company does not have any assets or liabilities measured at fair value on a recurring or a non-recurring basis

as of March 31, 2024 and March 31, 2023.

Income Taxes

We follow ASC 740-10-30, which requires recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are based on the differences between the financial statement and tax bases of assets and liabilities using enacted tax rates in effect for the fiscal year in which the differences are expected to reverse. Deferred tax assets are reduced by a valuation allowance to the extent management concludes it is more likely than not that the assets will not be realized. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the fiscal years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the Statements of Income in the period that includes the enactment date.

Recent Accounting Pronouncements

The Company has reviewed all recently issued accounting pronouncements and plans to adopt those that are applicable to it. The Company does not expect the adoption of any other pronouncements to have an impact on its results of operations or financial position.

NOTE 3 - GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company had an accumulated deficit on March 31, 2024 of \$11,254,647. The Company requires capital for its contemplated operational and marketing activities. The Company's ability to raise additional capital through the future issuances of common stock is unknown. The obtainment of additional financing, the successful development of the Company's contemplated plan of operations, and its transition, ultimately, to the attainment of profitable operations are necessary for the Company to continue operations. These conditions and the ability to successfully resolve these factors raise substantial doubt about the Company's ability to continue as a going concern. The financial statements of the Company do not include any adjustments that may result from the outcome of these uncertainties.

NOTE 4 - ACQUISITIONS AND DISCONTINUED OPERATIONS

Acquisitions

On February 22, 2023, the Company acquired 100% of the voting interest in Artinian, LLC. ("Artinian"), a private New York limited liability company, and its subsidiaries, pursuant to the terms of an asset purchase agreement. Artinian owns Game Time Watches and Game Time Band, a manufacturer and designer of sports licensed watches and watch bands located in the New York City, NY area.

In connection with the acquisition, the Company's CEO contributed 10,000,000 shares of his personal shares of common stock to shareholders of Artinian. Additionally, as purchase consideration the Company issued 2,000,000 shares of its common stock valued at \$0.54 per share for a total of \$1,080,000, and assumed \$636,483 of net liabilities from Artinian. This resulted in preliminary goodwill to the Company of \$1,716,483. Of this amount 20%, or \$343,297 was allocated intangible assets and is being amortized over a 36 month period. The Company's accounting for the acquisition of Artinian is incomplete. Management is performing a valuation study to calculate the fair value of the acquired intangible assets, which it plans to complete within the one-year measurement period.

In February 2023, the Company entered into an Executive Employment Agreement with Adam Pennington its new Chief Executive Officer, and Board Member with the former Chief Executive Officer of Artinian. This agreement is effective March 1, 2023 with a five year term.

On May 22, 2023 the Company entered into a “Membership Interests And Purchase Agreement (the "Agreement")” and the following subsidiaries of Altitude International Holdings, Inc. (“ALTD” or the “Seller”), a New York corporation doing business in Port Saint Lucie, Florida: (a) Altitude International, Inc., a Wisconsin corporation (“Altitude International”); (b) Trident Water, LLC d/b/a Altitude Water, a Florida Limited Liability Seller (“Trident Water”); and (c) Altitude Wellness, LLC, a Florida Limited Liability Seller (“Altitude Wellness”). The common stock interests of Altitude International and the membership interests of Trident and Altitude Wellness are collectively referred to herein as the “Interests”.

Under the terms of the Agreement the Company issued 600,000 restricted common stock shares to ALTD for purchase of the entities Trident Water, LLC d/b/a Altitude Water, Altitude Wellness, LLC, and Altitude International, LLC; and agree to issue (b) 500,000 restricted common Stock Shares of Greenlite to be issued to the ALTD Lender, Dr. Kenneth Lee as consideration for the debt owed by the ALTD subsidiary, Altitude Wellness, LLC or ALTD, to Dr. Kenneth Lee. The Altitude companies had no assets or liabilities at the time of purchase. The Company has recorded the issuance of 600,000 shares and liability of the 500,000 additional shares issuable as an investment on its balance sheet as of December 31, 2023 amounting to \$695,750.

Discontinued Operations

On February 12, 2024, the “Company” completed the spinout of its Game Time Watches & Bands division as part of its restructuring plan to focus on other business opportunities in the Wellness category. Adam Pennington, the Company’s Chief Executive Officer, resigned his position effective February 12, 2024, to continue to run the Game Time Watches & Bands business as a separate company.

As a result Artinian became a discontinued operation. Revenues for Artinian for the periods ended March 31, 2024 and March 31, 2023 were \$3,381,242 and \$204,501. For the year ended March 31, 2024 the company recorded a loss from discontinued operations of \$1,660,833 compared to a profit of \$90,945 from discontinued operations for the year ended March 31, 2023.

Under the terms of the of the spinout the company received \$50,000 in inventory and a 4% royalty on Game Time gross margin from revenues for a period of five years. For the period ended March 31, 2024 the Company recorded royalty revenue of \$7,945.

NOTE 5 – LOAN PAYABLE

Subsequent to the acquisition of Artinian on February 28, 2023, the Company entered into a loan modification of a Promissory Note with Bluefin Partners, LLC (“the Lender). Under the terms of the loan modification, a prior loan balance along with accrued interest amounting to \$597,611 due to the Lender was cancelled and replaced with a new interest free Promissory Note amounting to \$100,000 payable in 25 monthly installments of \$4,000 commencing on April 1, 2023, in return for 1,500,000 shares of the Company’s common stock. On the date of the transaction the company’s common stock was valued at \$0.6799 which resulted in the Company recording a loss of \$522,239 on the extinguishment of debt. As of March 31, 2024 the company owed the Lender \$64,000.

NOTE 6 – COMMON STOCK

Common Stock

The Company is authorized to issue 500,000,000 shares of common stock with a par value of \$0.00001 per share. As of March 31, 2024 and March 31, 2023 there were 76,905,671 and 41,305,671 shares and issued and outstanding and outstanding respectively.
