USE OF NON-GAAP FINANCIAL MEASURES:

In addition to evaluating our results of operations in accordance with accounting principles generally accepted in the United States of America (“GAAP”), we routinely supplement our evaluation with an analysis of certain non-GAAP financial measures, such as tangible stockholders’ equity and tangible assets and core net income ratios. We believe the reported non-GAAP financial measures provide information useful to investors in understanding our operating performance and trends. Where non-GAAP disclosures are used in this presentation, a reconciliation to the comparable GAAP measure is provided herein or in the quarterly earnings press releases, filed as current reports on Form 8-K with the SEC, and available on our website, www.psbtc.com, under “Investor Relations.” The non-GAAP financial measures we use may differ from the non-GAAP financial measures of other financial institutions.
