CIRATA PLC

Foundation: Building on our strengths

Why we win

- Billion dollar+ market growing 10% CAGR
- Fortune 500 customers with strong 'product-market' fit
- Differentiated technology supported with patents
- Engineering excellence
- Committed colleagues
- Highest quality strategic partners
- Data explosion fuelling increasing executive attention
- Regulation

Foundation: Excellence in governance & controls

A platform for sustainable growth: Integrity, ethics and business conduct

- Enhanced 'Audit Committee' to 'Audit and Risk Committee' and broadened terms of reference
- Compliance Officer appointed
- 'Code of Conduct and Ethics' adopted
- Compilation of consolidated policy manual
 - Updated and enhanced 4 policies
 - Drafted and implemented 9 policies
- Training and certification program starting to roll out

Foundation: Cirata a new brand and company name

Positively impacting every aspect of our business

- Cirata PLC
 - New vision
 - New values
 - Customer centric
 - Growth company culture
 - Category leader
- Transition details
 - New ticker, CRTA
 - Ticker transition date early October 2023
 - ISIN remains unchanged
 - Rebranding workstreams complete by 31 December 2023

Building a platform for growth: Turnaround Plan

Strategic aims

- Develop a sales, partner and business development organisation that better articulates use case and proves value to new and existing customers.
- Drive sales growth and control costs
- Grow direct sales alongside partner relationships
- Transition to subscriptions sales away from perpetual licence sales
- Sell more professional services alongside software sales
- Build strong account management
- Ensure ease of implementation and deployment and world class 24/7 support.

Workstream scorecard: 8 workstreams delivered by Year End FY23

Workstreams	Completed	In Progress	In Planning
Company positioning	Account updates Industry analyst refresh	Rebrand Positioning Statement Customer reference accounts	Customer campaign planning
Recurring revenues	Delegation of Authority (DoA)	Pricing model aligned with customer value	Pricing structure H2 Updated pricing tools
Partner strategy	Compensation plans Account allocation	Partner selection for business development Sales enablement	Revised partner strategy Recruitment of key sales talent
Focused proposition	First iteration value propositions and use cases	Clarity on proposition & focus Agreed roadmap Customer derived roadmap process	Market segmentation
'Customer first'	Top 10 customer outreach Services charging schedule set up	Professional services framework Professional services opportunity review	
Application Lifecycle Management (ALM) leverage			Re-engagement campaign planning
Retention program	Top talent retention plan	Motivate past lifting of suspension Office refresh	Updated values & culture roll out
Cost Realignment	Target run rate plan		

Go-To-Market

Rebuilding from the ground up

- Overhaul of sales team and process, changes include:
 - Delegation of authority
 - Master price list
 - Onboarding and value proposition
 - Sales compensation plans
 - Territory allocation
 - 'Win/loss' analysis
 - Account plans
 - Partner plans
- Value and consultative sales recruitment
- Marketing: Work in progress
 - Pipeline build ineffective - strong immediate focus
 - Account based marketing non-existent
 - Lacking repeatable models

Concluding remarks

Building a platform for growth

The immediate challenge: Rebuild of a growth company from ground up in ‘Go To Market’

- Sales basics (training, value selling, compensation plans)
- Marketing basics (expand with lead generation, pipeline development, repeatable process)

Turnaround Plan executing in H2 FY23 to build foundations for growth in FY23 towards cash-flow breakeven

The equity story;

- Excellent product & technology with product market fit
- Market opportunity; growing \$1bn+ market¹
- Marquee customers and strategic partners re-engaged
- Developing strong growth plans
- Strong governance
- Coherent and targeted Turnaround Plan
- Strong Board and Management Team with proven turnaround, growth & execution track record
- New brand to carry the new values and vision of the company

cirata

(sir • ah • ta)

The combination of powerful cloud computing and analytics techniques such as AI applied to massive data sets will provide game changing data modernization and monetization opportunities over the coming decades. Blending the spirit of “cirrus” and “data”, draws its essence from information that originates anywhere in an ecosystem, and seamlessly links that data to the cloud(s) of your choice.

Welcome to cirata. A new company with over 45 patents and 15+ years of data science expertise in rapidly integrating high value datasets to leading cloud platforms for game changing AI activation and analytics insights.

Cloud + data with no limits.
