Guardrail replacement project to begin on U.S. 169

The week of Sept. 16, the Kansas Department of Transportation expects to begin a guardrail replacement project on U.S. 169 in Anderson County. The road work, which also includes a culvert repair, starts just north of 1900 Road and continues northeast for 10 miles.

Temporary signals will direct one-lane traffic through the work zone; expect delays of 15 minutes or less. Weather permitting, the project should be finished by mid-November.

KDOT awarded J&J Contractors, Inc., Iola, the \$653,424 construction contract. Check KDOT's updated traveler information website, www.kandrive.gov, for more highway condition and construction details. Persons with questions may contact Construction Manager Ian Stringham at (785) 433-6116 or Public Information Officer Priscilla Petersen at (620) 902-6433.
