El Dorado State Park road to be closed for bridge repair

A road at El Dorado State Park will be closed soon for a bridge repair.

The Kansas Department of Transportation project is on the Myers Road bridge over a railroad on the west side of the park.

The work is expected to begin around Sept. 16 and be completed around Oct. 18.

During the closure, motorists will be directed by signs to East 12th Avenue in El Dorado for access to the park.

The first map below shows the project location. The second map shows the detour route.

Wildcat Construction Co. Inc., of Wichita, is the primary contractor for the \$96,870 project.

For updated information on this and other KDOT highway projects and road conditions across the state, go to www.kandrive.gov.
