Roadwork planned on U.S. 83 south of Oberlin

The Kansas Department of Transportation expects to begin a resurfacing project on portion of U.S. 83 in Decatur and Sheridan counties starting the week of July 8.

Project work will involve a mill and overlay starting near the K-383 junction in Sheridan County and extending 9.5 miles to the north. Traffic through the areas where crews are actively working will be directed by flaggers and a pilot car. Motorists should plan for delays of 15 minutes or less during daylight hours.

KDOT expects work to be complete mid-August, conditions permitting.

Bettis Asphalt and Construction of Topeka is the primary contractor for the \$3 million project. For more information, contact KDOT Area Construction Manager Todd Anderson at 785-953-6011 or todd.anderson@ks.gov.
