Field survey underway on K-23 in Gove, Sheridan counties

The Kansas Department of Transportation has started a field survey on a portion of K-23 in Gove and Sheridan counties.

Crews are working along an 11-mile portion of K-23 between I-70 and County Road 70 to gather information for proposed improvements along the route. Activities will include the use of survey instruments on the ground to determine locations of existing features within the survey corridor.

KDOT expects work to be completed in January 2025.

Crews will contact property owners or tenants for permission to enter private property if access is needed. Jeff Jones of Garver will oversee the survey for KDOT.

Persons with questions may contact KDOT public affairs manager Lisa Mussman at 785-874-8107 or lisa.mussman@ks.gov.
