## August 2024 Supervised Community Confinement Program Data

The purpose of the Supervised Community Confinement Program (SCCP) is to provide a means of successful reentry of adult facility residents into the community. Residents transferred to supervised community confinement are still considered to be in the legal custody of the Department while in the program. The place of confinement is in the community, rather than in a Department facility. Participation in this program is a privilege which may be afforded to eligible residents who meet the criteria.
