AGENCY’S DISCUSSION AND ANALYSIS

Description of Agency

The South Carolina Department of Probation, Parole and Pardon Services (SCDPPPS) is the third largest state law enforcement agency in South Carolina and is charged with the supervision of offenders in the community placed on probation by the Court, granted parole by the South Carolina Board of Pardons and Paroles, enrolled in mandatory release programs - Community Supervision Program (CSP) and Supervised Reentry Program (SRP), and on Youthful Offender Release from the South Carolina Department of Corrections (SCDC). Offenders are supervised according to a wide range of strategies that are designed to provide the opportunity to succeed while protecting public safety. The Department embraces its motto: **Prepare, Provide, Protect**. At the end of fiscal year (FY) 2024, the Department supervised a daily average of 72,800 jurisdictional offenders and 22,779 active offenders.

The Department was created on October 18, 1941 by Act 562 (amended to Act 563) with the expectation to maintain high standards of integrity, professionalism and accountability. In July 2018, the Department became the first and remains the only probation and parole agency in the nation to be accredited by the Commission on Accreditation for Law Enforcement Agencies (CALEA) and was awarded reaccreditation in July 2022.

The Department maintains a headquarters facility in Columbia along with 46 county offices and satellite offices in Beaufort, Berkeley, Dorchester, Greenville, Spartanburg and York counties. At the end of FY 2024, the Department was staffed with 720 employees, which included 412 sworn officers and 315 non-sworn staff. The Department is comprised of the Director’s office and three divisions: Administration, Offender Supervision and Enforcement Services, and Legals and Policy Management.

Governor Henry McMaster appointed Chief Deputy Director JoAnn D. Gallman as Acting Director on October 9, 2023. The Director has the overall responsibility for the Department, the budget, staff functions, and development of all policies and procedures governing the agency. The Director's Office includes the Offices of Chief Deputy Director, Pardons, Pardons and Release Services, Program Planning and Development, General Counsel, External Affairs, Information Security and Privacy, and Professional Responsibility.

The Administration Division is managed by Deputy Director Virginia J. Anderson and includes the Offices of Fiscal Management, Information Technology Services, Budget, Grants Administration, Human Resources, Project Management, and Property Management and Procurement.

The Division of Offender Supervision and Enforcement Services is led by Deputy Director Chadwick A. Gambrell which includes all Field Operations, Regional Offices, Interstate Compact Services, Special Operations Unit, Field Programs, and Standards, Compliance and Performance.

Associate Deputy Director D. Mark Simmons has oversight of the Legals and Policy Management Division which includes the Offices of Victim Services, the Ignition Interlock Device Program, Accreditation, and Administrative Hearings.

The Department’s supervision strategies are consistent with empirically proven practices and continue to generate positive results in the lives of offenders, as evidenced in successful closure rates. SCDPPPS touts an 79% successful probation closure rate compared to the national average of 66.3%. In reference to parole supervision, SCDPPPS has an 84% successful closure rate compared to the national average of 65.1% (Bureau of Justice Statistics, *Probation and Parole in the United States, 2022, May 2024*).

Significant Projects & Agency Successes in FY 24

During the past fiscal year, SCDPPPS has achieved several significant accomplishments as it strives to fulfill its mission to Prepare, Provide and Protect. The department has significantly reduced the amount of time- from 90

to 45 days- between offender intake and the creation of individualized active supervision plans. These important plans guide how offenders will be supervised while under SCDPPPS’ jurisdiction (1.1.2).

The department created an Internal Sex Offender Treatment Program within the Office of Program Planning and Development. Providing rehabilitative services, this program provides court-ordered counseling to sex offenders. Fifty-nine offenders are currently enrolled in this 18-month program. Participants meet once a week focusing on goals such as disrupting sexual offending cycles, managing dynamic risk factors and developing pro-social skills (3.2.3).

Also, this past fiscal year, the agency distributed 93 breathalyzers to Agents supervising offenders on domestic violence, mental health and sex offender caseloads. Offenders on the domestic violence (FY 24-25 Strategic Plan Objective 3.1.1) and sex offender caseloads are required to abstain from alcohol as substance use can be a major contributing factor to recidivism.

Committed to protecting public trust and safety, 86% of sworn agency staff and 441 total staff have completed cardiopulmonary resuscitation (CPR) training (3.1.1 and 3.1.2). Twelve staff members as were certified as CPR Instructors through the American Heart Association in the fall of 2023. Beginning with the January 2024 PPP Basic training class, all newly hired Agents and Offender Supervision Specialists (OSS) received CPR certification. The department now requires all sworn staff to receive and maintain this certification.

Supervising offenders in the community and participating in disaster responses, the department’s sworn staff can potentially be called upon to assist in emergency situations. These hands-on sessions have provided staff additional skills to help create a safer work environment and community.

Internal Factors Affecting the Agency’s Performance in FY 24

The Agency has had twenty-three employees retire in FY 24, which represents a significant amount of experience and institutional knowledge leaving the department. With the departures of so many senior staff and management leaving, the Agency is experiencing a newer and younger workforce. The shifting demographics to younger generations are seeing a rise in requests for telecommunication or hybrid schedules. Recruitment is also a factor, requiring incentives such as bonus programs and facilitating nontraditional work schedules.

External Factors Affecting the Agency’s Performance in FY 24

Recent decisions by the appellate courts have produced challenges and required changes to certain practices. Notably, Kelsey v. S.C. Dept. of Probation, Parole and Pardon Services now requires parole-eligible inmates be allowed to review their files before their hearings. In response, Agency employees within the institutions are providing copies of the files to the inmates prior to the parole hearing and reviewing claims of inaccuracies by the inmates or their attorneys. Also, State v. Grissett required adjustments to how community supervision revocations are calculated.

The Ignition Interlock Device (IID) “All Offender Law” went into effect May 19, 2024. This law is predicted to nearly double the number of IID drivers monitored by SCDPPPS. As of June 30, 2024, there were 22,660 individuals eligible for the IID Program and 1,211 participants were enrolled. The law imposes mandatory IID requirements for all Driving Under the Influence and DUAC convictions. It also requires all implied consent cases who wish to obtain a Temporary Alcohol License (TAL) to request an Administrative Hearing with the Office of Motor Vehicles Hearings. If the suspension is sustained at the hearing and if the driver choses to continue to maintain the TAL, and ignition interlock device must be installed for a minimum of 90 days. During the past fiscal year, IIDs attached to the vehicles of drivers in this program prevented 2,723 engine starts at .08 BAC and higher, potentially saving lives. The department continues to oversee this vital, growing program protecting South Carolina’s drivers.

Another external factor to which the agency has responded was increased public interest in the processes of the autonomous Board of Pardons and Paroles. This amplified interest may partially be attributed to a renewed national focus on sentencing reform. The number of press inquiries and Freedom of Information Act requests related to parole and pardon statistics have increased the past year, requiring significant staff time to generate responses. SCDPPPS continues to work to educate the public about the practices of the independent Board.

Current Efforts and Associated Results

The department worked diligently to successfully complete several strategic objectives during FY 2024. These objectives represent each of the department’s strategic and goals.

- Increase the number of inmates released to supervision with completed risk and needs assessments by 20% annually
- Increase the number of restorative justice programs offered to crime victims by one.
- Increase the number of service provider referrals entered into the automated tracking system by 5,000.
- Establish two cyber security incident response exercises.

Plans Under Development to Introduce Additional Changes

During FY 24-25, SCDPPPS intends to place particular focus on enhancing the agency’s technical capabilities. The SCDPPPS Artificial Intelligence Committee was formed during the summer of 2024 to harness the power of artificial intelligence (AI) technologies to drive innovation, efficiency, and excellence in agency operations and services. (Strategy 4.1) The purpose of the committee is to guide and support the responsible adoption and integration of AI initiatives that benefit the agency, staff and public stakeholders.

This committee of ten will provide regular updates and recommendations to the Executive Management Team. The committee will also be responsible for communicating key information, progress and recommendations about AI to agency staff.

The committee has established several objectives, some of which include:

- To develop an AI strategy, policies, and governance structure that align with the agency’s mission
- To oversee the successful implementation and integration of AI technologies and solutions into agency operations, processes and service delivery.

Successful application of this objective will require staff education, training, establishment of appropriate technology infrastructure, and cross-functional collaboration across agency divisions.

In FY 2024-2025, SCDPPPS plans to increase its focus on expanding data-sharing initiatives (4.1.3 and 4.3.1). During the past few years, SCDPPPS has received numerous statewide data-sharing requests. In addition, the House Legislative Oversight Committee published numerous recommendations in its 2022 report stating the benefits of potential interagency data-sharing. SCDPPPS is also currently participating in a data-sharing grant project with the South Carolina Law Enforcement Division (SLED) and the South Carolina Department of Corrections (SCDC).

SCDPPPS aims to establish a secure and standard method for data-sharing that will apply to various entities requesting data from the department. This can be accomplished by developing a secure application programming interface (API) to make SCDPPPS’ data available to approved entities using a standard data transport method, compliant with a JavaScript Object Notation (JSON) or similar schema - enabling consistent, reciprocal access statewide. The enhancement of data-sharing efforts presents many benefits to the department, including the improvement of rapid access to sensitive criminal justice information and the elimination of the need to create custom services for every entity requesting data

The department remains committed to accuracy and accountability in all of offender supervision practices and programs. SCDPPPS is currently 1:1 with its distribution of 370 body worn cameras (BWC) to all caseload Agents, Offender Supervision and Enforcement Services (OSES) supervisory staff, and additional staff during emergencies. The General Assembly provided \$82,937 recurring funds in its FY 24-25 Appropriations Bill for the purchase of BWCs (3.2.1). In its FY 25-26 request, the department will request \$270,993 for the BWC contract renewal.

BWC videos help protect Agents and citizens against false accusations, claims of misconduct and abuse. These videos also increase transparency and accountability of Agent staff, who conducted 86,001 home visits during the past fiscal year. On a regular basis, SCDPPPS provides other law enforcement entities with BWC video evidence captured during offender contacts, which can lead to further criminal charges. If this program remains underfunded, it would have a direct impact on the public’s trust of law enforcement, would limit the agency’s ability to hold Agents accountable in case supervision, and would reduce public safety.

Another FY 24-25 objective of the department is to achieve 90% staff completion of the South Carolina Attorney General’s Office of Crime Victim Services’ Notification Training (2.1.2). Agency staff across multiple divisions will attain a foundational knowledge of victim-sensitive issues. Additionally, course focus will center on the employee’s responsibility to uphold the South Carolina Victims’ Bill of Rights and state statutes addressing the victim’s role in the criminal justice process.

As part of the FY 24-25 Strategic Plan, the department will incorporate three new non-traditional indicators of success in agency annual reports (3.1.3), they include:

- 67% of offenders have been employed over six months
- 58% of body-worn camera videos that pass quality standards per policy
- 79% of restitution cases diverted from the Administrative Monitoring Program at case closure

Other Highlights of FY 2024

SCDPPPS received its second accreditation award from South Carolina Law Enforcement Accreditation, Inc. (SCLEA) on March 8, 2024. The agency’s next reaccreditation review by SCLEA will be in 2027. The department received its initial state accreditation award in March 2021. Having achieved this high honor from SCLEA *and* national accreditation in 2018 from the Commission on Accreditation for Law Enforcement Agencies (CALEA) makes SCDPPPS dually-accredited, an achievement attained by only one other state cabinet-level law enforcement agency. These commissions award the highest mark of professional excellence for public safety agencies, reflecting the law enforcement gold standard.

FY 2024 also marked the second year of the widely publicized Electronics Detection Canine Program. K-9 Chip, a Golden Retriever-Labrador mix, and his handler, Agent Benjy Partain, assist Probation and Parole Agents in sex offender home searches. The smaller electronics that are uncovered may potentially contain child pornography and can later serve as valuable evidence in court.

In May 2024, Chip and Agent Partain attended the inaugural Advanced Deployment and Strategies Course at Jordan Detection K-9 in Indiana. Out of 24 national teams, Chip placed 3rd overall and won the Top Dawg Award. With this, Chip and Agent Partain were invited back this past August and were honored with the opportunity to assist instructing a Basic Handler Course. To date, Chip has conducted 245 searches, located 740 devices, assisted in causing 28 individuals to face new criminal charges to include Possession of Child Sex Abuse Material (CSAM), Distribution of CSAM, Criminal Sexual Conduct with a Minor, and other related charges. Chip is responsible for the rescue of a minor victim whom was being actively abused by her stepfather. Chip located devices that contained evidence of the ongoing abuse and thus allowed the suspect to be arrested.

Furthermore, the K-9 Unit has assisted other agencies including the Attorney General’s Office, SLED, SCDC, and other local law enforcement entities.

RISK ASSESSMENT AND MITIGATING STRATEGIES

Potential Most Negative Impact on the Public if Strategic Goals & Objectives Aren’t Accomplished and Nature and Level of Outside Help Needed to Mitigate Negative Impact on the Public/Up to 3 Options for the General Assembly to Help Resolve the Issue Before it Becomes A Crisis

Goal 1: The first goal, to “Prepare Offenders Under our Supervision Toward Becoming Productive Members of the Community”, is one of the primary functions of SCDPPPS. There are two strategies related to this goal. The first involves providing evidence-based services for offenders in order to promote accountability and behavioral change. This includes objectives focused on decreasing offender unemployment and improving the timeliness of risk assessments and supervision planning. The department was able to increase the number of offenders with active supervision plans within the first 45 days of supervision (1.1.2) and to significantly increase the number of inmates released to supervision with completed risk and needs assessments (1.1.3). SCDPPPS has struggled to fully implement evidence-based strategies to decrease offender unemployment or to hire a polygraph examiner.

The second strategy involves maximizing state resources and enhancing services by improving supervision processes to collect fines, fees, and victim restitution. To accomplish this, the Strategic Planning Committee set goals centered around improving our processes to collect and monitor offender monetary obligations. The department was able to reduce the amount of offender fee arrearages by 10% (1.2.1) and to decrease the number of restitution accounts which were placed on Administrative Monitoring (1.2.2). Care must be taken in setting goals to ensure the department is aligning strategies with statutes. While there was a decrease in the number of restitution accounts placed on Administrative Monitoring, this will continue to remain a strong focus to further improve collections. SCDPPPS will continue to develop a comprehensive plan to utilize non-traditional methods of collections (1.2.4) to meet the goal of a 30% referral rate of Administrative Monitoring cases to a third-party collections source (1.2.3). These objectives have been moved to the FY 24-25 Strategic Plan.

SCDPPPS will continue to concentrate on Preparing Offenders Under our Supervision Toward Becoming Productive Members of the Community. Not doing so will erode the core basis of SCDPPPS’ mission which will negatively impact other department goals, objectives, initiatives. The greatest impact to society is having non-productive offenders who could commit new crimes and possibly victimize citizens. The financial drain of non-productivity is far-reaching; however, it pales in comparison to rising crime rates and increasingly violent nature of crimes being committed throughout the country (Bureau of Justice Statistics, *Crime Rates in the United States, 2022, January 2024*).

The department will take a comprehensive review of the Administrative Monitoring Program to ensure compliance as outlined in the code of laws.

Options for the General Assembly to help resolve this issue include allocating additional full time employees to expand Administrative Monitoring who will be responsible for effectively carrying out the laws regarding Administrative Monitoring and the financial obligations owed.

Goal 2: The second goal, to “Provide Assistance to Victims of Crimes, the Courts, and the Parole Board”, relies on two strategies. The first strategy of delivering quality services to agency stakeholders aims to deliver quality services by identifying and connecting a specific group of victims to appropriate services (2.1.1). The second strategy is focused on the delivery of quality services to Agency stakeholders. The objectives involved are intended to provide court-room training, increase services to victims and ensure parole hearings are scheduled in a timely manner, consistent with the guidelines established in the code of laws.

While the department was successful in all of the objectives to meet this goal, failing to meet this standard could have been detrimental, in that it could lead to victims, offenders and inmates receiving sub-par service in

| | | | |
|---------------------|---|-----------------|------------|
| AGENCY NAME: | South Carolina Department of Probation, Parole and Pardon Services | | |
| AGENCY CODE: | N080 | SECTION: | 066 |

criminal justice proceedings. Further, this potentially could involve the denial of certain rights established in the SC Victims' and Witnesses' Bill of Rights, the SC Code of Laws and the US Constitution. Stakeholder and public surveys have created a network of input, which allows the Agency to continue to provide quality services.

There is limited assistance from the General Assembly identified in this area.

Goal 3: The third goal, "Protect Public Trust and Safety", involves a profound commitment to hold ourselves accountable to the public in the execution of all of our duties. There are two strategies established to meet this goal. The first is focused on establishing and maintaining positive relationships with the public. To accomplish this the agency endeavored to mandate CPR training at the volunteer level for all sworn staff. (3.1.1 and 3.1.2) The objective to incorporate three new non-traditional indicators of success in agency annual reports (3.1.3) was closed successfully and involved reporting on offender employment, policy compliance as reviewed by body-worn camera footage and restitution cases diverted from Administrative Monitoring.

The second tier of this goal involves enhancing strategies to reduce recidivism. To accomplish this, SCDPPPS was able to increase the number of service provider referrals entered into the automated tracking system by 5,000. (3.2.3) However, we are still striving to have 90% of body worn camera videos reviewed through the Office of Standards Compliance and Performance. The department still needs to train caseload carrying staff on supervision plan development where goals and action steps are linked to each offenders' risks, needs and strengths as identified by their assessment.

Failure to meet this goal will result in a lower proficiency in the agency's expectation of quality supervision. It could lead to agency-imposed risk of harm to the offender population at large. Failure to properly train staff in the execution of evidence-based supervision plans, and not properly monitoring the work of staff regarding recording with the offenders and the public could be detrimental to the public.

Legislative and budgetary assistance is still needed to successfully outfit every Agent with equipment and training regarding assigned duties. This includes those duties associated with our core mission, implementation of evidence-based practices, and "additional duties" often tasked during deployments.

Options for the General Assembly to help resolve this issue include allocating funding to ensure all sworn staff are equipped with the required equipment and training to respond to state emergencies, as required. Legislative mandates regarding the legislature's expectations for the agency to enthusiastically implement statewide evidence-based practices throughout its supervision policies and procedures will require attention to these issues.

Goal 4: The fourth goal is to "Efficiently Develop the Organization and Workforce While Delivering Quality Services." The first strategy in accomplishing this goal is to build a technological infrastructure for process improvement to adapt to business needs. Although the Strategic Planning Committee identified three objectives in this area, the department has struggled to meet these objectives. The department will focus on improving communication between the business users and the end-users to support the needed services. The department remains committed to working toward accomplishing these objectives.

The second strategy involves implementing comprehensive plans for retaining and hiring employees and supporting knowledge continuity. The agency has maintained a retention rate of 80% or greater through its efforts. (4.2.2) SCDPPPS is still working to identify and implement innovative strategies to recruit staff.

The final strategy involves continuously exploring and implementing processes that create and maintain accountability and a high-performance work culture by ensuring staff are properly trained. Our goal to conduct bi-annual training with all staff regarding data sharing, redaction and confidentiality matters (4.3.1) is an identified need. area. Moving forward, the agency will strive to maximize its use of staff by ensuring specialized areas are performing within the scope of their existence. The objective to require 50% of online training requires interactions (4.3.4) was not accomplished. This will be the focus for the coming year. Staff was able to

create two cybersecurity incident response exercises (4.3.2) and train 90% of our managers regarding conflict resolution strategies (4.3.3).

Failure to meet this goal will render our agency unable to carry out its core mission, lacking the tools needed to deliver quality services to the citizens of South Carolina. The SCDPPPS IT section is challenged to identify opportunities for new growth in evolving technology. There will be an emphasis on this area of improvement.
