

## Government announces Clean Seed and SMART Seeder MAX™ as part of a \$10B project value add in Throne Speech at the Legislature.

**October 28, 2021 - Vancouver, British Columbia**

We are proud to have our Company and the SMART Seeder MAX™ announced as part of a driving force behind a stronger economy in the Oct 27th, 2021, throne speech by The Honourable Russ Mirasty Lieutenant Governor of Saskatchewan at the Saskatchewan Legislature.

It is an honour to be recognized for the leading role Clean Seed is playing to contribute to growth in employment opportunities, technical development, and innovation of SMART Seeder technologies as well as crop production initiatives in the province of Saskatchewan, the heartland of Canada.

The construction of our Clean Seed Agricultural Technology headquarters is well underway, and we look forward to the opening ceremony as part of this wonderful and exciting process.

Thank you to the Gov't Of Saskatchewan and Premier Scott Moe for your passionate support of Clean Seed and our SMART Seeder Max Technology we look forward to a bright future as we continue on our path to set new standards in the fundamental shift towards the large-scale adoption of technology enabled agricultural equipment for the long-term benefit of all farmers.

*"Graeme Lempriere"*

Chairman and CEO

### About Clean Seed Capital Group Ltd.

The common shares of Clean Seed Capital Group Ltd. are listed on the TSX Venture Exchange and trade under the symbol "CSX".

We are a team of innovators and business management professionals with a proven track record of game changing innovation and production of patented agricultural technologies at an incredibly high level. We pride ourselves as progress facilitators that turn solutions for modern agricultural problem into commercially viable products to fulfill new demand.

Clean Seed's SMART Seeder™ technologies are revolutionary seeding tools that utilize the unique synergy of sophisticated electronic metering and intuitive software control putting row-by-row variable rate technology at the forefront of agricultural innovation. Our innovations create a new class of highly accurate seeding equipment designed specifically for today's farmer.

**CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION:**

This news release includes certain "forward-looking statements" as defined under applicable Canadian securities legislation. All information and statements contained herein that are not clearly historical in nature constitute forward-looking information, and the words "anticipate", "estimate", "believe", "continue", "could", "expects", "intend", "plans", "postulates", "predict", "will", "may" or similar expressions suggesting future conditions or events or the negative of these terms are generally intended to identify forward-looking information. Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable, are subject to known and unknown risks, uncertainties, and other factors which may cause the actual results and future events to differ materially from those expressed or implied by such forward-looking statements. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Specifically, but not limited, supply chain delays as experienced globally could lead to delays in the Company producing and delivering its product to customers for spring 2022. Clean Seed disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.
