#### 1 General information

Kruger Products Inc. (Kruger Products or the Company) operates as a corporation registered in the Province of Quebec, Canada whose shareholders are 13582141 Canada Inc. (ultimate parent and a wholly-owned subsidiary of Kruger Inc., through which it holds Kruger Products shares), KPGP Inc. (KPGP) and KP Tissue Inc. (KPT). Kruger Products manufactures, sells and distributes tissue products for household, industrial and commercial use. The company has plants in New Westminster, British Columbia; Crabtree, Sherbrooke and Gatineau Quebec; Scarborough and Trenton, Ontario and Memphis, Tennessee. The company's headquarters are located in Mississauga, Ontario, Canada.

On January 1, 2023, Kruger Products L.P. (KPLP or the Partnership) undertook a corporate reorganization (the Reorganization) pursuant to which the Partnership sold and assigned to its wholly-owned subsidiary, Kruger Products, and Kruger Products purchased and assumed from the Partnership, in exchange for common shares, all of the properties, operations, assets and liabilities of the Partnership, and the Partnership was subsequently dissolved and wound-up into its partners. As a result of the Reorganization, Kruger Products, as the successor corporate entity to the Partnership, now operates the business previously operated by the Partnership. Additional information is disclosed in note 13.

#### 2 Basis of presentation

These unaudited condensed consolidated financial statements have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (IFRS Accounting Standards) applicable to the preparation of interim financial statements, including International Accounting Standard (IAS) 34 - Interim Financial Reporting as issued by the International Accounting Standards Board (IASB), and with interpretations of the International Financial Reporting Committee which the Canadian Accounting Standards Board has approved for incorporation into Part 1 of the CPA Canada Handbook - Accounting. These unaudited condensed consolidated financial statements should be read in conjunction with the annual audited consolidated financial statements of the Company for the year ended December 31, 2023.

These unaudited condensed consolidated financial statements were approved by the board of directors of Kruger Products on August 12, 2024.

#### 3 Summary of significant accounting policies

The significant accounting policies used in the preparation of these unaudited condensed consolidated financial statements were disclosed in the annual audited consolidated financial statements of the Company for the year ended December 31, 2023 and have been applied to all periods presented.

Accounting standard implemented effective January 1, 2024:

(i) IAS 1, Classification of Liabilities as Current or Non-current. In January 2020, the IASB issued an amendment to IAS 1 to clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. In October 2022, the IASB issued an amendment to IAS1, Non-current Liabilities with Covenants, to clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The 2022 amendments also introduce additional disclosure requirements to improve the information an entity provides when its right to defer settlement of a liability is subject to compliance with covenants within twelve months after the reporting period. The 2022 amendments changed the effective date of the 2020 amendments. The mandatory effective date was for annual periods beginning on or after January 1, 2024. The amended standard resulted in additional disclosures in the unaudited condensed consolidated financial statements for non-current liabilities arising from loan arrangements that are subject to covenants to be complied with within twelve months after the reporting period.

#### Notes to Unaudited Condensed Consolidated Financial Statements

For the 3-month and 6-month periods ended June 30, 2024 and June 30, 2023

(tabular amounts are in thousands of Canadian dollars, except share amounts)

(ii) IAS 12, Global Implementation of Pillar Two. In June 2024, the principal components of Canada's Pillar Two global minimum tax rules were enacted into law. The rules are generally effective as of January 1, 2024, and are intended to ensure that multinational enterprises pay a minimum of 15% tax in each jurisdiction in which they operate. In May 2023, the IASB issued amendments to IAS 12 Income Taxes to provide temporary relief from accounting and disclosure for deferred taxes arising from the implementation of Pillar Two rules. The company retrospectively adopted this amendment during the year ended December 31, 2023 and has applied the exception to recognizing and disclosing information regarding Pillar Two deferred income tax assets and liabilities.

Accounting standard issued but not yet implemented:

(i) IFRS 18, Presentation and Disclosure in Financial Statements. In April 2024, the IASB issued IFRS 18 to achieve comparability of the financial performance of similar entities. The standard, which replaces IAS 1, impacts the presentation of primary financial statements and notes, mainly the income statement where companies will be required to present separate categories of income and expense for operating, investing, and financing activities with prescribed subtotals for each new category. IFRS 18 will require management-defined performance measures to be explained and included in a separate note within the consolidated financial statements. The mandatory effective date would be for annual reporting periods beginning on or after January 1, 2027, including interim financial statements, and requires retrospective application. The Company is currently assessing the impact of the new standard.

#### 4 Critical accounting estimates and judgments

The preparation of these unaudited condensed consolidated financial statements in conformity with IFRS Accounting Standards requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities in the unaudited condensed consolidated financial statements and the disclosure of contingencies at the dates of the unaudited condensed consolidated statements of financial position, and the reported amounts of revenues and expenses during the reporting period. On a regular basis and with the information available, management reviews its estimates. Actual results could differ from those estimates. When adjustments become necessary, they are reported in earnings in the period in which they occur. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and the future periods if the revision affects both current and future periods. The estimates and judgement applied by management that most significantly affect the unaudited condensed consolidated financial statements are the same as the ones that applied to the audited consolidated financial statements of the Company for the year ended December 31, 2023.

#### 5 Pensions and post-retirement benefits

The following were the significant assumptions for the defined benefit pension plans and other benefit plans:

#### 9 Segment information

#### Reportable segments

Management has determined the operating segments based on the reports reviewed by the Chief Executive Officer who is considered to be the Chief Operating Decision Maker. The Company operates in two industry segments: Consumer and Away-From-Home (AFH).

#### (a) Consumer

This segment operates using the Company's manufacturing facilities in Canada (New Westminster, British Columbia; Crabtree, Quebec; Sherbrooke, Quebec; Gatineau, Quebec) and in the United States (Memphis, Tennessee). The Consumer segment includes sales of branded tissue products such as Cashmere®, Purex®, Sponge Towels®, Scotties®, White Swan®, Bonterra<sup>TM</sup> and White Cloud® and private label tissue products.

#### (b) AFH

This segment operates using the Company's manufacturing facilities in Canada. The AFH business sells tissue products primarily through distributors to businesses involved in property management, health care, food service, manufacturing and lodging and also to public facilities.

Segment operating income is the earnings (loss) for each such segment before (i) interest expense and other finance costs, (ii) income taxes, (iii) depreciation, (iv) amortization, (v) loss on sale of non-financial assets, (vi) loss (gain) on disposal of property, plant and equipment, (vii) foreign exchange loss (gain), (viii) costs related to restructuring activities and (ix) changes in amortized cost of Partnership units liability. The unaudited condensed consolidated financial statements refer to "Adjusted EBITDA", a measure which does not have a standardized meaning prescribed by IFRS Accounting Standards and therefore may not be comparable to similarly titled measures presented by other companies. "Consumer Segment Adjusted EBITDA" and "AFH Segment Adjusted EBITDA" means in each case the Segment operating income for the respective reportable segment of the Company.

#### Corporate and other costs

Corporate and other costs include certain management overhead costs not directly attributable to the business segments.

The Company's assets, operations and employees are located primarily in Canada and the United States. The same long-term assets of the Company are used for the Consumer and AFH segments. Accordingly, assets cannot be allocated to these segments.

The Long-term payable to related party is measured at the present value of the future payments required to settle the obligation, discounted using the Company's incremental borrowing rate. The increase in the Long-term payable to related party due to passage of time is recognized as Interest expense and other finance costs in the unaudited condensed consolidated statements of income (loss) and comprehensive income (loss). (tabular amounts are in thousands of Canadian dollars, except share amounts)

As a result of the Reorganization, the Partnership unit liability was extinguished as the Partnership Agreement was terminated in accordance with its terms and the corresponding requirement to make the Tax Distribution was eliminated. The extinguishment of the Partnership units liability resulted in a corresponding increase to equity of Kruger Products in the consolidated statement of financial position as of December 31, 2023. In addition, certain tax assets and liabilities as well as current and deferred income tax expense were recognized directly by Kruger Products as it has an obligation to pay income taxes as a result of the Reorganization. The impact of recognizing tax assets and liabilities resulted in a corresponding amount being recognized in the consolidated statement of loss during the year ended December 31, 2023.

#### Share capital

Kruger Products is authorized to issue an unlimited number of common shares and an unlimited number of class B common shares.

On January 1, 2023, Kruger Products purchased for cancellation from the Partnership 620,039,997 common shares of Kruger Products and, in consideration for the Partnership Assets, issued 71,479,389 class B common shares to the Partnership, pursuant to the Asset Purchase Agreement. #### Dividend reinvestment plan

Kruger Products adopted a dividend reinvestment plan (the Kruger Products DRIP), which permits shareholders that elect to participate in the Kruger Products DRIP to automatically reinvest all cash dividends in additional common shares at a price per common share equal to 100% of the five-day weighted average trading price of the common shares prior to the date of payment of the dividend.
