Forward-Looking Statements

- Statements in this press release that are not historical facts, including, but not limited to, statements concerning future operations, results or performance, are hereby identified as "forward-looking statements" for the purpose of the safe harbor provided by Section 21E of the Securities Exchange Act of 1934 and Section 27A of the Securities Act of 1933. The words "believe," "expect," "anticipate," "project," "plan," "intend," "will," "could," "would," "might" and similar expressions often signify forward-looking statements. Such statements involve inherent risks and uncertainties. ServisFirst Bancshares, Inc. cautions that such forward-looking statements, wherever they occur in this press release or in other statements attributable to ServisFirst Bancshares, Inc., are necessarily estimates reflecting the judgment of ServisFirst Bancshares, Inc.'s senior management and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. Such forward-looking statements should, therefore, be considered in light of various factors that could affect the accuracy of such forward-looking statements, including, but not limited to: the global health and economic crisis precipitated by the COVID-19 outbreak; general economic conditions, especially in the credit markets and in the Southeast; the performance of the capital markets; changes in interest rates, yield curves and interest rate spread relationships, including in light of the continuing high rate of domestic inflation; changes in accounting and tax principles, policies or guidelines; changes in legislation or regulatory requirements; changes in our loan portfolio and the deposit base; economic crisis and associated credit issues in industries most impacted by the COVID-19 outbreak; possible changes in laws and regulations and governmental monetary and fiscal policies, including, but not limited to, economic measures intended to curb rising inflation; the cost and other effects of legal and administrative cases and similar contingencies; possible changes in the creditworthiness of customers and the possible impairment of the collectability of loans and the value of collateral; the effect of natural disasters, such as hurricanes and tornados, in our geographic markets; and increased competition from both banks and non-bank financial institutions. The foregoing list of factors is not exhaustive. For discussion of these and other risks that may cause actual results to differ from expectations, please refer to "Cautionary Note Regarding Forward-looking Statements" and "Risk Factors" in our most recent Annual Report on Form 10-K, in our Quarterly Reports on Form 10-Q, and our other SEC filings. If one or more of the factors affecting our forward-looking information and statements proves incorrect, then our actual results, performance or achievements could differ materially from those expressed in, or implied by, forward-looking information and statements contained herein. Accordingly, you should not place undue reliance on any forward-looking statements, which speak only as of the date made. ServisFirst Bancshares, Inc. assumes no obligation to update or revise any forward-looking statements that are made from time to time.
- Non-GAAP Financial Measures - This presentation includes non-GAAP financial measures. Information about any such non-GAAP financial measures, including a reconciliation of those measures to GAAP, can be found in the presentation.

6) Loan Production Office

Our Business Model

- **“Loan making and deposit taking”**
 - Traditional commercial banking services
 - No emphasis on non-traditional business lines

- **Culture of cost control**
 - “Branch light,” with \$438 million average deposits per banking center
 - Leverage technology and centralized infrastructure
 - Headcount focused on production and risk management
 - Key products; including remote deposit capture (63% of dollars deposited in 2024 have been via RDC), cash management, remote currency manager
 - Outsource selected functions

- **C&I and Owner Occupied CRE lending expertise**
 - 42% of gross loans
 - Target customers: privately held businesses \$2 to \$250 million in annual sales, professionals, affluent consumers

Scalable, Decentralized Structure

- **Local decision-making**
 - Emphasize local decision-making to drive customer revenue
 - Centralized, uniform risk management and support
 - Conservative local lending authorities, covers most lending decisions
 - Geographic organizational structure (as opposed to line of business structure)

- **Regional CEOs empowered and held accountable**
 - Utilize stock based compensation to align goals

- **Top-down sales culture**
 - Senior management actively involved in customer acquisition

Capacity For Growth

- **Potential for significant growth in both loan and deposit book size of current calling officers**
 - Approximately 63% of the bank's loan book is managed by approximately 20% of the bank's calling officers and approximately 65% of the bank's deposits is managed by approximately 20% of the bank's calling officers
 - Average outstanding loan balances per officer as of 9/30/24 was \$62 million and average deposit balances per officer was \$68 million
 - Strive for a minimum of \$75 million in outstanding loans and deposits for every calling officer, resulting in approximately \$5.5 billion in potential additional loan balances and \$5.4 billion in potential additional deposits balances
 - Approximately 31% of calling officers manage loan and/or deposit books in excess of \$75 million
- **Focused on identifying motivated, customer service oriented bankers**
 - Regularly meet with potential new bankers
 - Sustainable growth achieved through exceptional customer service which builds client loyalty and leads to customer referrals

Risk Management

- **Manage risk centrally while delivering products and services by each Regional Bank**
- **Centralized/Consistent: operations, compliance, risk, accounting, audit, information technology, and credit administration**
- **Investing resources in Risk Management Group**
 - Hired CRO in 2017; implemented enterprise risk management program
 - Invested in new technologies (BSA, information security, credit administration)
 - Enhanced staff and resources for risk, compliance, BSA, and credit administration
 - Increased scope of internal audits and independent loan reviews
- **Management committees identify, monitor, and mitigate risks across enterprise**
- **Healthy Regulatory relations**
- **Independent loan portfolio stress testing performed regularly**
- **Correspondent Banking Division provides additional stable funding source**

Risk Management

Credit Process

- Lending focuses on middle market clients with Regional CEO and credit officers approving secured loan relationship up to \$5MM; relationships greater than \$5MM are approved by the CCO and/or members of executive management
- Centralized monitoring of ABL relationships greater than \$2MM and centralized monitoring of commercial construction projects greater than \$3MM
- Independent loan review examines 35-40% of the committed balances annually to affirm risk rating accuracy and proper documentation
- The top three industry exposures as of 9/30/24 are: Real Estate (36%), Service Industry (12%) and Retail (8%).
 - The top three C&I and C&I OOCRE portfolio industries are: Retail (18%), Manufacturing (9%), and Health Care (9%). C&I and C&I OOCRE loans account for 42% of the total loan portfolio

Risk Management

Credit Process

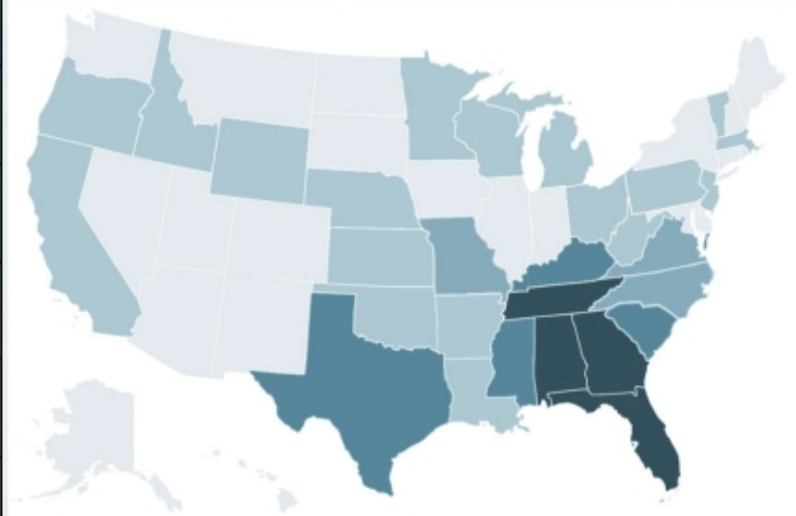

- **The Bank does not lead any Share National Credits (SNCs); the Bank does participate in 13 relationships that are classified as SNCs with current balances of \$106MM as of 9/30/24**
- **As of 9/30/24, CRE as a percent of capital was 307% and AD&C as a percent of capital was 80%**
- **Approximately 87% of the Bank's CRE loans are located in Bank's seven state footprint**
- **As of 9/30/24, variable rate loans account for 47% of the loan portfolio**
 - 85% of variable rate loans have a floor and the average floor rate is 4.5%
- **The Bank's average net credit loss from 2008 through 2010 was 52 basis points compared to a peer ⁽¹⁾ average of 121 basis points thus the bank performed well above its peers in the last large economic downturn**

1) Peer Group 4 as defined by The Uniform Bank Performance Report (UBPR)

1) For a reconciliation of these non-GAAP measures to the most comparable GAAP measure, see "GAAP Reconciliation and Management Explanation of Non-GAAP Financial Measures" included at the end of this presentation.

2) Non-GAAP financial measures. "Tangible Common Equity to Tangible Assets" and "Tangible Book value per Share" are not measures of financial performance recognized by generally accepted accounting principles in the United States, or GAAP.

GAAP Reconciliation and Management Explanation of Non-GAAP Financial Measures

During the fourth quarter of 2023, we recorded a one-time expense of \$7.2 million associated with the FDIC's special assessment to recapitalize the Deposit Insurance Fund following bank failures in the spring of 2023. This assessment was updated in the first quarter of 2024 resulting in additional expense of \$1.8 million. These expenses are unusual, or infrequent, in nature and not part of the noninterest expense run rate. Each of adjusted net income, adjusted net income available to common stockholders, adjusted diluted earnings per share, adjusted return on average assets, adjusted return on average common stockholders' equity and adjusted efficiency ratio excludes the impact of these items, net of tax, and are all considered non-GAAP financial measures. During the fourth quarter of 2021, we recorded \$3.0 million of expenses associated with our core operating system conversion scheduled to be completed during the third quarter of 2022. The expenses relate to negotiated liquidated damages of our existing system contracts and the procurement of our data from those providers. We recorded a \$1.7 million credit to our FDIC and other regulatory assessments expense in 2019 as a result of the FDIC's Small Bank Assessment Credit. We recorded \$3.1 million of additional tax expense as a result of revaluing our net deferred tax assets at December 31, 2017 due to lower corporate income tax rates provided by the Tax Cuts and Jobs Act passed into law in December 2017. The revaluation adjustment of our net deferred tax asset position was impacted by a number of factors, including increased loan charge-offs in the fourth quarter of 2017, increases in deferred tax liabilities relating to depreciation expense on our new headquarters building, and dividends from our captive real estate investment trusts. In 2017 we also recorded expenses of \$347,000 related to terminating the lease agreement on our previous headquarters building in Birmingham, Alabama and expenses of moving into our new headquarters building. We recorded expenses of \$2.1 million in 2015 related to the acquisition of Metro Bancshares, Inc. and the merger of Metro Bank with and into the bank, and recorded an expense of \$500,000 resulting from the initial funding of reserves for unfunded loan commitments, consistent with guidance provided in the Federal Reserve Bank's Interagency Policy Statement SR 06-17. We recorded a non-routine expense of \$703,000 for the first quarter of 2014 resulting from the correction of our accounting for vested stock options previously granted to members of our advisory boards in our Dothan, Huntsville and Montgomery, Alabama markets. The table below presents computations of earnings and certain other financial measures which exclude the significant adjustments discussed above. These non-GAAP financial measures include "adjusted net income available to common stockholders," "adjusted earnings per share, basic," "adjusted earnings per share, diluted," "adjusted return on average assets," "adjusted return on average stockholders' equity," "adjusted return on average common stockholders' equity" and "adjusted efficiency ratio." Adjusted earnings per share, basic is adjusted net income available to common stockholders divided by weighted average shares outstanding. Adjusted earnings per share, diluted is adjusted net income available to common stockholders divided by weighted average diluted shares outstanding. Adjusted return on average assets is adjusted net income divided by average total assets. Adjusted return of average stockholders' equity is adjusted net income divided by average total stockholders' equity. Adjusted return of average common stockholders' equity is adjusted net income divided by average common stockholders' equity. The adjusted efficiency ratio is adjusted non-interest expense divided by the sum of adjusted net interest income and adjusted non-interest income. Our management and board use these non-GAAP measures for reporting financial performance to internal users for management purposes and externally as part of presentations to investors. We believe these non-GAAP financial measures provide useful information to management, our board and investors that is supplementary to our financial condition, results of operations and cash flows computed in accordance with GAAP; however, we acknowledge that these non-GAAP financial measures have inherent limitations, are not audited and are not required to be uniformly applied. All amounts are in thousands, except share and per share data.
