**Meeting Summary**

Staff from EPA's Office of Pesticide Programs (OPP) met with representatives of the National Sorghum Producers (NSP) regarding proposed mitigation identified in the *Proposed Revisions to the Atrazine Interim Registration Review Decision* memorandum that was published in the docket on June 30, 2022. The discussion focused on the potential impacts of the proposed mitigation on sorghum growers. NSP provided several suggestions for refinements to the proposed mitigations that could reduce the impact on sorghum growers and plans to submit detailed comments in response to the proposed revisions memorandum.
