

Institute for Sustainable Communities' Environmental Justice - [REDACTED] Grantmaker ([REDACTED]) Application

Paperwork Reduction Act - Notice

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. OMB Control Number: 2035-NEW. Responses to this collection of information are voluntary. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 2 to 6 hours. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to Director, Information Engagement Division; U.S. Environmental Protection Agency (2821T); 1200 Pennsylvania Ave., NW; Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

Eligibility Information

This grant application is only for applicants that meet at least one of the below descriptions:

- In a Conflict of Interest (COI) with the grantmakers in Region [REDACTED]
- Recommended by a Region [REDACTED] Grantmaker
- Recommended by the [REDACTED] Grantmaker Advisory Council
- In need of translation services beyond the Regional Grantmakers in [REDACTED]

Grant Description

The Institute for Sustainable Communities' Thriving Communities Subgrants provide community-based nonprofits and other eligible subrecipients funding for assessment, planning, and project development activities. This competition is launched in alignment with the goals and objectives of two Executive Orders (EO 14008 and EO 13985) issued by the Biden Administration that demonstrate the EPA's and Administration's commitment to achieving environmental justice and embedding environmental justice into Agency programs.

The funding is available through grant programs that provide between \$75,000 and \$350,000 in funding. These grants are only available to eligible applicants located in [REDACTED]

Eligible applications describe community projects targeting local environmental and public health issues in [EPA IRA Disadvantaged Communities](#). Applicants will also increase capacity building and leadership development through the three project phases: assessment, planning and project development.

Eligible and prioritized recipients include:

- Community-based 501(c)(3) nonprofit organizations, local government, tribal government, or Native American organizations
- Projects rooted in and comprised of communities of color, under-resourced and disinvested communities, tribes, and Indigenous communities that are most directly impacted by environmental and public health issues - Please use the EPA IRA Disadvantage Communities Mapping Tool to confirm the location.
- Have a history of building grassroots power and leadership to influence the decisions that affect their communities
- Address the intersectional sectional components of environmental justice, housing, health, education, transportation, workforce development, urban planning, energy, water, green infrastructure, or youth development.

There will be multiple funding cycles. Eligible grantees will be limited to two awards, and the second award cannot be the same Phase as the first award. Recipients may apply for Phase II or Phase III funding in future rounds if time and capacity allow.

PLEASE NOTE: Before applying, all applicants must [register with the U.S. Secretary of State](#) to obtain an Employer Identification Number (EIN) at [irs.gov](#), register with System for Award Management (SAM) and secure a UEI # from [SAM.gov](#). **This process can take up to 2 weeks.**

Award Amount: Competitive Grants range from \$150,000-\$350,000. The Capacity Building \$75,000 sub awards are only provided to severely capacity-constrained organizations.

Grants Available: All of the grants listed below can be applied to through this form. Follow this [link](#) for more details about each grant.

- Capacity Building Grant: Only available for severely capacity-constrained organizations, \$75,000. Capacity-constrained is defined as having an annual operating budget less than \$350,000 and less than 3 full time staff members.
- Phase I Assessment, 1 year project, \$150,000
- Phase II Planning, 1-2 year project \$250,000
- Phase III Development, 2 year project, \$350,000

Deadline to Apply

The deadline for funding cycle 1 is **October 1, 2024**. There will be multiple funding cycles which can be viewed here.

IMPORTANT: Before applying, all applicants must register with the U.S. Secretary of State to obtain an Employer Identification Number (EIN) at irs.gov, register with System for Award Management (SAM) and secure a UEI # from [SAM.gov](https://sam.gov). **This process can take up to 2 weeks.** You must renew and validate your registration every 12 months.

How to submit: Application packages must be submitted on or before the listed closing date, at 11:59 PM ([REDACTED]) through this form or mailed to [REDACTED] [REDACTED] with "Attention to EPA TCGM Grantmaker" with a postmark before the listed deadline.

Applications received or postmarked after the closing date and time will not be considered for funding. The applicant must submit the full application, including attachments by the stated deadline.

Support

Support is available to answer questions and to help you successfully submit your application. Accommodations, including additional language translation, are also available. All requests are submitted through the [support request form](#). For language translation, please allow two (2) business days for response and three (3) business days for turnaround service. **Follow this link to contact the support team.**

The Institute for Sustainable Communities operates Monday through Thursday from 9am - 5pm [REDACTED] and Friday 9am - 1pm [REDACTED]. The Institute for Sustainable Communities is closed for the following holidays:

Eligible - Application Screening

You are eligible to apply for a grant!

These questions will help determine which grant your organization qualifies for:

What is the organization's annual operating budget?

- Less than \$350,000
- More than \$350,000

How many full time staff members does the organization have?

- Less than 3 full time staff members
- More than 3 full time staff members

Does the organization have at least 1 full-time staff member or a strong leadership and implementation structure in place (for example: a partnership among multiple organizations)?

- Yes
- No

Conditional if No

Please reach out via the support request form to provide more information.

Institute for Sustainable Communities' Environmental Justice - [REDACTED] Grantmaker [REDACTED] Application

Eligible - Application Selection

You are eligible for the following grants:

Capacity Building Grant

The Capacity Building grants are available to the most capacity constrained organizations that would benefit from operational health funds to build their capacity as leaders within their community. The goal of the Capacity Building funding is to address technical questions, capacity, or skills that local organizations need to address an environmental justice issue, without external support.

Award Amount: A limited number of \$75,000 sub awards.

Submission Requirements: Project proposal including work plan and budget.

Review Requirements: Determination will be made through a short series of interviews with a small team to assess capacity, project impact, applicant knowledge/site access, etc. and a rubric used during the conversation will determine awardees.

Follow this [link](#) to review a more complete description and evaluation matrix.

Competitive Grants

Phase I Assessment Grant

Phase I Assessment Grants are available for severely capacity-constrained community-based organizations and/or "entry-level" applicants to assist them during the initial steps of their work to address specific issues impacting them locally by conducting assessments of environmental and public health concerns. Phase I projects can address multiple environmental issues (e.g., air quality, water contamination, toxic substances, etc.).

Award Amount and Duration: Up to \$150,000 each for a 1-year project period.

Submission Requirements: Project proposal including applicant's history working with the EPA IRA Disadvantaged Community, the community's background and environmental needs; description of project including scope, goals, capacity, and budget.

Review Requirements: Determination will be made through ADD DETAILS.

Follow this [link](#) to review a more complete description and evaluation matrix.

Phase II Planning Grant

Phase II Planning Grants are available for community-based organizations and other Eligible Subrecipients who already have a strong understanding of their local environmental and/or public health issues and are ready to formulate a community-wide plan to address those issues. Developing key cooperative partnerships with community stakeholders is an essential part of developing a community-wide plan and later implementing that plan.

Therefore, partnership development will be a key aspect of the Phase II sub grants. Phase II project activities can address multiple environmental issues (e.g., air quality, water contamination, toxic substances).

Award Amount and Duration: Up to \$250,000 each for a 1 to 2-year project period.

Submission Requirements: Project proposal including applicant's history working with the EPA IRA Disadvantaged Community, the community's background and environmental needs; description of project including scope, goals, capacity, and budget.

Review Requirements: Determination will be made through [REDACTED]

Follow this [link](#) to review a more complete description and evaluation matrix.

Phase III Development Grant

Phase III Development Grants are available for community-based nonprofit organizations and other Eligible Subrecipients who already have a strong understanding of their local environmental and/or public health issues, have already formulated a community-wide plan addressing those issues, and/or are now ready to develop the technical aspects of the project (i.e., implement the project on the ground). Developing key cooperative partnerships with community stakeholders is an essential part of developing a community-wide plan and later implementing that plan. Therefore, partnership development will be a key aspect of the Phase III sub grants as well. Phase III projects can address multiple environmental issues (e.g., air quality, water contamination, toxic substances).

Award Amount and Duration: Up to \$350,000 each for a 2-year project period.

Submission Requirements: Project proposal including applicant's history working with the EPA IRA Disadvantaged Community, the community's background and environmental needs; description of project including scope, goals, capacity, and budget.

Review Requirements: Determination will be made through [REDACTED]

Follow this [link](#) to review a more complete description and evaluation matrix.
