Meredith,

By way of this email, I am conveying the documents requested in your email below.

Since EPA realized it needed documents that were previously withdrawn, CARB is providing these documents as support material for the 2018 PM2.5 Plan and Valley State SIP Strategy, per EPA's request. The 2015 Staff Report was made available for a 30-day public comment period beginning April 20, 2015. The technical clarifications were enclosed with the Plan submittal dated June 25, 2015.
