Subject: Complete Part 71 Application for EOG Resources, Inc. - Clarks Creek Central Facility Renewal of Operating Permit V-TAT-000820-2018.00.
Date: Thursday, August 22, 2024 4:34:58 PM

Mathew Oliver,

This is to notify you that the EPA has completed its review of EOG Resources, Inc. (EOG)'s applications for a renewal Part 71 Title V Operating Permit for the Clarks Creek Central Facility (Facility) located on the Fort Berthold Indian Reservation in North Dakota. The application was received by the EPA on May 29, 2024. Pursuant to 40 CFR 71.5, we have determined that the information submitted in the application is administratively complete and sufficient to evaluate the Facility and to determine all applicable requirements.

The EPA is sending EOG this email to document the completeness determination, remind EOG of its continuing obligation to correct any misinformation and provide updated information to the EPA or at the EPA's request, and to remind EOG of its continuing obligation to comply with all applicable permitting and regulatory requirements.

This permit action has been given draft permit number V-TAT-000820-2024.00. A copy of the application provided by EOG may be reviewed electronically online through Docket # [EPA-R08-OAR-2024-0383](#) on [regulations.gov](https://www.regulations.gov).

If you have any questions or concerns, please contact Matt Pollard at Pollard.matthew@epa.gov.

Thank you.
