	<p><i>Below is a summary of the comment. For the full comment, see attached letter at this link <a href="https://www.regulations.gov/document/USCIS-2006-0072-0093">USCIS-2006-0072-0093</a>.</i></p> <p>AILA believes a more consistent approach, using total income to determine ability of the declarant to support themselves or the beneficiary of a Form I-134, is more appropriate inasmuch as adjustments should not count against income level for Form I-134 purposes, particularly if the form does not provide for evidence of current year income and is only based upon the prior year's tax return as evidence of "current" income.</p>	<b>Response:</b> USCIS will not make changes to the information collection based on this comment. The purpose of the Form I-134 is to show a person has sufficient income or financial resources to support the beneficiary. By providing the adjusted gross income as provided on a Federal tax return, the individual agreeing to support the beneficiary is providing information about the actual available income that may be used for that support. Form I-134 also allows an individual agreeing to financially support the beneficiary to provide information on the cash or assets available if necessary.
