Documentation of Changes Made During Review Under Executive Order 12866

**Title of
Action:**

Docket #: EPA-HQ-

FRL#:

RIN: 2070-

This action was submitted to the Office of Management and Budget (OMB) for review under Executive Order 12866, entitled *Regulatory Planning and Review* (58 FR 51735, October 4, 1993). According to section 6(a)(3)(E) of the Executive Order, whenever the Agency makes publicly available an action that was reviewed under Executive Order 12866, the Agency is also required to:

- (1) Make available to the public a copy of the information that was provided to OMB's Office of Information and Regulatory Affairs (OIRA) for review under the Executive Order, i.e., the text of the draft action and, if applicable, an assessment of the potential costs and benefits; as well as additional information required for those actions that are determined to be economically significant under section 3(f) of the Executive Order (see section 6(a)(3)(B) & (C));
- (2) Identify for the public any substantive changes made to the draft submitted to OMB, using a method that is complete, clear and simple; and
- (3) Identify for the public those substantive changes made at the suggestion or recommendation of OIRA/OMB.

For this action, were substantive changes made during the review? *[Check the appropriate answer.]*

- No.** [Only the information identified in item 1 below is included in the docket.]
- Yes.** [The information identified in items 1-3 below is included in the docket, as applicable.]

Accordingly, the Agency has included the following information in the public docket for this action: *[Check the appropriate box(es).]*

- (1) A copy of the **information that was submitted** to OIRA for review under the Executive Order.
- (2) Documentation of **any substantive changes** that were made to the draft document that was submitted to OIRA/OMB for review, when compared with what completed review, using one of the following methods (select one):
- (a) A copy of the draft document submitted, with redline and strikeout to show all the substantive changes that were made during the review.
 - (b) A document that identifies the substantive changes that were made during the review, with page and paragraph references to the draft document that was submitted.
 - (c) Other (please describe):
- (3) Documentation of **those substantive changes made at the suggestion or recommendation of OMB**, if any, are identified in the document using one of the following methods (select one):
- (a) Through attributions to OMB in the redline and strikeout version or other document identifying the changes made at OMB's recommendation.
 - (b) Other (please describe):
