Ms. Suna Sariscak, Permit Program Administrator
Air & Radiation Management Administration
Maryland Department of the Environment
1800 Washington Boulevard
Baltimore, MD 21230

Dear Ms. Sariscak:

On behalf of Verso Corporation I would like to inform you that we have exhausted all possibilities of securing a company to purchase the Luke Mill Facilities and keep the Title V Operating Permit active. All of the required conditions within the permit have continued to be maintained since our announcement to close the Luke Mill.

Please accept this letter as our official notification that Verso Luke LLC is requesting a complete closure of the Luke Mill Facility and termination of all associated air quality permits as of the date of this letter. Furthermore, we acknowledge that Verso or any potential new owner of the facility must apply for and obtain all new air quality permits in order for this facility to begin operations any time in the future.

Thank you for your immediate attention to this notification. Please contact me if you require any additional information.

Sincerely

A handwritten signature in black ink, appearing to read 'Glen Gilbert', written in a cursive style.

May 8, 2020

Mr. Glen Gilbert, Facility Manager
Verso Corporation
Luke Mill
300 Pratt Street
Luke MD 21540

Dear Mr. Gilbert:

This is to notify you that the Department's Air and Radiation Administration (ARA) has terminated all air quality permits associated with Verso Luke LLC's Luke Mill Facility located at 300 Pratt Street in Luke, Maryland (ARA Premises No. 001-0011), effective May 7, 2020. This includes Verso Luke LLC's Title V – Part 70 Operating Permit No. 24-001-0011 issued on January 1, 2019. Verso Luke LLC is no longer required to submit an annual Emissions Certification Report or pay an annual Title V – Part 70 Operating Permit emissions-based fee.

Please be aware that if you plan to install and operate any other air pollution emitting equipment or operate any existing equipment at the site in the future, you must apply for and obtain all required air quality permits from the Department prior to installation and operation.

If you have any questions regarding this letter, please feel free to contact me at (410) 537-4129 or suna.sariscak@maryland.gov.

Sincerely,

A handwritten signature in black ink that reads "Suna Yi Sariscak".
