

Late Comment Received for EPA’s Proposed Partial Approval and Disapproval of North Dakota, Wyoming and Utah Regional Haze Second Implementation Period State Implementation Plans

North Dakota Docket ID No. EPA–R08–OAR–2023–0495

Wyoming Docket ID No. EPA–R08– OAR–2023–0489

Utah Docket ID No. EPA–R08– OAR–2024–0389

The EPA received the attached letter, dated October 28, 2024, and associated materials from Sierra Club, National Parks Conservation Association, Powder River Basin Resource Council, Healthy Environment Alliance of Utah, Badlands Conservation Alliance, Coalition to Protect America’s National Parks, and Utah Physicians for a Health Environment, commenting on EPA’s proposed partial approval and disapproval of North Dakota, Wyoming and Utah Regional Haze Second Implementation Period State Implementation Plans (SIPs). Written comments for EPA’s proposed partial approval and disapproval for North Dakota Regional Haze Second Implementation Period SIP were required to be received on or before August 9, 2024. See 89 FR 56693 at 56694 (Jul. 10, 2024). Written comments for EPA’s proposed partial approval and disapproval for Wyoming Regional Haze Second Implementation Period SIP were required to be received on or before September 3, 2024. See 89 FR 63030 (Aug. 1, 2024). Written comments for EPA’s proposed partial approval and disapproval for Utah Regional Haze Second Implementation Period SIP were required to be received on or before September 18, 2024. See 89 FR 67208 (Aug. 19, 2024). The EPA did not consider late comments for North Dakota, Wyoming, and Utah Regional Haze Second Implementation Period SIPs rulemakings.
