I have added Julie Best (IKAV) along with SUIT AQD to the email.

Thank you all.

Hi Zachary,

Thanks for tying us in on this thread. Just for clarification, was this email intended for IKAV or SUIT AQD?

In reference to the emails below, after reviewing the inspection report, EPA believes that since the report was signed by SUIT AQP, we do not require any photographs.

Please let me know if you have any questions.

Hello Mr. Stewart,

The inspection report is attached, but it does not include any photographs.

I can reach out to the SUIT Air Quality Program and request an onsite meeting to gather photo documentation of the location. Please let me know if this would be helpful.

Thank you for your assistance,
Julie

Subject: SIMCOE Treating Site #7 PSD Permit

You don't often get email from stewart.zachary@epa.gov. [Learn why this is important](#)

Hello Julie,

I am new to EPA Region 8 and am reviewing SIMCOE LLC's request to rescind the PSD Permit for Treating Site #7. The request references an onsite inspection conducted by the Southern Ute Indian Tribe Air Quality Program on April 20, 2022, where the Tribe confirmed removal of the equipment covered by the PSD permit but did not include documentation of that inspection. For integrity of the record for the requested action, please provide documentation of the referenced inspection, ideally including evidence, such as photographs, analysis of current PSD applicability, and/or certification by the Air Quality Program.

Please feel free to reach out to me with any questions or additional information.

Thank you,

Zachary Stewart
