Hey Mike,

The clean version should be all ready to go in ROCIS from EPA's end.

Let me know if you need anything else.

Hey Mike,

We've gone through the comments and have made the recommended edits along with the couple of other minor revisions we'd discussed during our last meeting. I've attached clean and redline versions of the draft FR notice incorporating the revisions from Monday.

Don't hesitate to reach out if you have any questions/concerns. I'll be out of the office this afternoon but working the rest of the week.
