Martha Guzman
Regional Administrator
U.S. Environmental Protection Agency, Region 9
75 Hawthorne Street
San Francisco, California 94105
guzman.martha@epa.gov

Dear Regional Administrator Guzman:

The California Air Resources Board (CARB) is submitting to the U.S. Environmental Protection Agency (U.S. EPA) revisions to the California State Implementation Plan (SIP) that consist of rescinded local district rules listed in Attachment A to CARB Executive Order S-22-011 from the Mojave Desert Air Quality Management District (Mojave District). Enclosed is CARB Executive Order S-22-011, adopting Mojave District rule revisions identified in Attachment A as revisions to the California SIP. The rules identified in Attachment A were rescinded to align the SIP version of the rules with the versions in effect in the Mojave District.

In addition, in the enclosed September 21, 2022, letter, the San Diego Air Pollution Control District (San Diego District) requested that CARB withdraw from the SIP the September 21, 2020, submittal of San Diego District Rule 69.2.2, *Medium Boilers, Process Heaters, and Steam Generators*. Further, U.S. EPA has not taken action on this rule, and it is no longer appropriate for inclusion in the California SIP. Therefore, CARB withdraws this submittal from consideration by U.S. EPA for inclusion in the California SIP.

To meet U.S. EPA's criteria for determining that rule submittals are administratively and technically complete, we have enclosed evaluations of the effects of the rules on emissions, evaluations of the rules; consistency with 40 CFR 51, and other supporting documentation provided to us by the Mojave District. This SIP submittal also includes the complete Mojave District package for the rule revisions that were submitted to CARB.

If you have any questions, please contact Edie Chang, Deputy Executive Officer, at (916) 445-4383 or have your staff contact Dr. Michael Benjamin, Chief, Air Quality Planning and Science Division at (916) 201-8968.

Sincerely,

Steven S. Cliff, Ph.D., Executive Officer
