---

Ethan,

Playing catchup on email. Adrienne began her review this afternoon. I would expect us to issue the permit tomorrow, Wednesday at the latest.

Matt,

Any updates on the process of the permit getting signed by the Division Director?

Thanks,

***Ethan Hinkley***

**Subject:** [EXTERNAL] RE: CO2 facility update

Ethan,

Thank you for the inquiry. The meeting with Cultural Dept. on November 7 went well. We have sent the final permit to be signed by the Air and Radiation Division Director. That permit is currently awaiting her signature. We expect that signature before the Thanksgiving holiday, and we will send you the signed permit the day we receive it from the Division Director. The permit will become effective upon the date of her signature.

Matt,

I just wanted to check in and see if you had any updates on the CO2 facility permit process. I heard that the Cultural Dept. meeting went well, so hopefully EPA has everything they need now to sign off on that piece. Let me know if there is anything else that you need from me.

Thanks,

***Ethan Hinkley***
