This is to notify you that the EPA has issued a final Clean Air Act (CAA) true minor permit to construct for the new Red Cedar Gathering Company CO₂ Capture Facility pursuant to the Tribal Minor New Source Review (MNSR) Permit Program at 40 CFR Part 49. The final MNSR permit and administrative permit record is accessible on our website at: <http://www.epa.gov/caa-permitting/caa-permits-issued-epa-region-8>.

In accordance with the regulations at §49.159(a)(3), the final permit is effective immediately, November 26, 2024, because the EPA did not receive any comments on the proposed permit during the public comment period.
