**NARRATIVE:** A 2005 Chevrolet Malibu was traveling west on ND41 as it approached US83. The Malibu did not stop at the stop sign, attempting to cross US83's northbound lane. A 2012 Chevrolet Silverado was traveling north on US83 in the right lane at the time. The driver of the Silverado observed the Malibu approaching the intersection, so he changed lanes trying to

avoid a collision. The vehicles collided in the northbound lane. Both vehicles came to rest in the median. The grass in the median caught fire. The Silverado was able to be driven away from the grass fire. The fire was extinguished right away by the Wilton fire department.

The driver of the Malibu was extricated to safety and was transported by ambulance to Sanford Medical Center in Bismarck where she was pronounced deceased.

The driver and passenger of the Silverado sustained minor injuries. The driver of the Silverado was arrested for an outstanding arrest warrant.

This crash is under investigation by the North Dakota Highway Patrol.
