GLOBAL MEDICAL REIT INC.
Notes to the Unaudited Condensed Consolidated Financial Statements
(in thousands, except per share amounts or as otherwise indicated)

Note 1 – Organization

Global Medical REIT Inc. (the “Company”) is a Maryland corporation engaged primarily in the acquisition of purpose-built healthcare facilities and the leasing of those facilities to strong healthcare systems and physician groups with leading market share. The Company holds its facilities and conducts its operations through a Delaware limited partnership subsidiary named Global Medical REIT L.P. (the “Operating Partnership”). The Company serves as the sole general partner of the Operating Partnership through a wholly owned subsidiary of the Company named Global Medical REIT GP LLC, a Delaware limited liability company. As of March 31, 2022, the Company was the 94.00% limited partner of the Operating Partnership, with an aggregate of 6.00% of the Operating Partnership owned by holders of long-term incentive plan units (“LTIP Units”) and third-party limited partners who contributed properties or services to the Operating Partnership in exchange for common limited partnership units (“OP Units”).

Note 2 – Summary of Significant Accounting Policies

Basis of presentation

The accompanying condensed consolidated financial statements are unaudited and include the accounts of the Company, including the Operating Partnership and its wholly owned subsidiaries. The accompanying condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) and the rules and regulations of the U.S. Securities and Exchange Commission (“SEC”). Certain information and footnote disclosures required for annual consolidated financial statements have been condensed or excluded pursuant to SEC rules and regulations. Accordingly, the accompanying condensed consolidated financial statements do not include all the information and footnotes required by GAAP for complete consolidated financial statements and should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2021. In the opinion of management, all adjustments of a normal and recurring nature necessary for a fair presentation of the condensed consolidated financial statements for the interim periods have been made.

Principles of Consolidation

The accompanying condensed consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. The Company presents the portion of any equity it does not own but controls (and thus consolidates) as noncontrolling interest. Noncontrolling interest in the Company includes the LTIP Units that have been granted to directors, officers and employees of the Company and the OP Units held by third parties. Refer to Note 5 – “Equity” and Note 7 – “Stock-Based Compensation” for additional information regarding the OP Units and LTIP Units.

The Company classifies noncontrolling interest as a component of consolidated equity on its Condensed Consolidated Balance Sheets, separate from the Company’s total equity. The Company’s net income or loss is allocated to noncontrolling interests based on the respective ownership or voting percentage in the Operating Partnership associated with such noncontrolling interests and is removed from consolidated income or loss on the Condensed Consolidated Statements of Operations in order to derive net income or loss attributable to common stockholders. The noncontrolling ownership percentage is calculated by dividing the aggregate number of LTIP Units and OP Units by the total number of units and shares outstanding. Any future issuances of additional LTIP Units or OP Units would change the noncontrolling ownership interest.

Use of Estimates

The preparation of the condensed consolidated financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the amounts reported in the condensed consolidated financial statements and footnotes. Actual results could differ from those estimates.

Investment in Real Estate

The Company determines when an acquisition meets the definition of a business or alternatively should be accounted for as an asset acquisition in accordance with Accounting Standard Codification (“ASC”) Topic 805 “Business Combinations” (“ASC Topic

[Table of Contents](#)

805”), which requires that, when substantially all of the fair value of an acquisition is concentrated in a single identifiable asset or a group of similar identifiable assets, the asset or group of similar identifiable assets does not meet the definition of a business and therefore is required to be accounted for as an asset acquisition. Transaction costs are capitalized for asset acquisitions and expensed as incurred for business combinations. All our facility acquisitions for the three months ended March 31, 2022 and 2021 have been accounted for as asset acquisitions because substantially all the fair value of the gross assets the Company acquired were concentrated in a single asset or group of similar identifiable assets.

For asset acquisitions that are “owner occupied” (meaning that the seller either is the tenant or controls the tenant), the purchase price, including capitalized acquisition costs, will be allocated to land and building based on their relative fair values with no value allocated to intangible assets or liabilities. For asset acquisitions where there is a lease in place but that are not “owner occupied,” the Company will allocate the purchase price to tangible assets and any intangible assets acquired or liabilities assumed based on their relative fair values. Fair value is determined based upon the guidance of ASC Topic 820, “Fair Value Measurements and Disclosures,” and generally are determined using Level 2 inputs, such as rent comparables, sales comparables, and broker indications. Although Level 3 inputs are utilized, they are minor in comparison to the Level 2 data used for the primary assumptions. The determination of fair value involves the use of significant judgment and estimates. We make estimates to determine the fair value of the tangible and intangible assets acquired and liabilities assumed using information obtained from multiple sources, including preacquisition due diligence, and we routinely utilize the assistance of a third-party appraiser.

Revenue Recognition

The Company’s operations primarily consist of rental revenue earned from tenants under leasing arrangements which provide for minimum rent and escalations. The leases have been accounted for as operating leases. For operating leases with contingent rental escalators, revenue is recorded based on the contractual cash rental payments due during the period. Revenue from leases with fixed annual rental escalators are recognized on a straight-line basis over the initial lease term, subject to a collectability assessment, with the difference between the contractual rental receipts and the straight-line amounts recorded as a “deferred rent receivable.” Additionally, the Company recognizes “expense recoveries” revenue, which represents revenue recognized related to tenant reimbursement of real estate taxes, insurance, and certain other operating expenses (“tenant reimbursements”). The Company recognizes these reimbursements and related expenses on a gross basis in its Condensed Consolidated Statements of Operations.

Cash and Cash Equivalents and Restricted Cash

The Company considers all demand deposits, cashier’s checks, money market accounts, and certificates of deposit with a maturity of three months or less to be cash equivalents. Amounts included in restricted cash represent (1) certain security deposits received from tenants at the inception of their leases; (2) cash required to be held by a third-party lender as a reserve for debt service; and (3) funds held by the Company related to tenant reimbursements. The following table provides a reconciliation of the Company’s cash and cash equivalents and restricted cash that sums to the total of those amounts at the end of the periods presented on the Company’s accompanying Condensed Consolidated Statements of Cash Flows:

	As of March 31,	
	2022	2021
Cash and cash equivalents	\$ 1,854	\$ 5,304
Restricted cash	6,336	6,096
Total cash and cash equivalents and restricted cash	<u>\$ 8,190</u>	<u>\$ 11,400</u>

Tenant Receivables, Net

The tenant receivable balance as of March 31, 2022 and December 31, 2021 was \$6,477 and \$6,070, respectively. The balance as of March 31, 2022 consisted of \$1,792 in funds owed from the Company’s tenants for rent that the Company had earned but had not yet received, \$1,152 of loans that were made to two of the Company’s tenants, and \$3,533 of tenant reimbursements. The balance as of December 31, 2021 consisted of \$1,309 in funds owed from the Company’s tenants for rent that the Company had earned but had not yet received, \$1,158 of loans that were made to two of the Company’s tenants, and \$3,603 of tenant reimbursements.

Receivables arising from operating leases are accounted for in accordance with ASC Topic 842 “Leases” (“ASC Topic 842”). The Company assesses the likelihood of losses resulting from tenant defaults, or the inability of tenants to make contractual rent and tenant reimbursements at each reporting date. The Company also monitors the liquidity and creditworthiness of its tenants and operators on a continuous basis. If the likelihood of a tenant paying its lease payments is determined to no longer be probable, all tenant receivables,

[Table of Contents](#)

including deferred rent, are written off against revenue and any future revenue for that tenant is recognized only upon receipt of cash. In addition, as of March 31, 2022 and December 31, 2021, the Company had a portfolio level reserve of \$350 on those leases that were probable of collection to ensure that the tenant lease receivables were not overstated.

Escrow Deposits

The escrow balance as of March 31, 2022 and December 31, 2021 was \$7,697 and \$5,957, respectively. Escrow deposits include funds held in escrow to be used for the acquisition of properties in the future and for the payment of taxes, insurance, and other amounts as stipulated by the Company's Cantor Loan, as hereinafter defined.

Deferred Assets

The deferred assets balance as of March 31, 2022 and December 31, 2021 was \$26,714 and \$25,417, respectively. The balance as of March 31, 2022 consisted of \$26,551 in deferred rent receivables resulting from the recognition of revenue from leases with fixed annual rental escalations on a straight-line basis and \$163 of other deferred costs. The balance as of December 31, 2021 consisted of \$25,356 in deferred rent receivables resulting from the recognition of revenue from leases with fixed annual rental escalations on a straight-line basis and \$61 of other deferred costs.

Other Assets

The other assets balance as of March 31, 2022 and December 31, 2021 was \$6,345 and \$6,232, respectively. The balance as of March 31, 2022 consisted of \$3,728 for right of use assets, \$494 in preacquisition and other capitalized costs related to our properties, \$1,899 in prepaid assets, and \$224 for net capitalized software costs and miscellaneous assets. The balance as of December 31, 2021 consisted of \$3,809 for right of use assets, \$257 in preacquisition and other capitalized costs related to our properties, \$1,916 in prepaid assets, and \$250 for net capitalized software costs and miscellaneous assets. Refer to Note 8 – "Leases" for additional details on right of use assets.

Derivative Instruments - Interest Rate Swaps

As of March 31, 2022 and December 31, 2021, the Company's balance related to interest rate swap derivative instruments that were designated as cash flow hedges of interest rate risk was a net asset of \$10,827 and a net liability of \$6,554, respectively. In accordance with the Company's risk management strategy, the purpose of the interest rate swaps is to manage interest rate risk for certain of the Company's variable-rate debt. The interest rate swaps involve the Company's receipt of variable-rate amounts from the counterparties in exchange for the Company making fixed-rate payments over the life of the agreements. The Company accounts for derivative instruments in accordance with the provisions of ASC Topic 815, "Derivatives and Hedging." Refer to Note 4 – "Credit Facility, Notes Payable and Derivative Instruments" for additional details.

Goodwill

As of March 31, 2022 and December 31, 2021, the Company's goodwill balance was \$5,903. Goodwill represents the excess of consideration paid over the fair value of underlying identifiable net assets of businesses acquired. Goodwill has an indefinite life and is not amortized, but is tested for impairment on an annual basis, or more frequently if events or changes in circumstances indicate that the asset might be impaired. The Company's policy is to perform its annual goodwill impairment evaluation as of the first day of the fourth quarter of its fiscal year. The Company has one reporting unit.

Assets Held for Sale and Sales of Real Estate

The Company classifies a property as held for sale when the following criteria are met: (i) management, having the authority to approve action, commits to a plan to sell the property in its present condition, (ii) the sale of the property is at a price reasonable in relation to its current fair value and (iii) the sale is probable and expected to be completed within one year. At that time, the Company presents the assets and obligations associated with the real estate held for sale separately in its Condensed Consolidated Balance Sheets and ceases recording depreciation and amortization expense related to that asset. Real estate held for sale is reported at the lower of its carrying amount or its estimated fair value less estimated costs to sell. None of the Company's properties were classified as held for sale as of March 31, 2022 or December 31, 2021.

[Table of Contents](#)

Upon the disposition of a property, the Company recognizes a gain or loss at a point in time when the Company determines control of the underlying asset has been transferred to the buyer. The Company's performance obligation is generally satisfied at the closing of the transaction. Any continuing involvement is analyzed as a separate performance obligation in the contract, and a portion of the sales price is allocated to each performance obligation. There is significant judgment applied to estimate the amount of any variable consideration identified within the sales price and assess its probability of occurrence based on current market information, historical transactions, and forecasted information that is reasonably available.

For sales of real estate (or assets classified as held for sale), the Company evaluates whether the disposition is a strategic shift that will have a major effect on the Company's operations and financial results, and, if so, it will be classified as discontinued operations in the Company's consolidated financial statements for all periods presented.

The balance as of December 31, 2021 consisted of \$4,479 for right of use liabilities and \$3,230 of prepaid rent. Refer to Note 8 – "Leases" for additional details on right of use liabilities.

Recent Accounting Pronouncements**Reference Rate Reform**

Accounting Standards Update ("ASU") 2020-04, Reference Rate Reform (Topic 848) ("ASU 2020-04") contains practical expedients for reference rate reform-related activities that impact debt, leases, derivatives, and other contracts. The guidance in ASU 2020-04 is optional and may be elected over time as reference rate reform activities occur. As of March 31, 2022, the Company had elected to apply the hedge accounting expedients related to probability and the assessments of effectiveness for future LIBOR-indexed cash flows to assume that the index upon which future hedged transactions will be based matches the index on the corresponding derivatives. Application of these expedients preserves the presentation of derivatives consistent with past presentation. The Company continues to evaluate the impact of the guidance and may apply other elections as applicable as additional changes in the market occur.

As of March 31, 2022 the transaction did not meet the criteria to be classified as held for sale. The Company acquired the facility as part of a portfolio of four medical office buildings in April 2018.

Note 4 – Credit Facility, Notes Payable and Derivative Instruments

Credit Facility

On May 3, 2021, the Company, the Operating Partnership, as borrower, and certain of its subsidiaries (such subsidiaries, the “Subsidiary Guarantors”) entered into an amended and restated \$750 million unsecured syndicated credit facility with JPMorgan Chase Bank, N.A. (“JPMorgan”), as administrative agent (the “Credit Facility”). The Credit Facility consists of a \$350 million term loan component (the “Term Loan”) and a \$400 million revolver component (the “Revolver”). The Credit Facility also includes a \$500 million accordion feature. The Term Loan matures in May 2026 and the Revolver matures in May 2025, with two six-month extension options. Amounts outstanding under the Credit Facility bear interest at a floating rate that is based on LIBOR plus a specified margin based on the Company’s leverage.

The Operating Partnership is subject to a number of financial covenants under the Credit Facility, including, among other things, the following as of the end of each fiscal quarter, (i) a maximum consolidated unsecured leverage ratio of less than 60%, (ii) a maximum consolidated secured leverage ratio of less than 30%, (iii) a maximum consolidated secured recourse leverage ratio of less than 10%, (iv) a minimum fixed charge coverage ratio of 1.50:1.00, (v) a minimum unsecured interest coverage ratio of 1.50:1.00, (vi) a maximum consolidated leverage ratio of less than 60%, and (vii) a minimum net worth of \$345 million plus 75% of all net proceeds raised through equity offerings subsequent to December 31, 2020. As of May 2, 2022, management believed it complied with all of the financial and non-financial covenants contained in the Credit Facility.

The Company has entered into interest rate swaps to hedge its interest rate risk on the Term Loan. For additional information related to the interest rate swaps, see the “Derivative Instruments - Interest Rate Swaps” section herein.

During the three months ended March 31, 2022, the Company borrowed \$14,100 under the Credit Facility and made no repayments, for a net amount borrowed of \$14,100. During the three months ended March 31, 2021, the Company borrowed \$50,100 under the Credit Facility and repaid \$151,800 for a net amount repaid of \$101,700. Interest expense incurred on the Credit Facility was \$3,614 and \$3,852 for the three months ended March 31, 2022 and 2021, respectively.

As of March 31, 2022 and December 31, 2021, the Company had the following outstanding borrowings under the Credit Facility:

	<u>March 31, 2022</u>	<u>December 31, 2021</u>
Revolver	\$ 186,700	\$ 172,600
Term Loan	350,000	350,000
Less: Unamortized debt issuance costs	(7,570)	(8,033)
Credit Facility, net	<u>\$ 529,130</u>	<u>\$ 514,567</u>

Costs incurred related to the Credit Facility, net of accumulated amortization, are netted against the Company’s “Credit Facility, net of unamortized debt issuance costs” balance in the accompanying Condensed Consolidated Balance Sheets. The Company paid \$74 related to amendments and modifications to the Credit Facility as well as fees related to adding properties to the borrowing base during the three months ended March 31, 2021. Amortization expense incurred was \$463 and \$349 for the three months ended March 31, 2022 and 2021, respectively, and is included in the “Interest Expense” line item in the accompanying Condensed Consolidated Statements of Operations.

Reference Rate Reform

On March 5, 2021, the Financial Conduct Authority (“FCA”) announced that USD LIBOR will no longer be published after June 30, 2023. This announcement has several implications, including setting the spread that may be used to automatically convert contracts from LIBOR to the Secured Overnight Financing Rate (“SOFR”). Additionally, as of December 31, 2021, banks have ceased issuance of any new LIBOR debt.

The Company anticipates that LIBOR will continue to be available at least until June 30, 2023. Any changes adopted by the FCA or other governing bodies in the method used for determining LIBOR may result in a sudden or prolonged increase or decrease in reported LIBOR. If that were to occur, our interest payments could change. In addition, uncertainty about the extent and manner of future changes may result in interest rates and/or payments that are higher or lower than if LIBOR were to remain available in its current form.

[Table of Contents](#)

The Company has interest rate swaps that are indexed to LIBOR and is monitoring and evaluating the related risks. These risks arise in connection with transitioning contracts to an alternative rate, including any resulting value transfer that may occur, and are likely to vary by contract. The value of loans, securities, or derivative instruments tied to LIBOR, as well as interest rates on our current or future indebtedness, may also be impacted if LIBOR is limited or discontinued. For some instruments the method of transitioning to an alternative reference rate may be challenging, especially if the Company cannot agree with the respective counterparty about how to make the transition.

While the Company expects LIBOR to be available in substantially its current form until at least June 30, 2023, it is possible that LIBOR will become unavailable prior to that point. This could result, for example, if sufficient banks decline to make submissions to the LIBOR administrator. In that case, the risks associated with the transition to an alternative reference rate would be accelerated and magnified.

Alternative rates and other market changes related to the replacement of LIBOR, including the introduction of financial products and changes in market practices, may lead to risk modeling and valuation challenges, such as adjusting interest rate accrual calculations and building a term structure for an alternative rate.

The introduction of an alternative rate also may create additional basis risk and increased volatility as alternative rates are phased in and utilized in parallel with LIBOR.

Adjustments to systems and mathematical models to properly process and account for alternative rates will be required, which may strain the model risk management and information technology functions and result in substantial incremental costs for the Company.

The Cantor Loan has a maturity date of April 6, 2026 and an annual interest rate of 5.22%. The Cantor Loan required interest-only payments through March 31, 2021 and thereafter principal and interest based on a 30-year amortization schedule. Prepayment can only occur within four months prior to the maturity date, subject to earlier defeasance. The Cantor Loan is secured by the assets of the GMR Loan Subsidiaries.

Derivative Instruments - Interest Rate Swaps

The Company has six interest rate swaps with a total notional amount of \$350 million that are used to manage its interest rate risk and fix the LIBOR component on the Term Loan. An aggregate of \$150 million of the swaps mature in August 2023 and the remaining \$200 million mature in August 2024. In addition, the Company has five forward starting interest rate swaps that will be

[Table of Contents](#)

effective on the maturity dates of the existing interest rate swaps. The forward starting swaps each have a maturity date of April 2026 and will fix the LIBOR component on the Term Loan through its maturity. Currently, the interest rate swaps fix the LIBOR component of the Term Loan at a rate of 1.91% through August 2023. Subsequently, from August 2023 to August 2024 the LIBOR component of the Term Loan rate will be fixed at 1.61%. Finally, from August 2024 to April 2026 the LIBOR component of the Term Loan rate will be fixed at 1.45%.

The Company records the swaps either as an asset or a liability measured at its fair value at each reporting period. When hedge accounting is applied, the change in the fair value of derivatives designated and that qualify as cash flow hedges is (i) recorded in accumulated other comprehensive loss in the equity section of the Company's Condensed Consolidated Balance Sheets and (ii) subsequently reclassified into earnings as interest expense for the period that the hedged forecasted transactions affect earnings. If specific hedge accounting criteria are not met, changes in the Company's derivative instruments' fair value are recognized currently as an adjustment to net income.

The Company's interest rate swaps are not traded on an exchange. The Company's interest rate swaps are recorded at fair value based on a variety of observable inputs including contractual terms, interest rate curves, yield curves, measure of volatility, and correlations of such inputs. The Company measures its derivatives at fair value on a recurring basis based on the expected size of future cash flows on a discounted basis and incorporating a measure of non-performance risk. The fair values are based on Level 2 inputs within the framework of ASC Topic 820, "Fair Value Measurement." The Company considers its own credit risk, as well as the credit risk of its counterparties, when evaluating the fair value of its derivative instruments.

The fair value of the Company's interest rate swaps was a net asset of \$10,827 and a net liability of \$6,554 as of March 31, 2022 and December 31, 2021, respectively. The gross balances are included in the "Derivative Asset" and "Derivative Liability" line items on the Company's Condensed Consolidated Balance Sheets as of March 31, 2022 and December 31, 2021, respectively.

The table below details the components of the amounts presented on the accompanying Condensed Consolidated Statements of Comprehensive Income recognized on the Company's interest rate swaps designated as cash flow hedges for the three months ended March 31, 2022 and 2021:

	<u>Three Months Ended March 31,</u>	
	<u>2022</u>	<u>2021</u>
Amount of gain recognized in other comprehensive income	\$ (15,878)	\$ (2,082)
Amount of loss reclassified from accumulated other comprehensive income (loss) into interest expense	(1,515)	(1,549)
Total change in accumulated other comprehensive income (loss)	<u>\$ (17,393)</u>	<u>\$ (3,631)</u>

During the next twelve months, the Company estimates that an additional \$388 will be reclassified as an increase to interest expense. Additionally, during the three months ended March 31, 2022, the Company recorded total interest expense in its Condensed Consolidated Statements of Operations of \$4,801.

Weighted-Average Interest Rate and Term

The weighted average interest rate and term of the Company's debt was 2.91% and 4.03 years at March 31, 2022, compared to 2.87% and 4.28 years as of December 31, 2021.

The holders of the Series A Preferred Stock are entitled to receive dividend payments only when, as and if declared by the Company's board of directors (the "Board") (or a duly authorized committee of the Board). Dividends will accrue or be payable in cash from the original issue date, on a cumulative basis, quarterly in arrears on each dividend payment date at a fixed rate per annum equal to 7.50% of the liquidation preference of \$25.00 per share (equivalent to \$1.875 per share on an annual basis). Dividends on the Series A Preferred Stock will be cumulative and will accrue whether or not (i) funds are legally available for the payment of those dividends, (ii) the Company has earnings or (iii) those dividends are declared by the Board. The quarterly dividend payment dates on the Series A Preferred Stock are January 31, April 30, July 31 and October 31 of each year. During each of the three-month periods ended March 31, 2022 and 2021, the Company paid preferred dividends of \$1,455.

Common Stock

The Company has 500,000 authorized shares of common stock, \$0.001 par value. As of March 31, 2022 and December 31, 2021, there were 65,400 and 64,880 outstanding shares of common stock, respectively.

Common stock dividend activity for the three months ended March 31, 2022 is summarized in the following table:

<u>Date Announced</u>	<u>Record Date</u>	<u>Applicable Quarter</u>	<u>Payment Date</u>	<u>Dividend Amount⁽¹⁾</u>	<u>Dividends per Share</u>
December 10, 2021	December 27, 2021	Q4 2021	January 10, 2022	\$ 14,055	\$ 0.205
March 11, 2022	March 25, 2022	Q1 2022	April 8, 2022	\$ 14,611	\$ 0.21

⁽¹⁾ Includes distributions on outstanding LTIP Units and OP Units.

During the three months ended March 31, 2022 and 2021, the Company paid total dividends on its common stock, LTIP Units and OP Units in the aggregate amount of \$14,526 and \$11,315, respectively.

As of March 31, 2022 and December 31, 2021, the Company had accrued dividend balances of \$242 and \$643 for dividends payable on the aggregate annual and long-term LTIP Units that are subject to retroactive receipt of dividends on the amount of LTIP Units ultimately earned. During the three months ended March 31, 2022, \$70 of dividends were accrued and \$471 of dividends were paid related to these units. During the three months ended March 31, 2021, \$67 of dividends were accrued and \$742 of dividends were paid related to these units.

The amount of the dividends paid to the Company's stockholders is determined by the Board and is dependent on a number of factors, including funds available for payment of dividends, the Company's financial condition and capital expenditure requirements except that, in accordance with the Company's organizational documents and Maryland law, the Company may not make dividend distributions that would: (i) cause it to be unable to pay its debts as they become due in the usual course of business; (ii) cause its total assets to be less than the sum of its total liabilities plus senior liquidation preferences; or (iii) jeopardize its ability to maintain its qualification as a REIT.

Capital Raising Activity

In March 2022, the Company and the Operating Partnership entered into a Sales Agreement with certain sales agents, pursuant to which the Company may offer and sell, from time to time, up to \$300,000 of its common stock (the "2022 ATM Program").

[Table of Contents](#)

During the three months ended March 31, 2022, the Company generated net proceeds of \$8,210 through equity issuances of 480 shares of the Company’s common stock at an average offering price of \$17.38 per share through the 2020 ATM Program. The OP Unit value at issuance and redemption is based on the Company’s closing share price on the date of the respective transaction and is included as a component of noncontrolling interest equity in the Company’s Condensed Consolidated Balance Sheets as of March 31, 2022 and December 31, 2021. The Company has sufficient shares of common stock authorized pursuant to its charter to cover the redemption of outstanding OP Units.

Note 6 – Related Party Transactions

Related Party Balances

The due from related parties balance as of March 31, 2022 and December 31, 2021 was \$451 and \$163, respectively. The Company had no amounts due to related parties as of March 31, 2022 and December 31, 2021.

Note 7 – Stock-Based Compensation

2016 Equity Incentive Plan

The 2016 Equity Incentive Plan, as amended (the “Plan”), is intended to assist the Company and its affiliates in recruiting and retaining employees of the Company, members of the Board, executive officers of the Company, and individuals who provide services to the Company and its affiliates.

The Plan is intended to permit the grant of both qualifying and non-qualified options and the grant of stock appreciation rights, restricted stock, unrestricted stock, awards of restricted stock units, performance awards and other equity-based awards (including LTIP Units). On May 26, 2021, the Company’s stockholders approved an amendment to the Plan to increase the number of authorized shares available for issuance under the Plan by 1,500 shares. Based on the grants outstanding as of March 31, 2022, there were 1,469 shares of common stock that remain available to be granted under the Plan. Units subject to awards under the Plan that are forfeited, cancelled, lapsed, or otherwise expired (excluding shares withheld to satisfy exercise prices or tax withholding obligations) are available for grant.

Time-Based Grants

During the three months ended March 31, 2022, pursuant to the recommendation of the Compensation Committee of the Board (the “Compensation Committee”), the Board approved the following LTIP Unit activity:

Unvested units	670
LTIP Units outstanding as of March 31, 2022	<u>2,507</u>

Performance Based Awards

The Board has approved annual performance-based LTIP awards ("Annual Awards") and long-term performance-based LTIP awards ("Long-Term Awards") to the executive officers and other employees of the Company. As described below, the Annual Awards have one-year performance periods and the Long-Term Awards have three-year performance periods. In addition to meeting specified performance metrics, vesting in both the Annual Awards and the Long-Term Awards is subject to service requirements.

A detail of the Company's Long-Term Awards under the 2020 and 2021 programs, and the Annual Awards and Long-Term Awards under the 2022 program as of March 31, 2022 is as follows:

2020 Long-Term Awards	68
2021 Long-Term Awards	74
2022 Annual Awards ⁽¹⁾	89
2022 Long-Term Awards ⁽²⁾	106
Total target performance awards as of March 31, 2022	<u>337</u>

(1) Approved by the Board on February 24, 2022. The number of target LTIP Units was based on the average closing price of the Company's common stock reported on the New York Stock Exchange ("NYSE") over the 15 trading days preceding the grant date.

(2) Approved by the Board on February 24, 2022. The number of target LTIP Units was based on the fair value of the Long-Term Awards as determined by an independent valuation consultant.

Annual Awards. The Annual Awards are subject to the terms and conditions of LTIP Annual Award Agreements ("LTIP Annual Award Agreements") between the Company and each grantee.

The Compensation Committee and Board established performance goals for the year ending December 31, 2022, as set forth in the 2022 LTIP Annual Award Agreements (the "Performance Goals") that will be used to determine the number of LTIP Units earned by each grantee. As of March 31, 2022, management estimated that the Performance Goals would be met at a 100% level and, accordingly, cumulative stock-based compensation expense during the three months ended March 31, 2022 reflects management's estimate that 100% of these awards will be earned. As soon as reasonably practicable following the first anniversary of the Annual Awards grant date, the Compensation Committee and Board will determine the extent to which the Company has achieved each of the Performance Goals (expressed as a percentage) and, based on such determination, will calculate the number of LTIP Units that each grantee is entitled to receive. Each grantee may earn up to 150% of the number of his/her target LTIP Units. Any 2022 Annual Award LTIP Units that are not earned will be forfeited and cancelled.

Vesting. LTIP Units that are earned as of the end of the applicable performance period will be subject to vesting, subject to continued employment through each vesting date, in two installments as follows: 50% of the earned LTIP Units will become vested on

[Table of Contents](#)

February 28, 2023 (the end of the performance period) and 50% of the earned LTIP Units become vested on February 28, 2024, the one year anniversary of the initial vesting date. Vesting may be accelerated under certain circumstances such as a “change-in-control” transaction or a “qualified termination” event.

Distributions. Distributions equal to the dividends declared and paid by the Company will accrue during the applicable performance period on the maximum number of LTIP Units that the grantee could earn and will be paid with respect to all of the earned LTIP Units at the conclusion of the applicable performance period, in cash or by the issuance of additional LTIP Units at the discretion of the Compensation Committee.

Long-Term Awards. The Long-Term Awards are subject to the terms and conditions of their related LTIP Long-Term Award Agreements (collectively the “LTIP Long-Term Award Agreements”) between the Company and each grantee. The number of LTIP Units that each grantee earns under the LTIP Long-Term Award Agreements will be determined following the conclusion of a three-year performance period based on the Company’s total stockholder return (“TSR”), which is determined based on a combination of appreciation in stock price and dividends paid during the performance period. Each grantee may earn up to 200% of the number of target LTIP Units covered by the grantee’s Long-Term Award. Any target LTIP Units that are not earned will be forfeited and cancelled. The number of LTIP Units earned under the Long-Term Awards will be determined as soon as reasonably practicable following the end of the applicable three-year performance period based on the Company’s TSR on an absolute basis (as to 75% of the Long-Term Award) and relative to the companies that comprised the Dow Jones U.S. Real Estate Health Care Index (the “Index”) (as to 25% of the Long-Term Award).

Vesting. LTIP Units that are earned as of the end of the applicable three-year performance period will be subject to forfeiture restrictions that will lapse (“vesting”), subject to continued employment through each vesting date as follows; 50% of the earned LTIP Units will vest upon the day prior to the third anniversary of the respective grant dates and the remaining 50% will vest on the one year anniversary of the initial vesting date. Vesting may be accelerated under certain circumstances such as a “change-in-control” transaction or a “qualified termination” event.

Distributions. Pursuant to the LTIP Long-Term Award Agreements, distributions equal to the dividends declared and paid by the Company will accrue during the applicable performance period on the maximum number of LTIP Units that the grantee could earn and will be paid with respect to all of the earned LTIP Units at the conclusion of the applicable performance period, in cash or by the issuance of additional LTIP Units at the discretion of the Compensation Committee.

Stock-Based Compensation Expense

The Company’s prospective compensation expense for all unvested LTIP Units, Annual Awards, and Long-Term Awards is recognized using the adoption date fair value of the awards, with no remeasurement required. Compensation expense for future LTIP Unit grants, Annual Awards, and Long-Term Awards is based on the grant date fair value of the units/awards, with no subsequent remeasurement required.

As the Long-Term Awards involve market-based performance conditions, the Company utilizes a Monte Carlo simulation to provide a grant date fair value for expense recognition. The Monte Carlo simulation is a generally accepted statistical technique used, in this instance, to simulate a range of possible future stock prices for the Company and the members of the Index over the Performance Periods. The purpose of this modeling is to use a probabilistic approach for estimating the fair value of the performance share award.

The assumptions used in the Monte Carlo simulation include beginning average stock price, valuation date stock price, expected volatilities, correlation coefficients, risk-free rate of interest, and expected dividend yield. The beginning average stock price is the beginning average stock price for the Company and each member of the Index for the 15 trading days leading up to the grant date of the Long-Term Award. The valuation date stock price is the closing stock price of the Company and each of the peer companies in the Index on the grant dates of the Long-Term Awards. The expected volatilities are modeled using the historical volatilities for the Company and the members of the Index. The correlation coefficients are calculated using the same data as the historical volatilities. The risk-free rate of interest is taken from the U.S. Treasury website and relates to the expected life of the remaining performance period on valuation or revaluation. Lastly, the dividend yield assumption is 0.0%, which is mathematically equivalent to reinvesting dividends in the issuing entity, which is part of the Company’s award agreement assumptions.

[Table of Contents](#)

Below are details regarding certain of the assumptions for the Long-Term Awards using Monte Carlo simulations:

	2022 Long-Term Awards	2021 Long-Term Awards	2020 Long-Term Awards
Fair value	\$ 16.39	\$ 14.86	\$ 13.47
Target awards	106	76	70
Volatility	41.65 %	42.37 %	28.75 %
Risk-free rate	1.72 %	0.26 %	0.72 %
Dividend assumption	reinvested	reinvested	reinvested
Expected term in years	3	3	3

The Company incurred stock compensation expense of \$1,287 and \$1,715 for the three months ended March 31, 2022 and 2021, respectively, related to the grants awarded under the Plan. Compensation expense is included within “General and Administrative” expense in the Company’s Condensed Consolidated Statements of Operations.

As of March 31, 2022, total unamortized compensation expense related to these awards of approximately \$7.8 million is expected to be recognized over a weighted average remaining period of 2.2 years.

Note 8 – Leases

The Company operates as both a lessor and a lessee. As a lessor, the Company is required under ASC Topic 842 to account for leases using an approach that is substantially similar to ASC Topic 840’s guidance for operating leases and other leases such as sales-type leases and direct financing leases. In addition, ASC Topic 842 requires lessors to capitalize and amortize only incremental direct leasing costs. As a lessee, the Company is required under the new standard to apply a dual approach, classifying leases, such as ground leases, as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase. This classification determines whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease. ASC Topic 842 also requires lessees to record a right of use asset and a lease liability for all leases with an initial term of greater than a year regardless of their classification. The Company has also elected the practical expedient not to recognize right of use assets and lease liabilities for leases with a term of a year or less.

Information as Lessor

To generate positive cash flow, as a lessor, the Company leases its facilities to tenants in exchange for fixed monthly payments that cover rent, property taxes, insurance and certain cost recoveries, primarily common area maintenance (“CAM”). The Company’s leases were determined to be operating leases and have a portfolio-average-lease-years remaining of approximately 10 years. Payments from the Company’s tenants for CAM are considered nonlease components that are separated from lease components and are generally accounted for in accordance with the revenue recognition standard. However, the Company qualified for and elected the practical expedient related to combining the components because the lease component is classified as an operating lease and the timing and pattern of transfer of CAM income, which is not the predominant component, is the same as the lease component, for all asset classes. As such, consideration for CAM is accounted for as part of the overall consideration in the lease. Payments from customers for property taxes and insurance are considered non-components of the lease and therefore no consideration is allocated to them because they do not transfer a good or service to the customer. Fixed contractual payments from the Company’s leases are recognized on a straight-line basis over the terms of the respective leases. This means that, with respect to a particular lease, actual amounts billed in accordance with the lease during any given period may be higher or lower than the amount of rental revenue recognized for the period. Straight-line rental revenue is commenced when the tenant assumes control of the leased premises. Accrued straight-line rents receivable represents the amount by which straight-line rental revenue exceeds rents currently billed in accordance with lease agreements.

Some of the Company’s leases are subject to annual changes in the Consumer Price Index (“CPI”). Although increases in CPI are not estimated as part of the Company’s measurement of straight-line rental revenue, for leases with base rent increases based on CPI, the amount of rent revenue recognized is adjusted in the period the changes in CPI are measured and effective. Additionally, some of the Company’s leases have extension options.

[Table of Contents](#)

Initial direct costs, primarily commissions, related to the leasing of our facilities are capitalized when material as incurred. Capitalized leasing costs are amortized on a straight-line basis over the remaining useful life of the respective leases. All other costs to negotiate or arrange a lease are expensed as incurred.

Lease-related receivables, which include accounts receivable and accrued straight-line rents receivable, are reduced for credit losses, if applicable. The Company regularly evaluates the collectability of its lease-related receivables. The Company's evaluation of collectability primarily consists of reviewing past due account balances and considering such factors as the credit quality of our tenant, historical trends of the tenant and changes in tenant payment terms. If the Company's assumptions regarding the collectability of lease-related receivables prove incorrect, the Company could experience credit losses in excess of what was recognized in rental and other revenues.

The Company recognized \$31,852 and \$27,325 of rental revenue related to operating lease payments for the three months ended March 31, 2022 and 2021, respectively. Of these amounts, \$1,947 and \$1,374 relate to variable rental revenue.

The aggregate annual cash to be received by the Company on the noncancelable operating leases related to its portfolio as of March 31, 2022 is as follows for the subsequent years ended December 31:

2022 (nine months remaining)	\$	81,327
2023		105,373
2024		96,043
2025		82,814
2026		75,110
Thereafter		364,217
Total	\$	<u>804,884</u>

Information as Lessee

The Company has seven buildings located on land that is subject to operating ground leases with a weighted average remaining term of approximately 40 years. Rental payments on these leases are adjusted periodically based on either the CPI or on a pre-determined schedule. The monthly payments on a pre-determined schedule are recognized on a straight-line basis over the terms of the respective leases. Changes in the CPI are not estimated as part of our measurement of straight-line rental expense. The Company used a weighted average discount rate of approximately 7.5%, which was derived, using a portfolio approach, from our assessment of the credit quality of the Company and adjusted to reflect secured borrowing, estimated yield curves and long-term spread adjustments over appropriate tenors. Some of the Company's ground leases contain extension options and, where we determined it was reasonably certain that an extension would occur, they were included in our calculation of the right of use asset and liability. The Company recognized approximately \$55 and \$36 of ground lease expense, of which \$28 and \$30 was paid in cash, during the three months ended March 31, 2022 and 2021, respectively.

The following table sets forth the undiscounted cash flows of our scheduled obligations for future lease payments on operating ground leases at March 31, 2022, and a reconciliation of those cash flows to the operating lease liability at March 31, 2022:

2022 (nine months remaining)	\$	331
2023		206
2024		162
2025		163
2026		165
Thereafter		6,042
Total		<u>7,069</u>
Discount		(3,890)
Lease liability	\$	<u>3,179</u>

Tenant Concentration

During the three months ended March 31, 2022, the Company's rental revenues were derived from 201 tenants leasing 109 facilities. During this period there were no tenants with rental revenue that exceeded 10% of the Company's rental revenue.

Note 9 – Commitments and Contingencies

Litigation

The Company is not presently subject to any material litigation nor, to its knowledge, is any material litigation threatened against the Company, which if determined unfavorably to the Company, would have a material adverse effect on the Company's financial position, results of operations, or cash flows.

Environmental Matters

The Company follows a policy of monitoring its properties for the presence of hazardous or toxic substances. While there can be no assurance that a material environmental liability does not exist at its properties, the Company is not currently aware of any environmental liability with respect to its properties that would have a material effect on its financial position, results of operations, or cash flows. Additionally, the Company is not aware of any material environmental liability or any unasserted claim or assessment with respect to an environmental liability that management believes would require additional disclosure or the recording of a loss contingency.

Our revenues are derived from the rental and operating expense reimbursement payments we receive from our tenants, and most of our leases are medium to long-term triple net leases with contractual rent escalation provisions. Our primary expenses are depreciation, interest, and general and administrative expenses. We finance our acquisitions with a mixture of debt and equity primarily from our cash from operations, borrowings under our Credit Facility, and stock issuances.

Business Overview and Strategy

Our business strategy is to invest in healthcare properties that provide an attractive rate of return relative to our cost of capital and are operated by profitable physician groups, regional or national healthcare systems or combinations thereof. We believe this strategy allows us to attain our goals of providing stockholders with (i) reliable dividends and (ii) stock price appreciation. To implement this strategy, we seek to invest:

- in medical office buildings and other de-centralized components of the healthcare delivery system because we believe that healthcare delivery trends in the U.S. are increasingly moving away from centralized hospital locations;
- in small to mid-sized healthcare facilities located in secondary markets and suburbs of primary markets and that provide services needed for an aging population such as cardiovascular treatment, rehabilitation, eye surgery, gastroenterology, oncology treatment and orthopedics. We believe these facilities and markets are typically overlooked by larger REITs and other healthcare investors but contain tenant credit profiles that are like those of larger, more expensive facilities in primary markets; and
- to a lesser extent, in opportunistic acquisitions, including (i) certain acute-care hospitals and long-term acute care facilities (LTACs) that we believe provide premium, risk-adjusted returns, (ii) health system corporate office and administrative buildings, which we believe will help us develop relationships with larger health systems and (iii) behavioral and mental health facilities that are operated by national or regional operators and are located in markets that demonstrate a need for such services.

Most of our healthcare facilities are leased to single-tenants under triple-net leases. As we continue to grow our portfolio and the competition for single-tenant, triple-net leased properties has intensified, we have added to our portfolio some multi-tenant properties with gross lease or modified gross lease structures.

Corporate Sustainability and Social Responsibility

Our business values integrate environmental sustainability, social responsibility, and strong governance practices throughout our Company.

Our Board of Directors (the “Board”) continues to lead our environmental, social and governance (“ESG”) efforts. The Board has a standing ESG committee. The primary purpose of the ESG committee is to assist the Board in fulfilling our responsibilities to provide oversight and support of our commitment to ESG matters by overseeing: (1) our general ESG strategy and policies as set by our management, (2) communications with our employees, investors, and other stakeholders with respect to ESG matters, (3) developments relating to, and improving our understanding of, ESG matters, (4) our compliance with certain ESG-related legal and regulatory requirements, and (5) coordination with other Board committees on ESG matters of common import.

We continue to improve and expand our efforts in the corporate sustainability arena through tenant outreach and data collection to benchmark our portfolio’s energy consumption and efficiency. We are in the process of collecting and compiling our energy consumption information for 2021 to submit for the 2021 GRESB assessment report.

Our commitment to employee engagement remains a high-priority, as we continue to make accommodations for health, safety, and work-life balance.

In 2021, we initiated a successful pilot project with a ride-share provider and national charitable organization in the greater Phoenix, Arizona metro area to provide transportation to healthcare facilities for those in need. We anticipate continuing this project during 2022.

Climate Change

We take climate change and the risks associated with climate change seriously. We are committed to aligning our investment strategy with science and have begun to monitor our portfolio for climate risk factors. We utilize utility and energy audits that are performed by third-party engineering consultants during the due diligence phase of our acquisitions. The energy consumption data that we collect is used to assess our facilities' carbon emission levels. Capturing and tracking this information may help inform future mitigation and remediation efforts when possible. To that end, we are exploring ways to mitigate climate risk, should it be present, in our acquisition strategy, as well as ways to contribute to the reduction of climate impact through proactive asset management that looks for ways to incorporate renewable energy resources and energy utilization reduction. We stand with our communities, tenants, and stockholders in supporting meaningful solutions that address this global challenge and contribute to the sustainability of our business objectives.

Impact of COVID-19

U.S. economic growth in 2021 rebounded substantially from 2020 as COVID-19 vaccines became readily available to most of the U.S. population. However, the rapid spread of the Omicron variant beginning in late 2021 and the resulting increase in hospital admissions stressed the U.S. healthcare system, as more people sought treatment for COVID-19 infections and many healthcare workers were unavailable due to them having left the profession or being infected themselves. Many stories exist about U.S. healthcare workers experiencing burnout due to the length and severity of the pandemic, which has caused many healthcare workers to quit their professions. If this continues, healthcare practices, including our tenants, may experience staffing shortages or increased labor and recruitment costs, which could negatively impact their businesses.

In addition, COVID-19 has caused widespread labor shortages outside of the healthcare industry. These labor shortages have affected several of the outside consultants we rely on to, among other services, complete our property acquisitions, which, in certain circumstances, has affected those consultants' ability to provide timely services to us.

The volatility of COVID-19 is unpredictable and there are no assurances that an equally or more volatile variant will not emerge in the future. Although to date our liquidity and operational and financial performance has not been materially affected by the COVID-19 pandemic, we cannot predict the effects future resurgences will have on our tenants and our business.

Our Properties**Completed Acquisitions**

During the three months ended March 31, 2022, we completed four acquisitions encompassing an aggregate of 80,781 leasable square feet for an aggregate contractual purchase price of \$24 million with an aggregate annualized base rent of \$1.7 million. As of March 31, 2022, our portfolio consisted of gross investment in real estate of \$1.4 billion, which was comprised of 109 facilities with an aggregate of 4.4 million leasable square feet and an aggregate \$105.4 million of annualized base rent.

Property Under Contract for Sale

On October 5, 2021, we entered into an agreement to sell a medical office building located in Belpre, Ohio for gross proceeds of approximately \$44.6 million. The property had a net book value of approximately \$29 million as of March 31, 2022. The transaction is expected to be completed no earlier than September 2022. The transaction is subject to various closing contingencies and, accordingly, it may not close on a timely basis or at all. We intend to reinvest the sales proceeds for future acquisitions.

Capital Raising Activity

In March 2022, the Company and the Operating Partnership entered into a Sales Agreement with certain sales agents, pursuant to which we may offer and sell, from time to time, up to \$300 million of our common stock (the "2022 ATM Program"). No shares were sold under the 2022 ATM Program during the three months ended March 31, 2022.

In August 2020, the Company and the Operating Partnership entered into a Sales Agreement with certain sales agents, pursuant to which we could offer and sell, from time to time, up to \$150 million of our common stock (the "2020 ATM Program"). During the three months ended March 31, 2022, we generated gross proceeds of \$8.3 million through equity issuances of 0.5 million shares of our common stock at an average offering price of \$17.38 per share through the 2020 ATM Program. The 2020 ATM Program was terminated upon the commencement of the 2022 ATM Program.

Debt Activity

During the three months ended March 31, 2022, we borrowed \$14.1 million under our Credit Facility and made no repayments, for a net amount borrowed of \$14.1 million. As of March 31, 2022, the net outstanding Credit Facility balance was \$529.1 million and as of May 2, 2022, we had unutilized borrowing capacity under the Revolver of \$171 million.

Recent Developments

Completed Acquisitions Subsequent to March 31, 2022

From April 1, 2022 through May 2, 2022, we completed two acquisitions encompassing an aggregate of 73,358 leasable square feet for an aggregate purchase price of \$29.9 million with annualized base rent of \$1.9 million.

Acquisitions Under Contract

As of May 2, 2022, we had four acquisitions under contract for an aggregate purchase price of approximately \$52.6 million. We are currently in the due diligence period for our properties under contract. If we identify problems with any of these properties or the operator of any property during our due diligence review, we may not close the transactions on a timely basis or at all.

Sales under the 2022 ATM Program

From April 1, 2022 through May 2, 2022, we generated gross proceeds of \$1.9 million through equity issuances of 0.1 million shares of our common stock at an average offering price of \$16.24 per share through the 2022 ATM Program.

Trends Which May Influence Our Results of Operations

We believe the following trends may positively impact our results of operations:

- *An aging population.* According to the 2020 U.S. Census, the nation's 65-and-older population has grown rapidly since 2010, driven by the aging of Baby Boomers born between 1946 and 1964. The 65-and-older population grew by over a third during the past decade, and by 3.2% from 2018 to 2019. We believe this segment of the U.S. population will utilize many of the services provided at our healthcare facilities such as orthopedics, cardiac, gastroenterology and rehabilitation.
- *A continuing shift towards outpatient care.* According to the American Hospital Association, patients are demanding more outpatient operations. We believe this shift in patient preference from inpatient to outpatient facilities will benefit our tenants as most of our properties consist of outpatient facilities.
- *Physician practice group and hospital consolidation.* We believe the trend towards physician group consolidation will serve to strengthen the credit quality of our tenants if our tenants merge or are consolidated with larger health systems.

We believe the following trends may negatively impact our results of operations:

- *Increased interest rate environment.* Due to a strong labor market and high inflation, the U.S. Federal Reserve raised the federal funds rate by 25 basis points (0.25%) in March 2022 and an additional 50 basis points (0.50%) in May 2022 and is expected to increase the federal funds rate at each of the remaining meetings in 2022. Additionally, the U.S. Federal Reserve announced that it will begin reducing the size of its balance sheet in 2022, which could also cause an increase in interest rates. Due to this interest rate environment, LIBOR, which is the current reference rate for our floating rate debt, is currently expected to increase to approximately 3.00% by the end of 2022 (based on the one-month LIBOR forward curve as of May 2, 2022), over 200 basis points (2.00%) from its current level. Based on our floating rate debt balance as of March 31, 2022, a 200 basis point increase in LIBOR would have caused our annual interest expense to increase by approximately \$3.7 million.
- *Increased competition for acquisition opportunities.* We face increased competition for our target asset classes from both private funds and other public REITs, among other types of investors. Medical office properties have proven to be a resilient asset class during the COVID-19 pandemic as many tenants of such properties continued to pay rent during the pandemic, which was not the case for many other types of commercial real estate. Given the resiliency of medical office buildings, many real estate funds are now competing for acquisition opportunities in medical real estate, which may cause a decrease in overall capitalization rates and may make it more difficult for us to locate acquisition opportunities that meet our investment and return criteria.

[Table of Contents](#)

- *Continuation of the COVID-19 pandemic.* U.S economic growth in 2021 rebounded substantially from 2020 as COVID-19 vaccines became readily available to most of the U.S. population. However, the rapid spread of the Omicron variant beginning in late 2021 and the resulting increase in hospital admissions stressed the U.S. healthcare system, as more people sought treatment for COVID-19 infections and many healthcare workers became unavailable due to them having left the profession or being infected themselves. We are unable to predict the overall effect it will have on the U.S. economy, and specifically within the healthcare industry, including whether labor shortages will continue in the healthcare industry, which may disrupt our tenants' businesses or increase their recruitment and labor costs. In addition, COVID-19 has caused widespread labor shortages. These labor shortages have affected a number of the outside consultants we rely on to, among other things, complete our property acquisitions, which, in certain circumstances, has affected those consultants' ability to provide timely services to us.

The volatility of COVID-19 is unpredictable and there are no assurances that an equally or more volatile variant will not emerge in the future. Although to date our liquidity and operational and financial performance has not been materially affected by the COVID-19 pandemic, we cannot predict the effects future resurgences will have on our tenants and our business going forward.

- *Changes in third party reimbursement methods and policies.* The price of healthcare services has been increasing, and, as a result, we believe that third-party payors, such as Medicare and commercial insurance companies, will continue to scrutinize and reduce the types of healthcare services eligible for, and the amounts of, reimbursement under their health insurance plans. Additionally, many employer-based insurance plans continue to increase the percentage of insurance premiums for which covered individuals are responsible, which makes healthcare services more expensive for individuals. We expect these trends will only be exacerbated by the COVID-19 pandemic, as medical expenditures increased significantly during the pandemic. If these trends continue, our tenants' businesses will continue to be negatively affected, which may impact their ability to pay rent to us.

Critical Accounting Estimates

The preparation of financial statements in conformity with GAAP requires our management to use judgment in the application of accounting policies, including making estimates and assumptions. We base estimates on the best information available to us at the time, our experience and on various other assumptions believed to be reasonable under the circumstances. These estimates affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting periods. If our judgment or interpretation of the facts and circumstances relating to various transactions or other matters had been different, it is possible that different accounting would have been applied, resulting in a different presentation of our financial statements. From time to time, we re-evaluate our estimates and assumptions. In the event estimates or assumptions prove to be different from actual results, adjustments are made in subsequent periods to reflect more current estimates and assumptions about matters that are inherently uncertain. Please refer to our Annual Report on Form 10-K for the year ended December 31, 2021, filed with the Commission on March 1, 2022, for further information regarding the critical accounting policies that affect our more significant estimates and judgments used in the preparation of our condensed consolidated financial statements included in Part I, Item 1 of this Report.

Consolidated Results of Operations

The major factor that resulted in variances in our results of operations for each revenue and expense category for the three months ended March 31, 2022, compared to the same period in 2021, was the increase in the size of our property portfolio. Our total investments in real estate, net of accumulated depreciation and amortization, was \$1.2 billion and \$1.1 billion as of March 31, 2022 and 2021, respectively.

Revenue**Total Revenue**

Total revenue for the three months ended March 31, 2022 was \$31.9 million, compared to \$27.3 million for the same period in 2021, an increase of \$4.6 million. The increase was primarily the result of rental revenue earned from the facilities that we acquired after March 31, 2021, as well as from the recognition of a full three months of rental revenue in 2022 from acquisitions that were completed during the three months ended March 31, 2021. Within that increase, \$4.0 million in revenue was recognized from net lease expense recoveries during the three months ended March 31, 2022, compared to \$2.9 million for the same period in 2021.

Expenses**General and Administrative**

General and administrative expenses for the three months ended March 31, 2022 were \$4.2 million, compared to \$4.4 million for the same period in 2021, a decrease of \$0.2 million. The decrease resulted primarily from a reduction in non-cash LTIP compensation expense, which was \$1.3 million for the three months ended March 31, 2022, compared to \$1.7 million for the same period in 2021.

Operating Expenses

Operating expenses for the three months ended March 31, 2022 were \$5.4 million, compared to \$3.7 million for the same period in 2021, an increase of \$1.7 million. The increase resulted primarily from \$4.0 million of recoverable property operating expenses incurred during the three months ended March 31, 2022, compared to \$2.9 million for the same period in 2021. In addition, our operating expenses included \$0.8 million of property operating expenses from gross leases for the three months ended March 31, 2022, compared to \$0.5 million for the same period in 2021.

Depreciation Expense

Depreciation expense for the three months ended March 31, 2022 was \$9.4 million, compared to \$7.8 million for the same period in 2021, an increase of \$1.6 million. The increase resulted primarily from depreciation expense incurred on the facilities that we acquired after March 31, 2021, as well as from the recognition of a full three months of depreciation expense in 2022 from acquisitions that were completed during the three months ended March 31, 2021.

Amortization Expense

Amortization expense for the three months ended March 31, 2022 was \$3.8 million, compared to \$3.0 million for the same period in 2021, an increase of \$0.8 million. The increase resulted primarily from amortization expense incurred on the facilities that we acquired after March 31, 2021, as well as from the recognition of a full three months of amortization expense in 2022 from acquisitions that were completed during the three months ended March 31, 2021.

Interest Expense

Interest expense for the three months ended March 31, 2022 was \$4.8 million, compared to \$5.0 million for the same period in 2021, a decrease of \$0.2 million. This decrease was primarily due to lower interest rates during the three months ended March 31, 2022.

The weighted average interest rate of our debt for the three months ended March 31, 2022 was 2.87% compared to 3.17% for the same period in 2021. Additionally, the weighted average interest rate and term of our debt was 2.91% and 4.03 years at March 31, 2022.

Net Income

Net income for the three months ended March 31, 2022 was \$4.3 million, compared to \$3.3 million for the same period in 2021, an increase of \$1.0 million.

Assets and Liabilities

As of March 31, 2022 and December 31, 2021, our principal assets consisted of investments in real estate, net, of \$1.2 billion. We completed four acquisitions during the three months ended March 31, 2022. Our liquid assets consisted primarily of cash and cash equivalents and restricted cash of \$8.2 million and \$12.8 million, as of March 31, 2022 and December 31, 2021, respectively.

The decrease in our cash and cash equivalents and restricted cash balances to \$8.2 million as of March 31, 2022, compared to \$12.8 million as of December 31, 2021, was primarily due to funds used to acquire real estate and pay dividends to our common and preferred stockholders and OP Unit and LTIP Unit holders of our Operating Partnership. Cash outflows were partially offset by borrowings on our Credit Facility, net proceeds received from ATM equity offerings, and net cash provided by operating activities.

The increase in our total liabilities to \$632.9 million as of March 31, 2022 compared to \$625.9 million as of December 31, 2021, was primarily the result of higher net borrowings outstanding, partially offset by decreases in the derivative liability balance and the accounts payable and accrued expenses balance.

Liquidity and Capital Resources

General

Our short-term (up to 12 months) liquidity requirements include:

- Interest expense and scheduled principal payments on outstanding indebtedness;
- General and administrative expenses;
- Property operating expenses;
- Property acquisitions;
- Distributions to our common and preferred stockholders and OP Unit and LTIP Unit holders in our Operating Partnership; and
- Capital and tenant improvements.

In 2022, we are contractually obligated to pay, or have capital commitments for, principal and interest payments on our outstanding debt, and ground and operating lease expenses. In addition, our preferred stock becomes redeemable by us beginning in September 2022. The liquidation preference for our preferred stock is \$77.6 million, and, if we decide to fully redeem, we would be required to pay this amount plus fees and expenses.

[Table of Contents](#)

Our long-term (beyond 12 months) liquidity requirements consist primarily of funds necessary to pay for acquisitions, capital and tenant improvements at our properties, scheduled debt maturities, general and administrative expenses, operating expenses, and distributions. Beyond 2022, we are contractually obligated to pay, or have capital commitments for, principal and interest payments on our outstanding debt and ground and operating lease expenses.

We expect to satisfy our short and long-term liquidity needs through various internal and external sources, including cash flow from operations, debt financing, sales of additional equity securities, the issuance of OP Units in connection with acquisitions of additional properties, proceeds from select property dispositions and recapitalization transactions.

Internal Sources of Liquidity

Our primary internal sources of liquidity include cash flow from operations and proceeds from select property dispositions and recapitalization transactions.

External Sources of Liquidity

Our primary external sources of liquidity include net proceeds received from equity issuances, including the issuance of OP Units in connection with acquisitions of additional properties, and debt financing, including borrowings under our Credit Facility and secured term loans.

Equity Issuances

During the three months ended March 31, 2022, the Company generated gross proceeds of \$8.3 million through equity issuances of 0.5 million shares of our common stock at an average offering price of \$17.38 per share through the 2020 ATM Program.

From April 1, 2022 through May 2, 2022, we generated gross proceeds of \$1.9 million through equity issuances of 0.1 million shares of our common stock at a weighted average offering price of \$16.24 per share through the 2022 ATM program.

Debt Financing

Credit Facility. Our Credit Facility consists of a \$350 million Term Loan and a \$400 million Revolver. The Credit Facility also contains a \$500 million accordion feature. As of May 2, 2022, we had unutilized borrowing capacity under the Revolver of \$171 million.

The Credit Facility is an unsecured facility with a term of four years for the Revolver (subject to two, six-month extension options) and a term of five years for the Term Loan.

We are subject to a number of financial covenants under the Credit Facility, including, among other things, the following as of the end of each fiscal quarter, (i) a maximum consolidated unsecured leverage ratio of less than 60%, (ii) a maximum consolidated secured leverage ratio of less than 30%, (iii) a maximum consolidated secured recourse leverage ratio of less than 10%, (iv) a minimum fixed charge coverage ratio of 1.50:1.00, (v) a minimum unsecured interest coverage ratio of 1.50:1.00, (vi) a maximum consolidated leverage ratio of less than 60%, and (vii) a minimum net worth of \$345 million plus 75% of all net proceeds raised through equity offerings subsequent to December 31, 2020. As of May 2, 2022, management believed it complied with all of the financial and non-financial covenants contained in the Credit Facility.

Hedging Instruments. We have six interest rate swaps with a total notional amount of \$350 million that are used to manage our interest rate risk and fix the LIBOR component on the Term Loan. An aggregate of \$150 million of the swaps mature in August 2023 and the remaining \$200 million mature in August 2024. In addition, we have five forward starting interest rate swaps that will be effective on the maturity dates of the existing interest rate swaps. The forward starting swaps each have a maturity date of April 2026 and will fix the LIBOR component on the Term Loan through its maturity. Currently, the interest rate swaps fix the LIBOR component of the Term Loan at a rate of 1.91% through August 2023. Subsequently, from August 2023 to August 2024 the LIBOR component of the Term Loan rate will be fixed at 1.61%. Finally, from August 2024 to April 2026 the LIBOR component of the Term Loan rate will be fixed at 1.45%.

LIBOR Transition. In July 2017, the Financial Conduct Authority, which regulates LIBOR, announced its intention to stop compelling banks to submit rates for the calculation of LIBOR after 2021. As a result, the Federal Reserve Board and the Federal

[Table of Contents](#)

Reserve Bank of New York organized the Alternative Reference Rates Committee which identified the Secured Overnight Financing Rate (“SOFR”) as its preferred alternative to LIBOR in derivatives and other financial contracts. On December 31, 2021, Ice Benchmark Administration, the administrator of LIBOR, announced plans to cease publication for all USD LIBOR tenors (except the one- and two-week tenors, which ceased on December 31, 2021) on June 30, 2023. The Credit Facility provides that, on or about the LIBOR cessation date (subject to an early opt-in election), LIBOR shall be replaced as a benchmark rate in the Credit Facility with term SOFR (or another alternative rate if term SOFR is not able to be determined), with such adjustments to cause the new benchmark rate to be economically equivalent to LIBOR at the time of the LIBOR cessation date.

The Company’s interest rate swap agreements are indexed to LIBOR and the Company will need to enter into bilateral agreements with its swap counterparties to institute a fallback reference rate once LIBOR ceases to be published. It is expected that most market participants will transition to compounding SOFR as the new reference rate for derivative contracts. If the Company transitions its interest rate swaps to compounded SOFR, such transition may impact the effectiveness of its hedging instruments as the reference rate for the Credit Facility (term SOFR) will be different than the reference rate for its interest rate swaps (compounded SOFR).

Cash Flow Information

Net cash provided by operating activities for the three months ended March 31, 2022 was \$16.4 million, compared to \$15.3 million for the same period in 2021. The increase during the 2022 period was primarily due to the increase in net income as well as increases in depreciation and amortization expenses compared to the same period in 2021.

Net cash used in investing activities for the three months ended March 31, 2022 was \$26.6 million, compared to \$43.8 million for the same period in 2021. The decrease during the 2022 period was primarily the result of less real estate investment activity compared to the same period in 2021.

Net cash provided by financing activities for the three months ended March 31, 2022 was \$5.6 million, compared to \$28.9 million for the same period in 2021. The decrease during the 2022 period was primarily due to less proceeds received from equity offerings, partially offset by net borrowings on our Credit Facility.

Non-GAAP Financial Measures

Management considers certain non-GAAP financial measures to be useful supplemental measures of the Company's operating performance. A non-GAAP financial measure is generally defined as one that purports to measure financial performance, financial position or cash flows, but excludes or includes amounts that would not be so adjusted in the most comparable measure determined in accordance with GAAP. The Company reports non-GAAP financial measures because these measures are observed by management to also be among the most predominant measures used by the REIT industry and by industry analysts to evaluate REITs. For these reasons, management deems it appropriate to disclose and discuss these non-GAAP financial measures. Set forth below are descriptions of the non-GAAP financial measures management considers relevant to the Company's business and useful to investors, as well as reconciliations of those measures to the most directly comparable GAAP financial measure.

The non-GAAP financial measures presented herein are not necessarily identical to those presented by other real estate companies due to the fact that not all real estate companies use the same definitions. These measures should not be considered as alternatives to net income, as indicators of the Company's financial performance, or as alternatives to cash flow from operating activities as measures of the Company's liquidity, nor are these measures necessarily indicative of sufficient cash flow to fund all of the Company's needs. Management believes that in order to facilitate a clear understanding of the Company's historical consolidated operating results, these measures should be examined in conjunction with net income and cash flows from operations as presented in the Condensed Consolidated Financial Statements and other financial data included elsewhere in this Quarterly Report on Form 10-Q.

Funds from Operations and Adjusted Funds from Operations

Funds from operations (“FFO”) and adjusted funds from operations (“AFFO”) are non-GAAP financial measures within the meaning of the rules of the SEC. The Company considers FFO and AFFO to be important supplemental measures of its operating performance and believes FFO is frequently used by securities analysts, investors, and other interested parties in the evaluation of REITs, many of which present FFO when reporting their results.

[Table of Contents](#)

In accordance with the National Association of Real Estate Investment Trusts' ("NAREIT") definition, FFO means net income or loss computed in accordance with GAAP before noncontrolling interests of holders of OP Units and LTIP Units, excluding gains (or losses) from sales of property and extraordinary items, less preferred stock dividends, plus real estate-related depreciation and amortization (excluding amortization of debt issuance costs and the amortization of above and below market leases), and after adjustments for unconsolidated partnerships and joint ventures. Because FFO excludes real estate-related depreciation and amortization (other than amortization of debt issuance costs and above and below market lease amortization expense), the Company believes that FFO provides a performance measure that, when compared period-over-period, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, development activities and interest costs, providing perspective not immediately apparent from the closest GAAP measurement, net income or loss.

AFFO is a non-GAAP measure used by many investors and analysts to measure a real estate company's operating performance by removing the effect of items that do not reflect ongoing property operations. Management calculates AFFO by modifying the NAREIT computation of FFO by adjusting it for certain cash and non-cash items and certain recurring and non-recurring items. For the Company these items include recurring acquisition and disposition costs, loss on the extinguishment of debt, recurring straight line deferred rental revenue, recurring stock-based compensation expense, recurring amortization of above and below market leases, recurring amortization of debt issuance costs, recurring lease commissions, and other items.

Management believes that reporting AFFO in addition to FFO is a useful supplemental measure for the investment community to use when evaluating the operating performance of the Company on a comparative basis.

A reconciliation of net income to FFO and AFFO for the three months ended March 31, 2022 and 2021 is as follows:

Earnings Before Interest, Taxes, Depreciation and Amortization for Real Estate (EBITDAre and Adjusted EBITDAre)

The Company calculates EBITDAre in accordance with standards established by NAREIT and defines EBITDAre as net income or loss computed in accordance with GAAP plus depreciation and amortization, interest expense, gain or loss on the sale of

investment properties, and impairment loss, as applicable. The Company defines Adjusted EBITDA_{re} as EBITDA_{re} plus non-cash stock compensation expense, non-cash intangible amortization related to above and below market leases, preacquisition expense and other normalizing items. Management considers EBITDA_{re} and Adjusted EBITDA_{re} important measures because they provide additional information to allow management, investors, and our current and potential creditors to evaluate and compare our core operating results and our ability to service debt.

A reconciliation of net income to EBITDA_{re} and Adjusted EBITDA_{re} for the three months ended March 31, 2022 and 2021 is as follows:

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Market risk includes risks that arise from changes in interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that affect market sensitive instruments. In pursuing our business and investment objectives, we expect that the primary market risk to which we will be exposed is interest rate risk.

We may be exposed to the effects of interest rate changes primarily as a result of debt used to acquire healthcare facilities, including borrowings under the Credit Facility. The analysis below presents the sensitivity of the value of our variable rate financial obligations to selected changes in market interest rates. The range of changes chosen reflects our view of changes which are reasonably possible over a one-year period.

As of March 31, 2022, we had \$186.7 million of unhedged borrowings outstanding under the Revolver (before the netting of unamortized debt issuance costs) that bears interest at a variable rate. See “Management’s Discussion and Analysis of Financial Condition and Results of Operation — Liquidity and Capital Resources” for a detailed discussion of our Credit Facility. At March 31, 2022, LIBOR on our outstanding floating-rate borrowings was 0.33%. Assuming no increase in the amount of our variable interest rate debt, (i) if LIBOR increased 100 basis points, our cash flow would decrease by approximately \$1.9 million annually, and (ii) if LIBOR increased 200 basis points, our cash flow would decrease by approximately \$3.7 million annually. Assuming no increase in the amount of our variable rate debt, if LIBOR were reduced 100 basis points, our cash flow would increase by approximately \$1.9 million annually.

Our interest rate risk management objectives are to limit the impact of interest rate changes on earnings and cash flows and to lower overall borrowing costs. To achieve our objectives, we may borrow at fixed rates or floating rates. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources—Hedging Instruments,” for a description of our interest rate swaps. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources—LIBOR Transition,” for a discussion of the effects of the upcoming LIBOR transition on our hedging instruments.

We may enter into additional derivative financial instruments, including interest rate swaps and caps, in order to mitigate our interest rate risk on our future borrowings. We will not enter into derivative transactions for speculative purposes.

In addition to changes in interest rates, the value of our investments is subject to fluctuations based on changes in local and regional economic conditions and changes in the creditworthiness of tenants/operators and borrowers, which may affect our ability to refinance our debt if necessary.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act that are designed to ensure that information required to be disclosed in our reports filed or submitted to the SEC under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, and that information is accumulated and communicated to management, including the principal executive and financial officer as appropriate, to allow timely decisions regarding required disclosures. Our principal executive officer and principal financial officer evaluated the effectiveness of disclosure controls and procedures as of March 31, 2022 pursuant to Rule 13a-15(b) under the Exchange Act. Based on that evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered by this Report, the Company's disclosure controls and procedures were effective to ensure that information required to be included in our periodic SEC filings is recorded, processed, summarized, and reported within the time periods specified in the SEC rules and forms.

Our management, including our principal executive officer and principal financial officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within our company have been detected.

Changes in Internal Control over Financial Reporting

No changes were made to our internal control over financial reporting during our most recently completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

We are not involved in any pending legal proceeding or litigation and, to the best of our knowledge, no governmental authority is contemplating any proceeding to which we are a party or to which any of our properties is subject, which would reasonably be likely to have a material adverse effect on our financial condition or results of operations. From time to time, we may become involved in litigation relating to claims arising out of our operations in the normal course of business. There can be no assurance that these matters that arise in the future, individually or in the aggregate, will not have a material adverse effect on our financial condition or results of operations in any future period.

Item 1A. Risk Factors

During the three months ended March 31, 2022, there were no material changes to the risk factors that were disclosed in Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2021, filed with the SEC on March 1, 2022.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On January 14, 2022, the Company issued 35,000 shares of its common stock to Minnite Family, LLC (the "LLC") in connection with the LLC's redemption of 35,000 OP Units issued to the LLC by the Operating Partnership on April 19, 2018 in connection with the LLC's contribution of certain assets to the Operating Partnership. Pursuant to the terms of the Operating Partnership's partnership agreement, OP Units may be redeemed by the holder after a one-year holding period for either cash or shares of common stock of the Company, such form of redemption consideration to be determined at the sole discretion of the Company. The issuance of these shares of common stock was effected in reliance upon the exemption from registration under Section 4(a)(2) of the Securities Act of 1933, as amended, based on the fact that the issuance was not a "public offering" as defined in Section 4(a)(2) due to the insubstantial number of persons involved in the transaction, manner of the issuance and number of securities issued.

Pursuant to the Global Medical REIT Inc. 2016 Equity Incentive Plan, as amended from time to time (the “Plan”), and the Agreement of Limited Partnership, dated as of March 14, 2016 (as amended from time to time, the “Partnership Agreement”), of Global Medical REIT L.P., a Delaware limited partnership (“GMR OP”), Global Medical REIT Inc., a Maryland corporation (the “Company”) and the sole member of Global Medical REIT GP LLC, a Delaware limited liability company, the general partner of GMR OP (the “General Partner”), and for the provision of services to or for the benefit of GMR OP in a partner capacity or in anticipation of being a partner, hereby grants to the Grantee named above an Other Equity-Based Award (as defined in the Plan), to be determined following the conclusion of the Performance Period (defined herein) based on (i) the number of Award LTIP Units shown above (the “Award LTIP Units”) and (ii) the extent to which the Performance Goals (defined herein) are achieved during the Performance Period as provided in further detail herein (such number of LTIP Units that are earned and issued to the Grantee, the “Earned LTIP Units”) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein and in the Partnership Agreement (the “Award”). Upon acceptance of this LTIP Unit Vesting Agreement (this “Agreement”), the Grantee shall become entitled to receive the Earned LTIP Units to the extent earned in accordance with, and subject to, the terms and conditions contained herein, in the Plan and in the Partnership Agreement. Capitalized terms used but not defined herein have the meanings assigned to such terms in the Partnership Agreement, attached hereto as ANNEX A, or the Plan, as applicable, unless a different meaning is specified herein. In addition, as used herein:

“Board Meeting Date” means the date in 2023 on which the Board of Directors of the Company (the “Board”) approves the recommendation of the Compensation Committee of the Board (or such other committee(s) as may be appointed or designated by the Board to administer the Plan) (the “Committee”) with respect to the number of Earned LTIP Units to issue based on the level of achievement of the Performance Goals.

“Continuous Service” means the Grantee’s continuous service to the Company and its Affiliates, without interruption or termination, in any capacity. Continuous Service shall not be considered interrupted in the case of: (a) any approved leave of absence; (b) transfers among the Company and its Affiliates, or any successor; or (c) any change in status as long as the individual remains in the service of the Company and its Affiliates. An approved leave of absence shall include sick leave, military leave, or any other authorized personal leave.

[“Good Reason” means: (i) a material diminution in the Grantee’s base salary; (ii) a material diminution or adverse change in the Grantee’s title, duties or authority; (iii) a material breach by the Company or GMR OP of any of its covenants or obligations under this Agreement; or (iv) the relocation of the geographic location of the Grantee’s principal place of employment by more than 50 miles from the location of the Grantee’s principal place of employment as of the Grant Date; provided that, in the case of the Grantee’s allegation of Good Reason, (A) the condition described in the foregoing clauses must have arisen without the

Grantee's consent; (B) the Grantee must provide written notice to GMR OP of such condition in accordance with the Agreement within 45 days of the initial existence of the condition; (C) the condition specified in such notice must remain uncorrected for 30 days after receipt of such notice by GMR OP; and (D) the Grantee's date of termination must occur within 60 days after such notice is received by GMR OP.]

"**Partial Service Factor**" means a factor carried out to the sixth decimal to be used in calculating the number of LTIP Units earned pursuant to Section 3(a) hereof in the event of a Qualified Termination of the Grantee's Continuous Service prior to the Valuation Date, determined by dividing (a) the number of calendar days that have elapsed since January 1, 2022 to and including the date of the Grantee's Qualified Termination by (b) the number of calendar days from January 1, 2022 to and including the Valuation Date.

"**Performance Period**" means the period beginning on January 1, 2022 and ending on February 28, 2023.

"**Retirement**" means retirement from employment with the Company and its Affiliates, but only to the extent the Grantee is at least 60 years of age at the time of such retirement and has been employed with the Company and its Affiliates for at least 10 years prior to the date of such retirement.

"**Valuation Date**" means the earlier of (a) the Board Meeting Date or (b) the date upon which a Change in Control shall occur.

1. **Acceptance of Agreement.** The Grantee shall have no rights with respect to this Agreement unless he or she shall have accepted this Agreement prior to the close of business on the Final Acceptance Date specified above by (a) signing and delivering to GMR OP, a copy of this Agreement and (b) unless the Grantee is already a Limited Partner, the Grantee shall not be entitled to receive the Earned LTIP Units unless the Grantee signs, as a Limited Partner, and delivers to GMR OP a counterpart signature page to the Partnership Agreement. Upon receipt of the Earned LTIP Units to which the Grantee becomes entitled hereunder, the Partnership effective as of the Valuation Date, and the Grantee shall have all the rights of a Limited Partner with respect to the number of LTIP Units specified above, as set forth in the Partnership Agreement, subject, however, to the restrictions and conditions specified in Section 3 below.

2. **Restrictions and Conditions.**

(a) The records of GMR OP evidencing the Earned LTIP Units granted herein shall bear an appropriate legend, as determined by GMR OP in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein and in the Partnership Agreement.

(b) Award LTIP Units may not be sold, transferred, pledged, exchanged, hypothecated or otherwise disposed of by the Grantee in any respect. Earned LTIP Units may not be sold, transferred, pledged, exchanged, hypothecated or otherwise disposed of by the Grantee prior to vesting as contemplated in Section 3 or 4 of this Agreement.

(c) Subject to the provisions of Section 3 below, any LTIP Units (and the proportionate amount of the Grantee's Capital Account balance attributable to such LTIP Units) subject to this Award that have not become vested on or before the date that the Grantee's employment with the Company and its Affiliates terminates shall be forfeited as of the date that such employment terminates.

3. **Determination of Number of Earned LTIP Units.** The Committee has established performance goals for calendar year 2022 (the "**Performance Period**") as set forth on Exhibit A hereto (the "**Performance Goals**") that shall be used to determine the number of Earned LTIP Units. As soon as reasonably practicable following the last day of the Performance Period, which may in some cases not occur before the Company's operating results for such period have been publicly announced by the

Company, the Committee will determine the extent to which the Company has achieved each of the Performance Goals (expressed as a percentage) as further detailed on Exhibit A and, based on such determination, will calculate the number of Earned LTIP Units that Grantee is entitled to receive based on the applicable Performance Percentages described on Exhibit A. Any Award LTIP Units that are not earned in accordance with this Agreement and Exhibit A hereto shall be forfeited and cancelled, and the Grantee shall have no right in or to any such unearned LTIP Units after it is determined that they were not earned.

4. **Vesting of LTIP Units**. The restrictions and conditions in Sections 2(b) and 2(c) of this Agreement shall lapse with respect to the LTIP Units granted herein in the amounts and on the Vesting Dates specified below:

Portion of Award to Vest	Vesting Date
50%	As of the Valuation Date
50%	First Anniversary of the Valuation Date
Total: 100% of Award	

5. **Termination of Employment**.

(a) If the Grantee’s employment with the Company and its Affiliates ends on account of the Grantee’s termination of employment by the Company or its Affiliates: (i) without Cause [(as defined in that certain Employment Agreement by and between Inter-American Management LLC (“IAM”) and [], dated as of [] (the “Employment Agreement”))[(as defined in the Inter-American Management LLC Severance Plan and Summary Plan Description, dated July 9, 2020 (the “Severance Plan”))] (ii) by the Grantee for Good Reason [(as defined in the Employment Agreement)][(as defined herein)]; provided that the Grantee executes the Release [(as defined in Section 7(f)(i) of the Employment Agreement)][(as defined in Section 5 of the Severance Plan)] on or before the Release Expiration Date [(as defined in Section 7(f)(v) of the Employment Agreement)][(as defined in Section 5 of the Severance Plan)], and does not revoke such Release within any time provided in such Release to do so, (iii) due to the Grantee’s death or Disability [(as defined in the Employment Agreement) [(as defined in the Severance Plan)] or (iv) a result of the Grantee’s Retirement (as defined herein) (each, a “Qualified Termination”), the Grantee will not forfeit the Award LTIP Units upon such termination, and instead the following provisions of this Section 5 shall be applied to determine the number of Earned LTIP Units the Grantee shall be entitled receive:

i. the calculations provided in Section 3 hereof shall be performed as of the Valuation Date as if the Qualified Termination had not occurred;

ii. the number of Earned LTIP Units calculated pursuant to Section 3 shall be multiplied by the Partial Service Factor (with the resulting number being rounded to the nearest whole LTIP Unit or, in the case of 0.5 of a unit, up to the next whole unit), and such adjusted number of LTIP Units shall be deemed the Grantee’s Earned LTIP Units for all purposes under this Agreement; and

iii. the Grantee’s Earned LTIP Units as adjusted pursuant to Section 5(a)(ii) above shall no longer be subject to forfeiture pursuant to Section 4 hereof; provided that, notwithstanding that no Continuous Service requirement pursuant to Section 4 hereof will apply to the Grantee after the effective date of a Qualified Termination, except in the case of death or Disability (as defined in the [Employment Agreement][Severance Plan]), the Grantee will not have the right to transfer his or her Earned LTIP Units or request redemption of his or her Common Units under the Partnership Agreement until such dates as of which his or her Earned LTIP Units, as adjusted pursuant to Section 5(a)(ii) above, would have become vested pursuant to Section 2(b) absent a Qualified Termination. For the avoidance of doubt, the purpose of

this Section 5(a)(iii) is to prevent a situation where the Grantee who has had a Qualified Termination would be able to realize the value of his or her LTIP Units or Common Units (through transfer or redemption) before other grantees whose Continuous Service continues through the applicable vesting dates set forth in Section 4 hereof.

(b) In the event of a Qualified Termination after the Valuation Date, all Earned LTIP Units that are subject to forfeiture restrictions pursuant to Section 4 shall no longer be subject to forfeiture; provided that, notwithstanding that no Continuous Service requirement pursuant to Section 4 hereof will apply to the Grantee after the effective date of a Qualified Termination, except in the case of death or Disability, the Grantee will not have the right to transfer his or her Earned LTIP Units or request redemption of his or her Common Units under the Partnership Agreement until such dates as of which his or her Earned LTIP Units would have become vested pursuant to Section 4 absent a Qualified Termination. For the avoidance of doubt, the purpose of this Section 5(b) is to prevent a situation where a Grantee who has had a Qualified Termination would be able to realize the value of his or her Earned LTIP Units or Common Units (through transfer or redemption) before other grantees of Earned LTIP Units whose Continuous Service continues through the applicable vesting dates set forth in Section 4 hereof.

(c) In the event of a termination of the Grantee's employment other than a Qualified Termination, all unearned Award LTIP Units and all Earned LTIP Units except for those that have become vested pursuant to Section 4 hereof shall, without payment of any consideration by the Company or its Affiliates, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Grantee nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such LTIP Units.

6. **Change in Control.**

(a) If a Change in Control ([as defined in the Employment Agreement][as defined in the Severance Plan]) occurs before the first anniversary of the Effective Date, the provisions of Section 3 shall apply to determine the number of Earned LTIP Units except that (i) the number of Award LTIP Units that are earned under the Performance Goals shall be based on a shortened Performance Period (with such shortened Performance Period ending on the date of the Change in Control), and (ii) the resulting number of Earned LTIP Units shall be prorated to reflect the portion of the original Performance Period that had elapsed as of the date of such Change in Control. If a Change in Control occurs on or after the first anniversary of the Effective Date, the number of Earned LTIP Units shall be determined as provided in Section 3.

Notwithstanding any provision herein to the contrary, in the event of any inconsistency between this Section 6 and the [Employment Agreement][Severance Plan], the terms of the [Employment Agreement][Severance Plan] shall control.

7. **Merger-Related Action.** In contemplation of and subject to the consummation of a consolidation or merger or sale of all or substantially all of the assets of the Company in which outstanding Common Stock is exchanged for securities, cash, or other property of an unrelated corporation or business entity or in the event of a liquidation of the Company (in each case, a "Transaction"), the Board, or the board of trustees or directors of any corporation assuming the obligations of the Company (the "Acquiror"), may, in its discretion, take any one or more of the following actions, as to the outstanding Earned LTIP Units: (i) provide that such Earned LTIP Units shall be assumed or equivalent awards shall be substituted, by the acquiring or succeeding entity (or an affiliate thereof), and/or (ii) upon prior written notice to the LTIP Unitholders (as defined in the Partnership Agreement) of not less than 30 days, provide that such Earned LTIP Units shall terminate immediately prior to the consummation of the Transaction. The right to take such actions (each, a "Merger-Related Action") shall be subject to the following limitations and qualifications:

(a) if all Earned LTIP Units awarded to the Grantee hereunder are eligible, as of the time of the Merger-Related Action, for conversion into Common Units (as defined in and in accordance with the Partnership Agreement) and the Grantee is afforded the opportunity to effect such conversion and receive, in consideration for the Common Units into which his Earned LTIP Units shall have been converted, the same kind and amount of consideration as other holders of Common Units in connection with the Transaction, then Merger-Related Action of the kind specified in (i) or (ii) above shall be permitted and available to the Company and the Acquiror;

(b) if some or all of the Earned LTIP Units awarded to the Grantee hereunder are not, as of the time of the Merger-Related Action, so eligible for conversion into Common Units (in accordance with the Partnership Agreement), and the acquiring or succeeding entity is itself, or has a subsidiary which is organized as a partnership or limited liability company (consisting of a so-called “UPREIT” or other structure substantially similar in purpose or effect to that of the Company and GMR OP), then Merger-Related Action of the kind specified in clause (i) of this Section 7 above must be taken by the Acquiror with respect to all Earned LTIP Units subject to this Award which are not so convertible at the time, whereby all such Earned LTIP Units covered by this Award shall be assumed by the acquiring or succeeding entity, or equivalent awards shall be substituted by the acquiring or succeeding entity, and the acquiring or succeeding entity shall preserve with respect to the assumed Earned LTIP Units or any securities to be substituted for such Earned LTIP Units, as far as reasonably possible under the circumstances, the distribution, special allocation, conversion and other rights set forth in the Partnership Agreement for the benefit of the LTIP Unitholders; and

(c) if some or all of the Earned LTIP Units awarded to the Grantee hereunder are not, as of the time of the Merger-Related Action, so eligible for conversion into Common Units (in accordance with the Partnership Agreement), and after exercise of reasonable commercial efforts the Company or the Acquiror is unable to treat the Earned LTIP Units in accordance with Section 7(b), then Merger-Related Action of the kind specified in clause (ii) of this Section 7 above must be taken by the Company or the Acquiror, in which case such action shall be subject to a provision that the settlement of the terminated award of Earned LTIP Units which are not convertible into Common Units requires a payment of the same kind and amount of consideration payable in connection with the Transaction to a holder of the number of Common Units into which the Earned LTIP Units to be terminated could be converted or, if greater, the consideration payable to holders of the number of shares of common stock into which such Common Units could be exchanged (including the right to make elections as to the type of consideration) if the Transaction were of a nature that permitted a revaluation of the Grantee’s capital account balance under the terms of the Partnership Agreement, as determined by the Committee in good faith in accordance with the Plan.

8. **Distributions.** Distributions shall accrue during the Performance Period on the maximum number of LTIP Units that the Grantee could earn under this Agreement and shall be paid with respect to all of the Earned LTIP Units at the conclusion of the Performance Period following calculation of the number of Earned LTIP Units in accordance with Section 3 and the issuance thereof to the Grantee, in cash or by the issuance of additional LTIP Units at the discretion of the Committee. The right to distributions set forth in this Section 8 shall be deemed a Dividend Equivalent Right for purposes of the Plan. The Grantee shall cease to have any Dividend Equivalent Right with respect to LTIP Units that are not earned or that cease to be eligible for vesting and are forfeited in accordance with this Agreement.

9. **Incorporation of Plan.** Notwithstanding anything herein to the contrary, this Award shall be subject to all of the terms and conditions of the Plan and the Partnership Agreement.

10. **Covenants.** The Grantee hereby covenants as follows:

(a) So long as the Grantee holds any LTIP Units, the Grantee shall disclose to GMR

OP in writing such information as may be reasonably requested with respect to ownership of LTIP Units as GMR OP may deem reasonably necessary to ascertain and to establish compliance with provisions of the Code applicable to GMR OP or to comply with requirements of any other appropriate taxing authority.

(b) The Grantee hereby agrees to make an election under Section 83(b) of the Code with respect to the LTIP Units awarded hereunder, and the Company hereby consents thereto. The Grantee has delivered with this Agreement a completed, executed copy of the election form attached hereto as Annex B. The Grantee agrees to file the election (or to permit GMR OP to file such election on the Grantee's behalf) within thirty (30) days after the Grant Date with the IRS Service Center at which such Grantee files his personal income tax returns, and to file a copy of such election with the Grantee's U.S. federal income tax return for the taxable year in which the LTIP Units are awarded to the Grantee.

(c) The Grantee hereby agrees that it does not have the intention to dispose of the LTIP Units subject to this Award within two years of receipt of such LTIP Units. GMR OP and the Grantee hereby agree to treat the Grantee as the owner of the LTIP Units from the Grant Date. The Grantee hereby agrees to take into account the distributive share of GMR OP income, gain, loss, deduction, and credit associated with the LTIP Units in computing the Grantee's income tax liability for the entire period during which the Grantee has the LTIP Units.

(d) The Grantee hereby recognizes that the IRS has proposed regulations under Sections 83 and 704 of the Code that may affect the proper treatment of the LTIP Units for federal tax purposes. In the event that those proposed regulations are finalized, the Grantee hereby agrees to cooperate with GMR OP in amending this Agreement and the Partnership Agreement, and to take such other action as may be required, to conform to such regulations.

(e) The Grantee hereby recognizes that changes in applicable law may affect the federal tax consequences of owning and disposing of LTIP Units.

11. **Transferability**. This Agreement is personal to the Grantee, is non-assignable and is not transferable in any manner, by operation of law or otherwise, other than by will or the laws of descent and distribution, without the prior written consent of the Company.

12. **Amendment**. The Grantee acknowledges that the Plan may be amended or canceled or terminated in accordance with Article XVIII thereof and that this Agreement may be amended or cancelled by the Committee, on behalf of GMR OP, for the purpose of satisfying changes in law or for any other lawful purpose, provided that no such action shall adversely affect the Grantee's rights under this Agreement without the Grantee's written consent. The provisions of Section 7 of this Agreement applicable to the termination of the LTIP Units covered by this Award in connection with a Transaction (as defined in Section 7 of this Agreement) shall apply, *mutatis mutandi* to amendments, discontinuance or cancellation pursuant to this Section 12 or the Plan.

13. **No Obligation to Continue Employment**. Neither the Company nor any one of its Affiliates is obligated by or as a result of the Plan or this Agreement to continue the Grantee in employment and neither the Plan nor this Agreement shall interfere in any way with the right of the Company or its Affiliates to terminate the employment of the Grantee at any time.

14. **Notices**. Notices hereunder shall be mailed or delivered to GMR OP at its principal place of business and shall be mailed or delivered to the Grantee at the address on file with GMR OP or, in either case, at such other address as one party may subsequently furnish to the other party in writing.

15. **Governing Law**. This Agreement shall be governed by, and construed in accordance with,

the laws of the State of Delaware, applied without regard to conflict of law principles. The parties agree that any action or proceeding arising directly, indirectly or otherwise in connection with, out of, related to or from this Agreement, any breach hereof or any action covered hereby, shall be resolved within the State of Delaware and the parties hereto consent and submit to the jurisdiction of the federal and state courts located within Delaware.

Performance Goals and Percentages

Name of Grantee: _____

Number of Award LTIP Units: _____

The number of Earned LTIP Units issuable to Grantee in respect of the Award LTIP Units under this Award shall be determined by dividing the total number of Award LTIP Units (as shown above) into four components as shown in the table below (each a “Component”) and multiplying the number of Award LTIP Units allocated to each Component by the applicable Performance Percentage described below based on the extent to which the Goal for each such Component is achieved.

<u>% of Award LTIP Units</u>	<u>Component</u>	<u>Goal</u>
30% of total Award LTIP Units	Acquisitions including (i) closed acquisitions during 2022 and (ii) acquisitions placed under definitive purchase contract on or before December 31, 2022 and closed by February 28, 2023.	<u>Threshold:</u> \$125 million. <u>Target:</u> \$180 million. <u>Maximum:</u> \$235 million.
20% of total Award LTIP Units	Average quarterly Consolidated Leverage Ratio (as defined in the Company’s Amended and Restated Credit Agreement) (based on each fiscal quarter end).	<u>Threshold:</u> 47% <u>Target:</u> 45% <u>Maximum:</u> 43%
30% of total Award LTIP Units	Adjusted FFO (AFFO) per share for the year ended December 31, 2022, as reported by the Company in its year-end earnings announcement for the year ended December 31, 2022.	<u>Threshold:</u> \$0.96 per share <u>Target:</u> \$0.99 per share <u>Maximum:</u> \$1.03 per share
20% of total Award LTIP Units	Discretionary Component	Entirely at the discretion of the Committee based on the Committee’s assessment of the Grantee’s individual performance in areas the Committee deems in its discretion to be important based on the Grantee’s job duties and position within the organization.

Performance Percentages

- (i) If the Company does not achieve the Threshold Goal in a particular Component in the above table, all of the Award LTIP Units for that Component will be forfeited.
 - (ii) If the Company achieves the Threshold Goal in a particular Component in the above table, the number of Earned LTIP Units in that Component will be equal to 50% of the number of Award LTIP Units for that Component.
 - (iii) If the Company achieves the Target Goal in a particular Component in the above table, the number of Earned LTIP Units in that Component will be equal to 100% of the number of Award LTIP Units for that Component.
 - (iv) If the Company achieves or exceeds the Maximum Goal in a particular Component in the above table, the number of Earned LTIP Units for that Component will be equal to 150% of the number of Award LTIP Units for that Component.
-

For achievement of a Goal at an intermediate point between the Threshold Goal and the Target Goal or between the Target Goal and the Maximum Goal for any Component, the number of Earned LTIP Units eligible for vesting and settlement pursuant to Sections 3 and 4 for that Component will be interpolated on a straight-line basis between 50% and 100% or between 100% and 150%, respectively, of the number of Award LTIP Units allocated to that Component. Fractional LTIP Units will be rounded to the next whole LTIP Unit.

**LTIP UNIT AWARD AGREEMENT
Long Term Incentive Award (Performance-Based with Time-Vesting)**

Name of Grantee: _____
Number of LTIP Units: _____
Grant Date (Closing Date): February 24, 2022
Final Acceptance Date: _____

Pursuant to the Global Medical REIT Inc. 2016 Equity Incentive Plan, as amended from time to time (the “Plan”), and the Agreement of Limited Partnership, dated as of March 14, 2016 (as amended from time to time, the “Partnership Agreement”), of Global Medical REIT L.P., a Delaware limited partnership (“GMR OP”), Global Medical REIT Inc., a Maryland corporation (the “Company”) and the sole member of Global Medical REIT GP LLC, a Delaware limited liability company, the general partner of GMR OP (the “General Partner”), and for the provision of services to or for the benefit of GMR OP in a partner capacity or in anticipation of being a partner, hereby grants, and agrees to cause GMR OP to issue, to the Grantee named above a number of LTIP Units (which constitute Other Equity Based Awards under the Plan) to be determined following the conclusion of the Performance Period (defined herein) based on (i) the number of Award LTIP Units shown above (the “Award LTIP Units”) and (ii) the Company’s Total Shareholder Return and Relative Performance during the Performance Period as provided in further detail herein (such number of LTIP Units that are earned and issued to the Grantee, the “Earned LTIP Units”) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein and in the Partnership Agreement (the “Award”). Upon acceptance of this LTIP Unit Award Agreement (this “Agreement”), the Grantee shall become entitled to receive the Earned LTIP Units to the extent earned in accordance with, and subject to, the terms and conditions contained herein, in the Plan and in the Partnership Agreement, the terms of which are hereby incorporated by reference. Capitalized terms used but not defined herein have the meanings assigned to such terms in the Partnership Agreement, attached hereto as ANNEX B, or the Plan, as applicable, unless a different meaning is specified herein. In addition, as used herein:

“Absolute TSR Component” means 75% of the Award LTIP Units, meaning that 75% of the Award LTIP Units shall be eligible to convert into Earned LTIP Units based on the Company’s Total Shareholder Return during the Performance Period.

“Baseline Value” for each of the Company and the Peer Companies means the dollar amount representing the average Fair Market Value over the five consecutive trading days ending on, and including, the Effective Date.

“Common Stock” means the common stock, par value \$0.001 per share, of the Company.

“Common Stock Price” means, with respect to the Company and each of the Peer Companies, as of a particular date, the average of the Fair Market Value over the 15 consecutive trading days ending on, and including, such date (or, if such date is not a trading day, the most recent trading day immediately preceding such date); provided, however, that if such date is the date upon which a Transactional Change of Control occurs, the Common Stock Price of a share of common stock as of such date shall be equal to the fair value, as determined by the Committee, of the total consideration paid or payable in the transaction resulting in the Transactional Change of Control for one share of Common Stock.

“Continuous Service” means the Grantee’s continuous service to the Company and its Affiliates, without interruption or termination, in any capacity. Continuous Service shall not be considered interrupted in the case of: (a) any approved leave of absence; (b) transfers among the Company and its Affiliates, or any successor; or (c) any change in status as long as the individual remains in the service of the Company and its Affiliates. An approved leave of absence shall include sick leave, military leave, or any other authorized personal leave.

“Effective Date” means February 24, 2022.

“Fair Market Value” means the closing price of one share of common stock of the applicable company as reported or quoted, as the case may be, on the national securities exchange or quotation system on which such company’s common stock is listed or quoted.

[“Good Reason” means: (i) a material diminution in the Grantee’s base salary; (ii) a material diminution or adverse change in the Grantee’s title, duties or authority; (iii) a material breach by the Company or GMR OP of any of its covenants or obligations under this Agreement; or (iv) the relocation of the geographic location of the Grantee’s principal place of employment by more than 50 miles from the location of the Grantee’s principal place of employment as of the Grant Date; provided that, in the case of the Grantee’s allegation of Good Reason, (A) the condition described in the foregoing clauses must have arisen without the Grantee’s consent; (B) the Grantee must provide written notice to GMR OP of such condition in accordance with the Agreement within 45 days of the initial existence of the condition; (C) the condition specified in such notice must remain uncorrected for 30 days after receipt of such notice by GMR OP; and (D) the Grantee’s date of termination must occur within 60 days after such notice is received by GMR OP.]

“Partial Service Factor” means a factor carried out to the sixth decimal to be used in calculating the number of LTIP Units earned pursuant to Section 3(d) hereof in the event of a Qualified Termination of the Grantee’s Continuous Service prior to the Valuation Date, determined by dividing (a) the number of calendar days that have elapsed since the Effective Date to and including the date of the Grantee’s Qualified Termination by (b) the number of calendar days from the Effective Date to and including the Valuation Date.

“Peer Companies” means the companies that comprise the Dow Jones U.S. Real Estate Health Care Index.

“Performance Period” means the period beginning on the Effective Date and ending on the Valuation Date.

“Relative Performance” means the Company’s Total Shareholder Return relative to the Total Shareholder Return of the Peer Companies. Relative Performance will be determined by (a) ranking the Peer Companies from highest to lowest according to their respective Total Shareholder Return; (b) assigning each Peer Company a market capitalization percentage based upon each such Peer Company’s share of equity market capitalization as compared to the total market capitalization of all of the Peer Companies as of the Valuation Date; and then (c) constructing a percentile pool whereby each Peer Company is assigned a percentile range based on its Total Shareholder Return and market capitalization percentage. After this ranking, the Company’s Total Shareholder Return shall be compared to that of the Peer Companies and assigned a percentile rank based on the foregoing methodology.

“Relative TSR Component” means 25% of the Award LTIP Units, meaning that 25% of the Award LTIP Units shall be eligible to convert into Earned LTIP Units based on the Company’s Relative Performance during the Performance Period.

“Retirement” means retirement from employment with the Company and its Affiliates, but only to the extent the Grantee is at least 60 years old at the time of such retirement and has been employed with the Company or an Affiliate for at least 10 years prior to the date of such retirement.

“Total Shareholder Return” means, for each of the Company and the Peer Companies, with respect to the Performance Period, the total return (expressed as a percentage) that would have been realized by a shareholder who (a) bought one share of common stock of such company at the Baseline Value on the Effective Date, (b) reinvested each dividend and other distribution declared during the Performance Period with respect to such share (and any other shares, or fractions thereof, previously received upon reinvestment of dividends or other distributions or on account of stock dividends), without deduction for any taxes with respect to such dividends or other distributions or any charges in connection with such reinvestment, in additional common stock at a price per share equal to (i) the Fair Market Value on the trading day immediately preceding the ex-dividend date for such dividend or other distribution less (ii) the amount of such dividend or other distribution, and (c) sold such shares on the Valuation Date at the Common Stock Price on the Valuation Date, without deduction for any taxes with respect to any gain on such sale or any charges in connection with such sale. Appropriate adjustments to the Total Shareholder Return shall be made to take into account all stock dividends, stock splits, reverse stock splits and the other events that occur during the Performance Period.

“Transactional Change of Control” means a Change of Control resulting from any person or group making a tender offer for shares of Common Stock, a merger or consolidation where the Company is not the acquirer or surviving entity or consisting of a sale, lease, exchange or other transfer to an unrelated party of all or substantially all of the assets of the Company.

“Valuation Date” means the earlier of (a) the calendar day immediately preceding the third anniversary of the Effective Date, or (b) the date upon which a Change in Control shall occur.

1. **Acceptance of Agreement.** The Grantee shall have no rights under this Agreement unless he or she shall have accepted this Agreement prior to the close of business on the Final Acceptance Date specified above by signing and delivering to GMR OP a copy of this Agreement. Furthermore, unless the Grantee is already a Limited Partner of GMR OP as of the Final Acceptance Date shown above, the Grantee shall not be entitled to receive the Earned LTIP Units unless the Grantee signs, as a Limited Partner, and delivers to GMR OP on or prior to the Final Acceptance Date a counterpart signature page to the Partnership Agreement attached hereto as ANNEX C. Thereupon, the Grantee shall have all the rights of a Limited Partner with respect to the number of LTIP Units specified above, as set forth in the Partnership Agreement, subject, however, to the restrictions and conditions specified herein. Upon receipt of the Earned LTIP Units to which the Grantee becomes entitled hereunder, the Partnership Agreement shall be amended to reflect the issuance to the Grantee of such Earned LTIP Units, effective as of the Valuation Date, and the Grantee shall have all of the rights of a Limited Partner with respect to the number of Earned LTIP Units issued to the Grantee, as set forth in the Partnership Agreement, subject, however, to the restrictions and conditions specified herein.

2. **Restrictions and Conditions.**

(a) The records of GMR OP evidencing the Award LTIP Units granted hereby and the Earned LTIP Units issued pursuant hereto shall bear an appropriate legend, as determined by GMR OP in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein and in the Partnership Agreement.

(b) Award LTIP Units may not be sold, transferred, pledged, exchanged, hypothecated or otherwise disposed of by the Grantee in any respect. Earned LTIP Units may not be sold, transferred, pledged, exchanged, hypothecated or otherwise disposed of by the Grantee prior to vesting as contemplated in Section 4 and Section 5 of this Agreement, and then only to the extent permitted under the Partnership Agreement.

(c) Subject to the provisions of Section 5 below, any LTIP Units (and the proportionate amount of the Grantee’s Capital Account balance attributable to such LTIP Units) subject to this Award that

have not been earned and become vested on or before the date that the Grantee's employment with the Company and its Affiliates terminates shall be forfeited as of the date that such employment terminates.

3. **Terms of LTIP Units.**

(a) Subject to Section 5, the exact number of Earned LTIP Units that Grantee shall be entitled to receive under this Agreement shall be determined following the conclusion of the Performance Period based on the Company's Total Shareholder Return and Relative Performance during the Performance Period as provided herein. The Grantee shall not be entitled to receive any LTIP Units hereunder except to the extent they are earned upon the end of the Performance Period in accordance with the terms and conditions hereof. Earned LTIP Units shall be issued as soon as reasonably practical following the end of the Performance Period. In addition to the performance vesting requirements specified herein, Earned LTIP Units shall be subject to service vesting as provided in Section 4(e). Award LTIP Units that are not earned in accordance with this Agreement shall be forfeited and cancelled and unvested Earned LTIP Units will be subject to forfeiture prior to vesting as set forth in this Section 4 and in Section 5.

(b) The number of LTIP Units earned under the Absolute TSR Component of the Award will be determined pursuant to Section 4(d) as soon as reasonably practicable following the Valuation Date by multiplying the number of Award LTIP Units by 75% and then multiplying such product by the applicable Percentage of Absolute TSR Component Earned based on the Company's Total Shareholder Return as shown below:

<u>Total Shareholder Return</u>	<u>Percentage of Absolute TSR Component Earned</u>
Less than 18%	0%
18%	50%
27%	100%
36% or greater	200%

The Absolute TSR Component of the Award will be forfeited in its entirety if the Total Shareholder Return is less than 18%. If the Total Shareholder Return is between 18% and 27%, or between 27% and 36%, the percentage of the Absolute TSR Component earned will be determined using linear interpolation as between those tiers, respectively.

(c) The number of Award LTIP Units earned under the Relative TSR Component of the Award will be determined pursuant to Section 4(d) as soon as reasonably practicable following the Valuation Date by multiplying the number of Award LTIP Units by 25% and then multiplying such product by the applicable Percentage of Relative TSR Component Earned based on the Company's Relative Performance as shown below:

<u>Relative Performance</u>	<u>Percentage of Relative TSR Component Earned</u>
TSR below the 35 th percentile of Peer Companies	0%
TSR equal to the 35 th percentile of Peer Companies	50%
TSR equal to the 55 th percentile of Peer Companies	100%

The Relative TSR Component of the Award will be forfeited in its entirety if the Relative Performance is below the 35th percentile of Peer Companies. If the Relative Performance is between the 35th percentile and 55th percentile of Peer Companies, or between the 55th percentile and 75th percentile of Peer Companies, the percentage of the Relative TSR Component earned will be determined using linear interpolation as between those tiers, respectively.

(d) As soon as practicable following the Valuation Date, the Compensation Committee of the Board of Directors of the Company (the "Board") (or such other Committee(s) as may be appointed or designated by the Board to administer the Plan) (the "Committee") shall determine the number of LTIP Units earned by the Grantee under both the Absolute TSR Component and the Relative TSR Component. Upon the performance of the calculations set forth in this Section 4(d): (A) the Company shall cause GMR OP to issue to the Grantee, as of the Valuation Date, a number of LTIP Units equal to the number of Earned LTIP Units. Any Award LTIP Units that are not earned in accordance with this Section 4 hereto shall not be deemed granted and shall not be issued, and the Grantee shall have no right in or to any such unearned and unissued LTIP Units after it is determined that they were not earned.

(e) LTIP Units that have been earned based on performance as provided in Section 4(c), shall, subject to Section 5 hereof, be subject to forfeiture restrictions that will lapse in the following amounts and on the following vesting dates subject to the Continuous Service of the Grantee through and on the applicable vesting date:

(i) 50% of the Earned LTIP Units shall become vested, and shall cease to be subject to forfeiture, as of the Valuation Date; and

(ii) 50% of the Earned LTIP Units shall become vested, and shall cease to be subject to forfeiture, on the first anniversary of the Valuation Date.

(f) Any Earned LTIP Units that do not become vested pursuant to Section 4(e) or Section 5 hereof shall, without payment of any consideration by the Company or its Affiliates, automatically and without notice be forfeited and be and become null and void, and neither the Grantee nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested Earned LTIP Units.

4. Termination of Employment.

(a) If the Grantee's employment with the Company and its Affiliates ends on account of the Grantee's termination of employment by the Company or its Affiliates: (i) without Cause [(as defined in that certain Employment Agreement by and between Inter-American Management LLC ("IAM") and [], dated as of [] (the "Employment Agreement")][(as defined in the Inter-American Management LLC Severance Plan and Summary Plan Description, dated July 9, 2020 (the "Severance Plan"))] (ii) by the Grantee for Good Reason [(as defined in the Employment Agreement)[as defined herein]]; provided that the Grantee executes the Release [(as defined in Section 7(f)(i) of the Employment Agreement)[as defined in Section 5 of the Severance Plan]] on or before the Release Expiration Date [(as defined in Section 7(f)(v) of the Employment Agreement)[as defined in Section 5 of the Severance Plan]], and does not revoke such Release within any time provided in such Release to do so, (iii) due to the Grantee's death or Disability (as defined in [the Employment Agreement] [the Severance Plan] or (iv) a result of the Grantee's Retirement (as defined herein) (each, a "Qualified Termination"), the Grantee will not forfeit the Award LTIP Units upon such

termination, and instead the following provisions of this Section 5 shall be applied to determine the number of Earned LTIP Units the Grantee shall be entitled receive:

i. the calculations provided in Section 4(d) hereof shall be performed as of the Valuation Date as if the Qualified Termination had not occurred;

ii. the number of Earned LTIP Units calculated pursuant to Section 4(d) shall be multiplied by the Partial Service Factor (with the resulting number being rounded to the nearest whole LTIP Unit or, in the case of 0.5 of a unit, up to the next whole unit), and such adjusted number of LTIP Units shall be deemed the Grantee's Earned LTIP Units for all purposes under this Agreement; and

iii. the Grantee's Earned LTIP Units as adjusted pursuant to Section 5(b)ii above shall no longer be subject to forfeiture pursuant to Section 4(e) hereof; provided that, notwithstanding that no Continuous Service requirement pursuant to Section 4(e) hereof will apply to the Grantee after the effective date of a Qualified Termination, except in the case of death or Disability, the Grantee will not have the right to transfer his or her Earned LTIP Units or request redemption of his or her Common Units under the Partnership Agreement until such dates as of which his or her Earned LTIP Units, as adjusted pursuant to Section 5(a)ii above, would have become vested pursuant to Section 4(e) absent a Qualified Termination. For the avoidance of doubt, the purpose of this Section 5(a)iii is to prevent a situation where the Grantee who has had a Qualified Termination would be able to realize the value of his or her LTIP Units or Common Units (through transfer or redemption) before other grantees whose Continuous Service continues through the applicable vesting dates set forth in Section 4(e) hereof.

(b) In the event of a Qualified Termination after the Valuation Date, all Earned LTIP Units that are subject to forfeiture restrictions pursuant to Section 4(e) shall no longer be subject to forfeiture; provided that, notwithstanding that no Continuous Service requirement pursuant to Section 4(e) hereof will apply to the Grantee after the effective date of a Qualified Termination, except in the case of death or Disability, the Grantee will not have the right to transfer his or her Earned LTIP Units or request redemption of his or her Common Units under the Partnership Agreement until such dates as of which his or her Earned LTIP Units would have become vested pursuant to Section 4(e) absent a Qualified Termination. For the avoidance of doubt, the purpose of this Section 4(b) is to prevent a situation where a Grantee who has had a Qualified Termination would be able to realize the value of his or her Earned LTIP Units or Common Units (through transfer or redemption) before other grantees of Earned LTIP Units whose Continuous Service continues through the applicable vesting dates set forth in Section 4(e) hereof.

(c) In the event of a termination of the Grantee's employment other than a Qualified Termination, all unearned Award LTIP Units and all Earned LTIP Units except for those that have become vested pursuant to Section 4(e) hereof shall, without payment of any consideration by the Company or its Affiliates, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Grantee nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such LTIP Units.

5. Change in Control.

(a) If a Change in Control ([as defined in the Employment Agreement][as defined in the Severance Plan]) occurs before the third anniversary of the Effective Date, the provisions of Section 4 shall apply to determine the number of Earned LTIP Units except that (i) the number of Award LTIP Units that are earned under the Absolute TSR Component or the Relative TSR Component, as applicable, shall be based on a shortened Performance Period (with such shortened Performance Period ending on the date of the Change in Control), and (ii) the resulting number of Earned LTIP Units shall be prorated to reflect the portion of the

original Performance Period that had elapsed as of the date of such Change in Control. If a Change in Control occurs on or after the third anniversary of the Effective Date, the number of Earned LTIP Units shall be determined as provided in Section 4.

(b) The number of Earned LTIP Units determined under Section 4, as modified by Section 6(a) for a Change in Control that occurs before the third anniversary of the Effective Date, shall remain subject to vesting tied to Continuous Service as provided in Section 4(e), except that the Grantee shall become fully vested in the Earned LTIP Units if he or she is terminated in a Qualified Termination.

(c) If the Change in Control occurs after the third anniversary of the Effective Date, and the Grantee is terminated in a Qualified Termination, the Grantee shall become fully vested in any unvested Earned LTIP Units.

(d) Notwithstanding any provision herein to the contrary, in the event of any inconsistency between this Section 6 and the [Employment Agreement][Severance Plan], the terms of the [Employment Agreement][Severance Plan] shall control.

6. **Merger-Related Action**. In contemplation of and subject to the consummation of a consolidation or merger or sale of all or substantially all of the assets of the Company in which outstanding Common Stock is exchanged for securities, cash, or other property of an unrelated corporation or business entity or in the event of a liquidation of the Company (in each case, a "Transaction"), the Board, or the board of trustees or directors of any corporation assuming the obligations of the Company (the "Acquiror"), may, in its discretion, take any one or more of the following actions, as to the outstanding Earned LTIP Units: (i) provide that such Earned LTIP Units shall be assumed or equivalent awards shall be substituted, by the acquiring or succeeding entity (or an affiliate thereof), and/or (ii) upon prior written notice to the LTIP Unitholders (as defined in the Partnership Agreement) of not less than 30 days, provide that such Earned LTIP Units shall terminate immediately prior to the consummation of the Transaction. The right to take such actions (each, a "Merger-Related Action") shall be subject to the following limitations and qualifications:

(a) if all Earned LTIP Units awarded to the Grantee hereunder are eligible, as of the time of the Merger-Related Action, for conversion into Common Units (as defined in and in accordance with the Partnership Agreement) and the Grantee is afforded the opportunity to effect such conversion and receive, in consideration for the Common Units into which his Earned LTIP Units shall have been converted, the same kind and amount of consideration as other holders of Common Units in connection with the Transaction, then Merger-Related Action of the kind specified in (i) or (ii) above shall be permitted and available to the Company and the Acquiror;

(b) if some or all of the Earned LTIP Units awarded to the Grantee hereunder are not, as of the time of the Merger-Related Action, so eligible for conversion into Common Units (in accordance with the Partnership Agreement), and the acquiring or succeeding entity is itself, or has a subsidiary which is organized as a partnership or limited liability company (consisting of a so-called "UPREIT" or other structure substantially similar in purpose or effect to that of the Company and GMR OP), then Merger-Related Action of the kind specified in clause (i) of this Section 7 above must be taken by the Acquiror with respect to all Earned LTIP Units subject to this Award which are not so convertible at the time, whereby all such Earned LTIP Units covered by this Award shall be assumed by the acquiring or succeeding entity, or equivalent awards shall be substituted by the acquiring or succeeding entity, and the acquiring or succeeding entity shall preserve with respect to the assumed Earned LTIP Units or any securities to be substituted for such Earned LTIP Units, as far as reasonably possible under the circumstances, the distribution, special allocation, conversion and other rights set forth in the Partnership Agreement for the benefit of the LTIP Unitholders; and

(c) if some or all of the Earned LTIP Units awarded to the Grantee hereunder are not, as of the time of the Merger-Related Action, so eligible for conversion into Common Units (in accordance with the Partnership Agreement), and after exercise of reasonable commercial efforts the Company or the Acquiror is unable to treat the Earned LTIP Units in accordance with Section 7(b), then Merger-Related Action of the kind specified in clause (ii) of this Section 7 above must be taken by the Company or the Acquiror, in which case such action shall be subject to a provision that the settlement of the terminated award of Earned LTIP Units which are not convertible into Common

Units requires a payment of the same kind and amount of consideration payable in connection with the Transaction to a holder of the number of Common Units into which the Earned LTIP Units to be terminated could be converted or, if greater, the consideration payable to holders of the number of shares of common stock into which such Common Units could be exchanged (including the right to make elections as to the type of consideration) if the Transaction were of a nature that permitted a revaluation of the Grantee's capital account balance under the terms of the Partnership Agreement, as determined by the Committee in good faith in accordance with the Plan.

7. **Distributions.** Distributions shall accrue during the Performance Period on the maximum number LTIP Units that the Grantee could earn under this Agreement and shall be paid with respect to all of the Earned LTIP Units at the conclusion of the Performance Period following calculation of the number of Earned LTIP Units in accordance with Section 4 and upon the issuance thereof to the Grantee, in cash or by the issuance of additional LTIP Units at the discretion of the Committee. The right to distributions set forth in this Section 8 shall be deemed a Dividend Equivalent Right for purposes of the Plan. The Grantee shall cease to have any Dividend Equivalent Right with respect to LTIP Units that are not earned or that cease to be eligible for vesting and are forfeited in accordance with this Agreement.

8. **Incorporation of Plan and Partnership Agreement.** Notwithstanding anything herein to the contrary, this Award shall be subject to all of the terms and conditions of the Plan and the Partnership Agreement.

9. **Covenants.** The Grantee hereby covenants as follows:

(a) So long as the Grantee holds any LTIP Units, the Grantee shall disclose to GMR OP in writing such information as may be reasonably requested with respect to ownership of LTIP Units as GMR OP may deem reasonably necessary to ascertain and to establish compliance with provisions of the Code applicable to GMR OP or to comply with requirements of any other appropriate taxing authority.

(b) The Grantee hereby agrees to make an election under Section 83(b) of the Code with respect to the maximum number of LTIP Units that the Grantee may earn hereunder, and the Company hereby consents thereto. The Grantee has delivered with this Agreement a completed, executed copy of the election form attached hereto as ANNEX A. The Grantee agrees to file the election (or to permit GMR OP to file such election on the Grantee's behalf) within thirty (30) days after the Final Acceptance Date with the IRS Service Center at which such Grantee files his personal income tax returns, and to file a copy of such election with the Grantee's U.S. federal income tax return for the taxable year in which the LTIP Units are awarded to the Grantee.

(c) The Grantee hereby agrees that it does not have the intention to dispose of the LTIP Units subject to this Award within two years of receipt of such LTIP Units. GMR OP and the Grantee hereby agree to treat the Grantee as the owner of the LTIP Units, subject to the terms and conditions hereof, from the Final Acceptance Date. The Grantee hereby agrees to take into account the distributive share of GMR OP income, gain, loss, deduction, and credit associated with the LTIP Units in computing the Grantee's income tax liability for the entire period during which the Grantee has the LTIP Units.

(d) The Grantee hereby recognizes that the IRS has proposed regulations under Sections 83 and 704 of the Code that may affect the proper treatment of the LTIP Units for federal tax purposes. In

the event that those proposed regulations are finalized, the Grantee hereby agrees to cooperate with GMR OP in amending this Agreement and the Partnership Agreement, and to take such other action as may be required, to conform to such regulations.

(e) The Grantee hereby recognizes that changes in applicable law may affect the federal tax consequences of owning and disposing of LTIP Units.

10. **Transferability.** This Agreement is personal to the Grantee, is non-assignable and is not transferable in any manner, by operation of law or otherwise, other than by will or the laws of descent and distribution, without the prior written consent of the Company.

11. **Amendment.** The Grantee acknowledges that the Plan may be amended or canceled or terminated in accordance with Article XVIII thereof and that this Agreement may be amended or cancelled by the Committee, on behalf of GMR OP, for the purpose of satisfying changes in law or for any other lawful purpose, provided that no such action shall adversely affect the Grantee's rights under this Agreement without the Grantee's written consent. The provisions of Section 6 of this Agreement applicable to the termination of the LTIP Units covered by this Award in connection with a Change in Control shall apply, *mutatis mutandi* to amendments, discontinuance or cancellation pursuant to this Section 12 or the Plan.

12. **No Obligation to Continue Employment.** Neither the Company nor any one of its Affiliates is obligated by or as a result of the Plan or this Agreement to continue the Grantee in employment and neither the Plan nor this Agreement shall interfere in any way with the right of the Company or its Affiliates to terminate the employment of the Grantee at any time.

13. **Notices.** Notices hereunder shall be mailed or delivered to GMR OP at its principal place of business and shall be mailed or delivered to the Grantee at the address on file with GMR OP or, in either case, at such other address as one party may subsequently furnish to the other party in writing.

14. **Governing Law.** This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware, applied without regard to conflict of law principles. The parties agree that any action or proceeding arising directly, indirectly or otherwise in connection with, out of, related to or from this Agreement, any breach hereof or any action covered hereby, shall be resolved within the State of Delaware and the parties hereto consent and submit to the jurisdiction of the federal and state courts located within Delaware.

Pursuant to the Global Medical REIT Inc. 2016 Equity Incentive Plan, as amended from time to time (the “Plan”), and the Agreement of Limited Partnership, dated as of March 14, 2016 (as amended from time to time, the “Partnership Agreement”), of Global Medical REIT L.P., a Delaware limited partnership (“GMR OP”), Global Medical REIT Inc., a Maryland corporation (the “Company”) and the sole member of Global Medical REIT GP LLC, a Delaware limited liability company, the general partner of GMR OP (the “General Partner”), and for the provision of services to or for the benefit of GMR OP in a partner capacity or in anticipation of being a partner, hereby grants to the Grantee named above an Other Equity-Based Award (as defined in the Plan) in the form of, and by causing GMR OP to issue to the Grantee named above, the number of LTIP Units specified above having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein and in the Partnership Agreement (the “Award”). Upon acceptance of this LTIP Unit Vesting Agreement (this “Agreement”), the Grantee shall receive, subject to Section 1 and 2 below, the number of LTIP Units specified above, subject to the restrictions and conditions set forth herein and in the Partnership Agreement. Capitalized terms used but not defined herein have the meanings assigned to such terms in the Partnership Agreement, attached hereto as ANNEX A, or the Plan, as applicable, unless a different meaning is specified herein.

1. **Acceptance of Agreement.** The Grantee shall have no rights with respect to this Agreement unless he or she shall have accepted this Agreement prior to the close of business on the Final Acceptance Date specified above by (a) signing and delivering to GMR OP, a copy of this Agreement and (b) unless the Grantee is already a Limited Partner, signing, as a Limited Partner, and delivering to GMR OP a counterpart signature page to the Partnership Agreement. Upon acceptance of this Agreement by the Grantee, subject to Section 2 below, the Partnership Agreement shall be amended to reflect the issuance to the Grantee of the LTIP Units so accepted. Thereupon, the Grantee shall have all the rights of a Limited Partner with respect to the number of LTIP Units specified above, as set forth in the Partnership Agreement, subject, however, to the restrictions and conditions specified in Section 3 below.

2. **Restrictions and Conditions.**

a. The records of GMR OP evidencing the LTIP Units granted herein shall bear an appropriate legend, as determined by GMR OP in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein and in the Partnership Agreement.

b. LTIP Units granted herein may not be sold, transferred, pledged, exchanged, hypothecated or otherwise disposed of by the Grantee prior to vesting as contemplated in Section 3 or 4 of this Agreement.

c. Subject to the provisions of Section 4 below, any LTIP Units (and the proportionate amount of the Grantee’s Capital Account balance attributable to such LTIP Units) subject to this Award

that have not become vested on or before the date that the Grantee's employment with the Company and its Affiliates terminates shall be forfeited as of the date that such employment terminates.

3. **Vesting of LTIP Units.** The restrictions and conditions in Sections 2(b) and 2(c) of this Agreement shall lapse with respect to the LTIP Units granted herein in the amounts and on the Vesting Date specified below (the "Vesting Date"):

Portion of Award to Vest	Vesting Date
100%	Third Anniversary of the Grant Date
Total: 100% of Award	

4. **Acceleration of Vesting in Special Circumstances:** All LTIP Units granted herein shall automatically become fully vested on the date specified below if the Grantee remains in the continuous employ of the Company or an Affiliate from the Grant Date until such date:

a. the Grantee's employment with the Company and its Affiliates ends on account of the Grantee's termination of employment by the Company and its Affiliates: (i) without Cause [(as defined in that certain Employment Agreement by and between Inter-American Management LLC and [], dated as of [] (the "Employment Agreement"))](as defined in the Inter-American Management LLC Severance Plan and Summary Plan Description, dated July 9, 2020 (the "Severance Plan")) (ii) by the Grantee for Good Reason ([as defined in the Employment Agreement][as defined herein]); provided that the Grantee executes the Release ([as defined in Section 7(f)(i) of the Employment Agreement][as defined in Section 5 of the Severance Plan]) on or before the Release Expiration Date ([as defined in Section 7(f)(v) of the Employment Agreement][as defined in Section 5 of the Severance Plan]), and does not revoke such Release within any time provided in such Release to do so, (iii) due to the Grantee's death or Disability (as defined in [the Employment Agreement][Severance Plan]) or (iv) a result of the Grantee's Retirement (as defined herein) (each, a "Qualified Termination")

b. In the event of a termination of the Grantee's employment other than a Qualified Termination, all LTIP Units except for those that have previously become vested pursuant to Section 3 or 4 hereof shall, without payment of any consideration by the Partnership, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Grantee nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such LTIP Units.

c. ["Good Reason" means: (i) a material diminution in the Grantee's base salary; (ii) a material diminution or adverse change in the Grantee's title, duties or authority; (iii) a material breach by the Company or GMR OP of any of its covenants or obligations under this Agreement; or (iv) the relocation of the geographic location of the Grantee's principal place of employment by more than 50 miles from the location of the Grantee's principal place of employment as of the Grant Date; provided that, in the case of the Grantee's allegation of Good Reason, (A) the condition described in the foregoing clauses must have arisen without the Grantee's consent; (B) the Grantee must provide written notice to GMR OP of such condition in accordance with the Agreement within 45 days of the initial existence of the condition; (C) the condition specified in such notice must remain uncorrected for 30 days after receipt of such notice by GMR OP; and (D) the Grantee's date of termination must occur within 60 days after such notice is received by GMR OP.]

d. "Retirement" means: retirement from employment with the Company and its

Affiliates, but only to the extent the Grantee is at least 60 years old at the time of such retirement and has been employed with the Company or an Affiliate for at least 10 years prior to the date of such retirement.

Notwithstanding any provision herein to the contrary, in the event of any inconsistency between this Section 4 and the Employment Agreement, the terms of the Employment Agreement shall control.

5. **Merger-Related Action**. In contemplation of and subject to the consummation of a consolidation or merger or sale of all or substantially all of the assets of the Company in which outstanding Common Stock is exchanged for securities, cash, or other property of an unrelated corporation or business entity or in the event of a liquidation of the Company (in each case, a "**Transaction**"), the Board, or the board of trustees or directors of any corporation assuming the obligations of the Company (the "**Acquiror**"), may, in its discretion, take any one or more of the following actions, as to the outstanding LTIP Units subject to this Award: (i) provide that such LTIP Units shall be assumed or equivalent awards shall be substituted, by the acquiring or succeeding entity (or an affiliate thereof), and/or (ii) upon prior written notice to the LTIP Unitholders (as defined in the Partnership Agreement) of not less than 30 days, provide that such LTIP Units shall terminate immediately prior to the consummation of the Transaction. The right to take such actions (each, a "**Merger-Related Action**") shall be subject to the following limitations and qualifications:

a. if all LTIP Units awarded to the Grantee hereunder are eligible, as of the time of the Merger-Related Action, for conversion into Common Units (as defined in and in accordance with the Partnership Agreement) and the Grantee is afforded the opportunity to effect such conversion and receive, in consideration for the Common Units into which his LTIP Units shall have been converted, the same kind and amount of consideration as other holders of Common Units in connection with the Transaction, then Merger-Related Action of the kind specified in (i) or (ii) above shall be permitted and available to the Company and the Acquiror;

b. if some or all of the LTIP Units awarded to the Grantee hereunder are not, as of the time of the Merger-Related Action, so eligible for conversion into Common Units (in accordance with the Partnership Agreement), and the acquiring or succeeding entity is itself, or has a subsidiary which is organized as a partnership or limited liability company (consisting of a so-called "**UPREIT**" or other structure substantially similar in purpose or effect to that of the Company and GMR OP), then Merger-Related Action of the kind specified in clause (i) of this Section 5 above must be taken by the Acquiror with respect to all LTIP Units subject to this Award which are not so convertible at the time, whereby all such LTIP Units covered by this Award shall be assumed by the acquiring or succeeding entity, or equivalent awards shall be substituted by the acquiring or succeeding entity, and the acquiring or succeeding entity shall preserve with respect to the assumed LTIP Units or any securities to be substituted for such LTIP Units, as far as reasonably possible under the circumstances, the distribution, special allocation, conversion and other rights set forth in the Partnership Agreement for the benefit of the LTIP Unitholders; and

c. if some or all of the LTIP Units awarded to the Grantee hereunder are not, as of the time of the Merger-Related Action, so eligible for conversion into Common Units (in accordance with the Partnership Agreement), and after exercise of reasonable commercial efforts the Company or the Acquiror is unable to treat the LTIP Units in accordance with Section 5(b), then Merger-Related Action of the kind specified in clause (ii) of this Section 5 above must be taken by the Company or the Acquiror, in which case such action shall be subject to a provision that the settlement of the terminated award of LTIP Units which are not convertible into Common Units requires a payment of the same kind and amount of consideration payable in connection with the Transaction to a holder of the number of Common Units into which the LTIP Units to be terminated could be converted or, if greater, the consideration payable to holders of the number of common shares into which such Common Units could

be exchanged (including the right to make elections as to the type of consideration) if the Transaction were of a nature that permitted a revaluation of the Grantee's capital account balance under the terms of the Partnership Agreement, as determined by the Committee in good faith in accordance with the Plan.

6. **Distributions.** Upon the issuance of the LTIP Units pursuant to Section 1 hereof, distributions on the LTIP Units shall be paid currently to the Grantee in accordance with the terms of the Partnership Agreement. The right to distributions set forth in this Section 6 shall be deemed a Dividend Equivalent Right for purposes of the Plan.

7. **Incorporation of Plan.** Notwithstanding anything herein to the contrary, this Award shall be subject to all of the terms and conditions of the Plan and the Partnership Agreement.

8. **Covenants.** The Grantee hereby covenants as follows:

a. So long as the Grantee holds any LTIP Units, the Grantee shall disclose to GMR OP in writing such information as may be reasonably requested with respect to ownership of LTIP Units as GMR OP may deem reasonably necessary to ascertain and to establish compliance with provisions of the Code applicable to GMR OP or to comply with requirements of any other appropriate taxing authority.

b. The Grantee hereby agrees to make an election under Section 83(b) of the Code with respect to the LTIP Units awarded hereunder, and the Company hereby consents thereto. The Grantee agrees to file a completed, executed copy of the election form attached hereto as ANNEX B (or to permit GMR OP to file such election on the Grantee's behalf) within thirty (30) days after the date that LTIP Units are issued to the Grantee pursuant to Section 2 of this Agreement with the IRS Service Center at which such Grantee files his personal income tax returns, and to file a copy of such election with the Grantee's U.S. federal income tax return for the taxable year in which the LTIP Units are awarded to the Grantee.

c. The Grantee hereby agrees that it does not have the intention to dispose of the LTIP Units subject to this Award within two years of receipt of such LTIP Units. GMR OP and the Grantee hereby agree to treat the Grantee as the owner of the LTIP Units from the Grant Date. The Grantee hereby agrees to take into account the distributive share of GMR OP income, gain, loss, deduction, and credit associated with the LTIP Units in computing the Grantee's income tax liability for the entire period during which the Grantee has the LTIP Units.

d. The Grantee hereby recognizes that the IRS has proposed regulations under Sections 83 and 704 of the Code that may affect the proper treatment of the LTIP Units for federal tax purposes. In the event that those proposed regulations are finalized, the Grantee hereby agrees to cooperate with GMR OP in amending this Agreement and the Partnership Agreement, and to take such other action as may be required, to conform to such regulations.

e. The Grantee hereby recognizes that changes in applicable law may affect the federal tax consequences of owning and disposing of LTIP Units.

9. **Transferability.** This Agreement is personal to the Grantee, is non-assignable and is not transferable in any manner, by operation of law or otherwise, other than by will or the laws of descent and distribution, without the prior written consent of the Company.

10. **Amendment.** The Grantee acknowledges that the Plan may be amended or canceled or terminated in accordance with Article XVIII thereof and that this Agreement may be amended or

cancelled by the Committee, on behalf of GMR OP, for the purpose of satisfying changes in law or for any other lawful purpose, provided that no such action shall adversely affect the Grantee's rights under this Agreement without the Grantee's written consent. The provisions of Section 4 of this Agreement applicable to the termination of the LTIP Units covered by this Award in connection with a Transaction (as defined in Section 5 of this Agreement) shall apply, *mutatis mutandi* to amendments, discontinuance or cancellation pursuant to this Section 10 or the Plan.

11. **No Obligation to Continue Employment**. Neither the Company nor any one of its Affiliates is obligated by or as a result of the Plan or this Agreement to continue the Grantee in employment and neither the Plan nor this Agreement shall interfere in any way with the right of the Company or its Affiliates to terminate the employment of the Grantee at any time.

12. **Notices**. Notices hereunder shall be mailed or delivered to GMR OP at its principal place of business and shall be mailed or delivered to the Grantee at the address on file with GMR OP or, in either case, at such other address as one party may subsequently furnish to the other party in writing.

13. **Governing Law**. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware, applied without regard to conflict of law principles. The parties agree that any action or proceeding arising directly, indirectly or otherwise in connection with, out of, related to or from this Agreement, any breach hereof or any action covered hereby, shall be resolved within the State of Delaware and the parties hereto consent and submit to the jurisdiction of the federal and state courts located within Delaware.
