Health, Change the Future. We've raised over \$9 billion for 170 children's hospitals by empowering and engaging with local communities and businesses – and we're not done yet. All donations benefit local member hospitals to fund what's needed most, like critical life-saving treatments and healthcare services, innovative research, vital pediatric medical equipment, child life services that put kids' and families' minds at ease during difficult hospital stays, and financial assistance for families who could not otherwise afford these health services.
