

PRESS RELEASE

WIIT announces the renewal of a five-year contract for Cloud and Cyber Security services valued at approximately 2.6 million euros with a key client in the manufacturing sector

Milan, October 31, 2024 – WIIT S.p.A. ("WIIT" or the "Company"; ISIN IT0005440893; WIIT.MI), a leading European provider in the business Cloud Computing market, focused on delivering continuous Hybrid and Hosted Private Cloud services for critical applications, announces the renewal of a five-year contract for Cloud and Cyber Security services valued at approximately 2.6 million euros. The client is a major multinational Italian company and a leading player in plastic material processing.

The client has renewed its trust in WIIT's Private Cloud services, thus ensuring the continuity of ongoing activities and formalizing the collaboration for the next five years. By once again entrusting WIIT with the management of its information systems through SAP Outsourcing, Hybrid Cloud, Cyber Security, System Management, and Network Management solutions with a highly secure profile, the client has reaffirmed the strength of their partnership.

The new scope of the contract entails an expansion of the collaboration toward a Secure Cloud model to protect corporate data at the production and operational sites in Italy and abroad. Thanks to this development, the client will benefit from a robust and secure technological infrastructure capable of supporting its needs in an ever-evolving market.

"The renewed trust of such a prestigious client confirms our credibility and our ability to deliver high-profile services in the world of Cloud solutions dedicated to critical applications and information".
Commented Alessandro Cozzi, CEO of WIIT. *"This new contract marks a natural evolution of our relationship with the client, and the expansion of services positions us as a strategic partner capable of offering a complete range of cutting-edge solutions."*
