Lemon Sky Studios continues to secure a healthy pipeline of new animation contracts as well as game development contracts in the AAA space. We are proud to share our involvement in some of the following titles which were released during the Quarter:

- (i) **Stormgate**, a free-to-play real-time strategy game set in a sci-fi universe where three warring factions battle for control of Earth. Stormgate is developed by Frost Giant Studios, an independent studio founded by ex-StarCraft and ex-Warcraft developers.
- (ii) **Playdate with Winnie the Pooh – Season 2**, an animated preschool series produced by Oddbot Inc. based on the fictional character, *Winnie the Pooh*, by A.A. Milne. The series takes place in Hundred Acre Wood, where Winnie the Pooh and his friends go on playful adventures.

2. **Mobile and Web3 Games Segment**

The Company's mobile games development studio, Appxplore, is pleased to announce several mobile games releases during the Quarter, namely, **Snaky Cat** and **CryptantCrab Prime**.

Snaky Cat is a battle royale game that blends with classic snake mechanics, inviting players to navigate and compete with each other through vibrant environments while collecting items to grow their feline character. Currently out on early access, Snaky Cat offers a delightful gaming experience that appeals to both casual and seasoned players with its engaging graphics, intuitive controls, and a variety of challenges.

CryptantCrab Prime was a sequel to the original CryptantCrab game, a Web3.0 project that was among the top 10 Web3.0 games in 2019. Now launched on the Arbitrum network, this launch aims to enhance player engagement and foster a more mature player trading economy within the game's ecosystem.

3. **zkCandy Layer 2 Chain**

During the Quarter, zkCandy, the Layer 2 Ethereum scaling blockchain network for gaming had successfully launched a public testnet trial. Upon completion of the said testnet trial, the zkCandy team will work towards launching a mainnet currently slated for Fourth Quarter of 2024.

4. **Flying Sheep Studios**

During the quarter, management teams of both iCandy and Flying Sheep Studios made the difficult decision to shut down Flying Sheep in an orderly fashion by the end of 2024. iCandy's management anticipates this move will moderately benefit the Group's income statement as iCandy will no longer need to consolidate the losses of Flying Sheep Studios.

JP Games Inc. is led by its CEO, Hajime Tabata, who is best recognized for his work at Square Enix, where he directed and produced the iconic game-title the *Final Fantasy IV*.
