Mentoring & Coaching

Three key drivers of Organic Growth

1

Direct Sales

GOAL: \$10m Pipeline of Sales Qualified targets

- Increase share of wallet with existing customers, by offering complementary & integrated solutions
- Highly targeted sales campaigns in pre-identified market verticals in US and AUS
- Create awareness via webinars, thought leadership and leading client case studies

2

Distribution Agreements

GOAL: Activate referral partners and resellers

- Activate Ambassador Program of HR and Mentoring Consultants
- Establish channel partnerships with industry leaders in L&D
- Partner with coaching providers in Australia
- Explore integration into HRIS providers

3

Product Innovation

GOAL: Pre-integrate with HR systems

- Make the product self serve to buy and launch
- Pre-Integrate product in commonly used systems in the HR tech industry
- Add high demand product features that customers are demanding to increase value to customers and price per unit (reporting, matching, surveys etc)

Inorganic growth via synergistic acquisitions

Acquire

We actively seek high-growth investments in SaaS and services, identifying opportunities with untapped growth potential

Target Acquisitions: Up to \$20 million revenue from strategic acquisitions

Focus on Innovation: Innovative SaaS & AI driven services and workforce transformation businesses

Quick Path to Profitability: Rapid transition to cash flow-positive status post-merger

High Growth Potential with Target Sectors: Targeting industries with high CAGR and strong digital transformation opportunities

Grow

We drive growth through a unique approach that leverages management expertise, cross-portfolio synergies, and a focus on cash-flow growth.

Distinctive 'Positive Growth Playbook': Leverage extensive management experience for strategic advantage

Deliver on the Rule of 40: Focus on achieving the Rule of 40 for balanced growth & profitability

Cross-Portfolio Synergies: Enhance operational and commercial efficiencies across operating businesses

Focus on Cash Flow: Prioritise cash-flow- positive growth as a fundamental requirement

Divest

We strategically review our holdings and reinvesting capital into the next wave of high-growth opportunities, ensuring sustained success.

Patient Ownership: Act as a strategic owner while being open to potential liquidity events

Optimal Exit Timing: Aim to exit at 50-70% of the S-Curve for maximum RIO

Strategic Divestments: Divest declining growth businesses of units to reinvest in high-potential growth opportunities

CEO's Execution Priorities and Operating Model

Operating Cash Flow Positive*

- Every business, every quarter
- Growth, without impacting profitability
- Lean teams, with significant synergies

Focus on Customers

- Portfolio offering, increasing share of wallet
- Make products easy to buy/add-on
- Deliver high ROI for customers, and high NPS

Disciplined capital allocation

- Value accretive acquisitions, minimise dilution
- Underpromise and overdeliver
- Disciplined governance, and shareholder alignment

Drive a culture of entrepreneurship, growth and execution

- Drive accountability and result through leadership
- Foster collaboration and synergies among businesses (proprietary AdNeo Playbook)
- Portfolio approach to win customers ahead of competition
