

## Virgin Galactic Announces Third Quarter 2024 Financial Results And Provides Business Update

- Build Phase of Delta Class Spaceships Underway with Commercial Service on Track for 2026
- Fleet Expansion Progressing as Design Efforts Shift to Mothership Program

ORANGE COUNTY, CALIFORNIA – November 6, 2024 – Virgin Galactic Holdings, Inc. (NYSE: SPCE) ("Virgin Galactic" or the "Company") today announced its financial results for the third quarter ended September 30, 2024 and provided a business update.

CEO Michael Colglazier said, "Our spaceship program remains on track to begin commercial operations in 2026, and with strong progress made on the Delta program, we now have the engineering capacity to advance design work on a second mothership, which will accelerate the next phase of growth for Virgin Galactic."

## Third Quarter 2024 Financial Highlights

- Cash position remains strong, with cash, cash equivalents and marketable securities of \$744 million as of September 30, 2024.
- Revenue of \$0.4 million, compared to \$1.7 million in the third quarter of 2023, with the decrease driven by the pause in commercial spaceflights to focus efforts on the production of the Delta Class spaceships.
- GAAP total operating expenses of \$82 million, compared to \$116 million in the third quarter of 2023. Non-GAAP total operating expenses of \$70 million in the third quarter of 2024, compared to \$102 million in the third quarter of 2023.
- Net loss of \$75 million, compared to a \$105 million net loss in the third quarter of 2023, with the improvement primarily driven by lower operating expenses.
- Adjusted EBITDA totaled \$(59) million, compared to \$(87) million in the third quarter of 2023, primarily driven by lower operating expenses.
- Net cash used in operating activities totaled \$79 million, compared to \$91 million in the third quarter of 2023.
- Cash paid for capital expenditures totaled \$39 million, compared to \$13 million in the third quarter of 2023.
- Free cash flow totaled (118) million, compared to (105) million in the third quarter of 2023.
- Generated \$37 million in gross proceeds through the issuance of 4.9 million shares of common stock as part of the Company's at-the-market offering programs.

## **Business Updates**

- Production schedule for Delta Class spaceships remains on track for commercial service in 2026.
- Completed initial flight-control testing for Delta Class spaceships.

• Preparing for ramp-up in staffing at Virgin Galactic's Spaceship Factory in Phoenix-Mesa, AZ to align with major parts delivery and assembly.

### **Financial Guidance**

The following forward-looking statements reflect our expectations for the fourth quarter of 2024 as of November 6, 2024 and are subject to substantial uncertainty. Our results are based on assumptions that we believe to be reasonable as of this date, but may be materially affected by many factors, as discussed below in "Forward-Looking Statements."

• Free cash flow for the fourth quarter of 2024 is expected to be in the range of (115) million to (125) million.

#### **Non-GAAP Financial Measures**

In addition to the Company's results prepared in accordance with generally accepted accounting principles in the United States (GAAP), the Company is also providing certain non-GAAP financial measures. A discussion regarding the use of non-GAAP financial measures and a reconciliation of such measures to the most directly comparable GAAP information is presented later in this press release.

#### **Conference Call Information**

Virgin Galactic will host a conference call to discuss the results at 2:00 p.m. Pacific Time (5:00 p.m. Eastern Time) today. To access the conference call, parties should dial +1 800-715-9871 or +1 646-307-1963 and enter the conference ID number 9301433. The live audio webcast along with supplemental information will be accessible on the Company's Investor Relations website at https://investors.virgingalactic.com/events-and-presentations/. A recording of the webcast will also be available following the conference call.

#### **About Virgin Galactic**

Virgin Galactic is an aerospace and space travel company, pioneering human spaceflight for private individuals and researchers with its advanced air and space vehicles. Scale and profitability are driven by next generation vehicles capable of bringing humans to space at an unprecedented frequency with an industry-leading cost structure. You can find more information at https://www.virgingalactic.com/.

#### **Forward-Looking Statements**

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. We intend such forward-looking statements to be covered by the safe harbor provisions for forwardlooking statements contained in Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). All statements contained in this press release other than statements of historical fact, including, without limitation, statements regarding our spaceflight systems, development, production and design of our Delta Class spaceships and proposed timeline for commercial service using such spaceships, our plans to advance design work on our second mothership, the acceleration of our next phase of growth, our plans to ramp-up staffing for the Phoenix-Mesa spaceship factory and related major parts delivery and assembly, and our objectives for future operations, growth plans and the Company's financial forecasts, including fourth quarter 2024 expected free cash flow, are forward-looking statements. The words "believe," "may," "will," "estimate," "potential," "continue," "anticipate," "intend," "expect," "strategy," "future," "could," "would," "project," "plan," "target," and similar expressions are intended to identify forward-looking statements, though not all forward-looking statements use these words or expressions. These statements are neither promises nor guarantees, but involve known and unknown risks, uncertainties and other important factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements, including but not limited to any delay in

future commercial flights of our spaceflight fleet, our ability to successfully develop and test our next generation vehicles, and the time and costs associated with doing so, our expected capital requirements and the availability of additional financing, and the other factors, risks and uncertainties included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023 as well our subsequently filed reports on Form 10-Q and 8-K, as such factors may be updated from time to time in our other filings with the Securities and Exchange Commission (the "SEC"), accessible on the SEC's website at www.sec.gov and the Investor Relations section of our website at www.virgingalactic.com, which could cause our actual results to differ materially from those indicated by the forward-looking statements made in this press release. Any such forward-looking statements represent management's estimates as of the date of this press release. While we may elect to update such forward-looking statements at some point in the future, we disclaim any obligation to do so, even if subsequent events cause our views to change.

### **Use of Non-GAAP Financial Measures**

This press release references certain financial measures that are not prepared in accordance with generally accepted accounting principles in the United States (GAAP), including non-GAAP total operating expenses, Adjusted EBITDA and free cash flow. The Company defines non-GAAP total operating expenses as total operating expenses other than stock-based compensation and depreciation and amortization. The Company defines Adjusted EBITDA as earnings before interest expense, income taxes, depreciation and amortization and stock-based compensation. The Company defines free cash flow as net cash provided by operating activities less capital expenditures. None of these non-GAAP financial measures is a substitute for or superior to measures prepared in accordance with GAAP and should not be considered as an alternative to any other measures derived in accordance with GAAP.

The Company believes that presenting these non-GAAP financial measures provides useful supplemental information to investors about the Company in understanding and evaluating its operating results, enhancing the overall understanding of its past performance and future prospects, and allowing for greater transparency with respect to key financial metrics used by its management in financial and operational-decision making. However, there are a number of limitations related to the use of non-GAAP measures and their nearest GAAP equivalents. For example, other companies may calculate non-GAAP measures differently, or may use other measures to calculate their financial performance, and therefore any non-GAAP measures the Company uses may not be directly comparable to similarly titled measures of other companies.

A reconciliation of total operating expenses to non-GAAP total operating expenses for the three and nine months ended September 30, 2024 and 2023, respectively, is set forth below (in thousands):

	Three Months Ended September 30.				Nine Months Ended September 30.				
		2024 2023				2024	2023		
Total operating expenses	\$	82,130	\$	116,000	\$	301,283	\$	421,235	
Stock-based compensation		7,560		10,763		24,040		35,598	
Depreciation and amortization		4,341		3,286		11,296	_	9,723	
Non-GAAP total operating expenses	\$	70,229	\$	101,951	\$	265,947	\$	375,914	

A reconciliation of net loss to Adjusted EBITDA for the three and nine months ended September 30, 2024 and 2023, respectively, is set forth below (in thousands):

	 Three Months Ended September 30,			Nine Months Ended September 30,			
	 2024 2023			2024	2023		
Net loss	\$ (74,540)	\$	(104,604)	\$	(270,327) \$	6 (398,353)	
Interest expense	3,233		3,221		9,690	9,648	
Income tax expense	105		53		219	215	
Depreciation and amortization	4,341		3,286		11,296	9,723	
Stock-based compensation	7,560		10,763		24,040	35,598	
Adjusted EBITDA	\$ (59,301)	\$	(87,281)	\$	(225,082) \$	6 (343,169)	

The following table reconciles net cash used in operating activities to free cash flow for the three and nine months ended September 30, 2024 and 2023 (in thousands):

	Three Months Ended September 30,				Nine Months Ended September 30,			
	2024 2023				2024	2023		
Net cash used in operating activities	\$	(79,307)	\$	(91,497)	\$	(271,668)	\$	(352,884)
Capital expenditures		(38,659)		(13,325)		(86,146)		(25,941)
Free cash flow	\$	(117,966)	\$	(104,822)	\$	(357,814)	\$	(378,825)

The Company has not provided a reconciliation of forward-looking free cash flow to the most directly comparable GAAP financial measures because such a reconciliation is not available without unreasonable efforts, due to the variability of these items and the fact that there is substantial uncertainty associated with predicting any future adjustments that we may make to our GAAP financial measures in calculating our non-GAAP financial measures.
